

Draft Westmeath County
Development Plan
2021 - 2027

VOLUME **6**
Record of Protected Structures

The Record of Protected Structures (RPS) contains the structures protected under Section 51 of the Planning and Development Acts (as amended) for County Westmeath. There are 1,661 structures contained within the RPS in Westmeath. Under the Act, Westmeath County Council is obliged to maintain a Record of Protected Structures. The includes structures of architectural, historical, archaeological, artistic, cultural, social, scientific or technical importance.

The Planning and Development Act 2000, as amended defines a "Protected Structure" as: " a. structure, or b. specified part of a structure, Which is included in a record of protected structures, and, where that record so indicates, includes any specified feature which is within the attendant grounds of the structure and which would not otherwise be included in the definition".

In addition, the Planning and Development Act 2000 as amended, states that a protected structure or proposed protected structure, includes "i. the interior of the structure, ii. the land lying within the curtilage of the structure, iii. any other structures lying within that curtilage and their interiors, and iv. fixtures and features which form part of the interior or exterior of any structure or structures referred to in subparagraph (i) or (iii)".

The Record of Protected Structures is displayed in the form of a table, the rows relate to individual structures and the columns correspond to various fields of information relating to each Structure, outlined below.

RPS No is a unique reference number identifying the structure on the RPS database of protected structures in Westmeath and Map viewer accompanying this Plan.

Structure refers either to the title of a building, e.g. Garda Station, or the name of the business that currently occupies the building, e.g. 'The Village Inn', or the type of a structure e.g. post box, or dwelling house.

Address gives the location of the structure within the County either by street or townland name.

Description gives a brief description not a complete description of the structure and does not suggest that only those elements referred to are protected, or that the elements so described are of particular importance.

Appraisal gives an architectural evaluation of the structure, this appraisal is drawn from the National Inventory of Architectural Heritage (NIAH), where applicable.

NIAH No. refers to the registration number on the National Inventory of Architectural Heritage building survey of County Westmeath. The NIAH records the architectural heritage of Ireland, from 1700 to the present day and can be viewed on line at <https://www.buildingsofireland.ie/>

The majority of the structures rated as being of regional significance on the NIAH are included on the RPS. In addition, the RPS contains other structures which were not included on the NIAH.

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
001	Detached five-bay two-storey over basement bank building - Allied Irish Bank	Custume Place Abbeyland		Detached five-bay two-storey over basement Italianate palazzo-style bank building, built c.1855. Shallow hipped natural slate roof with overhanging eaves and modillioned cornice with guilloche decoration to frieze. Constructed of ashlar limestone, channelled on ground floor, with an ashlar string course at first floor sill level and projecting ashlar quoins to corners.	<i>This very fine Italianate building is one of the best examples of its type in Ireland. It retains its original form, as well as its original fabric. This structure was originally built as The Provincial Bank and was designed by William G. Murray (1822-71), an eminent architect of his time. It is built in a very prominent site close to Shannon Bridge in what was the marketplace of Athlone from c.1500 until 1837, when the Market House/Thosel was demolished.</i>	15000006	Regional
002	Fair Murtagh Solicitors	Custume Place Athlone		Attached two-bay two-storey house, built c.1870, extensively renovated c.1990. Now in use as offices. Pitched artificial slate roof with no chimneystacks. Cement rendered walls with square-headed openings with replacement windows and doors. Stucco hoodmouldings above first floor openings. Road-fronted.	<i>A modest structure which has lost most of its original fabric.</i>	15000007	Local
003	Part of c.1570 bridge	Bridge Street Athlone		Detached storage shed on square plan with rounded corners, built c.1844, incorporating pier and fabric of bridge originally constructed c.1570. Constructed of coursed limestone with limestone coping. Steel door to south elevation. Flight of cut limestone steps to immediate east.	<i>An unusual and interesting historical fragment. This structure formed part of the pre-1844 Bridge of Athlone, originally built by Sir Henry Sidney in 1566, but altered many times and probably substantially rebuilt after the sieges of 1690 and 1691. Sidney's bridge was removed after the new bridge was constructed a short distance upstream in 1844. This structure now forms a locality amenity on the east bank of the River Shannon.</i>	15000009	Regional
004	Shannon Road Bridge	Custume Place Market Square Athlone And Bigmeadow		Four-arch Italianate-style road bridge over River Shannon, built between 1841-4. Constructed of ashlar limestone with ashlar detailing. Three broad segmental-headed arches to the east end having channelled voussoirs and projecting keystones, set on advanced piers with pilasters on square-plan and bullnose cutwaters.	<i>A broad and elegantly-composed bridge, which forms an attractive and imposing landmark in the centre of Athlone. The construction in ashlar limestone attests to high quality stone masonry. This bridge was built by the Shannon Navigation Company between 1841-4 to replace the bridge built by Sir Henry Sidney in 1566.</i>	15000010	Regional

Record of Protected Structures

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
005	Athlone Public Library	Grace Road Ranelagh		Detached five-bay single-storey over basement former temperance hall, built in 1897, having a projecting single-bay gable-fronted entrance porch to the north end of the main façade (west) and a single-storey extension attached to the south end. Small round-headed niche and plaque with inscription 'Father Mathew Hall 1897' above doorcase on projecting porch.	<i>An attractive and well-detailed public building, which retains most of its original form and fabric. The use of red brick dressings for effect and the small-paned fanlights are typical of the period and give an Arts-and-Crafts feel to the main elevation. It was reputedly built by the architect W.A Tanner, the architect responsible for the designs of a number of terraced houses along the Ballymahon Road, Athlone.</i>	15000011	Regional
006	Detached classical baroque style church - SS Peter and Paul's RC church	Market Square Grace Road Ranelagh		Detached three-bay double-height Roman Catholic church, built between 1932-9, having copper-plated pitched roofs, a copper dome and with twin towers with clock faces flanking the pedimented entrance façade (south). Apsidal chancel to north. Towers surmounted by Doric Baroque campaniles crowned by octagonal towers and ogee copper domes.	<i>This massive and extensively detailed church is a monumental statement on the confidence, power and the authority of the Roman Catholic Church in Ireland in the first decades after Independence.</i>	15000012	National
007	Athlone Post Office	Barrack Street Ranelagh		Detached five-bay single-storey post office, built c.1939, comprising a double-height three-bay central block flanked by lower two-bay wings to east and west. Flat roofs hidden behind raised limestone parapets, with cast-iron rainwater goods throughout. Constructed of ashlar limestone (cladding) with cut limestone detailing, including projecting string courses to side wings. Brick construction to side elevations.	<i>This is an attractive example of twentieth century classicism with some late Art Deco influences, well-executed and retaining most of its original form and fabric. The cut-stone dressings and copper lettering are an attractive feature of the design and contribute an artistic dimension to the site.</i>	15000013	Regional
008	Department of Social Welfare	Barrack Street Ranelagh		Detached seven-bay three-storey Government Offices, built c.1939, consisting of five-bay three-storey central block with single-bay two storey wings to east and west, and a projecting seven-bay single-storey block to centre of front façade. Flat roofs hidden behind raised parapets with stone coping, cast-iron rainwater goods. Constructed of red brick with ashlar limestone cladding to the advanced single-storey block and an ashlar limestone architrave to central stairwell opening of main three-storey block, rising height of building.	<i>A prominent government building, in a subdued International Modern style with Art Deco elements to front block, which retains its original form and much of its original fabric. It represents a good example of the type of work undertaken by the Office of Public Works during the early years of the Irish Free State. Forms an interesting group of mid twentieth-century buildings along with the post office to the east and the garda station to the west.</i>	15000014	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
009	Garda Station	Barrack Street Ranelagh		Detached ten-bay two-storey garda station, built in 1947. Consists of a nine-bay two-storey main block and a single-bay two-storey section set back from building line to east. Constructed of plain red brick with limestone plinth to base. Flat roof hidden behind parapet with limestone coping. Copper Garda crest above doorcase and a Garda lantern to immediate west.	<i>A large-scale, if rather plain, government building which retains its original form and massing. This building is enriched by the elaborate classical limestone doorcase which is of artistic merit and contrasts well with the plain red brick facade. This garda station represents a good example of the type of work undertaken by the Office of Public Works during the early years of the Irish Free State and is of social importance.</i>	15000015	Regional
010	Two-bay three-storey house -now offices	Pearse Street Athlone And Bigmeadow		Detached two-bay three-storey house, built, c.1800. Now in use as offices. Part of a terrace when originally built. Pitched natural slate roof with projecting eaves course and rendered chimneystacks to each end. Smooth rendered finish to ground floor, roughcast above, separated by plain rendered string course	<i>An unusual house which retains many interesting, salient features. The fine block-and-start doorcase is of artistic interest. The asymmetrical layout of the windows and the large gap between ground and first floor windows suggests that this building may contain the fabric of an older structure. This attractive building is an important component of the architectural heritage of Athlone and adds to the historic character of the area.</i>	15000021	Regional
011	Gothic revival style church - Corpus Christi RC church	Ganly Place Athlone And Bigmeadow		Semi-detached Gothic Revival-style Church of Ireland church, built c.1840, now in use as Roman Catholic church (since 1992). Consists of three-bay nave with shallow single-bay chancel to west end, large gabled porch on rectangular plan and a belltower on square-plan to east (nave gable). Crenellated parapets to tower and porch. Interesting interior with moulding cornice, wooden panelling with quatrefoil panels and an elaborate white marble altarpiece by James Pearse, reputedly moved from Carysford College.	<i>A good early-Victorian Gothic Revival church with crisp ashlar detailing and an unusual combination of small belltower and large porch. It retains its original form and much of its original fabric and fittings. Built to designs by Joseph Welland (1798-1860), a noted church architect of his day. Welland was responsible for all Church of Ireland building projects in Ireland from 1843. This church is built on the site of the Priory of SS Peter and Paul, built c. 1200, and then a Church of Ireland church built in 1804 and later demolished to make way for present edifice. Grounds donated as a public park in 1985 and continues to be an attractive local amenity.</i>	15000023	Regional
012	End of terrace two-bay two-storey house	Pearse Street Ganly Place Athlone And Bigmeadow		End-of-terrace two-bay two-storey house, built c.1860, renovated c.1995. One of a pair with no. 19. Pitched natural slate roof with projecting eaves course and a shared rendered chimneystack with clay chimney pots over.	<i>A modest two-storey house, typical of those constructed during the middle of the nineteenth century. The ground floor was used as a retail outlet until c.1980.</i>	15000032	Local

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
013	Terraced three-bay three-storey house - O'Sullivan's Insurances	Pearse Street Athlone And Bigmeadow		Terraced three-bay three-storey house with commercial premises to ground floor, built c.1840, with projecting two-bay single-storey extension to the front façade. Now in use as an office. One of a pair with no.23. Rendered walls to main building. Rusticated ashlar facing to extension. Low wall with ashlar limestone coping and cast-iron railings at line of party wall with adjacent property (no.23).	<i>An attractive middle-sized terraced building that retains much of its original fabric. The building is distinguished by the projecting ashlar limestone former bank front, which has subdued classical detailing and is of artistic merit. This extension was added to the building by the National Land Bank, c.1870.</i>	15000034	Regional
014	End of terrace three-bay three-storey house - Naylor's Pharmacy	Pearse Street Athlone And Bigmeadow		End-of-terrace three-bay three-storey house, built c.1840, renovated with shopfront added to ground floor c.1990. Now in use as a commercial premises with accommodation above. One of a pair with no.21. Square-headed inset doorcase having a timber panelled door flanked by console brackets with acanthus decoration. Plain rectangular overlight above. Plinth wall with ashlar limestone coping and cast-iron railings over to the north end, shared with adjacent property (no.21).	<i>An interesting mid-sized house which retains its original form and massing. This building is distinguished by the fine doorcase, which enhances the architectural value of the composition. Built as a pair with the house to the immediate north (no. 21), this structure makes a positive contribution to the streetscape of Athlone.</i>	15000035	Regional
015	Detached three-bay two-storey courthouse - Athlone Court House	Pearse Street Athlone And Bigmeadow		Detached three-bay two-storey courthouse, rebuilt c.1916, on site of earlier court house built c.1835. Extensively renovated and extended, c.1995. Hipped slate roof with bracketed eaves. Channelled rendered finish to the ground floor, smooth rendered above with Doric pilasters on square plan supporting an eaves pediment over. Central first floor window has a curved, metal balustraded balcony and flagpole. Set back from road with brick-paved forecourt. Various modern extensions to rear.	<i>This small well-proportioned court house has been heavily altered and extended in recent years. The pediment and bracketed eaves appear to be recent additions. This court house is built on the site of an earlier courthouse, marked on the first edition Ordnance Survey six-inch map, c. 1837, indicating a long running civic association with this site on Pearse Street.</i>	15000036	Local
016	Three-bay three-storey house	Connaught Street Athlone And Bigmeadow		Attached two-bay three-storey house, built c.1770, with shopfront added c.1870. Now derelict. Pitched slate roof with rendered chimneystacks to either end. Smooth rendered with raised block quoins to the corners. Wooden shutters with raised and fielded panels to the first floor window openings. Shopfront to ground floor removed and replaced by sheet metal doors. Small square-headed carriage arch to eastern most bay with timber double doors and stone wheel guards.	<i>An interesting late eighteenth-century structure, which retains most of its original form and fabric. Of particular interest are the surviving raised and fielded shutters to the first floor windows, which are rare survivals and suggest that more of the original interior fittings might survive intact. Despite the removal of the shopfront this building remains an attractive feature in the streetscape of Athlone and it contributes positively to the historic nature of Connaught Street.</i>	15000052	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
017	Terraced three-bay three-storey house	Connaught Street Athlone And Bigmeadow		Terraced three-bay three storey house, built c.1820. Renovated c.1940 with shopfront inserted. Pitched natural slate roof with large rendered brick chimneystacks to either end. Plain timber shopfront, c.1940, with central door flanked by fixed pane windows over low stallrisers.	<i>A well-proportioned if plain building, which retains its original form and most of its original fabric. It represents a good example of the buildings typically built in Irish towns during the first half of the nineteenth century. This modest structure remains an important component of the streetscape, contributing to the irregular streetline and varied roofscape of Connaught Street.</i>	15000058	Regional
018	Terraced two-bay two-storey house	Connaught Street Athlone And Bigmeadow		Terraced two-bay two-storey house, built c.1850, with shopfront added c.1890. Pitched natural slate roof with clay ridge tiles, projecting eaves course and cast-iron rainwater goods. Rendered façade with raised rendered block quoins to the corners. Square-headed window openings with two-over-two pane timber sash windows and stone sills. Traditional shopfront to east end having timber pilasters supporting timber fascia with moulded timber cornice above. Panelled timber external shutters to shop window.	<i>An attractive small-scale building which retains its original form and fabric. Of particular significance is the rare survival of a fine late nineteenth-century timber shopfront, which is of artistic merit. It is possible that more original early fittings remain to the interior. This building makes a significant contribution to the architectural heritage of Athlone and remains an important component of the streetscape.</i>	15000059	Regional
019	Terraced two-bay two-storey house	Connaught Street Athlone And Bigmeadow		Terraced two-bay two-storey house, built c.1900 and renovated c.1985. Pitched natural slate roof slates with cast-iron rainwater goods. Smooth rendered finish to the ground floor over a smooth rendered plinth, roughcast rendered walls to the first floor and block quoins to the corners at either end. Wrought-iron sill guard to the window opening to the west end of the front façade at ground floor level.	<i>A simple but appealing terraced house, which retains its early form and character. The use of contrasting rendered finishes to the front facade, the quoins to the corners and the channelled surrounds to the ground floor openings help to enliven the front façade and lends this building a presence in the streetscape above its modest scale. This modest structure remains an important component of the streetscape, contributing to the irregular streetline and varied roofscape of Connaught Street.</i>	15000063	Regional
020	Two-bay three-storey former warehouse - McNeill's Public House	Connaught Street Athlone And Bigmeadow		Semi-detached two-bay three-storey gable-fronted former warehouse, built c.1800. Converted to residential use with ground floor public house, c.1900. Extensively renovated c.1985. Half-hipped natural slate roof with projecting eaves course. Rendered walls with rendered block quoins to corners. Modern single-storey pub front added to front elevation, c.1985. Stepped back from the streetline of Connaught Street, perpendicular to road.	<i>Interesting structure that has been extensively altered in recent years. The half-hipped roof and proximity to route of the military canal, constructed c.1757, suggests that this building may have been built as a warehouse.</i>	15000068	Local

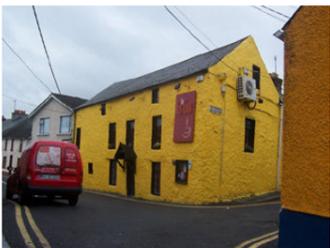

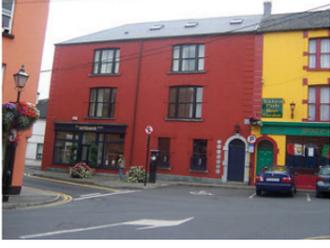

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
021	Two-bay two-storey house	Connaught Street Athlone And Bigmeadow		Attached two-bay two-storey house, built c.1790, with shopfront added to ground floor c.1900. Pitched natural slate roof with projecting eaves course, cast-iron rainwater goods and with chimneystacks to gable ends. Ruled-and-line rendered walls to the ground floor and lime roughcast rendered walls to the first floor. Rendered strip pilasters supporting timber fascia board with cornice above to Shopfront.	<i>An attractive building which retains its original form and much of its original fabric. The lime roughcast rendering, the shopfront and the thick small slates are rare survivals. The high pitch of the roof suggests that this building has an attic storey, which has been obscured by the structures built to either side. This modest structure remains an important component of the streetscape, contributing to the irregular streetline and varied roofscape of Connaught Street.</i>	15000069	Regional
022	Corner-sited three-bay two-storey house - Noggin Inn House	Connaught Street Magazine Road Athlone And Bigmeadow		Corner-sited three-bay two storey house, built c.1800, converted to a public house with accommodation over c.1940. Now is use as private house. Pebbledashed finish to walls over smooth rendered plinth. Square-headed openings to windows. Round-headed cut-stone Ionic doorcase with fluted lintel to centre of the front façade. Triple fixed-pane window with timber fascia above to pub façade. Situated in prominent location on junction of Connaught Street and Magazine Road.	<i>A well-proportioned modest-scale structure located in a prominent site at the junction of Connaught Street and Military Road. The finely detailed cut-stone Ionic doorcase is of artistic significance. Although now altered, this building remains an important component of the streetscape, contributing to the irregular streetline and varied roofscape of Connaught Street.</i>	15000070	Local
023	Four-bay two-storey house - Parochial House	The Batteries Bellaugh		Detached four-bay two-storey house on L-shaped plan, built c.1890, refurbished c.1985. Constructed of squared coursed limestone rubble with roughly dressed limestone trim. Steeply pitched artificial slate roofs with overhanging eaves and a rendered chimneystack to the north-facing gable. Bounded on street-frontage by low rubble limestone wall. Octagonal stone gate piers and cast-iron gates with arrow head finials to east end of boundary wall.	<i>An attractive, if plain, building constructed in good quality limestone masonry with minimal detailing. This structure is located in a conspicuous location on elevated ground to the west of Athlone and makes a strong contribution to the historic nature of the area. The cut stone gate posts and cast-iron gates to the east complete the composition.</i>	15000092	Regional
024	Three-bay two-storey house - Riverdale House	Clonoun Road Bellaugh		Detached three-bay two-storey house on L-shaped plan with dormer attic, built c.1904, with single-bay two-storey advanced bay over entrance. Constructed of rusticated rock-faced concrete blocks, pebble-dashed at attic level to gables. Smooth rendered single-storey canted bay window to northern most bay. Set back from road in own grounds with simple-storey gabled garage to north. Bounded on road by wall constructed with rusticated rock-faced concrete blocks with heraldic shields set in carved stone quatrefoils.	<i>An interesting house of picturesque appearance retaining much of its original form and character. It is constructed using rusticated concrete blocks and represents an early example of construction using this building material. The concrete blocks are used in a artistic fashion, almost as a replacement for rock-faced masonry. The attractive boundary walls complete the composition and enhance the visual appeal and character of the site.</i>	15000113	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
025	Terraced three-bay two-storey house	Connaught Street Athlone And Bigmeadow		Terraced three-bay two-storey house, built c.1880. Double-pitched natural slate roof with clay ridge tiles and red-brick chimneystacks with terracotta chimney pots. Brick pie-crust cornice at eaves level. Constructed of red brick with yellow and black brick string courses and flush yellow brick quoins to the corners. Segmental-headed window openings with yellow and blue brick voussoirs and one-over-one timber sliding sash windows. Segmental-headed doorcase with timber panelled door and plain overlight.	<i>An attractive and well-maintained terraced house which retains most of its original form and fabric. The polychromatic brickwork is a notable feature and this adds significantly to the picturesque character of Connaught Street.</i>	15000127	Regional
026	Terraced two-bay two-storey house	Connaught Street Athlone And Bigmeadow		Terraced two-bay two-storey house, c.1800, with traditional shop front inserted to ground floor c.1900. Renovated c.1960. Ruled-and-line rendered walls to the ground floor with roughcast rendered finish above. Replacement timber casement window to ground floor (shop window) window opening. Timber shopfront with timber pilasters supporting timber fascia board with cornice above. Square-headed doorcase with timber panelled door with overlight above.	<i>A modest terraced building which retains much of its early form and fabric. The traditional timber shopfront to the ground floor is an important feature, which add variety and incident to Connaught Street. Such shopfronts are now becoming rare in Irish towns making this a significant survival.</i>	15000129	Regional
027	Terraced two-bay three-storey house - Auburn House	Connaught Street Athlone And Bigmeadow		Terraced two-bay three-storey house, built c.1810. Now in use as offices. Pitched natural slate roof with projecting eaves course and with a rendered chimneystack to the east end. Roughcast rendered walls over smooth rendered plinth.	<i>An attractive and well-proportioned three-storey house which retains most of its early form and fabric. The simple block-and-start doorcase and the cast-iron window guard to the ground floor window are interesting features.</i>	15000138	Regional
028	Terraced two-bay three-storey, with attic, house - B's Print and Design	Connaught Street Athlone And Bigmeadow		Terraced two-bay three-storey with attic level house, built c.1840. Extensively renovated c.1960 with mosaic tiled shopfront added to ground floor. One of a pair with building to east (No. 6) having a shared segmental-headed carriage-arch to the centre.	<i>A substantial mid-terraced property, which was been heavily altered in recent years with the loss of much original fabric.</i>	15000159	Local
029	Terraced four-bay three-storey house - Window Style	O'Connell Street Athlone And Bigmeadow		Terraced four-bay three-storey house, built c.1840, with shopfront added c.1910. Building renovated c.1995. Pitched natural slate roof with projecting eaves course, cast-iron rainwater goods and rendered chimneystacks to either end.	<i>A substantial commercial premises occupying an important site at the junction of Connaught Street and Pearse Street. The irregular spacing of the openings to the eastern-most bay suggests that this building may have been extended to the east.</i>	15000161	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
030	End of terrace three-bay three-storey house	O'Connell Street Athlone And Bigmeadow		End-of-terrace three-bay three-storey house, built c.1830. Now is use as offices with private accommodation above. Pitched artificial slate roof with a projecting eaves course and with rendered chimneystacks to either end.	<i>A well-proportioned and attractive building which retains its early form and much of its early fabric. It dates from the early-to-mid nineteenth-century, a time of relative economic prosperity in Athlone.</i>	15000163	Regional
031	Terraced four-bay two-storey house	O'Connell Street Athlone And Bigmeadow		Terraced four-bay two-storey house, built c.1820. Now is use as a commercial premises with accommodation over. Pitched artificial slate roof with projecting eaves course and with shared rendered chimneystacks to either end.	<i>An unusual house that retains its early form and character. The brick rebated door surround is a later feature but it fits in well with the earlier original fabric.</i>	15000164	Regional
032	Terraced two-bay two-storey former bank building - Training for Employment	O'Connell Street Athlone And Bigmeadow		Terraced two-bay two-storey former National Bank premises, built in 1836. Later in use as a Bishop's residence c.1855 and now in use as employment services centre.	<i>A modest two-storey building, which is distinguished by an elaborate cut-stone classical-style shopfront, which is of artistic merit. This interesting structure was later used as the Bishop's residence in the mid nineteenth-century.</i>	15000165	Regional
033	Pair of terraced two-bay three-storey houses now in use as apartments	O'Connell Street Athlone And Bigmeadow		Pair of terraced two-bay three-storey houses, built c.1840. Now in use as apartments. Pitched artificial slate roof with cast-iron rainwater goods and rendered chimneystacks to either end.	<i>A pair of modest terraced buildings with pleasing proportions, which retains their early character despite the loss of the original fabric to the openings. These buildings remain important components in the streetscape of O'Connell Street.</i>	15000166	Local
034	Semi-detached pair of two-bay, two-storey houses, in former National School.	40-41 Deer Park Road Athlone And Bigmeadow		Pair of semi-detached buildings, built c.1849. Originally built as a national school but in use as private dwellings since c.1925. Hipped natural slate roof with a projecting eaves course and with a shared rendered chimneystack to centre.	<i>These modest buildings retain their early form despite the removal of much of the original fabric in recent years. The carved stone plaque and the stone quoins to the corners are interesting features.</i>	15000172	Local

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
035	Detached three-bay two-storey over basement house - St. Aloysius School	Deer Park Road Athlone And Bigmeadow		Detached three-bay two-storey over basement house, built c.1820. Originally part of a distillery and brewery complex but in use as a second level school since c.1960.	<i>A substantial composition of balanced Georgian proportions and symmetry and retains its original form and character. The finely carved Ionic doorcase is a noteworthy feature and is of artistic merit.</i>	15000174	Regional
036	Terraced three-bay three-storey over basement house	O'Connell Street Athlone And Bigmeadow		Terraced three-bay three-storey over basement house, built c.1775.	<i>This substantial house, originally built has part of a formal terrace, retains its character and form. The massive chimneystack suggests that this building was constructed during the mid-to-late eighteenth-century.</i>	15000205	Regional
037	Terraced five-bay three-storey house - Cut and Shape	O'Connell Street Athlone And Bigmeadow		Terraced five-bay three-storey house, built c.1775, with a modern shopfront to ground floor. Now in use as commercial premises with accommodation over. Pitched artificial slate roof with a projecting eaves course and a rendered chimneystack.	<i>This substantial house, originally built has part of a formal terrace, retains its original massing despite the loss of most of its original fabric.</i>	15000208	Local
038	End of terrace two-bay three-storey house - Lotus Takeaway	Pearse Street Athlone And Bigmeadow		End-of-terrace two-bay three-storey house, built c.1810, largely rebuilt c.1995 with modern shopfront to ground floor. Now in use as commercial premises with accommodation over. Pitched artificial slate roof.	<i>A plain but substantial house that retains a pleasant scale and massing despite the loss of original features in recent years. The fine block-and-start doorcase is a noteworthy feature on Pearse Street.</i>	15000222	Local
039	End of terrace two-bay three-storey house	Connolly Street Athlone And Bigmeadow		End-of-terrace two-bay three-storey building, built c.1840, possibly incorporating the remains of an earlier structure. Now in use as private dwelling. Modern mono-pitched roof with overhanging eaves.	<i>An unusual building in a typical terrace that may incorporate the fabric of a earlier structure.</i>	15000229	Local

070	12thC Norman fortress - King John's Castle	Market Place Castle Street Athlone And Bigmeadow		Freestanding Norman castle, built c.	<i>An imposing structure that dominates the left bank of the River Shannon and originally defended the strategically important Shannon River crossing.</i>	15000352	National
071	Freestanding bronze bust of Count John McCormack	Grace Road Ranelagh		Freestanding bronze bust of the tenor Count John McCormack on white marble plinth, c.1970. Cast by artist Seamus Murphy. Erected on this site in 1984, the centenary of McCormack's birth. Located on west bank of River Shannon on Grace Road.	<i>An attractive bronze statue commemorating the life of the internationally renowned tenor Count John McCormack (14 June 1884 - 16 September 1945), who was born in Athlone. John Francis McCormack was the fourth of eleven children and was baptised in St.</i>	15000386	Regional
072	Freestanding obelisk	Pearse Street Athlone And Bigmeadow		Freestanding obelisk, c.1850, consisting of tapered cut limestone pillar set on stepped cut stone plinth on square plan. Re-erected on present site c.1985 to commemorate those buried in former graveyard to site. Located to rear of St.	<i>An attractive mid nineteenth-century obelisk. Commemorates site of former graveyard and is set in an landscaped public amenity to rear of St. Peter's Church (15000023), adding historical value to the site.</i>	15000396	Regional
073	Convent cemetery	Deer Park Road Lyster Street Athlone And Bigmeadow	No Photo Available	Convent cemetery on irregular plan, opened 1858, having cast-iron grave markers and a cut limestone Celtic cross set within round iron railings on cut stone plinth. Surrounded by rubble limestone wall with Ward Boundary marker.	<i>An interesting small graveyard associated with the Convent of Mercy (15000267). The boundary wall is a attractive feature in the streetscape and the inscribed Ward Boundary marker is of historical interest.</i>	15000398	Regional
074	Freestanding cast Iron ventpipe	Deer Park Road Lyster Street Athlone And Bigmeadow		Freestanding cast-iron vent pipe, erected c.1885, consisting of cast-iron cylindrical shaft with splayed saw tooth-profiled parapet over fluted cast-iron base section. Located at junction in road to immediate south of rubble limestone boundary wall.	<i>This vent pipe, which is now disused, is a physical reminder of the development of public services and utilities in the late nineteenth-century in Athlone.</i>	15000399	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
075	Series of five cast-iron bollards	The Quay Athlone And Bigmeadow		Series of five cast-iron bollards, erected c.1844. Set in section of modern paving adjacent to cut limestone quays built as part of Shannon Navigation Works (1840-49). Located to the north of the former Shannon Navigation lock (15000345).	<i>These modest cast-iron bollards are an important part of the industrial heritage of Athlone. They are a discreet and attractive feature along the quays and are good examples of mid nineteenth-century mass produced cast-iron work.</i>	15000414	Regional
076	Terraced three-bay two-storey house - Bastion Gallery	Bastion Street Athlone And Bigmeadow		Terraced three-bay two-storey house, built c.1880, with early shopfront to ground floor c.1920. Now in use as commercial premises. Built as a pair with building to the west (15000238). Pitched artificial slate roof with rendered chimneystacks.	<i>This house with attached commercial premises retains much of its original form and fabric. The survival of the simple early shopfront is of particular interest.</i>	15000418	Local
077	Freestanding cast-iron postbox	Connaught Street Athlone And Bigmeadow		Freestanding cast-iron pillar post box, erected c.1915, with moulded neck and domed cap with fluted edge. Road fronted on a corner site on footpath.	<i>An attractive item of early-surviving mass-produced cast-iron, simple in design with decorative detailing to the cap. It occupies a prominent corner site and contributes to the historic flavour of the streetscape.</i>	15000419	Regional
078	Freestanding reinforced concrete water tower	Battery Heights Bellaugh		Freestanding reinforced concrete water tower, erected c.1970, consisting of circular concrete reservoir/tank supported on ten splayed concrete supports with enclosed access staircase to central cylindrical shaft.	<i>A substantial reinforced concrete structure that acts as a landmark in the locality. The splayed concrete supports lend this functional structure a sculptural appearance. Of technical and civil engineering interest on account of its intended function.</i>	15001016	Local
079	Freestanding limestone ward boundary marker	Galway Road Bogganfin		Freestanding limestone ward boundary marker, erected c.1820, inscribed with 'WD' and 'No. 4' to front face (south). Probable Ordnance Survey benchmark to head. Located on footpath.	<i>A subtle but interesting piece of street furniture. Ward boundary markers were erected in the early-to-mid nineteenth-century to identify the extent of territorial units/election constituencies for local government elections.</i>	15001038	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
080	Freestanding cast-iron postbox	Galway Road Bellaugh		Freestanding cast-iron pillar post box, c.1940, with raised "P&T" monogram to door and a shallow domed cap over with fluted edge capping. Located on concrete footpath.	<i>An attractive item of street furniture that represents an early-surviving artefact of mass-produced cast-iron ware.</i>	15001069	Regional
081	Remains of extensive series of ramparts and batteries - Nos 2-7 Batteries	Battery Heights Gallows Hill Bellaugh		Remains of extensive series of ramparts and batteries built by the British Army, c.1800. Now largely built over by a local authority housing estate, built c.1965. Ramparts constructed of earth and stone. No trace of any buildings remain.	<i>This overgrown site originally formed part of an extensive complex of batteries built by the British Army to defend against possible French invasion during the Napoleonic Wars, illustrating the strategic importance of Athlone in national defence.</i>	15001072	Regional
082	Single-span railway bridge over road	Galway Line Bogganfin		Single-span railway bridge over road, built c.1859. Consists of wrought-iron and steel panelled central span supported on piers constructed of rusticated rock-faced masonry.	<i>A typically robust mid nineteenth-century railway bridge of considerable technical and civil engineering merit. It is built using the rock-faced masonry-style that is a typical feature of railway bridges constructed during the mid nineteenth-century.</i>	15003059	Regional
083	Limestone railway boundary wall	Galway Road Bellaugh		Section of limestone railway boundary wall with crenellated coping, built c.1860. Runs along south side of Grace Road.	<i>An substantial section of well-built limestone walling that remains an attractive feature on Grace Road. It was originally built as part of the Midland and Great Western Railway Dublin Broadstone to Galway line, which reached as far as Athlone by 1859.</i>	15003065	Regional
084	Athlone Canal	Talbot Avenue Magazine Road Canal And Banks		Canal, built c.1757, later is use as mill race c.1850. Now out of use and partially infilled to south. Runs from north to south on west side of town.	<i>This 2.5 km long canal was built by the Commissioners of Inland Navigation to bypass river shallows and open up the Shannon to trade and enterprise. These works marked the first attempts to make the River Shannon fully navigable at Athlone.</i>	15003129	Regional

085	Remains of extensive series of ramparts and batteries - No.1 Battery	Talbot Avenue Ranelagh		Freestanding battery built by the British Army, c.1795, consisting of a ditch and two ramps forming two concentric rings. Constructed of earth and stone. Now derelict and overgrown and no trace of any buildings remain above ground.	<i>This overgrown site originally formed part of an extensive complex of batteries built by the British Army to defend against possible French attack during the Napoleonic Wars, illustrating the strategic importance of Athlone in national defence.</i>	15003134	Regional
086	Detached five-bay two-storey stables - Abbey House Stables	Coosan Road Athlone		Detached five-bay two-storey stables, built c.1893, with hay loft, living quarters and coach house. Hipped slate roof with gable-fronted roof over half-dormer loading bay. Red brick chimneystack to centre.	<i>A modest but attractive building retaining its original character and massing. Forms part of an interesting group of late nineteenth-century buildings with Abbey House.</i>	15004032	Local
087	Detached three-bay two-storey house - Abbey House	Coosan Road Athlone		Detached three-bay two-storey house on L-shaped plan, built c.1893. Hipped natural slate roof with projecting eaves course, cast-iron ogee-profile rainwater goods and two rendered chimneystacks. Roughcast rendered walls.	<i>A pleasant but plain late nineteenth-century house that retains its original form and fabric.</i>	15004033	Regional
088	Franciscan Abbey (in ruinous condition)	Coosan Road Abbey Road Athlone		Detached three-bay double height Observantine Franciscan church on rectangular plan, built c.1690. In 'ruinous' condition since mid-nineteenth century. Coursed rubble limestone walls with quoins to corners and round-headed openings. Roof now gone.	<i>An attractive and contemplative space which has been tidied up a little too much. The grave markers are of some artistic merit. The Franciscans originally arrived in Athlone in the 1230s.</i>	15004034	Regional
089	Detached five-bay two-storey former workhouse governor's residence - part of Athlone RTC	Abbey Road Coosan Point Road Athlone		Detached five-bay two-storey former workhouse administration block, built 1841. Renovated c.1975 with one and two-storey extensions added to accommodate use as Regional Technical College, further extended 1996.	<i>This building was originally part of the Athlone Union Workhouse complex and was designed by George Wilkinson (1814-90) according to the standard workhouse plan and detail. It is very similar in appearance to the administration block in Mullingar, now St.</i>	15004036	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
090	Detached single-storey former workhouse morgue - part of Athlone RTC	Coosan Road Athlone		Detached single-bay single-storey former workhouse morgue, built c.1841. Altered c.1980 for use as storage shed. Pitched slate roof with raised cement verges and clay ridge tiles.	<i>A small but well-built structure that retains its original mass and character. Forms part of an important group of buildings associated with the former Athlone Union Workhouse.</i>	15004037	Regional
091	Detached thirteen-bay two-storey former workhouse building - St. Mary's Hall	Coosan Point Road Athlone		Detached thirteen-bay two-storey former workhouse, built c.1841, with advanced two-bay three-storey end pavilions creating H-shaped plan. Western end altered to accommodate fire station, c.1975. Now used as youth centre.	<i>This building was originally part of the Athlone Union Workhouse complex and was designed by George Wilkinson (1814-90) according to the standard workhouse plan and detail.</i>	15004041	Regional
092	Semi-detached six-bay two-storey former workhouse buildings - St. Vincent's Hospital convent	Coosan Road Athlone		Semi-detached six-bay two-storey former workhouse building, built c.1841, with c.1975 single-storey chapel extension. Now in use as convent. Pitched natural slate roof with stepped rendered chimneystacks and decorative bargeboards to end gables.	<i>This substantial building was part of the original Athlone Union Workhouse complex, built to standard workhouse designs by George Wilkinson (1814-90). It may have been originally built as the workhouse infirmary.</i>	15004044	Regional
093	Detached seven-bay two-storey former workhouse fever infirmary - St Vincent's Hospital	Coosan Road Athlone		Detached seven-bay two-storey former fever ward of union workhouse, built c.1841, subsequently in use as a nurses home. Renovated c.1985. Now derelict and out of use. Pitched natural slate roof with rendered chimneystacks and cast-iron rainwater goods.	<i>A simple mid nineteenth-century building that retains its original form and character despite its derelict condition.</i>	15004046	Regional
094	Single-arch limestone railway bridge	Coosan Road Athlone		Single-arch railway bridge, c.1851, with rusticated limestone buttresses and voussoirs and random coursed limestone parapet (south). Northern parapet rebuilt in concrete blockwork with modern palisade fence above, c.1985.	<i>Good quality robust railway bridge with rusticated masonry, typical of mid nineteenth-century railway architecture. This attractive bridge is somewhat diminished by the replacement of the parapet and by the metal fencing.</i>	15004053	Local

095	Detached four-bay single-storey pump house - Athlone Waterworks	Coosan Road Athlone		Detached four-bay single-storey pump house, built c.1900, with c.1925 flat-roofed extension to east. Hipped natural slate roof with corbelled brick eaves cornice and cast-iron rainwater goods.	<i>A robustly detailed and proportioned industrial building with large window openings creating a bright interior.</i>	15004120	Regional
096	Six-span wrought-iron railway bridge - Shannon Railway Bridge	Grace Road Ranelagh		Six-span wrought-iron railway bridge, built c.1850, resting on six pairs of iron Doric shafts, with the two widest spans over the river having latticed elliptical girders. The piers at either end are constructed of rusticated limestone.	<i>This handsome bridge is a magnificent statement of the great Victorian period of industrial expansion and of the age of Brunel. It is one of the best examples of its type and date to be found in Ireland.</i>	15004129	National
097	Riverside quay, slipway and entrance gates	Grace Road Ranelagh		Riverside quay and slipway with entrance gates, built c.1852. Quay constructed of dressed limestone with dressed limestone steps and is surfaced with cobbels/setts. Remains of limestone mooring posts and cast-iron machinery/lifting gear to site.	<i>A robustly built stone wharf and gateway associated with Custume Barracks. It was originally paid for by the Midland Great Western Railway Company as part of the compensation for the line of the new railway interfering with barracks land.</i>	15004130	Regional
098	Entrance gates to army barracks - The Watergate	Custume Barracks Grace Road Ranelagh		Entrance gates to Custume Barracks, built c.1852, comprising a central pedimented carriage arch flanked by lower pedestrian entrances to either side.	<i>A superb example of a mid nineteenth-century neoclassical-style gate screen with excellent quality stonework and highly ornate metalwork. Drawings exist for this elaborate gateway, signed J. Constable 1850.</i>	15004131	Regional
099	Main entrance gateway, Custume Barracks	Grace Road Ranelagh		Main gateway to army barracks, erected c.1932, consisting of pair of channelled ashlar limestone piers on square-plan, flanked by sections of ashlar limestone quadrant walls with ashlar coping and pistol loop openings.	<i>This fine ashlar gateway is an attractive feature on Grace Road. It was erected on the present site on Grace Road in 1932 using stone salvaged from a dismantled caponiere. The former main entrance to the barracks was on the site of Ss.</i>	15004134	Regional

100	Freestanding two stage water tower, Athlone Railway Station (West)	Magazine Road Ranelagh		Freestanding two-stage water tower on square-plan, built c.1890, having a wrought-iron water tower to top.	<i>This water tower is an integral part of the West Station (15004151) complex and an important structure in its own right. This structure is well-detailed with ashlar, rock-faced and cut limestone trim and has a conscious architectural quality.</i>	15004142	Regional
101	Detached ten-bay single-storey engine shed, Athlone Railway Station (West)	Magazine Road Ranelagh		Detached ten-bay single-storey engine shed, built c.1858. Two-storey on road frontage to west. Pitched natural slate roof with cast-iron rainwater goods. Constructed of snecked limestone with brick detailing.	<i>This engine shed is part of the Athlone West Station and was built to designs by J. S Mulvany (1813-70) for the Midland and Great Western Railway Company.</i>	15004143	Regional
102	Triple-arched limestone railway bridge	Magazine Road Canal And Banks		Triple-arched railway bridge carrying railway over canal (15003129) and road, built c.	<i>The robust quality of the rusticated stonework gives a distinct architectural quality to this bridge, despite the recent replacement of the central metal sections.</i>	15004144	Regional
103	Detached single-storey former goods shed, Athlone Railway Station (West)	Magazine Road Ranelagh		Detached single-storey former goods shed, built c.1851. Now disused. Hipped artificial slate roof with cast-iron rainwater goods. Constructed of snecked limestone with brick and terracotta detailing.	<i>This goods shed is part of the Athlone West Station and was built to designs by J. S Mulvany (1813-70) for the Midland and Great Western Railway Company.</i>	15004146	Regional
104	Detached Italianate-style three-storey water tower, Athlone Railway Station (West)	Grace Road Ranelagh		Detached Italianate-style three-storey water tower, c.1851, on square-plan with wrought-iron tank to top. Constructed of ashlar limestone with ashlar string courses and detailing over rusticated limestone base.	<i>This is possibly the most ornate railway water tower in the country and is of monumental quality and scale. It is an integral part of the West Station complex and an important structure in its own right.</i>	15004150	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
105	Detached seventeen-bay two-storey, Italianate-style railway station, Athlone Railway Station (West)	Grace Road Ranelagh		Detached seventeen-bay two-storey Italianate-style railway station, built c.1851, with four breakfronts and four single-storey flanking porches. Closed in 1985 and now in use as offices and stores.	<i>An attractive railway station, on a complicated but symmetrical plan, that must rank as one of the most ambitious and richly decorated railway stations in Ireland.</i>	15004151	Regional
106	Boundary walls, Custume Barracks	Grace Road Ranelagh		Boundary walls to military barracks, built or rebuilt c.1860, having a number of ashlar limestone gateways at intervals along length. Constructed of coursed limestone rubble with sections of gun loops located close to the various entrances.	<i>This well-built and imposing boundary wall is an integral part of the Custume Barracks complex. The loop-holes, which were built for defensive purpose, are noteworthy features of historical importance.</i>	15004171	Regional
107	Detached multi-bay two-storey barracks building, Custume Barracks	Grace Road Ranelagh		Detached multi-bay two-storey barrack building on U-shaped plan, built c.1710. Hipped (steeply pitched) natural slate roof (graded) with projecting eaves course and rendered chimneystacks. Roughcast rendered walls over smooth rendered plinth.	<i>This interesting and impressive range of buildings is amongst the earliest structures in Custume Barracks. It probably dates to the very first decades of the eighteenth century at the latest.</i>	15004177	National
108	Attached two-storey former riding school, Custume Barracks	Grace Road Ranelagh		Attached two-storey former riding school, built c.1695. Steeply pitched (graduated) natural slate roof with projecting eaves and rendered chimneystacks. Roughcast rendered finish over rubble limestone masonry.	<i>The Riding School is a very important building dating to the late-seventeenth century and is amongst the earliest buildings in Custume Barracks.</i>	15004178	National
109	Attached three-bay single-storey former fuel depot, Custume Barracks	Grace Road Ranelagh		Attached three-bay single-storey building, built c.1830, having a projecting central bay. Formerly in use as a fuel depot, now in use as an office. Hipped natural slate roof with clay ridge tiles and overhanging eaves.	<i>A modest mid nineteenth-century building that forms part of an important group of military-related structures in Custume Barracks. It survives with its early form and much of its early fabric intact.</i>	15004179	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
110	Detached seventeen-bay three-storey former cavalry barracks building, Custume Barracks	Grace Road Ranelagh		Detached seventeen bay three-storey cavalry barrack building, built c.1771. Later converted to officer's mess, c.1840. Hipped slate roof with rendered chimneystacks and cast-iron rainwater goods.	<i>A very fine range of mid-eighteenth century buildings with a pleasing scale and symmetry. The limestone block-and-start surrounds are typical of the architectural detailing at the time and are of artistic merit.</i>	15004180	Regional
111	Detached ten-bay three-storey former military hospital, Custume Barracks	Grace Road Ranelagh		Detached ten-bay three-storey former military hospital, dated 1808. Now in use as infantry barracks. Pitched natural slate roof with raised verges, five rendered chimneystacks and cast-iron rainwater goods.	<i>An attractive early nineteenth-century barrack building which survives with its original character and massing intact. It is typical of barrack buildings of the period in Ireland.</i>	15004181	Regional
112	Detached ten-bay single-storey former stables, Custume Barracks	Grace Road Ranelagh		Detached ten-bay single-storey former stables, built c.1875, with an advanced two-bay pedimented breakfront to the centre of the main facade. Now in use as administration building. Hipped natural slate roof with two hipped dormers to each end elevation.	<i>An attractive and well-detailed building that retains its original character, massing and fabric. This building is very similar in appearance to a stable building in the West Barracks at Fermoy, Co. Cork.</i>	15004182	Regional
113	Gateway, Custume Barracks	Grace Road Ranelagh		Gateway, erected c.1780, comprising pair of ashlar gate piers on square-plan with ashlar coping and an integral segmental-headed arch with ashlar voussoirs over.	<i>An attractive and well-built gateway that dates to the late eighteenth-century. It is set in a rubble limestone wall that probably dates to the first phase of the barrack complex in the late-seventeenth century.</i>	15004183	Regional
114	Possible ammunition store (ruin), Custume Barracks	Grace Road Ranelagh		Remains of plain building on rectangular plan, built c.1775. Now a ruin and no longer in use. Built of roughly coursed limestone rubble with a slight base-batter.	<i>An usual structure that may have been originally built as an ammunition store on account of thick walls and the absence of openings.</i>	15004184	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
115	Detached three-bay two-storey former cavalry administration block, Custume Barracks	Grace Road Ranelagh		Detached three-bay two-storey former administration block for cavalry barracks, built c.1810, having three-bay single-storey wings to either end. Central block has pitched natural slate roof with raised verges and brick chimneystacks to either end.	<i>An important and imposing building dating to a major expansion of the barracks in the early nineteenth-century. It retains its original character and much of its original fabric.</i>	15004185	Regional
116	Detached seven-bay two-storey barrack building, Custume Barracks	Grace Road Ranelagh		Detached seven-bay two storey barrack building, built c.1830. Now divided into two separate structures. Pitched natural slate roof with wide overhanging eaves, projecting ashlar eaves course, raised limestone verges and four stepped brick chimneystacks.	<i>An attractive early-to-mid nineteenth-century building constructed of high-quality stonework. It has a conscious architectural style and is an interesting addition to this important complex of buildings within Custume Barracks.</i>	15004186	Regional
117	Single-storey buildings with single-storey extensions, former powder magazine, Custume Barracks	Grace Road Ranelagh		Powder magazine, c.1810, composing a number of individual single-storey buildings with single-storey extensions to the rear of each building. Now out of use and derelict. Constructed of coursed limestone rubble with natural slate roofs.	<i>An interesting complex of modest early nineteenth-century functional buildings, formerly used to store ammunition and gun powder.</i>	15004187	Regional
118	Detached ten-bay single-storey double-height gymnasium, Custume Barracks	Grace Road Ranelagh		Detached ten-bay single-storey double-height military gymnasium, built c.1875, having a glazed octagonal lantern with pyramidal slate roof to centre of roof. Single-storey extension to the northwest.	<i>A well-detailed and proportioned building which retains its original form and character. The octagonal rooflight is a striking feature and the contrasting use of gray limestone with the red brick detailing creates an attractive appearance.</i>	15004188	Regional
119	Detached fifteen-bay two-storey barrack building, Custume Barracks	Grace Road Ranelagh		Detached fifteen-bay two-storey barrack building, built c.1810, with lower single-bay two-storey section to east and projecting single-storey flat-roofed entrance porch to east.	<i>This substantial barrack building dates to the major early nineteenth-century rebuilding programme at Custume Barracks. The site retains its original form and character and is typical of the military buildings constructed in Ireland at the time.</i>	15004189	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
120	Detached twenty-three-bay two-storey barrack range, Custume Barracks	Grace Road Ranelagh		Detached twenty-three bay two-storey barrack range, built c.1810, with slightly advanced five-bay two-storey breakfronts to either end and a four-storey pedimented clock tower on square-plan with cast-iron weather vane rising to centre.	<i>A monumental building which dates from the early nineteenth-century rebuilding programme at Custume Barracks. It survives with its original form, character and massing intact.</i>	15004190	Regional
121	Terrace of four single-bay two-storey officers' houses, Custume Barracks	Grace Road Ranelagh		Terrace of four single-bay two-storey officer's houses with a two-bay two-storey officer's house to west end, built c.1820. Now in use as married soldier's quarters. Pitched natural slate roof with brick chimneystacks and cast-iron rainwater goods.	<i>An attractive and original terrace of officer's houses that retain their original form, character and fabric.</i>	15004191	Regional
122	Attached three-bay two-storey over basement military prison, Custume Barracks	Grace Road Ranelagh		Attached three-bay two-storey over basement military prison, built c.1862. Pitched slate roof with limestone verges. Constructed of brick over limestone plinth.	<i>An interesting utilitarian building with an unusual scale and detailing. It is believed to have been built in 1862, although it has the appearance of a more recent structure.</i>	15004192	Regional
123	Freestanding water tower, Custume Barracks	Grace Road Ranelagh		Freestanding water tower, erected c.1850, comprising three conjoined shafts on octagonal plan with three cast-iron water tanks on octagonal plan to top stage. Bases constructed of dressed limestone with flush ashlar quoins to corners.	<i>An unusual structure that creates a striking visual impression. It is well-built using fine limestone masonry and is a good example of the architectural treatment that was sometimes given to utilitarian structures during the Victorian period.</i>	15004193	Regional
124	Detached seventeen-bay two-storey barrack range, Custume Barracks	Grace Road Ranelagh		Detached seventeen-bay two-storey barrack range with two advanced pedimented single-bay breakfronts to the fifth bay from either end, built c.1810. Pitched slate roof with ashlar limestone chimneystacks.	<i>An attractive barrack range, built in a robust if conservative Georgian classical style, retaining its original character and massing. It dates from the major early nineteenth-century rebuilding works at Custume Barracks.</i>	15004194	Regional

125	Detached five-bay two-storey former guard house, Custume Barracks	Grace Road Ranelagh		Detached five-bay two-storey former guard house, built c.1870. Now in use as offices. Hipped natural slate roof with plain ashlar eaves cornice and rendered chimneystacks to either end of roof ridge.	<i>A well-proportioned late nineteenth-century building, which retains its original character and fabric.</i>	15004195	Regional
126	Detached five-bay single-storey former officer's latrine, Custume Barracks	Grace Road Ranelagh		Detached five-bay single-storey former officer's latrine, built c.1855. Now in use as a chapel. Low-pitched artificial slate roof with wide eaves. Constructed of ashlar limestone over an ashlar plinth.	<i>A modest building with an unusual change of use from a latrine to a chapel. It is well-built using fine ashlar limestone masonry and is an integral part of the Custume Barracks complex.</i>	15004197	Regional
127	Detached three-bay two-storey over basement house - The Moorings	Ballymahon Road Warren High		Detached three-bay two-storey over basement house, built c.1835, renovated c.1880 with single-bay single-storey extension to north and canted bay windows and central conservatory porch added to entrance front (west).	<i>A well-composed, middle-size house of balanced proportions and classical symmetry, which retains most of its original form and massing.</i>	15007003	Regional
128	Entrance gateway - The Moorings	Ballymahon Road Warrens Fields		Entrance gateway, erected c.1855, comprising limestone gate posts on cylindrical plan with cast-iron double gates, flanked by cast-iron pedestrian gates. Set in quadrant walls built of squared limestone rubble.	<i>A modest but well detailed gate screen with good quality stonework and metalwork. The original gateway to The Moorings was sited to the south of the present entrance, but had to be moved when the railway line was built c. 1851.</i>	15007008	Regional
129	Semi-detached two-bay two-storey with attic level house - Rosemount House	Grovelands Ballymahon Road Athlone		Semi-detached two-bay two-storey with attic level house, built c.1910, having a flat-roofed canted bay window to the west end of the front façade (south). One of a pair with building to the west (15007021). Pitched slate roof with brick chimneystacks.	<i>An interesting semi-detached house, which survives with its early form and fabric intact. It is typical of early twentieth-century suburban housing on the edges of the bigger towns. The early use of rusticated concrete blocks is a noteworthy feature.</i>	15007020	Regional

130	Semi-detached two-bay two-storey with attic level house	Grovelands Ballymahon RoadAthlone		Semi-detached two-bay two-storey with attic level house, built c.1910, having a flat-roofed canted bay window to the east end of the front façade (south). One of a pair with the building to the east (15007020). Pitched slate roof with brick chimneystacks.	<i>An interesting semi-detached house which survives with its early form and fabric intact. It is typical of early twentieth-century suburban housing on the edges of the bigger towns. The early use of rusticated concrete blocks is a noteworthy feature.</i>	15007021	Regional
131	Semi-detached two-bay two-storey with attic level house	Grovelands Ballymahon RoadAthlone		Semi-detached two-bay two-storey with attic level house, built c.1910, having a flat-roofed canted bay window to the west end of the front facade. One of a pair with the building to the west (15007023). Pitched slate roof with brick chimneystacks.	<i>An interesting semi-detached house, which survives with its early form and fabric intact. It is typical of early twentieth-century suburban housing on the edges of the bigger towns. It forms an attractive pair with its neighbour to the west (15007023).</i>	15007022	Local
132	Semi-detached two-bay two-storey with attic level house	Grovelands Ballymahon RoadAthlone		Semi-detached two-bay two-storey with attic level house, built c.1910, having a flat-roofed canted bay window to the east end of the main façade (south). One of a pair with building to east. Pitched slate roof with brick chimneystacks.	<i>An interesting semi-detached house which survives with its early form and fabric intact. It is typical of early twentieth-century suburban housing on the edges of the bigger towns. The early use of rusticated concrete blocks is a noteworthy feature.</i>	15007023	Local
133	Single-span railway bridge	Ballymahon Road Loughnaskin		Single-span railway bridge, c.1851, comprising wrought-iron/steel decking with iron railings over, c.1985, resting on coursed rusticated limestone buttress piers. Transerves Ballymahon Road.	<i>Good quality robust railway bridge with rusticated masonry, typical of mid nineteenth-century railway architecture. This attractive bridge is somewhat diminished by the replacement of the parapet and by the metal fencing.</i>	15007027	Local
134	Semi-detached three-bay two-storey house	New Town Terrace Ballymahon RoadLoughnaskin		Semi-detached three-bay two-storey house, built 1893, with full-height canted bay window to west. Now in use as a doctor's surgery with accommodation over. Hipped slate roof with brick chimneystacks. Pebbledashed walls over smooth plinth to base.	<i>A substantial late nineteenth-century suburban house, which retains its original scale and massing. It forms an interesting pair with its twin house to the east (15007030). This building was originally constructed by a Mr. R. V.</i>	15007029	Regional

135	Semi-detached three-bay two-storey house	New Town Terrace Ballymahon Road Loughnaskin		Semi-detached three-bay two-storey house, built 1893, with full-height canted bay window to east. Now in use as a doctor's surgery with accommodation over. Hipped slate roof with brick chimneystacks. Pebbledashed walls over smooth plinth to base.	<i>A substantial late nineteenth-century suburban house, which retains its original scale and massing. It forms an interesting pair with its twin house to the west (15007029). This building was originally constructed by a Mr. R. V.</i>	15007030	Regional
136	Detached three-bay two-storey house - St. Bernard's	Ballymahon Road Loughnaskin		Detached three-bay two-storey house, built c.1930, with box-bay windows and projecting open porch to ground floor. Hipped slate roof with rendered chimneystacks to rear of roof ridge. Roughcast rendered walls with raised quoins to corners.	<i>A substantial suburban house with a pleasing symmetry, which is set in attractive landscape grounds. It retains most of its original fabric. It has the appearance of a mid nineteenth-century house, built using materials available c. 1930.</i>	15007043	Local
137	End-of-terrace two-bay two-storey over basement house - Ellesmere	Ballymahon Road Garden Vale Terrace Athlone		End-of-terrace two-bay two-storey house over basement house, built c.1897, with full-height gable-fronted canted bay to northern most bay. Artificial slate roof with rendered chimneystack to north, shared with adjacent property.	<i>A richly detailed and eclectic house with arts-and-crafts style influences. It is unusual to find a house of this nature outside of the inner suburbs of the bigger cities in Ireland. It retains its original form and most of its early fabric.</i>	15007054	Regional
138	Terraced three-bay two-storey house - Avelreagh	Ballymahon Road Garden Vale Terrace Athlone		Terraced three-bay two-storey house, built c. 1897, with full-height canted bays to each end. Southern bay is slightly advanced with step to roofline. Pitched slate roof with shared rendered chimneystack to north end.	<i>A richly detailed and eclectic house with Arts-and-Crafts style influences. It is unusual to find a house of this nature outside of the inner suburbs of the bigger cities in Ireland. It retains its original form and most of its early fabric.</i>	15007056	Regional
139	Terraced four-bay two-storey house - Grainne Og	Ballymahon Road Garden Vale Terrace Athlone		Terraced four-bay two-storey house, built c.1897, with square-headed carriage arch to south and canted bay windows flanking doorcase. Natural slate roof with terracotta ridge tiles and three rendered chimneystacks with moulded brick cornices.	<i>A nicely detailed house with some arts-and-crafts style influences. It is not as ambitious as its neighbours to the south but has some interesting decorative elements such as the elaborate doorcase.</i>	15007057	Regional

145	Detached single-storey railway goods shed	Station Road Athlone East Railway StationAthlone		Detached single-storey railway goods shed, built c.1870, renovated c.1985. Pitched slate roof with modern skylights. Constructed of coursed limestone rubble with cut stone pilasters strips and flush quoins to corners.	<i>A attractive and substantial goods shed which has been altered in recent years. It is well-built and nicely detailed but recent works have resulted in the loss of original fabric. It remains an important component of the Athlone East Station complex.</i>	15007132	Local
146	Cast-iron postbox	Station Road Athlone		Cast-iron post box, erected c.1890, with 'Post Office' insignia. Original 'VR' monogram now partially removed. Built into loggia to front of Athlone East Train Station (15007135).	<i>An attractive piece of late nineteenth-century mass produced cast-iron work. The various raised elements serve to enhance the artistic design quality of the composition.</i>	15007134	Regional
147	Detached five-bay two-storey Italianate style railway station - Athlone Railway Station (East)	Station Road Athlone		Detached five-bay two-storey Italianate style Railway Station, built c.1858 with single-bay single-storey pavilions to either end. Renovated and extended 1985.	<i>A highly attractive mid nineteenth-century train station, built in a compact and elegant Italianate style. High quality craftsmanship is apparent in the dressings and detailing of the masonry employed.</i>	15007135	Regional
148	Detached four-bay two-storey, with basement and attic, house - Court Devenish House	Court Devenish Athlone		Detached four-bay two-storey over half basement house with attic storey, built c.1791. Extensively renovated and extended in several periods, having doorcase, c.1875, a two-bay two-storey extension to south end, c.1970, and a projecting Doric porch, c.	<i>A substantial late eighteenth-century house which retains its early character despite a number of later building works.</i>	15007165	Regional
149	Detached three-bay three-storey over basement house - Marist College	Lower Road Cannonsfield		Detached three-bay three-storey over basement house, built c.1810, having an enclosed single-bay single-storey porch to the entrance front. Converted to secondary school, c.	<i>An attractive school complex of two distinct periods. The original house is a substantial, if plain, early nineteenth-century house.</i>	15008008	Regional

155	End-of-terrace nine-bay three-storey former school - Campagnet House	Gleeson Street St. Mary'S PlaceLoughnaskin		End-of-terrace nine-bay three-storey former school, built c.1870, with three-bay two-storey section to north. In use as hotel c.1900 and as Marist Brothers residence c.1920. Pitched slate roof with rendered chimneystacks and cast-iron rainwater goods.	<i>A large late nineteenth-century school building with the bare minimum of decoration. It has a rather bleak and imposing appearance and has suffered from recent alterations. The top storey may be a later addition.</i>	15009032	Regional
156	Detached three bay, two storey house - Behan's .	Sean Costello Road/lower Road St Mary'S PlaceAthlone		Detached three-bay two-storey house, c.1830,with two-storey extension with integral carriage arch to northeast, c.1850. Pitched artificial slate roof with rendered chimneystacks to either end.	<i>An attractive mid nineteenth-century complex, constructed using stone mined from local moraines. It is unusual to find a complex of outbuildings still surviving in an urban context.</i>	15009052	Local
157	Detached five-bay single-storey former school - Athlone Little Theatre	St. Mary'S Place Athlone		Detached five-bay single-storey former school having projecting gable-fronted single-bay porch to front, built in 1827. Refurbished in 1969 to accommodate theatre. Pitched artificial slate roof with chimneystack to east end.	<i>A modest early nineteenth-century schoolhouse, typical of the period, which retains its early form despite recent alterations to the roof and openings.</i>	15009060	Local
158	Attached three-bay two-storey house - Gift Gallery	St. Mary'S Place Athlone		Attached three-bay two-storey house, built c.1890, with former integral carriage arch to centre now remodeled as door. Now in use as commercial premises. Pitched natural slate roof with moulded brick eaves cornice and brick chimneystacks to either end.	<i>An inventive late nineteenth-century house, which uses polychromatic brickwork to striking effect. It may have been built by the same architect responsible for Gainsborough House on Northgate Street, which has a similar ornate brick façade.</i>	15009063	Regional
159	Terraced two-bay two-storey house	Sean Costello Street Athlone		Terraced two-bay two-storey house, c.1830. One of a pair with building to west. Pitched natural slate roof with cast-iron rainwater goods and shared brick chimneystack. Roughcast rendered walls over smooth rendered plinth.	<i>A modest and plain early nineteenth-century house, which retains its early form and character despite the loss of original fabric in recent years.</i>	15009107	Local

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
160	Terraced two-bay two-storey house	Sean Costello Street Athlone		Terraced two-bay two-storey house, c.1830. One of a pair with building to east. Pitched natural slate roof with cast-iron rainwater goods and shared brick chimneystack. Roughcast rendered walls over smooth rendered plinth.	<i>A modest and plain early nineteenth-century house, which retains its early form and character despite the loss of original fabric in recent years.</i>	15009108	Local
161	Freestanding limestone milestone	Dublin Gate Street Athlone		Freestanding cut limestone milestone on rectangular plan, erected c.1780, with carved inscriptions 'Dublin 60', 'Moate 7' and 'Ballinasloe 12' engraved on appropriate faces. Benchmark incised to top, c.1830.	<i>This milestone makes an attractive, if subtle, impression in the streetscape.</i>	15009120	Regional
162	End-of-terrace three-bay two-storey house - Moran's Bar	Dublin Gate Street Athlone		End-of-terrace three-bay two-storey house, built c.1850, with shopfront, c.1920 to ground floor. One of a terrace of four. Pitched artificial slate roof with brick chimneystacks, cast-iron rainwater goods and projecting eaves course.	<i>An attractive, if modest, mid nineteenth-century house with an early twentieth-century shopfront. It retains its early character and form and makes a positive contribution to the streetscape.</i>	15009142	Regional
163	Terraced three-bay two-storey house - Moran's Bar	Dublin Gate Street Athlone		Terraced three-bay two-storey house, built c.1850, with ground floor converted to public house, c.1970. One of a terrace of four. Pitched artificial slate roof with brick chimneystacks, cast-iron rainwater goods and projecting eaves course.	<i>An attractive building which continues to add character to the streetscape despite the loss of much of its original fabric when converted to a public house.</i>	15009143	Regional
164	End-of-terrace three-bay two-storey house - Macken	Dublin Gate Street Griffith Street Athlone		End-of-terrace three-bay two-storey house, c.1800, renovated c.1900 with traditional timber shopfront insert to west end. Steeply pitched slate roof with projecting eaves course, rendered chimneystack to east end and shared rendered chimneystack to west.	<i>A highly attractive building of late eighteenth-century appearance that retains its early form, character and fabric. The steeply pitched roof suggests that this building may have been thatched.</i>	15009181	Regional

165	Terraced four-bay two-storey house - First Active and other commercial use	Dublin Gate Street Athlone		Terraced four-bay two-storey house, c.1830, divided in two properties, c.1900. Single-bay shopfront, c.1920, to western end; three-bay shopfront, c.1985, inserted to the east.	<i>A typical mid nineteenth-century urban building which makes a strong contribution to the character of the streetscape. It is more substantial than its neighbours, adding to the varied roofline of Dublin Gate Street.</i>	15009188	Regional
166	Detached seven-bay basilica-plan church - St. Anthony's RC church	Friary Lane Athlone		Detached seven-bay basilica-plan Roman Catholic church, built c.1931, with four-stage round tower with conical stone roof attached to south and flat-roofed side aisles with clerestory above. Apsidal chancel to east.	<i>A very fine example of a twentieth century interpretation of the Hiberno-Romanesque revival, with good stonework and stained glass and some bold features overlaid on more traditional elements.</i>	15009192	National
167	Attached five-bay three-storey Franciscan Friary	Friary Lane Athlone		Attached five-bay three-storey Franciscan Friary, built c.1869, with single-bay single-storey porch to west and a three-bay three-storey extension to east, c.1930.	<i>An attractive large scale building which forms part of an important group of buildings with the Franciscan Friary complex.</i>	15009195	Regional
168	Terraced three-bay three-storey house - Bam-Bou Café	Church Street Athlone		Terraced three-bay three-storey house, built c.1800, formerly one property with neighbour to east, renovated c.1995 with replacement shop front added. Now in use as a restaurant with offices over.	<i>A prominently located late eighteenth-century house which retains much of its early character despite recent alterations to the ground floor.</i>	15009223	Local
169	End-of-terrace four-bay two-storey house - Paul Andre	Church Street Athlone		End-of-terrace four-bay two-storey house, c.1800, renovated in 1869, shopfront inserted to east end, c.1900, and second shopfront added to west end, c.1975. Pitched natural slate roof with overhanging eaves.	<i>An attractive and well-proportioned late eighteenth/early nineteenth-century building which retains much of its character. Much of the existing decoration dates from a major renovation in 1869 and this work rests nicely with the earlier fabric.</i>	15009225	Regional

170	Terraced single-bay three-storey over basement building - Ricks	Church Street Athlone		Terraced single-bay three-storey over basement building, built c.1830, formerly part of three-bay structure with the building to west, divided 1877. Shopfront inserted and extended to rear, c.1980. Now in use as retail outlet with accommodation over.	<i>A typical mid nineteenth-century urban building with a pleasing scale which retains its early character.</i>	15009228	Regional
171	Terraced two-bay three-storey over basement building - Olivia Danielle	Church Street Athlone		Terraced two-bay three-storey over basement building, built c.1830, formerly part of three-bay structure with the building to east, divided 1877. Modern shopfront to ground floor. Now in use as retail outlet with accommodation over.	<i>A typical mid nineteenth-century urban building with a pleasing scale which retains its early character.</i>	15009229	Regional
172	End-of-terrace two-bay three-storey over basement house	Church Street Lloyds Lane Athlone		End-of-terrace two-bay three-storey over basement house, built c.1875, with c.1980 shopfront to ground floor. Now disused. Pitched artificial slate roof with cast-iron rainwater goods and rendered chimneystack to east.	<i>A plain urban building that retains its importance to the streetscape despite recent alterations. Site classified as 'building ground' until 1872 in Valuation Office papers.</i>	15009230	Local
173	Burgess	Lloyd'S Lane Athlone		Terraced three-bay two-storey former industrial outbuilding, built c.1860, renovated with shopfront inserted c.1985. Pitched natural slate roof. Roughcast rendered walls with square-headed louvered openings to first floor.	<i>A modest mid nineteenth-century industrial until or warehouse which has been altered in recent years. It was probably built in this location to make use of the River Shannon for transport purposes.</i>	15009239	Local
174	Terraced four-bay two-storey vernacular house	Lloyd'S Lane Athlone		Terraced four-bay two-storey vernacular house, built c.1803, with integral square-headed carriage arch to north. Pitched natural slate roof with rendered chimneystack to either end, cast-iron rainwater goods and projecting eaves course.	<i>A highly attractive and important vernacular house dating from the very start of the nineteenth century. The irregular fenestration and the uneven walls give this house a great character.</i>	15009240	Regional

175	Sheffield Jewellers	Church Street Lloyds LaneAthlone		Corner-sited two-bay two-storey house with two-storey return, built c.1850, renovated c.1985, with traditional style shopfront added. Pitched slate roof with cast-iron rainwater goods, projecting eaves course and rendered chimneystacks to either end.	<i>A plain mid nineteenth-century structure that retains its importance to the streetscape despite recent alterations.</i>	15009241	Local
176	Joke Shop	Church Street Athlone		Terraced two-bay three-storey house, built c.1765, renovated c.1940, and c.1985, with retail outlet to ground floor. One of a pair with the building to the east. Pitched natural slate roof with shared rendered chimneystack on square-plan.	<i>An attractive building that retains its early form and character despite alterations to the ground floor. The massive shared chimneystack on a square-plan is an indication of a mid-eighteenth century date.</i>	15009243	Regional
177	Medusa	Church Street Athlone		Terraced single-bay three-storey house, built c.1765, with modern shopfront to ground floor. One of a pair with the building to the west. Pitched natural slate roof with shared rendered chimneystack on square-plan.	<i>An attractive building that retains its early form and character despite alterations to the ground floor. The massive shared chimneystack on a square-plan is an indication of a mid-eighteenth century building date.</i>	15009244	Regional
178	Burgess	Church Street Athlone		Terraced three-bay three-storey house, built c.1860, with shopfront added to ground floor c.1900. Pitched natural slate roof with projecting eaves course and cast-iron rainwater goods. Brick chimneystack to west end.	<i>A typical plain mid nineteenth-century building which retains its character and form despite recent alterations. This simple structure may contain the fabric of an earlier building on account of the tall chimneystack to the west end.</i>	15009245	Regional
179	Burgess	Church Street Custume PlaceAthlone		Terraced eight-bay two-storey over basement with attic storey department store with single-bay three-storey pedimented breakfront, dated 1899. Renovated, c.1970, with new shopfront added to ground floor.	<i>This is an imposing and substantial purpose-built commercial building that retains its early form and character. This fine structure occupies a prominent corner site towards the centre of Athlone and is a landmark building on Church Street.</i>	15009246	Regional

220	Cast Iron Postbox	Mardyke Street Athlone		Wall-mounted cast-iron post box, c.1940, with inscribed "P&T" insignia. Set into wall of former post office on Mardyke Street.	<i>An attractive piece of mass produced early twentieth-century cast-iron. Well-maintained and still in use, this modest artefact is a subtle addition to the streetscape.</i>	15009392	Regional
221	Weir	Golden Island		Weir on crescent-shaped plan spanning the River Shannon, built c.1845 and possibly incorporating the fabric of earlier weirs to site. Stepped salmon leap to the centre. Constructed of cut limestone with cement rendered slipway, c.	<i>This weir and associated works are an important part of the industrial heritage of Athlone.</i>	15009404	Regional
222	Promenade and Wall	The Strand Athlone		Retaining wall of river, incorporating slipway and flights of limestone steps, built c.1847, with adjoining jetty. Located on east bank of River Shannon.	<i>An attractive and well-built promenade and retaining wall that is now a local amenity.</i>	15009405	Regional
223	Gateway, Our Lady's Bower	Lower Road Ankers Bower		Entrance gateway, erected c.1889, with cast-iron quadrant screen railings and cast-iron gate piers with lancet panels, quatrefoil panels and decorative finials.	<i>An elegant gateway incorporating good quality late-Victorian mass-produced cast-iron work. The gates themselves have been removed and the entrance probably widened to accommodate bus traffic. Ironwork manufactured by M/S Kennan, Dublin.</i>	15010104	Regional
224	Seven-bay two and three-storey convent building - Our Lady's Bower	Lower Road Ankers Bower		Semi-detached seven-bay two-and three-storey convent building on H-shaped plan with advanced gabled breakfront to entrance gable (north) with copper spire above, built 1889. Chapel to west side of breakfront at first floor level.	<i>This is a very interesting combination of convent, chapel and school in W.H Byrne's (1844-1913) typical, rather severe Gothic Revival-style. It survives with its form and character intact and is set within attractive landscaped grounds.</i>	15010106	Regional

225	Railway Bridge	Lower Road Cannonsfield		Single-arch railway bridge, c.1859, with rusticated limestone piers, parapets and voussoirs with dressed string course and copings. Located to the west of Athlone carrying Lower Road over railway line.	<i>A good quality robust railway bridge with rusticated masonry, typical of mid nineteenth-century railway architecture.</i>	15010122	Regional
226	Gateway, Marist College	Lower Road Cannonsfield		Gateway, erected c.1870, with pair of circular granite gate piers having moulded plinths, cornices and copings and cast-iron gate bracket in form of clenched fist; rebuilt in part with railings added, c.1980.	<i>The loss of the original railings and gates diminishes what once must have been an impressive entrance. It remains an attractive feature to the west of Athlone and forms part of a interesting group with the main college building to the north.</i>	15010123	Local
227	Jabla House	Lower Road Retreat		Detached three-bay two-storey house, built c.1890, with projecting single-bay single-storey porch to west and single-storey canted bay window to south.	<i>An interesting late nineteenth-century house, dominated by the Dutch-style gables topped with spiked finials, which retains its early character and form.</i>	15010146	Regional
229	House	Creggan Upper		Two freestanding battlemented towers on square-plan, built c.1820, formerly part of the Creggan House estate (house demolished). Lime rendered walls with projecting ashlar limestone string courses and battlements to parapet.	<i>An interesting pair of early nineteenth-century towers, originally associated with Creggan House (demolished), which retain their early form and character despite being out of use.</i>	15402901	Regional
230	House	Creggan Upper		Two former main entrance gates serving Creggan House (now demolished), built c.1815, each comprising a pair of moulded ashlar limestone gate piers (on square-plan) having moulded capstones over. Metal gates to both entrance.	<i>Two ornate gateways that previously served as the main entrances to Creggan House (demolished). The fine ashlar limestone gates piers are very well carved and have extensive Classical mouldings.</i>	15402902	Regional

231	Cloonbonny Railway Bridge	Cloonbonny		Single-arched railway bridge, built c.1859, carrying road over former Great Southern and Great Western Railway Company's Portarlinton to Athlone railway line. Still in active use.	<i>A robust and elegantly-appointed railway bridge representing an important element of the transport and civil engineering heritage of County Westmeath.</i>	15402906	Regional
232	House	Garden Vale Terrace Ballymahon RoadAthlone		Terrace of four two-bay two-storey over basement houses, each with canted bay window to the ground floor, built c.1890. Pitched natural and artificial slate roofs with brick chimneystacks. Roughcast rendered walls.	<i>An attractive terrace of late nineteenth-century houses, which maintain their early character and form. The recessed architraved doorcases and canted bay windows are noteworthy features that are typical of the period of construction.</i>	15009382	Local
233	Terrace of seven three-bay single-storey over basement houses	St. Mary'S Place Loughnaskin		Terrace of seven three-bay single-storey over basement houses, built c.1890. Pitched artificial and natural slate roofs with projecting eaves course and shared rendered chimneystacks with clay chimney pots.	<i>An attractive terrace of modest houses which retain their early character and form. This terrace may have been built as a local authority scheme at the end of the nineteenth century, a period when many terraces of this type were built throughout Ireland.</i>	15009024	Local
001-001	The Bridge of Finnea	Finnea Finnea		Seven-arch road bridge spanning River Inny, built c. 1650	<i>The Bridge of Finnea occupies an historically important and strategic crossing point between Leinster and Ulster on a short stretch of the Inny between Lough Sheelin and Lough Kinale.</i>	15301001	National
001-002	Six-bay two-storey house	Main Street Finnea		End-of-terrace six-bay two-storey house with shopfront to east, built c.1850, now in use as private residence.	<i>The building forms an important component of the streetscape of Finnea, situated to the south-east of the village facing the original market house and post office.</i>	15301004	Local

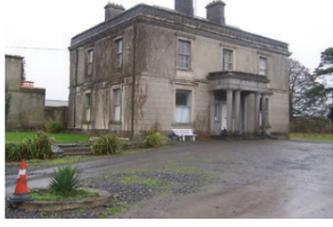

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
001-003	Former Market House	Main Street Finnea		Three-bay two-storey former market house, built c.1850, now in use as private residence.	<i>A well-proportioned, modest-scale landmark building with some nice cut-stone detailing.</i>	15301005	Regional
001-004	Myles O'Reilly Monument	Main Street Finnea		Freestanding monument, erected c.1913, comprising limestone ashlar Celtic cross with Celtic strap-work over limestone plinth and base.	<i>An attractive monument commemorating the (reputed) actions of Myles 'the Slasher' O'Reilly who died defending the Bridge of Finnea from English/Scottish forces in 1646.</i>	15301006	Regional
001-005	Cast Iron Waterpump	Main Street Finnea		Freestanding cast-iron waterpump, erected c.1875, comprising banded cylindrical shaft with fluted head and fluted ogee-domed cap.	<i>An appealing feature in the streetscape, located at a natural meeting place in the town. It represents an early artefact of mass-produced cast iron work.</i>	15301007	Regional
001-005	St. Michael's Parochial House	Castletown Lower		Detached five-bay single-storey parochial house, built c.1840, with projecting gable-fronted bays to either end (east and west).	<i>An appealing mid nineteenth-century building, which retains its early character despite the loss of the original fittings to the openings in recent years.</i>	15400108	Regional
001-006	Three-bay two-storey house	Finnea		Attached three-bay two-storey late Georgian-style house, built c.1830.	<i>A well-proportioned modest-scale house which makes a strong contribution to the character of the streetscape of Finnea.</i>	15301008	Local

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
001-007	Three-bay two storey house	Finnea		Detached three-bay two-storey house, built c.1820 with flat-roofed single-bay single-storey porch to centre of front elevation with moulded eaves cornice.	<i>A nicely proportioned modest-scale building, which retains most of its original character, form and fabric.</i>	15301009	Regional
001-008	Our Lady of the Angels RC Church	Finnea		Detached five-bay double-height Roman Catholic church, built c.1904, with single-storey chancel and vestry to the east.	<i>A pleasant and well-composed modest-scale church. It retains much of its original form, massing and early fabric, while the stained glass windows, cast-iron belfry and the interior are of some design distinction.</i>	15301010	Regional
001-009	Three-bay two-storey house	Gore Port Gore Port Clareisland Or Derrymacegan	No Image Available	Detached three-bay two-storey house, built c.1820, with earlier two-storey house attached to the rear (south), c.1760.	<i>A highly appealing middle-sized house, of balanced late-Georgian proportions, which retains its early form and character.</i>	15400101	Regional
001-010	Tullystown National School	Tullystown Crossroads Tullystown		Detached three-bay single-storey former national school, built c.1840, with projecting single-bay gable-fronted porch to front façade.	<i>A pretty small-scale mid nineteenth-century national school, which retains its early form and character despite being out of use for a considerable period of time.</i>	15400103	Regional
001-011	Carlanstown House	Carlanstown		roofed single-bay single-storey porch to centre of front façade.	<i>An interesting house which retains much of its original form and fabric.</i>	15400104	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
001-012	Single-storey outbuildings, Carlanstown House	Carlanstown House Carlanstown		Complex of single-storey outbuildings to the rear (north) of Carlanstown House (15400104), built c.1820, incorporating the fabric of an earlier sixteenth/seventeenth century bawn.	<i>A modest complex of well-built outbuildings associated with the present Carlanstown House (15400104), which is built into and incorporates the fabric of a sixteenth/seventeenth century bawn.</i>	15400105	Regional
001-013	Four-bay two-storey house	Carlanstown house		Detached four-bay two-storey house, built c.1820 with second floor added c.1930.	<i>An interesting but heavily altered vernacular house.</i>	15400106	Local
001-014	St. Michael's RC Church	Castletown Lower		Detached two-bay T-plan Roman Catholic church, built c.1840 and altered c.1900 and c.1950.	<i>A typical mid nineteenth-century T-plan Roman Catholic church that retains some interesting and quite elaborate detailing for a church of this nature.</i>	15400107	Regional
001-016	Three-bay single-storey house (Castletown Cottage)	Castletown Lower		Attached three-bay single-storey house, built c.1820, with projecting single-bay flat-roofed entrance porch to the centre of the main façade (east).	<i>An appealing single-storey structure, of early-to-mid nineteenth-century appearance, which retains its early form and character.</i>	15400109	Regional
001-017	Single and two-storey outbuildings, Castletown Cottage	Castletown Cottage Castletown Lower		Complex of single and two-storey outbuildings arranged around a central courtyard to the rear of Castletown Cottage (15400109), built c.1820.	<i>A fine complex of early nineteenth-century outbuildings associated with Castletown Cottage (15400109), which retains their early form and character.</i>	15400110	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
001-018	Former corn mill, Balnacart	Foyran Castletown FineaRathshane		Detached two-storey corn mill on L-shaped plan, built c.1810 and altered c.1900. Restored c.2000 and now in use as a private house.	<i>A highly picturesque, small-scale early nineteenth-century corn mill, which retains its early character despite recent alterations.</i>	15400111	Regional
001-019	Tullystown House	Finea Tullystown		Detached three-bay two-storey single-pile house, built c.1800 and altered c.1840, with projecting single-bay breakfront to front façade (north).	<i>An attractive and charming house, with a pleasing symmetry, which retains much of its original character and fabric.</i>	15400112	Regional
001-020	Two-storey outbuildings	Tullystown House Finea Tullystown		Complex of two-storey outbuildings, arranged around a central courtyard, to the rear (southeast) of Tullystown House (15400112).	<i>An impressive complex of ruinous outbuildings to the rear of Tullystown House (15400112), which retains its early form and character.</i>	15400113	Regional
001-021	Ballynascarry House	Ballynascarry		Semi-detached three-bay two-storey house with two-bay two-storey agricultural building/outbuilding to south housed under the same continuous roof, built c.1790.	<i>An unusual vernacular house/farmhouse, which retains its early form and character, despite the recent loss of early fittings to the openings.</i>	15400114	Regional
001-022	Four-bay two-storey house (Castletown Cottage)	Castletown Lower		Attached four-bay two-storey house, built c.1850, with projecting open single-bay open concrete Doric entrance porch to south end of entrance façade (east).	<i>An appealing two-storey structure, of mid nineteenth-century appearance, which retains its early form, character and most of its early fabric.</i>	15400116	Regional

001-025	Three-bay two-storey house, Kirk View	Dublin Road Townparks		Semi-detached three-bay two-storey house on L-shaped plan, built c.1890, having a projecting single-bay flat-roofed entrance to the centre of the main façade (southeast) flanked to either side by single-storey flat-roofed canted bay windows.	<i>A well-proportioned late-Victorian house that retains most of its original form and character. This structure also retains much of its original salient features and materials.</i>	15302034	Regional
002-001	St. Mary's Church of Ireland Church	Barradrum		Freestanding Church of Ireland church, (re)built in 1810 and altered c.1880.	<i>A modest Church of Ireland church with a rather squat looking tower, which retains its early form, fabric and character.</i>	15400201	Regional
002-002	Single -arched road bridge	Tinode		Single-arched road bridge over small stream and former mill race, built c.1805.	<i>A well-built and attractive small-scale bridge, which retains its early form and fabric.</i>	15400202	Regional
002-003	Former saw mill, Streete	Barradrum		Detached single-bay gable-fronted former saw mill, built c.1865. Later in use as an electricity generating plant, c.1885.	<i>An appealing small-scale industrial building, which retains its early form and character.</i>	15400203	Regional
002-004	Three-bay two-storey house	Burgesland		Detached three-bay house on L-shaped plan, built c.1850.	<i>A highly attractive mid nineteenth-century building, which retains its early character and form.</i>	15400204	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
002-005	Three-bay two-storey house	Cornacausk		Detached three-bay two-storey house built, c.1820.	<i>A good quality early nineteenth-century house of well-balanced late-Georgian proportions.</i>	15400205	Local
002-006	Wall-mounted post box	Fiddler'S Green Pub Buresland		Wall-mounted cast-iron post box, c.1910, with 'Post Office' in raised lettering to the letter flap.	<i>An attractive item of street furniture representing an early-surviving artifact of mass-produced cast-iron ware.</i>	15400206	Regional
002-007	Former community hall (now retail unit)	Cornacausk		Detached two-bay single-storey gable-fronted former adult educational facility and community hall, built c.1856.	<i>An interesting and appealing mid nineteenth-century community building, which retains its early form and character despite alterations to the openings.</i>	15400207	Regional
002-008	Daramona House	Cornacausk		Detached three-bay two-storey country house, built c.1855, with a projecting tetrastyle cut stone Doric entrance porch to the centre of the front facade.	<i>A very fine and elegant mid nineteenth-century Italianate essay with the rear pavilions adding substance this medium-sized house.</i>	15400208	Regional
002-009	Gateway, Daramona House.	Daramona House Cornacausk		Gateway serving Daramona House, built c.1855, comprising pair of decorative cast-iron open-weave gate piers having cast-iron double-gates and railings.	<i>A highly elaborate and elegant set of entrance gates serving Daramona House (15400208) to the northwest.</i>	15400209	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
002-010	Kildevin House	Ballykildevin		Detached three-bay two-storey over a basement (to rear) country house, dated 1833, with projecting three-storey semi-circular bow to centre of front façade (northwest) and a four-storey (over basement) semi-circular bow to the centre of the rear façade (southeast), both with balustraded parapets.	<i>A very fine and quite distinctive county house, which retains its early character and form.</i>	15400210	Regional
002-011	Single and two storey outbuildings - Kildevin House	Kildevin House Ballykildevin		Complex of single and two-storey outbuildings to the rear of Kildevin House (15400210), built c.1833 and extended c.1850.	<i>A good collection of outbuildings associated with Kildevin House (15400210), which retain their early form and character despite their present condition.</i>	15400211	Regional
002-012	Estate workers dwellings	Correaly Correaly		A pair of semi-detached three-bay single-storey estate workers dwellings, built c.1850, now out of use and derelict.	<i>An interesting pair of estate worker's houses, probably dating to the mid nineteenth-century, which retain their early form and character despite their now dilapidated condition.</i>	15400212	Regional
002-013	Three-bay two-storey house	Correaly Correaly		Detached three-bay two-storey house, built c.1850.	<i>A modest, plain but well-composed mid nineteenth-century house, which retains its early form.</i>	15400213	Local
002-014	St. Mary's RC Chapel	Boherquill		Detached single-bay T-plan Roman Catholic chapel, built c.1812, extended c.1869 with the addition of a chancel and sacristy to the east.	<i>A modest early-nineteenth Roman Catholic chapel, which retains its early character and a great deal of its early fabric.</i>	15400214	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
002-015	Wall-mounted post box	Boherquill		Wall-mounted cast-iron post box, c.1910, with 'Post Office' in raised lettering to the letter flap.	<i>An attractive item of street furniture representing an early-surviving artifact of mass-produced cast-iron ware.</i>	15400215	Regional
002-016	Coolamber House	Coolamber		Detached five bay two storey house on L-shaped plan, built c.1850, with projecting cut stone tetrastyle Doric porch to centre of entrance front (east).	<i>A substantial and attractive mid nineteenth-century country house, set within extensive landscaped grounds.</i>	15400216	Regional
002-017	Family Graveyard	Coolamber House Coolamber Coolamber		Family burial ground, erected c.1875, associated with Coolamber House (15400216).	<i>A simple but dignified and solemn family graveyard associated with the Blackall Family of Coolamber House (15400216).</i>	15400217	Regional
002-018	Float Railway Station	Lisduff		Detached three-bay two-storey former railway station, built 1856, with single-storey box bay window to south elevation and a single-storey lean-to extension.	<i>An attractive small-scale Victorian railway station, which retains its early form, character and fabric.</i>	15400218	Regional
002-019	Wall-mounted post box, Float Railway Station	Float Railway Station Lisduff		Wall-mounted cast-iron post box, c.1890, having rasied 'VR' royal cipher and 'Post Office' in raised lettering to the letter flap.	<i>An attractive item of street furniture representing an early-surviving artifact of mass-produced cast-iron ware.</i>	15400219	Local

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
002-020	Three-bay two-storey house	Lismacaffry		Detached three-bay two-storey house, built c.1860, with large two-storey return to the rear (east).	<i>An appealing and well-balanced mid nineteenth-century house, which retains its early form and character.</i>	15400221	Regional
002-021	Cast-iron water pump	Clonmore		Freestanding cast-iron water pump, erected c.1885, comprising banded cylindrical shaft with fluted head having fluted spout, and a 'cow tail' curvilinear handle.	<i>A typical late nineteenth-century water pump, of a standard design that is encountered throughout rural Westmeath.</i>	15400222	Regional
002-022	Former observatory, Daramona House	Daramona House Corncausk		Single-bay two-storey former observatory, built c.1892, with attached single-storey building to the west, formerly a laboratory, darkroom and machine shop.	<i>A modest and ruinous late nineteenth-century observatory, which is of huge importance in the history of astronomy.</i>	15400223	Regional
003-001	Three-bay two-storey castellated gate lodge	Tullynally Castle Pakenhamhall Road Tullynally		Detached three-bay two-storey castellated gate lodge, built c.1820, having an integral Tudor Gothic-arched carriage arch to the centre of the main body of the building.	<i>This handsome Gothic Revival gate lodge was designed by James Shiel, a noted architect of his day and former clerk of renowned architect Francis Johnston (1760-1829).</i>	15302001	Regional
003-002	Former Rectory	Pakenhamhall Road Nonsuch		Detached three-bay two-storey over basement former rectory, built c.1847, now in use as private residence.	<i>A substantial and well-proportioned former Church of Ireland rectory, which retains its early form and character.</i>	15302002	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
003-003	Church Hall	Pakenhamhall Road Nonsuch		Detached four-bay single-storey church hall, built c.1870, with a modern single-storey porch to rear.	<i>A simple late nineteenth-century structure having well-proportioned side elevations that creates a distinct architectural character.</i>	15302003	Regional
003-004	Four-bay two-storey house	Castle Street Townparks		End-of-terrace four-bay two-storey townhouse with integral carriage arch, built c.1840.	<i>An appealing small-scale house of vernacular form and appearance that retains its original form and character and most of its original fabric.</i>	15302024	Regional
003-005	Corner-sited four-bay two-storey former commercial premises with accommodation above	The Square Church LaneTownparks		Corner-sited four-bay two-storey former commercial premises with accommodation above, built c.1820, with two-bay two-storey return to the rear (north).	<i>This substantial townhouse makes an strong contribution to the streetscape of Castlepollard and occupies a prominent position on the north side of The Square.</i>	15302026	Local
003-006	Killafree Church and Cemetry	Church Lane Townparks		Detached former Church of Ireland Church, built c.1670, consisting of a three-bay hall with attached four-stage tower on square-plan to the west end - now a ruin.	<i>An historic church set within an extensive graveyard, forming a picturesque landmark to the north of Castlepollard.</i>	15302027	Regional
003-007	Three-bay two-storey house	The Square Church StreetTownparks		Corner-sited three-bay two-storey late-Georgian house, built c.1820, with a four-bay two-storey return to the northeast and a further single-storey outbuilding with integral carriage-arch to the east elevation.	<i>An attractive and well-proportioned late-Georgian house, occupying a prominent site facing the main square.</i>	15302030	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
003-008	J. McGovern shop	Dublin Road Townparks		Semi-detached five-bay single-storey building, c.1850, having a traditional timber shopfront to the northwest end of the front facade. Now in use as offices.	<i>This simple but well-maintained single-storey building retains its early form, character and fabric.</i>	15302032	Regional
003-009	Newcastle House	Newcastle		Detached three-bay single-storey house over a raised basement house, built c.1830. Hipped natural slate roof with a single central ashlar limestone chimney stack, aligned parallel to roof ridge, having terracotta chimney pots over.	<i>A very attractive, if modestly-scaled, early nineteenth-century gentleman's residence, which retains its early character and form.</i>	15400301	Regional
003-010	Ballynameagh House	Ballynameagh		Detached five-bay two-storey house, built c.1775, with projecting gable-fronted porch to north elevation. Currently unoccupied. Pitched natural slate roof with rendered chimneys to either end.	<i>An unusual two-storey vernacular house, which retains its early massing and form despite some recent alterations. This curious house has a number of interesting features that suggest it may be of considerable antiquity.</i>	15400302	Regional
003-011	Double-arched road bridge - Rathcreevagh Bridge	Rathcreevagh		Double-arched road bridge carrying road over River Glore, built c 1800. Constructed of rubble limestone with dressed limestone voussoirs to arches. Located to the northeast of Castlepollard adjacent (west) to Lickbla House (15400304).	<i>A robustly constructed small-scale bridge, which retains its early form and fabric. The small arches suggests that it may be of late eighteenth-century date.</i>	15400303	Regional
003-012	Four-bay two-storey house	Curry		Detached four-bay two-storey vernacular house, built c.1825, with a (later) projecting gable-fronted entrance porch to main elevation (south). Now derelict and out of use.	<i>A good example of a modest vernacular house, dating from the early-to-mid nineteenth-century, which retains its early form.</i>	15400306	Local

003-018	Cast-iron water pump	Ballycomoye		Freestanding cast-iron, water pump, erected c.1885. Banded cylindrical shaft with fluted neck and flat plate top with 'cow-tail' handle. Cap now missing. Set on cement base and surrounded by concrete wall, open to front (south).	<i>A typical late nineteenth-century water pump, of a standard design that is encountered throughout rural Westmeath.</i>	15400312	Regional
003-019	Three-bay two-storey house	Ballycomoye		Detached three-bay two-storey house, built c.1830. Single-storey lean-to extension to the west side and complex of outbuildings to the rear (north).	<i>An appealing early nineteenth-century house, of balanced late-Georgian proportions, which retains its early form and character.</i>	15400313	Regional
003-020	Ballycomoye National School	Raheen More		Detached T-plan gable-fronted four-bay single-storey school, built c.1930. Currently unoccupied and out of use. Pitched slate roofs with overhanging eaves, brick chimneystacks, clay ridge tiles, cast-iron rainwater goods and a cast-iron roof vent.	<i>A well-composed and appealing national school, built to a standard two-teacher design prepared by the Board of Works on behalf of the Board of Education.</i>	15400314	Regional
003-021	Hilltown House	Hilltown		Detached three-bay three-storey over basement Palladian country house, built c.1780. Shallow hipped roof behind raised parapet with moulded cornice and blocking course. Two central ashlar limestone chimneystacks with moulded limestone cornices.	<i>A substantial and well-balanced country house, which is interesting as a late example of the Palladian style in Co. Westmeath. It retains its early form, fabric and character.</i>	15400315	Regional
003-022	Two-bay two storey house (Hilltown House)	Hilltown		Semi-detached two-bay two-storey house, built c.1725. Later in use as an outbuilding and now out of use and derelict. Attached to ruins of earlier rubble limestone tower house (WM003-027---), built c.	<i>An interesting building, of modest architectural aspirations, which retains its early form, character and fabric despite being out of use for a considerable period of time.</i>	15400316	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
003-023	Gateway, Hilltown House	Hilltown		Three sets of entrance gates associated with Hilltown House (15400315), erected c.1800, comprising three pairs of rubble limestone gate piers, on circular plan, with associated wrought-iron gates of various designs.	<i>These modest entrance gates are attractive and subtle features in the landscape and have important group associations with Hilltown House (15400315). The use of local stone helps to assimilate the gate piers into the surrounding landscape.</i>	15400317	Regional
003-024	Cast-iron water pump	Hilltown		Freestanding cast-iron water pump, erected c.1885, comprising banded cylindrical shaft with fluted head having fluted spout, 'cow tail' curvilinear handle, and fluted ogee-dome cap with finial over.	<i>A typical late nineteenth-century water pump, of a standard design that is encountered throughout rural Westmeath. This is a particular well-maintained example and is still in use.</i>	15400318	Regional
003-025	Templanstown Handball Alley	Templanstown		Freestanding handball alley on U-shaped plan, erected c.1925 and repaired c.1960. Now overgrown, out of use and partially collapsed to the west. Constructed of random limestone rubble with smooth cement rendered over.	<i>A modest and unassuming handball alley, which represents an interesting artifact of cultural and social importance to the local community.</i>	15400319	Regional
003-026	Single-arched road bridge -Stonestown Bridge	Stonestown		Single-arched road bridge over River Glore, dated 1877. Constructed using coursed rock-faced limestone rubble with rusticated rock-faced limestone voussoirs and rusticated coping over parapet. Located to the north of Castlepollard.	<i>A handsome and robust bridge, which is pleasing feature in the rural landscape to the north of Castlepollard.</i>	15400320	Regional
003-027	Tullynally Castle	Tullynally		Five-bay three-storey country house with projecting end bays to each end of entrance façade (west), built c.1730. Originally a two-storey structure with third floor added c.1780.	<i>A magnificent sprawling castle, with a picturesque skyline of turrets, pinnacles, battlements and tall Tudoresque chimneystacks, which has been the home of the Pakenham Family, later Earls of Longford, for over three hundred years.</i>	15400321	National

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
003-028	Walled garden - Tullynally Castle	Tullynally		Walled garden associated with Tullynally Castle, built c.1820. Built on trapezoidal plan, tapering to the north. Southern half in use as a kitchen garden and northern half in use as an orchard.	<i>An extensive walled garden associated with Tullynally Castle (15400321), which contributes positively to the group values and the setting within this important demesne.</i>	15400322	Regional
003-029	Lean-to greenhouse - Tullynally Castle	Carn		Two detached lean-to green houses associated with Tullynally Castle (15400321), built c.1820. Previously used for growing peaches and grapes. Built against a brick wall and south facing.	<i>An interesting pair of early nineteenth-century glass houses, which retain their early fabric and form.</i>	15400323	Regional
003-030	Turbotstown House and demesne	Turbotstown		Detached three-bay two-storey house country house, built c.1810, with projecting single-bay entrance front with raised parapet over and a single-bay cut limestone tetrastyle Greek Ionic entrance porch the centre of the main façade (southeast).	<i>An accomplished early nineteenth-century country house, built in a Greek Revival style, which retains its early character and form. Turbotstown House is a polished composition with a certain crispness to its design and execution.</i>	15400330	Regional
003-031	Stone sphinxes - Tullynally Castle	Tullynally		Pair of Coade stone sphinxes, c.1799, flanking entrance between the flower gardens and the kitchen gardens (15400322) to the west of Tullynally Castle (15400321). Stamped 'Coade's Lithodipyra' to the base.	<i>A fine pair of Coade stone sphinxes, which forms part of the attractive setting within the gardens of Tullynally Castle (15400321).</i>	15400324	Regional
003-032	Farmyard buildings - Tullynally Castle	Tullynally		Detached multi-bay two-storey farmyard building associated with Tullynally Castle (15400321), built c.1820 and extended to the east c.1850. Pitched natural slate roof with brick chimneystacks and cast-iron rainwater goods.	<i>An interesting and substantial farmyard building, which forms part of an important group of structures associated with Tullynally Castle (15400321).</i>	15400326	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
003-033	Single-storey grotto - Tullyally Castle	Tullyally Castle		Detached three-bay single-storey rustic grotto on octagonal plan, erected c.1785. Built of water-eroded limestone with brick lined walls to interior to the north. Domed roof over, now cement rendered. Pointed-arched openings.	<i>An appealing rustic grotto of some romantic quality, which probably dates to the late eighteenth-century.</i>	15400325	Regional
003-034	Two-storey worker's houses - Tullyally Castle	Tullyally Castle		A pair of semi-detached three-bay two-storey estate worker's houses, built, c.1845. Now in use as a single private residence.	<i>A good example of high-quality mid nineteenth-century estate worker's houses, associated with Tullyally Castle (15400321), which retain their early character and much of their early fabric.</i>	15400327	Regional
003-035	Three-bay two-storey house - Tullyally Castle	Tullyally Castle		Detached three-bay two-storey (with attic) former estate worker's house, built c.1830, with gable-fronted central bay and a later single-bay single-storey gable-fronted entrance to the main façade (west). Now in use as a private dwelling.	<i>A good quality and highly picturesque early nineteenth-century estate worker's house associated with Tullyally Castle (15400321).</i>	15400328	Regional
003-036	Gaulstown House	Ballynagall		Detached three-bay single-storey Palladian-style villa with attic level, built c.1730, over a high basement. Now in use as a private house.	<i>An impressive and well-executed small-scale Palladian house/villa, of early eighteenth-century appearance. It is very well detailed in good quality ashlar limestone and retains most of its early fabric despite recent works after years of dereliction.</i>	15400329	Regional
003-037	Outbuildings - Turbotstown House	Turbotstown		Extensive complex of outbuildings, built c.1760, associated with Turbotstown House (15400330). Comprises two separate L-shaped ranges with ancillary structures. Pitched natural slate roofs with projecting eaves courses.	<i>A substantial and well-built complex of outbuildings and ancillary structures associated with Turbotstown House (15400330). They retain their early form and character despite numerous alterations throughout the years.</i>	15400331	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
003-038	Single-storey gate lodge - Turbotstown House	Turbotstown		Detached three-bay single-storey gate lodge associated with Turbotstown House, built c.1880. Now ruinous. Hipped natural slate roof with overhanging eaves, clay ridge tiles and a central moulded red brick chimneystack.	<i>A late nineteenth-century gate lodge, which forms part of an interesting group of structures associated with Turbotstown House (15400330). It retains its early form and character despite being out of use and derelict for a considerable period of time.</i>	15400332	Local
003-039	St. Mary's RC church	Fearmore		Detached T-plan Roman Catholic chapel, dated 1841 and extensively renovated c.1976, comprising two-bay nave with single-bay transepts to the east and the west. Pitched natural slate roofs (re-slated c.	<i>An appealing small-scale mid-nineteenth century church, which retains its early character to the exterior despite extensive alterations in the 1970s by the parish priest at the time, a Rev. Patrick Fagan.</i>	15400333	Regional
003-040	Single-storey, with attic, former schoolhouse	Newtown		Detached two-bay single-storey (with attic level) former school building, built c.1830 and altered c.1990. Single-storey return and enclosed porch to rear (east). Now converted to a private dwelling.	<i>A simple building, of mid-to-late nineteenth-century date, which has been heavily altered in recent years. This building retains some interesting features including attractive pierced bargeboards to the gable ends.</i>	15400334	Local
003-042	Simonstown House	Simonstown		Detached three-bay two-storey house, built c.1820, with two-storey returns to the west and to the rear (north).	<i>A fine early nineteenth-century house, of balanced late-Georgian proportions, which retains its early form, character and a great deal of its early fabric.</i>	15400337	Regional
003-044	Four-bay two-storey house	Carlanstown		Detached four-bay two-storey house, built c.1915, having projecting single-bay gable-fronted porch to the entrance front (north) and with lower two-storey wing attached to the east side.	<i>An appealing middle-sized early twentieth-century house/farm house, of modest architectural aspirations, which retains its early form despite the recent loss of the original fittings to the majority of its openings.</i>	15400339	Local

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
003-045	Walled garden - Tullynally Castle	Tullynally		Walled garden associated with Tullynally Castle (15400321), erected c.1740. Later converted to flower garden c.1820. Constructed of rubble limestone, brick lined in places.	<i>An interesting and early example of a walled garden, which forms part of an interesting group of structures associated with Tullynally Castle (15400321). This picturesque walled garden was later converted in a flower garden, probably c.</i>	15400340	Regional
003-046	Former gate lodge/ estate cottage	Tullynally Castle Tullynally		Detached three-bay single-storey with attic level estate cottage/gate lodge, built c.1820, having a canted bay window to either side of central gable-fronted entrance porch (south elevation).	<i>A charming, well-detailed early nineteenth-century gate lodge/estate cottage associated with Tullynally Castle (15400321). This picturesque structure retains its early form, character and fabric.</i>	15400341	Regional
003-047	St. Joseph's Orthopaedic Hospital complex	Fearmore		Hospital complex on complex irregular plan, built c.1897 and greatly extended c.1935 and c.1950. Now out of use and derelict.	<i>An interesting complex of institutional buildings dating from a number of periods and having a curious and rather ad-hoc variety of architectural styles.</i>	15400338	Regional
004-001	Sallymount House	Clonageeragh		Detached three-bay two-storey country house, built c.1790, with gable-fronted central bay to main façade (southeast). Single-storey extension to the rear.	<i>An elegant and well-proportioned country house, of late eighteenth-century appearance, which retains its early form and character.</i>	15400401	Regional
004-002	Outbuildings - Sallymount House	Clonageeragh		Complex of multiple-bay two-storey outbuildings associated with Sallymount House (15400401), built c.1790, comprising former kitchen and stable ranges on L-shaped plan, arranged around a central cobbled courtyard.	<i>A substantial complex of outbuildings associated with Sallymount House (15400401). It has been sensitively restored in recent years, maintaining its early form and character, and continues to contribute to the setting of this fine composition.</i>	15400402	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
004-003	Lime kiln	Clonageeragh		Freestanding single-bay two-stage lime kiln, built c.1820, on a square plan. Now out of use. Constructed of coursed limestone rubble with squared limestone quoins to corners.	<i>The interesting survival of a former lime kiln, probably built in the early nineteenth-century, which is of technical merit.</i>	15400403	Regional
004-004	Three-bay two-storey house	Fore		Detached three-bay two-storey former Royal Irish Constabulary barracks, built c.1850, with projecting single-bay gable-fronted porch to the centre of the main façade (southwest). Now in use as a private house.	<i>A typical mid nineteenth-century Royal Irish Constabulary barracks. It retains its early form but has been substantially diminished but modern alterations, which have eroded its architectural importance and historic veneer.</i>	15400404	Local
004-005	Greville-Nugent mausoleum	Fore		Freestanding four-bay mausoleum and mortuary chapel, built 1867, abutting and incorporating a single-bay two-storey rubble limestone tower house, on square-plan, to the west, built c.1500 and altered c.1867 with addition of a battlemented parapet.	<i>This building has been used as a mausoleum by the Nugent Family since 1680 but it owes its present form to an extensive and expensive makeover by Pugin and Ashlin, a renowned architectural firm of international standing, in 1867.</i>	15400405	National
004-006	Field gate	Fore		Entrance gate, erected c.1900, having decorative wrought-iron flat bar gate, with intersecting diamond pattern, supported on a rendered gate pier and a concrete gate post.	<i>An attractive wrought-iron gate, of an unusual design, representing a good example of local traditional craftsmanship and ironmongery.</i>	15400406	Local
005-001	Newpass House	Newpass Demesne		Detached three-bay three-storey over basement Palladian-style country house, built c.1775, with two-storey extensions to the rear (northwest). Shallow hipped natural slate roof having overhanging sprocketed eaves and two central rendered chimneystacks.	<i>Newpass house is a substantial country house of balanced proportions and restrained Palladian detailing. It survives in its original form and retains much of its early fabric.</i>	15400501	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
005-002	Outbuildings - Newpass House	Newpass Demesne		Complex of attached single-storey and two-storey outbuildings, built c.1830, arranged around a central courtyard to rear (northwest) of Newpass House (15400501). Pitched and hipped natural slate roofs with clay ridge tiles.	<i>A substantial group of outbuildings and stables to rear of Newpass House (15400501). well-maintained and sensitively restored, these attractive functional structures retain most of their original form and fabric.</i>	15400502	Regional
005-003	Gateway - Newpass House	Newpass Demesne		Screen gateway, built c.1820, associated with Newpass House (15400501).	<i>An elegant screen gateway forming an imposing feature at the entrance to the grounds of Newpass House.</i>	15400503	Regional
005-004	Gate lodge - Newpass House	Newpass Demesne		Detached gable-fronted three-bay single-storey gate lodge associated with Newpass House (15400501), built c.1820, having projecting porch supported on four cast-iron columns creating veranda to front (south).	<i>An appealing small-scale gate lodge, which retains much of its early form, fabric and character despite being derelict and out of use for a considerable period of time.</i>	15400504	Regional
005-005	Derrydooan House	Derrydooan Upper		Detached five-bay two-storey house, built c.1770, with projecting flat-roofed glazed entrance porch to the centre of the main façade (northwest).	<i>An interesting medium-sized house, with some unusual features, retaining its early form and character.</i>	15400505	Regional
005-006	New Bridge	Derrydooan		Single-arched road bridge over Black River, built c.1860. Constructed using coursed rusticated limestone rubble with rusticated rock-faced limestone voussoirs. Projecting string course at road level.	<i>A robustly-built bridge, of mid nineteenth-century appearance, which is a pleasing feature in the rural landscape.</i>	15400506	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
005-007	Semi-detached four-bay single-storey vernacular house	Clonaboy		Semi-detached four-bay single-storey vernacular house, built c.1800, with direct-entry plan. Hipped thatch roof with decorative ropework to ridge having a single brick chimneystack.	<i>A highly picturesque small-scale vernacular house, which retains its early form and fabric. The heavy base batter and the irregular surface to the walls suggest that this building may be partially mud-walled and may be quite early in date.</i>	15400507	Regional
005-008	Rockfield (Cromlyn) House	Crumlin		Detached three-bay two-storey over basement country house, built c.	<i>An interesting essay in the classical tradition of the Morrisons, which retains its early form and character. This house is said to date to c.1795, yet does not appear on a map of the area c.</i>	15400508	Regional
005-009	Outbuildings - Rockfield House	Crumlin		Complex of multiple-bay two-storey outbuildings arranged around a courtyard associated with Rockfield House/Cromlyn House (15400508), built c.1760 and altered and extended c.	<i>A substantial and very interesting complex of buildings, which probably originally dating to the mid-to-late eighteenth-century with early nineteenth-century alterations.</i>	15400509	Regional
006-001	Detached three-bay two-storey house	Rathowen		Detached three-bay two-storey house, built c.1800, with single-storey building attached to north and single-storey return to rear (west). Later in use as shop, c.1900.	<i>A well-proportioned and attractive vernacular building that retains its early form and character. The massing and the pitch of the roof suggest that it was originally thatched.</i>	15303001	Regional
006-002	Semi-detached four-bay two-storey house	Rathowen		Semi-detached four-bay two-storey house, built c.1820, with two-storey return to rear. Now disused. Pitched natural slate roof with two rendered chimneystacks and cast-iron rainwater goods.	<i>An attractive house which retains its early character and its original fabric. The arrangement of the chimneystacks suggests that this building was extended to the south. The outbuildings to the rear enhance the group value of this complex.</i>	15303002	Regional

006-008	Freestanding cast-iron water pump	Russagh		Freestanding cast-iron water pump, erected c.1880, comprising banded cylindrical shaft with fluted head, decorative spout and curved handle. Now missing cap and no longer in use.	<i>Water pumps played an important social role in the nineteenth and early-twentieth centuries by providing a communal water source.</i>	15303009	Regional
006-009	Barratogher House	Barratogher		Detached three-bay two-storey house on L-shaped plan, built c.1840, with extensive complex of contemporary outbuildings to rear.	<i>An interesting late-Georgian-style house which retains its early form and character. The cut limestone doorcase is a noteworthy feature of artistic merit.</i>	15303010	Regional
006-010	Circular blacksmith's stone	Rathowen		Circular blacksmith's stone, c.1800. Located at edge of laneway to east of Main Street, Rathowen.	<i>An interesting and an increasingly rare example of a blacksmith's stone (according to local sources), which would have been used to repair cart wheels up until the mid twentieth-century .</i>	15303011	Regional
006-011	Detached six-bay two-storey house	Main Street Ballindurrow		Detached six-bay two-storey house, built c.1830. Originally built as two separate dwellings. Pitched natural slate roof with clay ridge tiles, cast-iron rainwater goods and rendered chimneystacks.	<i>An attractive and well-proportioned building which occupies a very prominent location towards the centre of Multyfarnham.</i>	15304006	Regional
006-012	Wall-mounted cast-iron post box	Multyfarnham Abbey Abbeyland		Wall-mounted cast-iron post box, erected c.1915, with hooded letter opening and raised 'GR' and crown insignia over. Mounted within external face of rubble stone wall surrounding graveyard at Multyfarnham Abbey.	<i>A subtle item of street furniture that enhances the visual appeal of the street scene, and which represents a good example of early-surviving mass-produced cast-iron work.</i>	15304012	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
006-013	St. Francis Roman Catholic church	Abbeyland		Attached Franciscan abbey, originally built c.1306, extended c.1450 with addition of crossing tower and transept (south), abandoned c.1650. Largely rebuilt from ruins c.1830 and renovated, c.1880, and extended and reordered c.	<i>This restored medieval abbey is of immense historical and architectural importance, the distinctively slender tower and the medieval window to the gable of the south transept being the most important of the surviving medieval features.</i>	15304013	Regional
006-014	Complex of two-storey buildings, Multyfarnham Abbey	Abbeyland		Extensive complex of two-storey buildings, originally built c.1880 as a Franciscan Friary on site of the original medieval cloisters of Multyfarnham Abbey. Later in use as a secondary school until c.1956 when converted to use as an agricultural college.	<i>A plain but attractive group of buildings which retains their original form and character.</i>	15304014	Regional
006-015	Single-arch road bridge	Abbeyland		Single-arch road bridge over River Gaine, built c.1833. Constructed of rubble limestone with cut limestone voussoirs to arch and crenellated coping to parapet. Widened on east side with shuttered concrete parapet walls.	<i>An attractive modest-scale bridge, which retains its early character despite mid twentieth-century alterations. It was constructed using good quality local limestone.</i>	15304015	Regional
006-016	The Way of the Cross - Multyfarnham Abbey	Multyfarnham Abbey Abbeyland		A collection of fourteen life-size statues depicting the Stations of the Cross, erected c.1927. Constructed of plaster with freestanding stone structures/buildings with stylised Classical detailing forming part of the setting at a number of the Stations.	<i>An atmospheric collection of statues arranged around an attractive landscaped garden. It is very unusual to have outdoor Stations of the Cross, and this collection may well be unique.</i>	15304016	Regional
006-017	Freestanding cast-iron waterpump	Ballindurrow		Freestanding cast-iron waterpump, erected c.1890, comprising banded cylindrical shaft with fluted neck and cap with finial and curved handle. Located at edge of open green in centre of village and surrounded by a modern limestone wall with stone paving.	<i>Water pumps played an important social role in the nineteenth and early-twentieth centuries by providing a communal water source.</i>	15304017	Regional

006-018	Detached five-bay two-storey former parochial house	Rathganny		Detached five-bay two-storey former parochial house, built c.1860, with projecting single-bay single-storey entrance porch to front (south) and contemporary outbuildings to rear (north). Now in use as private dwelling.	<i>A simply detailed, well-proportioned building situated on a main road leading out of Multyfarnham village to the west.</i>	15304018	Regional
006-019	Estate wall	Ballynaclonagh		Estate wall, erected c.1820. Constructed of coursed limestone rubble with limestone coping. Rubble limestone gate posts with wrought-iron gates at intervals along length of wall.	<i>An attractive and well-built section of estate wall in relatively good condition. It forms an appealing approach into Multyfarnham from the west. The wrought-iron gates are an interesting feature of vernacular importance.</i>	15304019	Regional
006-020	Freestanding cast-iron waterpump	Rathganny		Freestanding cast-iron waterpump, erected c.1890, comprising banded cylindrical shaft with fluted neck and cap with acorn finial and curved handle. 'Home' in raised lettering to both sides of spout.	<i>Typical example of a cast-iron water pump. This water pump is of the same style as the mass-produced public water pumps but is (oddly) located in the rear yard of a private house.</i>	15304020	Regional
006-021	Ballycorkey Bridge	Ballycorkey		Wide-span single-arched road bridge over River Inny, dated 1857. Possibly incorporating the fabric of an earlier bridge to either end (north and south).	<i>A robustly-built and handsome road bridge, of mid nineteenth-century appearance, which is a pleasing and distinct feature in the rural landscape.</i>	15400601	Regional
006-022	Ardglass Bridge	Joanstown		Single-arched road bridge over Black River, dated 1847. Constructed using squared limestone rubble with dressed limestone voussoirs to arch, projecting dressed limestone string course at road level and dressed limestone coping over parapet.	<i>A well-built bridge, of mid nineteenth-century appearance, which is pleasing feature in the rural landscape. This bridge is slightly earlier than most of the other Board of Works bridges over the Inny and its tributaries in the North Westmeath area.</i>	15400602	Regional

006-023	Fairy Hall	Joanstown		Semi-detached three-bay single-storey house with attic level, built c.1830, with full-height (two-storey) canted bay windows to either gable end (southeast and northwest) and two-storey returns to the rear (northeast).	<i>A curious small-scale house, of probable early nineteenth-century date, which retains its early form and character.</i>	15400603	Regional
006-024	Ardglass House	Joanstown	No Image Available	Detached three-bay two-storey house (over hidden basement) with central single-bay breakfront to entrance front (south) having eaves pediment over, rebuilt c.1860 in the style of an Italianate villa.	<i>An elegant and robustly detailed middle-sized house, which is very well-built and displays obvious architectural aspirations.</i>	15400604	Regional
006-025	Tinode House	Tinode		Detached three-bay two-storey farm house, built c.1850, with a central gable-fronted entrance porch to the main façade (east) with a two-storey return to the rear (west).	<i>A good example of a typical mid nineteenth-century farm house, of modest architectural aspirations, which retains a pleasing aspect and much of its early character.</i>	15400605	Regional
006-026	Rath National School	Rath		Detached six-bay double-height national school, built c.1950, with single-bay single-storey flat-roofed recessed flanking entrance end bays to either side (north and south). Now in community use.	<i>A pleasantly-composed modest-scale rural national school, which retains its early form and character.</i>	15400606	Regional
006-027	Streete and Rathowen Railway Station	Rath		Detached three-bay single-storey former railway station, built in 1877. Now out of use and derelict. Pitched natural slate roof with overhanging eaves and cast-iron rainwater goods.	<i>A modest small-scale railway station, as befits a small rural stop of this nature, which retains its early character despite being out of use for a considerable period of time.</i>	15400607	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
006-028	Streete and Rathowen Station	Rath		Detached three-bay single-storey level crossing guard's house, built c.1855, with associated level crossing gates to the east. Single-bay extension/entrance porch to the east, adjacent to crossing gates.	<i>A small-scale level crossing guard's house, of modest architectural aspirations, which has been diminished by the later extension and by the loss of the original fittings but retains its original atmosphere.</i>	15400608	Local
006-029	Ballinalack Bridge	Ballinalack		Twin-arched road bridge over River Inny, dated 1874. Now out of use and superceded by a modern bridge to the south.	<i>A robustly-built and substantial road bridge, which is a pleasing and distinct feature in the rural landscape.</i>	15400609	Regional
006-030	Ballinalack House	Ballinalack		Detached five-bay two-storey over high basement house, built c.1760 and extensively altered c.2000. Pitched slate roof with overhanging eaves having rendered chimneystacks to either end.	<i>A prominent house, of mid-to-late eighteenth-century appearance, which is a dominant feature in the village of Ballinalack.</i>	15400610	Regional
006-031	Detached five-bay two-storey house	Ballinalack		Detached five-bay two-storey house, built c.1810. Possibly originally two individual houses, later merged. Pitched artificial slate roof with clay ridge tiles and a single rendered chimneystack, located towards the centre.	<i>A pleasant and unassuming modest-sized house, of early nineteenth-century appearance, which retains some of its early charm despite significant alterations in recent years.</i>	15400611	Local
006-032	Detached two-bay two-storey gable-fronted former Royal Irish Constabulary barracks on T-shaped plan	Ballinalack		Detached two-bay two-storey gable-fronted former Royal Irish Constabulary barracks on T-shaped plan, built c.1830, with flanking single-bay single-storey wings to either side (northwest and southeast). Now in use as a private house.	<i>A highly appealing early nineteenth-century constabulary barracks, which retains its early form, character and much of its early fabric.</i>	15400612	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
006-033	Freestanding cast-iron water pump	Ballinalack		Freestanding cast-iron water pump, erected c.1885, comprising banded cylindrical shaft with fluted head having fluted spout, 'cow tail' curvilinear handle, and fluted ogee-dome cap with finial.	<i>A typical late nineteenth-century water pump, of a standard design than is usually encountered throughout rural Westmeath. This particular example is very well-maintained.</i>	15400613	Regional
006-034	Leny and Lackan Roman Catholic chapel	Lackan		Freestanding Roman Catholic chapel on T-shaped plan, built c.1820 and altered c.1880 and c.1923. Comprises single-bay nave, two-bay transepts to east and west and a shallow chancel to the rear (northwest).	<i>An appealing early nineteenth-century Roman Catholic chapel, which retains its early form and character and much of its early fabric.</i>	15400614	Regional
006-035	Soho House	Soho		Detached three-bay two-storey house, built c.1830, having open cast-iron porch and balcony to centre of front façade (south), added c.1860. Hipped natural slate roof with clay ridge tiles, overhanging eaves and a pair of central rendered chimneystacks.	<i>A pleasantly proportioned early nineteenth-century house, which retains its early form, fabric and character.</i>	15400615	Regional
006-036	Thatched single-storey house	Joanstown		Detached five-bay single-storey thatched house, built c.1750, having a projecting single-bay gable-fronted entrance porch to the southeast elevation.	<i>A picturesque and charming small-scale thatched house that represents a very good example of its type.</i>	15400616	Regional
007-001	Four-bay single-storey estate cottage	Pakenhamhall Road Kinturk Demesne		Detached single-storey four-bay estate worker's/local authority house, built c.1880, having a projecting gable-fronted porch with bargeboards to the front façade. Formerly in use as a private residence and currently unoccupied. One of a group of six.	<i>This small estate workers/local authority house retains its original form and fabric. It represents the best surviving example of a group of six former worker's/local authority houses, the rest of which have been altered or demolished in recent years.</i>	15302004	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
007-002	Cut limestone stile, Kinturk Demesne	Mullingar Road Kinturk Demesne		Cut limestone stile, erected c.1870, comprising single cement-rendered vertical limestone slab with cut limestone steps to each side. Set in roughly coursed limestone wall to the southwest of Castlepollard on the Mullingar Road.	<i>Interesting cut-stone feature and limestone wall, which positively contributes to the streetscape. The field adjacent to this wall and stile was the original site of the playing pitches of the Castlepollard Hurling Club, founded in 1903.</i>	15302005	Regional
007-003	Estate wall, Kinturk Demesne	Mullingar Road Kinturk Demesne		Rubble limestone estate wall with random block castellated capping stones, built c.1820. Road-fronted with woodland behind (east). Located along the northwest boundary of the former Pollard estate.	<i>This estate wall forms part of the original Kinturk Demesne. The Pollard family of Kinturk House were influential in the development of Castlepollard and this wall is a visual representation of that relationship.</i>	15302006	Regional
007-004	Cut limestone water trough, Kinturk Demesne	Kinturk Avenue Kinturk Demesne		Cut limestone water trough, constructed c.1820. Located adjacent to stone boundary wall in grounds of former agricultural yard built as part of the Kinturk House Demesne.	<i>An attractive agricultural artefact, carved from a single large limestone. Still in use. Working features like this are becoming increasingly rare and are worthy of protection because they represent the working life of the estate complex.</i>	15302007	Regional
007-005	Double-height three-bay barn, Kinturk Demesne	Kinturk Avenue Kinturk Demesne		Detached double-height three-bay barn, built c.1820, having a single-bay single-storey section attached to the east. Pitched natural slate roof with blue clay ridge tiles to main structure, corrugated metal roof to lower section.	<i>This is a sturdy and imposing farmyard building, constructed with good quality stonework, which retains its original form and much of its original fabric.</i>	15302008	Regional
007-006	Icehouse, Kinturk Demesne	Kinturk Avenue Kinturk Demesne		Freestanding icehouse on circular plan, c.1820, with projecting rubble stone porch adjoining to north side. Now disused and overgrown with vegetation. Square-headed door opening with stone lintel over.	<i>A interesting example of an early nineteenth-century icehouse. Icehouses were important and integral parts of major country houses but are now increasingly rare survivors.</i>	15302009	Regional

007-007	Walled garden, Kinturk Demesne	Kinturk Demesne		Remains of two walled gardens on rectangular plan, originally laid out c.1820, now heavily overgrown. Site bounded by roughly coursed limestone rubble walls with stone coping over. Brick-lined walls to interior on the north and west sides.	<i>A substantial former walled garden that originally served Kinturk House (15302016).</i>	15302010	Regional
007-008	Outbuildings, St. Peter's Centre, Kinturk Demesne	Dublin Road Kinturk Demesne		Complex of multi-bay two-storey complex of outbuildings arranged on an L-shape plan, c.1820 and possibly incorporating earlier fabric. Single-storey farm outbuildings to the south, comprising a cattle shed, hen house and ancillary structures.	<i>An interesting and substantial series of outbuildings forming part of a larger complex of structures associated with the Kinturk House Demesne (15302016).</i>	15302011	Regional
007-009	Six-bay two-storey building, St. Peter's Centre, Kinturk Demesne	Dublin Road Kinturk Demesne		Detached six-bay two-storey building, built c.1820, having a projecting full-height canted bay window to southwest end of the main elevation (southeast). Now used for storage for adjacent hospital.	<i>An interesting building which retains its original form and has some good carved stonework and architectural details.</i>	15302012	Regional
007-010	Cut limestone water tank, St. Peter's Centre, Kinturk Demesne	Dublin Road Kinturk Demesne		Stone water tank on rectangular- plan, constructed c.1820, now disused. Constructed of cut limestone blocks with tapered sides having a flight of cut-stone steps built into the north elevation.	<i>An interesting and well-built structure that forms part of a large courtyard of estate buildings previously within the Kinturk House Demesne. The structure is unused and overgrown but is of technical interest.</i>	15302013	Regional
007-011	Gateway, St. Peter's Centre, Kinturk Demesne	Dublin Road Kinturk Demesne		Gateway, erected c.1820, comprising a pair of dressed limestone piers on square-plan with cut-stone coping over and chamfered plinths to base supporting wrought-iron double gates.	<i>This gateway is an attractive composition, which retains most of its original form and character. The construction of the piers and the ashlar surround to the pedestrian entrance attests to high quality stone masonry.</i>	15302014	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
007-012	Single Gothic-arched road bridge, Kinturk Demesne	Kinturk Avenue Kinturk Demesne		Single Gothic-arched road bridge over former river valley, built c.1820. Constructed of coursed limestone rubble with dressed limestone voussoirs to arch. Rubble limestone parapet walls having a projecting ashlar string course at road level.	<i>A well-composed and robust bridge forming an attractive feature in the landscape. The fine limestone Gothic-arch attests to high quality stone masonry.</i>	15302015	Regional
007-013	Kinturk House and demesne	Dublin Road Kinturk Demesne		Attached five-bay three-storey over basement country house, built c.1760.	<i>The architectural quality and refinement are apparent in the design, execution and detailing of this fine country house.</i>	15302016	Regional
007-014	R.C. Church, St. Peter's Centre, Kinturk Demesne	Dublin Road Kinturk Demesne		Attached five-bay double-height Modernist-style Roman Catholic church on T- shaped plan, built c.1938, having three-bay transepts to the northwest and the southeast and a shallow chancel to the southwest.	<i>An attractive, if austere small-scale church combining a traditional plan with Modernist elevations. It is unusual to find such a Modernist-style church in a rural setting and this is the only example of its type within Co. Westmeath.</i>	15302017	Regional
007-015	Former Presbyterian Church	Dublin Road Kinturk Demesne		Attached two-bay gable-fronted Gothic Revival-style Presbyterian church with projecting porch to entrance front, built c.1850. Now in use as private residence.	<i>An attractive, small-scale Gothic Revival-style former Presbyterian church, which was last used as a place of worship c.1970. It is of significance as a reminder of the Presbyterian community in this part of Westmeath.</i>	15302018	Regional
007-016	Three-bay two-storey house	Dublin Road Kinturk Demesne		Detached three-bay two-storey house, built c.1860. Hipped natural slate roof with clay ridge tiles, a pair of rendered chimneystacks at ridge level and cast-iron rainwater goods. Constructed of squared limestone rubble with sand cement strap pointing.	<i>A modest but well-proportioned mid nineteenth-century house, which is built using good quality stonework. It retains its original form and aspect as well as most of its original fabric.</i>	15302019	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
007-017	Single-arched road bridge over small river	Kinturk Demesne		Single-arched road bridge over small river, built c.1800. Constructed of limestone rubble with rubble stone parapets and cut-limestone voussoirs to arch. Located on small country road on the outskirts of the Castlepollard.	<i>This bridge is a subtle and modest feature of the townscape of Castlepollard. The construction in local random rubble limestone serves to integrate the bridge pleasantly into the surrounding landscape.</i>	15302020	Local
007-018	Former school building - St. Michael's School	Church Street Kinturk Demesne		Detached four-bay single-storey former school building with projecting end bay to the west end of the front façade (north), built c.1848. Now in use as local museum.	<i>This building retains its original form and character and most of its original fabric. Elevated above the town of Castlepollard, this former school house once played a vital role within the community, and as such is of social significance.</i>	15302021	Regional
007-019	St. Michael's RC church	Church Street Townparks		Detached Roman Catholic church on cruciform plan, dated 1859 and possibly containing the fabric of an earlier T-plan chapel to site, comprising a three-bay nave to the north, two-bay transepts to the east and the west, a shallow chancel to the rear (south)	<i>An attractive and substantial Gothic Revival-style Roman Catholic church, which retains its early form, character and fabric.</i>	15302022	Regional
007-020	Pair of terraced two-storey houses	Church Street Townparks		Pair of terraced two-storey houses, built c.1850, comprising one three-bay two-storey house and one four-bay two-storey house with an integral segmental-headed carriage-arch to western most bay. Pitched slate roof with rendered chimneystacks.	<i>An attractive terrace of modest form and appearance that retains its original character.</i>	15302023	Local
007-021	The Corner Shop	Church Street Water Street Townparks		Corner-sited three-bay two-storey house, built c.1820 having two modern shopfronts. Hipped natural slate roof with three cement rendered chimneystacks and cast-iron rainwater goods.	<i>This distinctive corner-sited structure is a good example of early nineteenth-century urban architecture, with commercial outlet to ground floor and living accommodation above.</i>	15302025	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
007-022	Water Pump	The Square Townparks		Freestanding cast-iron water hydrant, erected c.1910, having fluted cylindrical shaft with moulded base and neck, fluted cap and acorn finial. Now disused. Set back from road in prominent position to the north side of the village square, Castlepollard.	<i>An item of street furniture that represents an early artefact of mass produced cast-iron work.</i>	15302029	Regional
007-023	Bank of Ireland	The Square Townparks		Semi-detached five-bay two-storey bank (south) and bank manager's residence (north), built c.	<i>This imposing bank building occupies a prominent position facing the town square. It is well-maintained and retains its early form and fabric. The extensive rendered surrounds lends this building an Italianate feel.</i>	15302031	Regional
007-024	Garda Barracks	Dublin Road Townparks		Semi-detached three-bay two-storey dwelling, built c.1890, having a projecting flat-roofed single-bay single-storey porch to centre and gable-fronted bays to either end of the front façade (southwest). Converted for use as a Garda Station c.1930.	<i>A well-composed structure of balanced proportions which adds to the quality and historic character of the streetscape of Castlepollard. It retains its original form and aspects, as well as much of its original fabric.</i>	15302033	Regional
007-026	Three-bay two-storey house	The Square Townparks		Corner-sited semi-detached three-bay two-storey house, built c.1820. Pitched natural slate roof with rendered chimneys at either gable end. Ivy-clad cement rendered walls over cut stone plinth.	<i>An attractive middle-sized composition of balanced late-Georgian proportions and symmetry, which retains its original form and character. The fine doorcase is a noteworthy feature and is of artistic merit.</i>	15302035	Regional
007-027	St. Michaels Church of Ireland church	The Square Townparks		Detached Church of Ireland church, built c.1827, consisting of a three-bay hall with an attached three-stage tower on square-plan to the north having corner pinnacles, a castellated parapet and with an ashlar limestone spire on octagonal-plan over.	<i>A well-proportioned and attractive Gothic Revival church retaining its original form and massing as well as most of its original fabric.</i>	15302036	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
007-028	Ulster Bank building	The Square Townparks		Detached three-bay two-storey Regency Revival-style bank building, built c.1878. Modern single-bay single-storey flat-roofed extension attached to the east end.	<i>A well-proportioned and dignified late nineteenth-century bank building, which retains its original form and most of its original fabric.</i>	15302037	Regional
007-029	Four-bay two-storey former RIC barracks	Mullingar Road Townparks		Terraced four-bay two-storey former Royal Irish Constabulary barracks, built c.1820. Now in use as private residence. Pitched natural slate roof (graded slates) with rendered chimneystacks and cast-iron rainwater goods.	<i>A simple but attractive late-Georgian building, which is of considerable historic merit as a former Royal Irish Constabulary barracks.</i>	15302038	Regional
007-030	Single-bay, two-storey, Kenny's	Mullingar Road Townparks		Terraced single-bay two-storey house, built c.1820, having a later shopfront to the ground floor, c.1950. Pitched natural slate roof with cast-iron rainwater goods and a single shared rendered chimneystack to the east end.	<i>This house, built as part of a terrace, retains its original form to the upper floor.</i>	15302039	Regional
007-031	Connies Bar/ Barry's Pharmacy	The Square Townparks		Corner-sited eight-bay two-storey (with attic level) commercial premises, built c.1860, now divided into two separate commercial units with a chemist to the south and a public house to the north. Two two-storey returns to the rear (west).	<i>This substantial commercial property retains its original character and form, despite being subdivided over the years. The render architraves and entablatures are unusual in Castlepollard and create variation in the streetscape around the village square.</i>	15302041	Regional
007-032	Three-bay single-storey Church of Ireland NS	Pakenhamhall Road Townparks		Detached three-bay single-storey Church of Ireland national school, built c.1879, having an advanced single-bay two-storey gable-fronted school teacher's house attached to the west end and a single-bay entrance porch attached to the east end. Renovated, c.	<i>An appealing late nineteenth-century school house having an attached school master's residence. It retains much of its original character with a sympathetic extension to the north site and well-maintained gardens.</i>	15302043	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
007-033	Nineteen-bay three-storey hospital, St. Peter's Centre	Dublin Road Kinturk Demesne		Detached nineteen-bay three-storey hospital, built c.1938, having an advanced pedimented bay to the centre of the main façade (south) and with four-bay two-storey wings attached to either end of the main façade (east and west).	<i>A substantial and well-proportioned mid twentieth-century hospital building, which retains its early form and character.</i>	15302045	Regional
007-034	Entrance gateway, St. Peter's Centre	Dublin Road Kinturk Demesne		A pair of tooled stone gate piers forming part of the main entrance gates serving Kinturk House (15302016), built c.1821. Gate piers on square-plan having moulded bases and moulded capstones over.	<i>An interesting pair of well-carved cut stone gate piers, originally associated with Kinturk House (15302016).</i>	15302046	Regional
007-035	Detached three-bay single-storey gate lodge	Dublin Road Kinturk Demesne		Detached three-bay single-storey gate lodge, built c.1820, having an advanced pedimented bay to the centre of the front façade (east). Now in use as a private house. Hipped and pitched pantile roof having a central rendered chimneystack.	<i>A simple early nineteenth-century gate lodge, now heavily altered, which retains its early form and some of its early character.</i>	15302047	Local
007-036	Vent Pipe	Dublin Road The SquareTownparks		Freestanding cast-iron vent pipe, erected c.1900, comprising fluted pedestal with moulded necking, and cylindrical shaft having splayed saw tooth-profiled parapet to vent opening. Located to the southeast corner of The Square.	<i>This vent pipe is of significance for its role in the public sewage system developed in Castlepollard around the turn of the twentieth century.</i>	15302048	Regional
007-037	Rivervale House	Ballindurrow		Detached four-bay two-storey former rectory on L-shaped plan, built c.1820, extended to west and north. Now in use as a private residence. Hipped artificial slate roof with rendered chimneystacks.	<i>A good quality late-Georgian house, which retains some of its early character despite recent alterations and extensions. The original block-and-start doorcase is a noteworthy feature, typical of the period of construction.</i>	15304003	Regional

007-038	Detached six-bay two-storey house	Ballindurrow		Detached six-bay two-storey house, built c.1820, with projecting single-bay single-storey porch to south end of main façade (west).	<i>An important urban vernacular building in a prominent corner location close to the centre of Multyfarnham. It retains much of its early form and character.</i>	15304004	Regional
007-039	St. Nicholas' Roman Catholic chapel	Ballindurrow		Freestanding T-plan Roman Catholic chapel, built c.1830, comprising two-bay nave, single-bay transepts and a three-stage tower on square plan with corner buttresses, string courses and a slated spire to northeast side (nave).	<i>An attractive early nineteenth-century T-plan Roman Catholic church, which maintains its early form and character. The T-plan layout is typical of Roman Catholic churches in Ireland in the early post-Emancipation period.</i>	15304005	Regional
007-040	Detached single-bay single-storey former forge	Main Street Ballindurrow		Detached single-bay single-storey former forge, built c.1840. Now in use as a store/outbuilding. Pitched tiled roof with raised limestone verges.	<i>An appealing small-scale building that retains its early character and form. The building is of particular importance for its original intended use as a forge, representing an early small-scale industrial venture in the locality.</i>	15304007	Regional
007-041	Green View	Multyfarnham		Complex of single-storey and two-storey outbuildings arranged around a courtyard, built c.1820. Pitched natural slate and corrugated metal roofs. Constructed of rubble limestone.	<i>An attractive group of good quality early nineteenth-century outbuildings arranged around a courtyard. These modest outbuildings represent a good example of a typical building type which is fast disappearing from the Irish countryside.</i>	15304008	Regional
007-042	Single-arch road bridge over River Gaine	Multyfarnham Or Fearbranagh		Single-arch road bridge over River Gaine, built c.1850. Constructed of squared limestone rubble with rusticated limestone voussoirs to arch and rusticated limestone coping to parapet walls.	<i>An attractive and robust road bridge which retains its early form and character. The rusticated limestone construction of the arch is a notable feature, typical of mid nineteenth-century engineering projects.</i>	15304009	Regional

007-053	Cast-iron post box	Milltown		Wall-mounted cast-iron post box, c.1915, with 'Post Office' in raised lettering to the letter flap. No cipher or insignia. Makers name appears at base in raised lettering 'T. Allen & Co. London'.	<i>An attractive if simple item of street furniture representing an early-surviving artifact of mass-produced cast-iron ware.</i>	15400712	Regional
007-054	Four-bay two storey house	Milltown		Semi-detached four-bay two-storey house, built c.1850, with an enclosed two-bay single-storey flat-roofed entrance porch to the centre of the front façade (west). Double-pitched slate roof with rendered chimneystacks and cast-iron rainwater goods.	<i>An attractive mid nineteenth-century house, of modest architectural aspirations, which maintains its original character and form.</i>	15400713	Regional
007-055	Grangestown House	Grangestown		Detached five-bay two-storey house built c.1820. Hipped natural slate roof with projecting eaves course and a pair of ashlar limestone chimneystacks to the centre having terracotta chimney pots over.	<i>A highly appealing and well-proportioned middle-sized house, of early-nineteen century appearance, which retains its early form, character and early fabric.</i>	15400714	Regional
007-056	Complex of multi-bay two-storey outbuildings/stables arranged around central courtyard	Donore		Complex of multi-bay two-storey outbuildings/stables arranged around central courtyard, built c.1790. Ancillary buildings located to the north and to the west having remains of former walled garden. Now ruinous and out of use.	<i>A very extensive and impressive complex of outbuildings and ancillary structures associated with Donore House (demolished). Although now in a derelict condition, this complex remains an important site of architectural and historical significance.</i>	15400715	Regional
007-057	Lough Park House and demesne	Loughpark		Detached five-bay two-storey house, built c.1790 with single-storey flanking wings to either side (north and south) and projecting single-bay porch to the centre of the main façade (west).	<i>A very fine and well-proportioned neoclassical country house, which retains its early form, character and early fabric.</i>	15400716	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
007-058	Entrance gateway, Lough Park House	Loughpark		Entrance gates to Lough Park House, erected c.1820, comprising two pairs of ashlar limestone gate posts (on hexagonal plan) joined by curved sections of rendered wall having cast-iron railings over. Cast-iron double gates to centre.	<i>An elegant and unassuming set of entrance gates associated with Lough Park House (15400716). It is well constructed with finely carved ashlar limestone gate posts and is enhanced by the simple cast-iron gates and railings.</i>	15400717	Regional
007-059	Kinturk Bridge	Kinturk Demesne		Single-arched road bridge over Yellow River, built c.1875. Constructed using coursed limestone rubble with rock-faced limestone voussoirs and rusticated coping over parapet. Located to the south of Castlepollard.	<i>A well-built small-scale late nineteenth-century bridge, which is pleasing feature in the rural landscape to the south of Castlepollard.</i>	15400718	Regional
007-060	Pollard Arms	Castlepollard		End of terrace, two storey six-bay building having a pitched slate roof built c. 1820. The façade has two traditional shopfronts at ground level.	<i>This building is an important component of the central square. Modern pvc windows detract from the original character of the building</i>	0	NULL
007-061	Murphy's Hardware	The Square Castlepollard		End-of-terrace four-bay two-storey house, built c. 1820 having square headed window opes and cut stone sills. Pitched slate roof having central chimney stack.	<i>This building at the east side of the village square forms an important component of the streetscape</i>	0	
008-002	Gate lodge, Glananea House	Glananea Or Ralphsdale		Detached three-bay single-storey with attic level Gothic Revival gate lodge, built c.1850, now unoccupied. Pitched natural slate roof with overhanging gable ends decorated with ornate bargeboards. Central diagonal stone chimney offset to front of ridge.	<i>An well-proportioned and picturesque gate lodge that retains most of its original form and early character. It retains much of its original fabric and decorative features which enhances the historic quality of the composition.</i>	15305002	Regional

008-003	Glananea House	Glananea Or Ralphsdale		Detached six-bay two-storey over basement neoclassical country house with central two-bay advanced breakfront, built c.1795. Shallow hipped natural slate roof with rendered chimneystacks behind parapet with moulded stone cornice.	<i>A handsome, well balanced and accomplished middle-sized country house, built in a reserved neoclassical style. It retains its original form and character and much of its original fabric.</i>	15305003	Regional
008-004	Barrel-vaulted service tunnel, Drumcree House	Drumcree		Barrel-vaulted service tunnel, built c.1800. Constructed of limestone rubble. Located in grounds of Drumcree House demesne and originally linked main house to farmyard to northwest.	<i>A well-built tunnel in unusually good condition. This functional structure was built as a service tunnel, linking the farmyard to the north-west with the main house to the south-east.</i>	15305005	Regional
008-005	Drumcree House	Drumcree		Detached seven-bay two-storey over basement Palladian country house, built c.1750. Now roofless and in ruinous condition. Central three bays on entrance front are advanced to form a breakfront with oculus to pediment.	<i>Elaborate Palladian style country house now in state of advanced dereliction. Enough survives of this building to indicate that it was a sophisticated residence with very fine masonry and architectural detailing.</i>	15305006	Regional
008-006	Outbuilding, Drumcree House	Drumcree		Detached twelve-bay two-storey outbuilding, built c.1820, with three-bay double-height barn attached to north. Now in use as agricultural outbuildings. Pitched and hipped natural slate roofs with clay ridge tiles.	<i>A substantial and well-built series of outbuildings retaining their original form and character. The construction in limestone with red brick dressings produces an attractive visual effect.</i>	15305007	Regional
008-007	Water pump, Drumcree House	Drumcree		Freestanding cast-iron water pump, erected c.1870, comprising banded cylindrical shaft with fluted head having fluted spout, 'cow tail' curvilinear handle, and fluted ogee-dome cap with finial. Now disused.	<i>An appealing feature in the farmyard that represents an early surviving example of mass-produced cast-iron ware. Although primarily a functional piece, its slim profile and elegant curved handle enhances its artistic design.</i>	15305008	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
008-008	Three-bay two-storey house	Drumcree		Detached three-bay two-storey house, built c.1820. Hipped natural slate roof with clay ridge tiles and two brick chimneystacks with clay chimney pots to centre. Roughcast render to walls.	<i>A modest but attractive and well balanced house retaining its original form and character and much of its original or early fabric. The fine cut stone doorcase is a noteworthy feature of artistic merit.</i>	15305009	Regional
008-009	Detached three-bay two-storey house	Drumcree		Detached three-bay two-storey house, built c.1850, now derelict and unused. Pitched natural slate roof with projecting dormer openings, a single brick chimneystack with clay chimney pots to east end and cast-iron rainwater goods.	<i>A modest and plain building in derelict condition, retaining its original form and much of its original fabric.</i>	15305010	Local
008-010	Graveyard	Kilcumny		Cemetery with various cut stone grave markers and vaults, c.1700 -1850. Now disused. Contains the family vaults and grave markers of the Smyth family of nearby Glananea and Drumcree county houses.	<i>Picturesque graveyard set within the early medieval monastic enclosure of Kilcumny. This graveyard is of particular historical significance as it contains the graves and family vaults of Smyth Families of nearby Glananea and Drumcree country estates.</i>	15305011	Regional
008-011	St. John's Church	Loughstown		Freestanding Church of Ireland church, rebuilt c.1811. Now in use as private dwelling. Comprises three-bay hall with three-stage tower on square-plan with battlemented parapet and corner pinnacles adjoining to entrance (north) façade.	<i>A picturesque and modest scale church built in a subdued Gothic Revival-style. This church was rebuilt in 1811 using a loan of £850 from the Board of First Fruits (c.1711-1833).</i>	15305012	Regional
008-012	Five-bay two-storey house	Collinstown Road Drumcree		Detached five-bay two-storey house, built c.1800, with single-bay two-storey projecting bow to centre of front façade and single-storey return to rear. Hipped natural slate roof and clay ridge tiles.	<i>A well-composed and well-proportioned middle-sized house retaining much of the early form and character. The bowed bay to the centre is an interesting feature that lends a formal architectural quality to an otherwise plain house/farmhouse.</i>	15305013	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
008-013	Detached three-bay single-storey former school house	Kildallon		Detached three-bay single-storey former school house, built c.1830, with projecting gable-fronted porch with bargeboards to centre of front façade. Now a derelict private dwelling.	<i>An attractive, if modest, building retaining its original form and character and much of its original fabric. It is of social importance due to former use as school.</i>	15305014	Local
008-014	Four-bay single-storey thatched house	Loughstown		Detached four-bay single-storey thatched house, built c.1800, with projecting single-bay lobby porch to west side of front elevation. Hipped roof with Turkish reed thatch in English-style with decorative ropework to ridge, c. 2002.	<i>This charming cottage is an important part of the vernacular heritage of Westmeath. It retains its original form and character and most of its original fabric. The construction using mud-walling and the lobby porch are noteworthy features.</i>	15305015	Regional
008-015	Gateway, Derry Cottage	Ballymacahil Or Derries		Main entrance gates serving Derry Cottage (not in survey), erected c.1820, comprising a central pair of cut stone gate posts (on octagonal-plan with moulded capstones over) supporting a pair of cast-iron gates.	<i>An appealing gateway of early nineteenth-century appearance, which retains its early form and character. It serves Derry Cottage to the west (not in survey).</i>	15305016	Regional
008-016	St. Feichin's Church of Ireland Church (now house)	Collinstown		Detached three-bay double height former Church of Ireland chapel of ease, built c.1820, with a single-bay entrance porch to the south gable and a single-bay vestry to the north end. Transept added to the west side of the chancel, c.1850.	<i>An appealing early nineteenth-century Church of Ireland 'chapel of ease', built in a subdued Gothic idiom. It retains its early form and character despite recent alterations to accommodate a new domestic use after years of dereliction.</i>	15400801	Regional
008-017	St. Mary's Roman Catholic church	Collinstown		Detached double-height T-plan Roman Catholic on cruciform plan, built c.1830, comprising single-bay nave, single-bay transepts to east and west and a shallow chancel to the rear (north). Later sacristy attached to chancel (north).	<i>A well-balanced, simple yet elegant early nineteenth-century Roman Catholic church, built in a subdued Gothic style, which retains its early form and character.</i>	15400802	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
008-018	St. Feichin's Roman Catholic church	Fore		Detached double-height Roman Catholic church, built c.	<i>An appealing and well-detailed small-scale church, built in a robust Gothic Revival-style, which retains its early form, character and fabric.</i>	15400803	Regional
008-019	Complex of two detached outbuildings	Collinstown		Complex of two detached outbuildings, built c.1850, comprising a three-bay two-storey structure and a single-bay gable-fronted building. Outbuildings form a forecourt to the south of a detached two-storey house.	<i>A well-built and well-maintained complex of mid nineteenth-century outbuildings, which retain their original form and character.</i>	15400804	Regional
008-020	Bonniebrook House	Ranaghan		Detached three-bay two-storey house, built c.1850, with projecting single-bay single-storey porch to the centre of the main façade (south).	<i>A typical mid nineteenth-century farm house, of modest architectural aspirations, which retains its early form and much of its early character.</i>	15400805	Local
008-021	Detached three-bay two-storey house	Ranaghan		Detached three-bay two-storey house, built c.1860. Now derelict with half-built modern entrance porch to the centre of the entrance front (north).	<i>An interesting mid nineteenth-century house, which retains its early character and much of its early fabric despite being out of use for a considerable period of time.</i>	15400806	Local
008-022	St. Marys Parochial House	Collinstown		Detached three-bay two-storey parochial house, built c.1900, with projecting flat-roofed single-bay entrance porch to the centre of the west elevation having moulded cornice over.	<i>A well-proportioned middle-sized parochial house, having a robust character, which retains its early form.</i>	15400807	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
008-023	Terrace of three-bay cottages	Collinstown		Terrace of three three-bay cottages with attic levels, built c.1860, now derelict. Pitched pantile roof (shared) with projecting brick eaves course, cast-iron rainwater goods and a single chimneystack to the east gable end.	<i>A charming terrace of mid nineteenth-century cottages, which retain their early form, character and fabric.</i>	15400808	Regional
008-024	Prize Cottages	Collinstown		Pair of semi-detached two-bay single-storey estate worker's houses with attic levels, dated 1860. Now out of use and derelict.	<i>A charming pair of mid nineteenth-century cottages, which retain their early form, character and fabric.</i>	15400810	Regional
008-025	Three-bay two-storey house	Ballybeg		Detached three-bay two-storey house, built c.1835, with three-bay single-storey return to the rear (north) having catslide roof. Now derelict and out of use.	<i>A well-balanced house of pleasing late-Georgian proportions, which retains its early form and character.</i>	15400812	Regional
008-026	Barbavilla House	Barbavilla Demesne		Detached nine-bay two-storey over basement double-pile house, built c.1730 and altered c.	<i>An interesting and substantial early eighteenth-century house, which maintains its architectural and historical significance despite numerous alterations and additions over the years.</i>	15400813	Regional
008-027	Cast-iron water pump	Market Square Collinstown		Freestanding cast-iron water pump, erected c.1885, comprising banded cylindrical shaft with fluted head having fluted spout, 'cow tail' curvilinear handle, and fluted ogee-dome cap with finial.	<i>A typical late nineteenth-century water pump, of a standard design that is encountered throughout rural Westmeath.</i>	15400814	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
008-028	Lakeview	Collinstown		Detached five-bay single-storey outbuilding, built c.1830. Pitched slate roof with projecting brick eaves course. Constructed of rubble limestone. Series of three segmental-headed carriage arched having brick dressings and timber sheeted doors.	<i>A modest but well-built early nineteenth-century outbuilding, which retains its early form and character. This structure is constructed using local limestone, which helps it to blend into the local landscape.</i>	15400815	Local
008-029	Cast-iron post box	Glenidan		Wall-mounted cast-iron post box, erected c.1940, with raised 'P&T' cipher in Gaelic/Celtic Revival-style script above letter slot. Makers name appears at base in raised lettering ' Jessop Davis, Enniscorthy '.	<i>An attractive, if simple, item of street furniture that represents an early-surviving artefact of mass-produced cast-iron ware.</i>	15400816	Regional
008-030	Four-bay single-storey thatched house	Cummerstown		Detached four-bay single-storey thatched house with loft level, built c.1800, with windbreak porch on semi-circular plan to front façade (north). Hipped thatched roof with decorative rope ridge/scallop work and modern brick chimneystacks.	<i>A well-maintained small-scale vernacular house of picturesque appearance, which retains its early character and form.</i>	15400817	Regional
008-031	Cast-iron post box	Kilcar		Post-mounted cast-iron post box, erected c.1940, with raised 'P&T' cipher in Gaelic/Celtic Revival script above letter slot and curved top. Attached to a telegraph pole adjacent to Kilcar junction.	<i>An attractive, if simple, item of street furniture that represents an early-surviving artefact of mass-produced cast-iron ware.</i>	15400818	Regional
008-032	Farmyard complex	Christianstown		Farmyard complex, built c.1820, comprising two separate detached three-bay two-storey outbuildings (east and west) and a three-bay single-storey pig stile arranged about a central courtyard.	<i>An appealing complex of modest traditional outbuildings, of early-to-mid nineteenth-century date, which retain their early form and character. These structures are very well-built using local limestone and represent good examples of their date and date.</i>	15400819	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
008-033	Cast-iron water pump	Christianstown		Freestanding cast-iron water pump, erected c.1885, comprising banded cylindrical shaft with fluted head having fluted spout, 'cow tail' curvilinear handle, and fluted ogee-dome cap with finial.	<i>A typical late nineteenth-century water pump, of a standard design encountered throughout rural Westmeath.</i>	15400820	Regional
008-034	Semi-detached three-bay single-storey vernacular house	Scurlockstown Cross Roads Sheepstown		Semi-detached three-bay single-storey vernacular house, built c.1770, having attached single-storey outbuilding to the north end and outbuilding adjoining to the south end of the west-facing elevation.	<i>An appealing small-scale vernacular house of picturesque appearance, which retains its early character and form.</i>	15400822	Regional
008-035	Sheepstown House	Sheepstown		Complex of single and two-storey outbuildings arranged around a central courtyard to the rear of Sheepstown House, built c.1830.	<i>An extensive collection of well-maintained outbuildings associated with Sheepstown House, which retain their early form, character and a great deal of their early fabric.</i>	15400823	Local
008-036	Drumcree Rectory	Kilcumny		Detached three-bay two-storey over partially raised basement former Church of Ireland rectory on L-shaped-plan, built c.1811. Now in use as a private house. Hipped natural slate roof with a central pair of moulded rendered chimneystacks.	<i>A well-proportioned early nineteenth-century Church of Ireland rectory, which retains its early form and character. The plain front façade is enlivened by the fine doorcase having cut stone pilasters and a spider's web fanlight over.</i>	15400824	Regional
008-037	Manus Bar	The Square Collinstown		Four bay, two storey building on the corner of Collinstown Square. Smooth render having quoins on the corner facing the square. 'The Maypole' Bar at Ground floor level.	<i>Located on the side of the village square this building forms an important component of the streetscape.</i>	0

009-001	Water pump	Clonmellon		Freestanding cast-iron water hydrant, erected c.1910, comprising fluted pedestal shaft on moulded base with lion mask spout, moulded necking, and fluted dome-shaped capping with acorn finial.	<i>An appealing feature in the streetscape of Clonmellon representing a good example of an early mass produced cast-iron artefact. The fine inscribed and cast detailing, including the lion mask spout, enhances the artistic design quality of the piece.</i>	15306001	Regional
009-002	House and shop (Coffey's Shop)	Clonmellon		Terraced four-bay two-storey house, built c.1820, incorporating an early shopfront to east end. Formerly the village Post Office (c.1914). Pitched artificial slate roof with rendered chimneystacks and cast-iron rainwater goods.	<i>This attractive, if modest, terraced building retains much of its original character and a substantial proportion of its original fabric. Of particular importance is the survival of the simple early timber shopfront, which is of artistic interest.</i>	15306002	Regional
009-003	Three-bay two-storey house	Clonmellon		End-of-terrace three-bay two-storey vernacular house, built c.1820. Pitched artificial slate roof with rendered chimneystacks, terracotta chimney pots and cast-iron rainwater goods. Roughcast rendered walls.	<i>An attractive modest-scale vernacular house which retains much of its original form and character, as well as great deal of its original fabric. This structure may have been thatched until the roof was replaced with artificial slate c. 1950.</i>	15306003	Regional
009-004	Four-bay two-storey house	Clonmellon		Terraced four-bay two-storey house, built c.1850. Pitched natural slate roof with rendered chimneystacks and cast-iron rainwater goods. Ruled-and-line rendered walls over rendered plinth with raised rendered quoins to corners.	<i>A modest structure of balanced proportions and symmetry. It is typical of early-to-mid nineteenth-century dwellings in small Irish towns and its modest architectural form is enhanced by the retention of original features and materials.</i>	15306004	Regional
009-005	Clonmellon Post Office	Clonmellon		A pair of terraced three-bay two-storey houses, built c.1860, with integral carriage arches to either end (now infilled). Pitched natural slate roof (shared) with clay ridge tiles.	<i>An attractive, well-built and well-proportioned pair of mid nineteenth-century terraced buildings. They retain much of their original character despite the later infilling of the carriage arches.</i>	15306005	Local

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
009-006	End-of-terrace five-bay two-storey house	Clonmellon		End-of-terrace five-bay two-storey house, built c.1820, with integral carriage arch to west end. Pitched slate roof with rendered chimneystacks. Pebbledashed walls over projecting rendered plinth.	<i>A substantial house which retains some of its original character despite extensive renovations. The stucco window surrounds and the elaborate pedimented stucco surround to the doorcase are of artistic merit.</i>	15306006	Local
009-007	Former market place	Clonmellon		Former market place with eight-bay single-storey (with attic level) outbuilding running perpendicular to road, built c.1835, rebuilt c.1990. Now in use as arts centre and café. Pitched natural slate roof with clay ridge tiles. Rubble limestone walls.	<i>An attractive market place which forms an important and prominent feature in the centre of Clonmellon. It is unusual in that there never appears to have been a market house here based on cartographic evidence.</i>	15306007	Regional
009-008	Four-bay two-storey house	Clonmellon		End-of-terrace four-bay two-storey house, built c.1820, incorporating early shopfronts to either end (east and west). Pitched natural slate roof with rendered chimneystacks and cast-iron rain water goods.	<i>A well-composed and well-maintained building, originally built as two separate structures. It retains its original form and character, as well as most of its original fabric.</i>	15306008	Regional
009-009	Four-bay two-storey house (Fitzsimons Shop)	Clonmellon		Terraced four-bay two-storey house, built c.1800, incorporating shopfront (c.1880) and integral carriage arch. Pitched natural slate roof with rendered chimneystacks and cast-iron gutters.	<i>A substantial and well-composed commercial building which retains most of its original form and much of its original fabric. The building is distinguished by an intact traditional pubfront/shopfront which is of artistic interest.</i>	15306009	Regional
009-010	Three-bay two-storey former courthouse	Main Street Clonmellon		End-of-terrace three-bay two-storey former court house, built c.1790, now in use as private house. Pitched natural slate roof with a rubble limestone chimneystack to east end, (shared) rendered chimneystack to west end and cast-iron rainwater goods.	<i>An interesting and attractive building, which is almost vernacular in appearance. It retains its original form and character and most of its original fabric.</i>	15306010	Regional

009-011	St. Johns Church	Clonmellon		Detached three-bay Church of Ireland church with attached two-stage tower on square-plan to east with a crenellated parapet and clasping corner buttresses, built c.1790 and remodeled c.1820.	<i>This well-composed, small scale-church is typical of the form advocated by the Board or First Fruits (1711 to 1833).</i>	15306011	Regional
009-012	Three-bay two-storey house	Main Street Clonmellon		Terraced three-bay two-storey house, built c.1860, with projecting single-bay single-storey porch with flat roof to centre of front elevation (south). Pitched natural slate roof with rendered chimneystack and cast-iron rainwater goods.	<i>And attractive modest-scale house which retains much of its original fabric and form. This simple structure is enhanced by the decorative stucco work and unusual quoins, which are of artistic merit.</i>	15306012	Regional
009-013	Former school (St. Scire Credit Union)	Main Street Clonmellon		End-of-terrace three-bay two-storey former school, dated 1813, now in use as a financial institution. Pitched artificial slate roof with raised cut stone verges, cast-iron rainwater goods and an ashlar limestone chimneystack to either end.	<i>An attractive and well-proportioned structure with some good cut stone detailing. It retains most of its original form and character despite alterations during conversion to new use c. 1980.</i>	15306013	Regional
009-014	Church of SS Peter and Paul	Main Street Clonmellon		Detached three-bay double-height Roman Catholic Church on a cruciform plan, built c.1808, with freestanding belltower to southwest c.1830. Two-bay chancel (north) and porches added c.1880.	<i>An attractive and well-proportioned church, constructed in a subdued Gothic Revival-style. It retains much of its original character and fabric, although its form has altered considerably over the course of its history.</i>	15306014	Regional
009-015	Parochial House	Clonmellon		Detached three-bay two-storey parochial house, built or rebuilt c.1898 on site of earlier parochial house c.1808. Hipped natural slate roof with red clay ridge tiles and moulded brick chimneystacks.	<i>This well-proportioned parochial house forms part of a interesting group of ecclesiastical structures along with the Roman Catholic church and freestanding belltower to the west.</i>	15306015	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
009-016	Three-bay two-storey house	Clonmellon		Detached three-bay two-storey house, built c.1920. Hipped natural slate roof with red clay ridge tiles, two centrally-located rendered chimneystacks and cast-iron rainwater goods. Pebbledashed walls over rendered plinth.	<i>An appealing modest-scale house of balanced proportions that survives in its original form and retains most of its original fabric.</i>	15306016	Regional
009-017	Tower/folly (Isaac's Well)	Clonmellon		Freestanding single-bay two-storey Gothic Revival-style tower/folly on square plan housing a well, constructed c.1860. Constructed of random rubble limestone with cut stone quoins to corners.	<i>This interesting and attractive folly was built in by Sir Benjamin Chapman of Killua Castle (and the MP for Westmeath at the time) to enhance the beauty of the village.</i>	15306017	Regional
009-018	Single-arch road bridge	Clonmellon		Single-arch road bridge, built c.1800. Constructed of random rubble limestone with cut limestone coping. Single round-headed arch with cut stone voussoirs. Spans small stream/former mill race.	<i>A modest but well-constructed bridge. The construction in unrefined local random rubble stone help to integrate the bridge pleasantly into the surrounding landscape. It spans a small stream that was formerly a mill race according to local tradition.</i>	15306018	Regional
009-019	Castellated gate lodge (Clonmellon Lodge)	Killua		Detached three-bay one-and-a-half storey Gothic Revival-style castellated gate lodge, built c.1830, now in use as a private residence.	<i>An attractive and robust gate lodge which retains its original character and much of its original fabric. The later extensions fit in well with the original fabric and does not overly detract from the visual appeal of this pretty structure.</i>	15306019	Regional
009-020	Three-bay two-storey house (Fairy Clonmellon Park)	Kells Road Clonmellon		Detached three-bay two-storey house, built c.1815, with projecting flat-roofed single-storey porch to centre of front façade (south). Pitched natural slate roof with overhanging eaves and rendered chimneystacks with terracotta pots to either end.	<i>A charming and well-proportioned house that retains much of its original form and most of its original fabric. The ashlar detailing to the projecting porch is of particular architectural interest and is of artistic merit.</i>	15306020	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
009-021	Gate Lodge	Killua		Detached single-storey two-bay gate lodge, built c.1860, with projecting single bay gable-fronted porch to front facade (south).	<i>A well-composed gate lodge serving one of the principal entrances to the Killua Castle estate. It retains its original character and form despite recent alterations.</i>	15306021	Regional
009-022	Gothic folly, Killua Castle	Killua		Detached Gothick 'sham ruin' folly, built c.1800, comprising two storey tower on octagonal plan with base batter and an attached one and a half storey wall on irregular plan.	<i>An interesting 'sham ruin', designed to look like the remains of a medieval castle/building. It was constructed by Sir Benjamin Chapman of Killua Castle c. 1800.</i>	15306022	Regional
009-023	Killua Castle and demesne	Killua		Detached multi-bay three-storey over basement castellated Gothic Revival castle on complex plan, built c.1780.	<i>An interesting and imposing Gothic-style castle which forms the focal point of an important collection of demesne-related structures.</i>	15306023	Regional
009-023	Three-bay single-storey house	Killua		Detached three-bay single-storey with attic level former estate worker's house, built c.1880, having a gable-fronted single-bay enclosed entrance porch with decorative bargeboards over to the front elevation (west). Now in use as a private house.	<i>An appealing house, of late nineteenth-century appearance, which retains much of its early character and form. This modest building is well constructed using good quality local limestone, helping it to blend into the rural landscape.</i>	15400923	Regional
009-024	Raleigh Obelisk, Killua Castle	Killua Castle Killua		Freestanding obelisk, erected c.1810, comprising coursed limestone plinth on square plan with ashlar coping and tapered ashlar column on square plan (c.10 metres in height), terminated by pyramidal ashlar coping.	<i>A picturesque and interesting monument erected by Thomas Chapman to commemorate the introduction of the potato into Ireland by Sir Walter Raleigh. The ashlar construction of the column itself is of artistic merit.</i>	15306024	Regional

009-025	St. Lucy's Well, Killua Castle	Killua Castle Killua		Well housing holy well, built c.1800, consisting of an earthen and rubble stone mound on irregular plan containing a small limestone-faced chamber on square plan with corbelled limestone roof.	<i>An attractive and well-built small scale monument, which is said to have been erected by Sir Benjamin Chapman when he laid out the walled gardens and pleasure grounds to the east of Killua Castle. According to local tradition the original St.</i>	15306025	Regional
009-026	Templar Gate Lodge	Knock Killua		Detached three-bay single-storey Greek Revival style gate lodge with a prostyle Ionic portico to front (north) screening single-storey lodge to rear, built c.1800, now in use as a private dwelling. Constructed of ashlar limestone with ashlar detailing.	<i>An interesting and sophisticated structure. The Ionic portico creates an imposing entrance and adds artistic detailing to the building. This lodge is unusual in that it is across the road to the entrance gates from the main house.</i>	15306026	Regional
009-027	Walled Garden, Killua Castle	Killua		Walled garden on irregular plan, built c.1800, consisting of two separate spaces. Constructed of random rubble limestone with south-facing sections lined internally with brick.	<i>An extensive walled garden that forms part of an important group of demesne-related structures within the Killua Castle demesne. The house built into the orchard wall is a particularly interesting and unusual feature with some nice details.</i>	15306027	Regional
009-028	Ice House, Killua Castle	Knock Killua		Icehouse, built c.1800, built into a hillside in a field to the south of Killua Castle (15305023), within former demesne grounds. Now disused. Two rubble limestone entrance chambers, now partially collapsed.	<i>An unassuming ancillary structure that forms an important component of the Killua Castle (15305023).</i>	15306028	Regional
009-029	Slate Row	Main Street, Clonmellon		Semi-detached three-bay single-storey estate worker's house, built c.1840. Now in use as a private dwelling. One of a pair with the building adjacent to the east.	<i>A charming mid-to-late nineteenth century estate worker's house associated with Killua Castle (15306023), which retains its early form, fabric and character.</i>	15306029	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
009-030	Wrought Iron Railings (Protection to Trees)	Main Street Clonmellon		A series of wrought-iron railings, erected in 1869, surrounding sycamore trees planted at the same time. Located at regular intervals to either side of the Main Street, Clonmellon.	<i>A subtle but attractive addition to the streetscape of Clonmellon. These wrought-iron railings, which surround sycamore trees planted at the same time, were erected at the expense of Sir Benjamin Chapman, 4th Baronet of Killua Castle (15306023), in 1869.</i>	15306030	Regional
009-031	Grauly Bridge	Mulliganstown		Triple-arched road bridge over Stoneyford River, built c.1800. Constructed using rubble limestone with roughly dressed limestone voussoirs to arches. Rubble limestone coping over parapets. Modern blockwork supporting water pipe to south facing elevation.	<i>A well-built small-scale bridge, which retains its early form and fabric. It is well-built using local rubble limestone, attesting to the skillful craftsmanship available at the time of its construction.</i>	15400901	Regional
009-032	Demesne walls, Ballinlough Castle	Ballinlough		Estate boundary wall surrounding Ballinlough Castle Demesne, built c.1750. Constructed of limestone rubble with lime roughcast render over. Pitched stone capping over with roughcast render over to some sections. Located to the west of Clonmellon.	<i>An unusually well preserved and imposing estate wall, which forms part of an important group of structures associated with Ballinlough Castle (15400906).</i>	15400902	Regional
009-033	Gateway, Ballinlough Castle	Ballinlough		Entrance gates associated with Ballinlough Castle (15400906), erected c.1740, comprising pair of gate piers on square plan supporting a pair of cast-iron entrance gates with decorative finials over.	<i>A suitably impressive and elegant set of gates and gate piers forming the main entrance to Ballinlough Castle (15400906).</i>	15400903	Regional
009-034	Gateway, Rosmead House	Robinstown Little		Triumphant arched gateway serving Rosmead House (15400921), erected c.1795.	<i>An important, elegantly-composed triumphant arch gateway serving Rosmead House (15400921). These spectacular entrance gates are very well-built using high quality ashlar limestone and are extensively embellished using ashlar and Coade Stone detailing.</i>	15400904	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
009-035	Ballinlough Castle	Ballinlough		Detached seven-bay two-storey country house, built or rebuilt c. 1740, with advanced three-bay two-storey section to the centre of the entrance front (west). Possibly incorporating the fabric of an earlier fortified house, built c.1600. Modified, c.	<i>A highly picturesque and elegant castellated country house, which retains its early form, fabric and character.</i>	15400906	National
009-036	Farmyard Complex, Ballinlough Castle	Ballinlough		Complex of two-storey ranges of outbuildings, stables and worker's houses arranged around a central courtyard to the rear (southeast) of Ballinlough Castle (15400906), built c.1775.	<i>An extensive complex of well-maintained outbuildings, stables and worker's houses associated with Ballinlough Castle (15400906). This complex is very well-built and retains its early form, character and much of its important early fabric.</i>	15400907	Regional
009-037	Workers house, Ballinlough Castle	Ballinlough		Detached three-bay single-storey former gate lodge serving Ballinlough Castle (15400906), built c.1780, with modern two-bay extension to the east and a flat-roofed extension to the rear (north). Now in use as a private house.	<i>A gate lodge, of modest architectural aspirations, which formerly served the main entrance to Ballinlough Castle (15400906). This assuming gate lodge is beautifully sited and retains a rustic charm.</i>	15400908	Local
009-038	Three-bay two-storey house	Ballinlough	No Image Available	Detached three-bay two-storey house, built c.1850. Pitched slate roof with dormer windows, rendered chimneystack and cast-iron rainwater goods.	<i>A modest scale house, built c.1900, which retains its early form, character and a great deal of its early fabric. Its location within the former Ballinlough Castle demesne, suggests that it may have been originally built as part of this important estate.</i>	15400909	Regional
009-039	The gate lodge, Killua Castle	Killua		Detached three-bay two-storey former gate lodge with integral Tudor-arched carriage arch to centre, built c.1830, having crenellated flanking walls to either side with square-headed pedestrian entrances.	<i>An attractive, well-detailed and robust Gothic Revival gate lodge which forms a suitably fine entrance to the important Killua Castle (15306023) estate. This picturesque structure retains its early form, character and fabric.</i>	15400910	Regional

009-045	Three-bay single-storey house	Carnybrogan		Detached three-bay single-storey vernacular house, built c.1860, with lobby entry plan. Projecting single-bay porch on semi-circular plan to the main (south) elevation.	<i>An appealing small-scale vernacular house of picturesque appearance, which retains its early character and form. This house was originally thatched and retains much of its early fabric.</i>	15400916	Regional
009-046	Snipes Bridge	Cavestown		Double-arched road bridge over Stoneyford River, built c.1800. Constructed using rubble limestone with roughly dressed limestone voussoirs to arches. Rubble limestone coping over parapets, now overgrown.	<i>A well-built small-scale bridge, of some rustic charm, which retains its early form and fabric. It is well-built using local rubble limestone, attesting to the skillful craftsmanship available at the time of its construction.</i>	15400917	Regional
009-047	Water pump	Cloran Cross Roads. Cloran And Corcullentry		Freestanding cast-iron water pump, erected c.1885, comprising banded cylindrical shaft with fluted head having fluted spout and 'cow tail' curvilinear handle. Original fluted ogee-dome cap with finial now missing. Pump is still in use.	<i>A typical late nineteenth-century water pump, of a standard design encountered throughout rural Westmeath.</i>	15400918	Local
009-048	Rosmead House	Cavestown And Rosmead	No Image Available	Detached seven-bay three-storey country house, built c.1780, having advanced three-bay breakfront to the centre of the front façade (southeast). Now in a ruinous and overgrown condition.	<i>The impressive ruins of a very large and imposing Georgian country house, now forming a picturesque shell, of some romantic quality, in the landscape to the north of Delvin.</i>	15400921	Regional
009-049	Killua Churchyard	Knock Killua		Fragmentary ruins of a late medieval church built, c.1500, on the site of an earlier church. Altered, c.1810, to act as a folly associated with the Killua Castle (15306023).	<i>An interesting and curious structure, which forms a pleasing landmark, of some romantic quality. This site was originally a medieval churchyard.</i>	15400922	Regional

010-001	Two pairs of vernacular gate posts on circular plan with simple wrought-iron gates	Conlanstown		Two pairs of vernacular gate posts on circular plan with simple wrought-iron gates, erected c.1860. Gate posts constructed of limestone rubble flanked by sections of rubble stone walling with cut stone steps/stile.	<i>These modest entrances are subtle and attractive features in the Ballynacarrigy landscape. The use of local stone helps to assimilate the gate posts and walls into the surrounding landscape.</i>	15307001	Local
010-002	Detached three-bay two-storey house	Conlanstown		Detached three-bay two-storey house, built c.1840, now derelict. Hipped natural slate roof with central rendered chimneystack and cast-iron rainwater goods.	<i>This is attractive mid-sized building of good proportions, now disused but still retaining most of its original form and character. Farm houses of this type are typical of the Irish countryside but few now survive in a relatively untouched condition.</i>	15307002	Local
010-003	Farm house, outbuildings etc.	Conlanstown		Detached three-bay two-storey farm house, built c.1850, with two-storey single-storey return to rear (north). Pitched natural slate roof with rendered chimneystacks, terracotta chimney pots and cast-iron rainwater goods.	<i>An attractive middle-sized farm house and farmyard complex that retains its early form, character and fabric.</i>	15307003	Regional
010-004	Freestanding cast-iron water hydrant	Main Street Ballynacarrigy		Freestanding cast-iron water hydrant, erected c.1890, comprising fluted shaft on molded base with lion's head above, surmounted by fluted capping with acorn finial. Inscription 'Glenfield & Kennedy Ltd, Kilmarnock' to shaft.	<i>An attractive piece of mass produced cast-iron which remains an appealing and subtle feature in the streetscape.</i>	15307008	Regional
010-005	Detached three-bay two-storey former canal hotel	Ballintue		Detached three-bay two-storey former canal hotel, built c.1810, with two-storey former commercial stores attached to east side. Now derelict and out of use. Pitched natural slate roof with brick chimneystack and raised stone verge to western gable.	<i>An attractive former canal hotel and canal store which retains their massing and form, despite their derelict condition.</i>	15307009	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
010-006	Detached three-bay two-storey house	Ballynacarrigy		Detached three-bay two-storey house, built c.1830, with a single-bay single-storey return to rear (west). Pitched natural slate roof with rendered chimneystacks to either end and cast-iron rainwater goods. Single brick chimneystack to return.	<i>An attractive, well-maintained and well-proportioned early nineteenth-century house occupying a prominent site to the west-end of Ballynacarrigy. It is one of the few buildings in the village that retains its early fabric and natural slate roof.</i>	15307010	Regional
010-007	Rockbrook House	Ballynacarrigy		Detached gate lodge and gateway, built c.1780. Gateway consists of ashlar gate piers (on square-plan) with ashlar coping and wrought-iron double-gates with spear finials. Wrought-iron pedestrian gate to north. Curved quadrant walls to either side.	<i>An impressive gateway and gate lodge, which retains their early form and character. The gate lodge built into the quadrant wall is an unusual and noteworthy feature.</i>	15307011	Regional
010-008	Terraced three-bay two-storey house	Moranstown		Terraced three-bay two-storey house, built c.1810. One of a terrace of four. Pitched artificial slate roof with rendered chimneystacks to party walls and uPVC rainwater goods. Pebbledashed walls over rendered plinth course.	<i>An attractive and well-proportioned early nineteenth-century house, which retains its early form despite the loss of original fabric in recent years. It is the best surviving example in a terrace of four similarly proportioned buildings.</i>	15307012	Regional
010-009	Freestanding cast-iron water hydrant	Ballynacarrigy		Freestanding cast-iron water hydrant, erected c.1890, comprising fluted shaft on molded base with lion's head above, surmounted by fluted capping with acorn finial. Inscription 'Glenfield & Kennedy Ltd, Kilmarnock' to shaft.	<i>An attractive piece of mass produced cast-iron which remains an appealing and subtle feature in the streetscape.</i>	15307014	Regional
010-010	Ballynacarrigy Bridge	Ballintue		Single-arch canal bridge, built c.1810. Constructed of dressed limestone with dressed limestone parapet walls and ashlar limestone voussoirs to arch. Projecting limestone string course at road level. Carved plaque to east elevation.	<i>A well-built and elegant canal bridge, one of a number of structures associated with the Royal Canal Harbour in Ballynacarrigy. The construction using good quality masonry attests to the grandiose ambitions of the canal company at the time.</i>	15307015	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
010-011	35th Lock	Ballintue		Canal lock and lock gates, built c.1810, restored c.1990. Retaining walls built of ashlar limestone with timber breast gates, foot bridge and timber balance arms, all with steel fittings.	<i>A well-built canal lock, one of a number of structures associated with the Royal Canal Harbour in Ballynacarrigy. The construction using good quality ashlar masonry attests to the grandiose ambitions of the canal company at the time.</i>	15307018	Regional
010-012	Detached three-bay single-storey former lock keeper's cottage	Ballintue		Detached three-bay single-storey former lock keeper's cottage, built c.1810. Now in use as private house with three-bay single-storey extension to the rear.	<i>An attractive former canal keeper's cottage, which retains its early form and character. These cottages were built to a common plan and style by the Royal Canal Company and this example is one of a number of similar structures in the Ballynacarrigy area.</i>	15307019	Regional
010-013	Semi-detached three-bay single-storey former canal worker's house	Harbour Street Moranstown		Semi-detached three-bay single-storey former canal worker's house, built c.1810. Now in use as private residence. One of four similar structures on Harbour Street.	<i>An attractive modest-scale cottage, almost of vernacular appearance, which retains its early form and character. It is one of four similarly designed and built houses along Harbour Road.</i>	15307026	Regional
010-014	Semi-detached three-bay single-storey former canal worker's house	Harbour Street Moranstown		Semi-detached three-bay single-storey former canal worker's house, built c.1810. Now in use as private residence. One of four similar structures on Harbour Street.	<i>An attractive modest-scale cottage, almost of vernacular appearance, which retains its early form and character. It is one of four similarly designed and built houses along Harbour Road.</i>	15307027	Local
010-015	Penrose	Main Street Moranstown		End-of-terrace three-bay two-storey house, built c.1820, with shopfront to ground-floor c.1900. Hipped artificial slate roof with cast-iron rainwater goods.	<i>A heavily altered early nineteenth-century building, which is distinguished by the retention of an attractive traditional timber shopfront.</i>	15307029	Regional

010-026	Single-arch canal accommodation bridge carrying small road over Royal Canal	Lakingstown		Single-arch canal accommodation bridge carrying small road over Royal Canal, built c.1810. Constructed of dressed limestone having ashlar limestone detailing including projecting string course at parapet base level/road level and copping over parapets.	<i>A typically well-built canal bridge, which is a valuable part of the architectural heritage of Westmeath and the industrial heritage of Ireland. Although humble in form, this structure has a simple and functional elegance.</i>	15401011	Regional
010-027	36th Lock	Lakingstown		Canal lock, built c.1810, consisting of pair of (restored) timber and steel breast gates with timber footboards, tail gates and balance beams. Set within ashlar limestone lock channel.	<i>An attractive and well-built canal lock that forms part of an important group of structures associated with the Royal Canal in Westmeath.</i>	15401012	Regional
010-028	Detached four-bay single-storey detached vernacular house	Paddinstown Upper		Detached four-bay single-storey detached vernacular house, built c.1825, with projecting single-bay flat roofed porch to main façade (east). Steeply pitched artificial slate roof with two rendered chimneystacks.	<i>A modest small-scale vernacular house, of early-to-mid nineteenth-century date, that retains much of its early character and form. Although altered in recent years this house retains much of its early fabric including timber sliding sash windows.</i>	15401013	Local
010-029	Bog Bridge	Ballymaglavy	No Image Available	Single-arch hump-backed canal accommodation bridge carrying small road over Royal Canal, built c.1810.	<i>A typically well-built canal bridge, which is a valuable part of the architectural heritage of Westmeath and the industrial heritage of Ireland. Although humble in form, this structure has a simple and functional elegance.</i>	15401014	Regional
011-001	Detached two-storey former corn mill on L-shaped plan	Ballindurrow		Detached two-storey former corn mill on L-shaped plan, built c.1820. Now disused. Pitched and hipped natural slate roofs with projecting limestone eaves course, clay ridge tiles and remains of cast-iron rainwater goods.	<i>An attractive example of an early nineteenth-century vernacular corn mill complex. It was built at a time when the Irish corn milling industry was experiencing a boom period. It retains its early form and character despite its derelict condition.</i>	15304002	Regional

011-002	Pair of timber level crossing gates with cast-iron fittings	Rathganny		Pair of timber level crossing gates with cast-iron fittings, erected c.1855. Located adjacent to Multyfarnham Train Station to the southwest of the village.	<i>A well-maintained pair of level crossing gates that retain their early form and original cast-iron fittings.</i>	15304021	Regional
011-003	Detached two-bay two-storey railway signal box	Rathganny		Detached two-bay two-storey railway signal box, built c.1920 to replace earlier signal box to site c.1880. Pitched natural slate roof with wide overhanging eaves with decorative timber brackets, timber ball finials to gable.	<i>An attractive and well preserved signal box that retains its early form and character. It forms part of an attractive and important group of railway structures within the Multyfarnham Railway Station complex.</i>	15304022	Regional
011-004	Detached two-bay single-storey former railway worker's cottage	Rathganny		Detached two-bay single-storey former railway worker's cottage, built c.1880, currently in use as private holiday accommodation. Hipped artificial slate roof with clay ridge tiles and uPVC rainwater goods. Single brick chimneystack to centre of ridge.	<i>A charming former railway worker's cottage in a rural setting forming part of the group of buildings which make up the former Multyfarnham station complex.</i>	15304023	Regional
011-005	Railway House	Rathganny		Detached four-bay two-storey former railway station and station master's house, built c.1855, now in use as private residence. Platform to west elevation with open veranda supported on four timber pillars. Single-storey outbuilding adjoining to south.	<i>An attractive, well-maintained and well-detailed railway station that retains its early form, character and fabric. It was originally built by the Midland and Great Western Railway Company in 1855 to serve the Mullingar to Sligo line and closed in 1963.</i>	15304024	Regional
011-006	Rathganny House	Rathganny	No Image Available	Detached three-bay two-storey house with projecting central porch flanked by canted-bay windows to either side, built c.1860. Hipped natural slate roof with decorative ridge tiles with rendered chimneystacks with cut stone coping.	<i>A good example of a mid-sized, mid nineteenth-century country house which retains its early character. It is set within mature landscaped grounds with fine stone outbuildings to rear which enhance the group value.</i>	15304026	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
011-007	Rathganny House	Rathganny	No Image Available	Range of stone-built outbuildings to rear of Rathganny House.	<i>Fine stone-built outbuildings associated with substantial country house.</i>	15304027	Regional
011-008	St. Bridget's National School	Moategranoge		Detached six-bay single-storey national school and court house, dated 1814, with projecting two-bay gable-fronted wings to either end (northeast and southwest) flanking central entrance. Projecting chimney breasts to gable-fronted wings.	<i>An interesting and well-composed early nineteenth-century school and court house with a pleasing symmetry. It retains its early form and character despite recent alterations.</i>	15307004	Regional
011-009	Willifield House	Cumminstown		Entrance gates, erected c.1850. Comprising two pairs of decorative cast-iron gate pillars, joined by curved sections of cast-iron railings with spear finials over brick and coursed stone plinth walls with cut limestone coping.	<i>A handsome mid nineteenth-century gateway with intricate cast-iron decoration, which is of artistic merit. The semi-concealed pedestrian entrance, built into the railings to the north, is an unusual and noteworthy feature.</i>	15307005	Regional
011-010	Willifield House	Cumminstown		Detached three-bay two-storey over basement house, built or rebuilt c.1845, with projecting single-bay single-storey ashlar limestone Doric porch to front (southeast).	<i>An elegant and well-proportioned mid nineteenth-century house. It retains its early form, character and most of its early fabric.</i>	15307006	Regional
011-011	Gateway	Moranstown		Gateway, erected c.1850, comprising cut stone gate posts on octagonal plan with pyramidal-shaped coping and a pair of decorative cast-iron and wrought-iron double gates, having arrow head finials to vertical bars and central petal detail.	<i>An attractive pair of mid nineteenth-century gates, possibly associated with a former gate lodge (adjacent to south-west), which originally served Willifield House.</i>	15307007	Regional

011-012	Detached four-bay single-storey house with projecting single-bay gable-fronted porch	Ballynacarrigy		Detached four-bay single-storey house with projecting single-bay gable-fronted porch, built c.1830. Hipped natural slate roof with two rendered chimneystacks. Pebbledashed walls over smooth rendered plinth.	<i>An attractive, well-maintained, modest-scale house, which retains its early form and character. It is a subtle and unassuming structure in the streetscape and remains an integral part of the heritage of Ballynacarrigy.</i>	15307016	Local
011-013	Freestanding cast-iron water hydrant	Ballysallagh (Fox)		Freestanding cast-iron water hydrant, erected c.1890, comprising fluted shaft on molded base with lion's head above, surmounted by fluted capping with acorn finial. Inscription 'Glenfield & Kennedy Ltd, Kilmarnock' to shaft.	<i>An attractive piece of mass produced cast-iron which remains an appealing and subtle feature in the streetscape.</i>	15307017	Regional
011-014	Ballysallagh House	Ballysallagh (Tuite)		Detached three-bay two-storey house, built c.1850, with collection of rubble limestone outbuildings to south west. Hipped natural slate roof with rendered chimneystacks. Roughcast rendered walls over rendered plinth with raised quoins to corners.	<i>An attractive late-Georgian-style farm house, which retains its early form and character. The block-and-start doorcase is of artistic merit.</i>	15307021	Regional
011-014	Clonhugh Railway Station	Ballynafid		Detached gable-fronted two-bay two-storey former railway station and station master's house, built c.1855. Now in use as a private dwelling.	<i>An appealing and slightly unusual rural railway station, which retains its character and basic form.</i>	15401123	Regional
011-015	St. Bigseach Roman Catholic church	Ballynacarrigy		Freestanding Roman Catholic church on 'T-shaped' plan, built c.1830, with various later additions (including sacristy) to rear and to north. Modern single-storey entrance porch and covered walkway to south.	<i>An attractive early nineteenth-century church, which retains its early form, character and fabric.</i>	15307022	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
011-016	Parochial House	Ballynacarrigy		Detached three-bay two-storey parochial house, built c.1850, with projecting single-bay single-storey porch with decorative bargeboards to front (west) and canted bay window to north elevation.	<i>A handsome, well-detailed and proportioned mid nineteenth-century parochial house, which forms an attractive pair of buildings with the Roman Catholic church to the west (15307022). It retains its early form, character and fabric.</i>	15307023	Regional
011-017	Ballynacarrigy Courthouse	Main Street Ballynacarrigy		Detached gable-fronted three-bay single-storey courthouse, built c.1955, flanked by roughcast rendered quadrant walls to east and west. Later single-storey extensions to rear. Pitched tiled roof with cast-iron rainwater goods.	<i>An attractive mid twentieth-century courthouse, which survives with its early form and character intact. It retains most of its early fabric including the metal casement windows which are rare survivors despite the relative modernity of this structure.</i>	15307024	Regional
011-018	Terraced three-bay two-storey house	Main Street Moranstown		Terraced three-bay two-storey house, built c.1820. One of a terrace of four. Pitched artificial slate roof with cast-iron rainwater goods and a (shared) rendered chimneystack to the east end. Rendered walls over rendered plinth.	<i>An attractive terraced house which retains its early form and character. Forms part of an appealing terrace dating to the rapid development of Ballynacarrigy following the arrival of the Royal Canal in the early nineteenth-century.</i>	15307030	Regional
011-019	Terraced three-bay two-storey house	Main Street Moranstown		Terraced three-bay two-storey house, built c.1820, with shopfront to ground floor c.1900. Now in use as a private residence. One of a terrace of four. Pitched natural slate roof with (shared) rendered chimneystacks to either end.	<i>An attractive terraced house which retains its early form, character and much of its early fabric.</i>	15307031	Regional
011-020	End-of-terrace three-bay two-storey house	Main Street Moranstown		End-of-terrace three-bay two-storey house, built c.1820. One of a terrace of four. Pitched artificial slate roof with rendered chimneystacks. Rendered walls with square-headed window openings, cut stone sills and replacement windows.	<i>An attractive terraced house which retains its early form and much of its early character and much of its early fabric.</i>	15307032	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
011-021	Terraced three-bay three-storey house	Main Street Moranstown		Terraced three-bay three-storey house, built c.1820. Pitched artificial slate roof with projecting eaves course, rendered chimneystacks to either end and a raised verge to east end. Rendered walls over rendered plinth.	<i>An attractive terraced house which retains its early form and character. It is unusual in that it is three stories in height in a town marked by two storey structures, suggesting that this may have been built as an hotel.</i>	15307033	Regional
011-022	Ballynacarrigy Post Office	Main Street Moranstown		Terraced four-bay two-storey house built c.1820, with integral segmental-headed carriage arch to eastern-most bay. Now in use as post office with accommodation over. Pitched artificial slate roof with rendered chimneystacks and cast-iron rainwater goods.	<i>An appealing house which retains its early character. It dates to the rapid development of Ballynacarrigy following the arrival of the Royal Canal in the early nineteenth-century.</i>	15307034	Regional
011-023	St. Bigseach's Church of Ireland church	Kilbixy Baronstown		Freestanding Church of Ireland church, built c.1810, comprising five-bay hall with attached three-stage tower on square-plan to the southwest with a raised parapet with English-style crenellations and corner pinnacles. Shallow sanctuary/chancel to east.	<i>An important and highly embellished early nineteenth-century structure, which is one of the finest Board of First Fruit (1711-1833) churches in Leinster. This church has lavish but delicate Gothic detailing of high artistic merit.</i>	15401102	National
011-024	Malone Mausoleum	KilbixyBaronstown		Freestanding single-bay single-storey Greek Revival-style mausoleum on square plan with corner pilasters on square plan, erected c.1810. Constructed of ashlar limestone with ashlar limestone detailing and a pyramidal-shaped ashlar roof.	<i>An impressive mausoleum with important historical connections with the Malone Family of nearby Baronstown House (now demolished).</i>	15401103	Regional
011-025	Entrance gates to Baronstown House (demolished)	Baronstown		Entrance gates to Baronstown House (demolished), erected c.1810, comprising pair of ashlar limestone piers on square plan with square-profiled Doric pilasters to corners, decorative plaster urn finials over and (later) looped wrought-iron double gates.	<i>These attractive gates piers and wrought-iron gates form part of an important group of structures associated with the Malone Family of Baronstown House (now demolished).</i>	15401104	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
011-026	Detached three-bay two-storey over basement former rectory	Kilbixy		Detached three-bay two-storey over basement former rectory, built in 1816. Now in use as private dwelling. Hipped natural slate roof with lead ridges and two chimneystacks at ridge level aligned parallel with front façade. Cast-iron rainwater goods.	<i>A handsome early nineteenth-century (former) rectory, which retains its early form, character and fabric.</i>	15401105	Regional
011-027	Grange Hall	Ballyhoreen		Detached three-bay two-storey over basement house, built c.1820, with projecting single-bay single-storey porch to front. Three-storey elevation to rear (north) with projecting single-bay single-storey porch. Two-storey extension to northwest corner.	<i>An appealing and well-detailed medium sized house, which retains its early character despite the recent removal of some of the important original features (windows, doors and natural slate roof) and the removal of the early roughcast render in recent years</i>	15401107	Regional
011-028	Balroe Bridge	Balroe		Single-arch hump-backed canal bridge carrying small road (accommodation road) over Royal Canal, built c.1810. Constructed of ashlar limestone with ashlar limestone detailing including projecting string course at parapet base level/road level.	<i>A typically well-built canal bridge, which is a valuable part of the architectural heritage of Westmeath and the industrial heritage of Ireland. Although humble in form, this structure has a simple and functional elegance.</i>	15401108	Regional
011-029	34th Lock	Balroe		Canal lock, built c.1810, consisting of pair of (restored) timber and steel breast gates with timber footboards, tail gates and balance beams. Set within ashlar limestone lock channel.	<i>An attractive and well-built canal lock that forms part of an important group of structures associated with the Royal Canal in Westmeath.</i>	15401109	Regional
011-031	Entrance gates serving former Tristernagh House Demesne (demolished)	Tristernagh Demesne		Entrance gates serving former Tristernagh House Demesne (demolished), built c.1820, comprising central entrance flanked by pedestrian entrances to either side with sections of quadrant walls to east and west.	<i>An attractive and well-built gateway that once served as the main entrance to Tristernagh Demesne. It is constructed of fine cut limestone masonry and still retains good cast-iron gates despite its now dilapidated condition.</i>	15401111	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
011-032	Templecross Church	Tristernagh Demesne		Detached ruins of late medieval church on rectangular plan with two-stage tower (with barrel vaulted basement) attached to west end, built c.1575, set in later graveyard with mainly nineteenth century grave markers. Now disused.	<i>An interesting and picturesque (ruinous) late-medieval church set in graveyard with mainly nineteenth century grave markers. The Lord Henry Piers monument to the interior is a very fine example of a seventeenth century memorial tablet.</i>	15401112	Regional
011-034	Fragmentary remains of medieval Augustinian Abbey	Tristernagh Demesne		Fragmentary remains of medieval Augustinian Abbey, built c.1200 and later converted into a private house c.1783. Now in ruins.	<i>This is an imposing and dramatic ruin with an interesting and varied history which contributes greatly to the local area. Tristernagh was originally an important Augustinian Abbey, founded c. 1200 by Geoffrey de Costentin.</i>	15401114	Regional
011-035	Leny Cottage	Leny		Attached Five-bay two-storey house, built c.1820. Now out of use. Half-hipped natural slate roof with decorative cast-iron ridge on clay tiles and two rendered brick chimneystacks to either end with tall clay pots and cast-iron rainwater goods.	<i>An attractive middle-sized early nineteenth-century house, which retains its early form, character and fabric despite its derelict condition.</i>	15401115	Regional
011-036	Leny Church of Ireland church	Leny		Freestanding Church of Ireland church, built c.1817, comprising four-bay hall with attached three-stage tower on square-plan to the west with a raised parapet with English-style crenellations.	<i>An attractive early nineteenth-century Church of Ireland church, built in a subdued Gothic style, which retains its early form, character and fabric despite its derelict condition.</i>	15401116	Regional
011-037	Cast-iron wall mounted post box	Heathland		Wall-mounted cast-iron post box, c.1890, with 'VR' royal cipher and raised crown motif. Set in rendered gate pier at entrance to Wilson's Hospital. Makers name appears at base in raised lettering ' T. Allen & Co. London '.	<i>This cast-iron post box, which is still in use, is an important feature located just outside the grounds of Wilson's Hospital School.</i>	15401118	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
011-038	Gate lodge, Wilson's Hospital School	Heathland		Detached gable-fronted three-bay single-storey gate lodge serving Wilson's Hospital School, built c.1820. Currently in use as a dwelling by school teaching staff.	<i>Although simple in form, this pretty small-scale building is well-detailed - as befits the gate lodge to an important establishment. The finely carved coat of arms, which almost looks late medieval in date, and the good doorcase are of artistic merit.</i>	15401119	Regional
011-039	Wilson's Hospital School	Heathland		Detached seven-bay two-storey over basement hospital school, built between 1759 and 1761, with central pedimented three-bay breakfront (with clock face) supporting octagonal bellcote cupola over.	<i>Wilson's Hospital is one of the finest and most sophisticated mid-Georgian buildings constructed outside of Dublin. Its design has been attributed John Pentland, a noted architect of his day, and it is built in the style of a Palladian country house.</i>	15401120	National
011-040	Rathbennett (Farra) House	Rathbennett		Detached five-bay two-storey former charter school with advanced and (stepped) pedimented three-bay central breakfront, built c.1758. Three ranges of two-storey buildings, built c.1820, form courtyard to rear (northwest). Now in use as private dwelling.	<i>This is an interesting and unusual house and former charter school, located in a spectacular setting overlooking Lough Owel to the southeast. The building began life as a charter school, founded in 1758 with a bequest from the will of the Rev.</i>	15401122	Regional
011-042	Detached three-bay two-storey farmhouse	Piercefield		Detached three-bay two-storey farmhouse, built c.1860, with single-bay single-storey extension to southwest side. Hipped natural slate roof with cast-iron rainwater goods and two rendered chimneystacks to centre.	<i>An appealing nineteenth century farm house complex, which retains its early form and character despite the recent loss of the original fittings to the openings in recent years.</i>	15401126	Local
011-043	Detached four-bay single-storey former school	Wattstown		Detached four-bay single-storey former school, built c.1870, with advanced gable-fronted bays to either end and single-bay single-storey lean-to entrance porches to north and south side elevations. Now in use as a private dwelling.	<i>A simple but charming former national school, typical of the period of construction.</i>	15401127	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
011-044	Johnstown House	Johnstown		Detached three-bay two-storey house on L-shaped plan, built c.1860, with projecting single-bay single-storey porch to entrance front (southeast). Currently out of use and derelict.	<i>An attractive, if modest, house which retains its early form, and character despite being currently out of use. The retention of the timber sash windows and natural slate roof provides a patina of age.</i>	15401128	Regional
011-045	Clonhugh House	Clanhugh Demesne	No Image Available	Detached five-bay two-storey Italianate country house, built in 1867, with projecting single-bay pedimented breakfront and projecting Ionic entrance porch to centre. Various two-storey extensions to the northwest. Now in use as a private dwelling.	<i>An appealing late nineteenth-century country house, which retains its early form, character and fabric.</i>	15401129	Regional
011-046	Pair of detached icehouses on polygonal plans	Tristernagh Demesne		Pair of detached icehouses on polygonal plans, built c.1790, associated with Tristernagh House (now ruinous). Now disused. Icehouse to south has brick barrel-vaulted interior with evidence of rubble stone porch to front, now collapsed.	<i>Icehouses were common structures associated with large demesnes particularly during the eighteenth and nineteenth centuries. They played an important functional role in the preservation of food in the era before refrigeration.</i>	15401113	Regional
011-049	Mount Murray and demesne	Mountmurray		Detached five-bay two-storey over basement country house, built c.1780 and remodeled c.1820 with addition of semi-circular bow to southeast façade. Two-storey extensions to rear (northwest). Modern single-bay single-storey porch to entrance front.	<i>Handsome late eighteenth-century house of balanced Georgian proportions, which retains its early character and form. The regular plain façade is enlivened by the timber sliding sash windows and by the fine cut stone doorcase, which is of artistic merit.</i>	15401130	Regional
012-001	Ballindurrow House	Ballindurrow		Detached three-bay single-storey over basement house, built c.1820. Extensively modified to front with enclosed glazed timber front porch and new concrete steps, plinth wall and balusters.	<i>An interesting building which retains its early form despite recent alterations. This house was formerly thatched and is an unusual example of a semi-formal small-scale (formerly thatched) country house over a basement.</i>	15304001	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
012-002	Former RIC barracks	Ballynafid		Detached two-bay two storey former Royal Irish Constabulary barracks, built c.1828, with projecting two-storey single-bay towers on square plan to southeast and northwest corners. Later is use as a post office, now in use as a private dwelling.	<i>An interesting and solidly-built former Royal Irish Constabulary barracks, which retains its early form and fabric. The cast-iron diamond pane windows are a rare survival.</i>	15401201	Regional
012-003	Woodville House	Clanhugh Demesne		Gateway/crossing gates giving access to Woodville House (now demolished) across Dublin-Sligo railway line, erected c.1855. Comprises pair of decorative wrought-iron gates with cast-iron gate piers. Cast-iron Greek anthemion decoration to gate piers.	<i>An interesting and attractive mid-nineteenth gate/level crossing associated with Woodville House (demolished). This gateway is a fine example of skilled craftsmanship and is of technical significance.</i>	15401202	Regional
012-004	Woodville House	Cloghanaskaw		Detached three-bay single-storey gate lodge and level crossing keeper's house to Woodville House, built c.1855. Hipped natural slate roof with overhanging eaves, cast-iron rainwater goods and central rendered chimneystack.	<i>A standard mid nineteenth-century level crossing /gate lodge associated with Woodville House (now demolished and replaced by modern structure). It still retains its early charm despite the loss of early fittings and render in recent years.</i>	15401203	Local
012-005	Ballynafid National School	Knightswood		Detached five-bay single-storey former National School, built c.1847, with projecting gable-fronted single-bay single-storey entrance porch to centre of front façade (southwest). Now in use as a community centre. Hipped natural slate roof.	<i>A modestly detailed, mid nineteenth-century school, which retains its early character despite recent alterations.</i>	15401204	Regional
012-006	Portnashangan House	Portnashangan		Detached five-bay two-storey, built c.1830, recently renovated. Two-storey return to rear (southwest). Pitched natural slate roof and two rendered chimneystacks with brick detailing and terracotta chimney pots.	<i>A plain middle-sized house of early-to-mid nineteenth-century appearance. It retains its early character and form despite recent extensive, if sympathetic, renovations.</i>	15401205	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
012-007	Portnashangan Rectory	Ballynagall		Detached three-bay two-storey house rectory, built c.1826. Now in use as a private dwelling. Shallow hipped natural slate roof with overhanging eaves and a central cut stone chimneystack placed parallel to façade.	<i>A polished early nineteenth-century rectory of balanced proportions. It is well-built using almost ashlar quality cut limestone and retains its early form, character and fabric.</i>	15401206	Regional
012-008	A pair of semi detached three-bay two-storey worker's cottages	Ballynagall		A pair of semi detached three-bay two-storey worker's cottages, built c.1850. Now converted to a single private dwelling. Pitched natural slate roof with central shared cut stone chimneystack.	<i>An appealing pair of worker's houses, which retain their early form and character. Well-built using good quality local limestone, these cottages have a rustic and picturesque appearance.</i>	15401208	Regional
012-009	Detached five-bay two-storey former worker's house on T-shaped plan	Ballynagall		Detached five-bay two-storey former worker's house on T-shaped plan, built c.1820, with projecting single-bay two-storey porch to front (west) and a projecting gable-fronted single-bay two-storey projection to south gable.	<i>A former worker's house associated with Ballynagall Demesne, which has been heavily altered and extended in recent years, reducing much of its character and charm.</i>	15401209	Local
012-010	Gable-fronted gate lodge, Ballynagall House	Ballynagall		Detached gable-fronted two-bay two-storey gate lodge, built c.1880, with canted bay windows to ground floor on entrance front and a projecting cut stone pedimented single-bay single-storey Doric porch to (chamfered) northwest corner.	<i>A quirky gate lodge, of late nineteenth-century appearance, which retains its charm and character despite recent alterations.</i>	15401210	Regional
012-011	Former worker's house, Ballynagall House	Ballynagall		Detached four-bay two-storey former estate worker's house on L-shaped plan, built c.1820. Now in use as a private dwelling. Pitched natural slate roofs with projecting eaves course and rendered chimneystacks.	<i>A substantial early nineteenth-century house, which retains its early form and character.</i>	15401211	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
012-012	Ballynagall House and demesne	Ballynagall		Detached six-bay two-storey Regency style house, built c.1808, with central two-bays brought forward as a breakfront and two-bay single-storey wings to north and south of main block. Segmental bow projection to rear (east).	<i>This fine country house is one of the great architectural losses in Co. Westmeath.</i>	15401212	Regional
012-013	Stable block and outbuildings, Ballynagall House	Ballynagall		Ranges of multiple-bay two-storey stable block on U-shaped plan, built c.1808. Central integral carriage to southeast elevation with ashlar limestone bellcote over. Now in use as agricultural outbuildings.	<i>A very fine and attractive collection of outbuildings associated with Ballynagall House, which retain their early form and character.</i>	15401213	National
012-014	Gate lodge, Ballynagall House	Ballynagall		Detached three-bay single-storey gate lodge, built c.1820, with shallow bow projection to centre of main façade (south). Now in use as a private dwelling.	<i>This is a delightful and accomplished design for a small gate lodge, demonstrating a confident handling of classical design principles.</i>	15401214	Regional
012-015	Former St Mary's Church of Ireland church (The Belfry Restaurant)	Portneshangan Ballynagall		Freestanding Church of Ireland church, built c.1824. Now in use as a restaurant with modern single-storey extension to the north.	<i>Portneshangan Church of Ireland church is one of the finest buildings of its type and date in Ireland. It was built in an accomplished Gothic Perpendicular-style to designs by John Hargrave (1788-1833), a prominent architect of the day.</i>	15401215	National
012-016	Entrance gateway, Ballynagall House	Ballynagall		Entrance gates to Ballynagall House and/or St. Mary's Church, built c.1830 and altered c.	<i>An impressive and imposing gateway, which retains its early form and character despite recent alterations. It was probably built at the same time as St.</i>	15401216	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
012-017	Gateway to St. Mary's churchyard	Portneshangan Ballynagall		Entrance gates to St Mary's Church of Ireland church, built c.1824, comprising pair of cut limestone gate piers of square plan with chamfered arises and cut limestone 'gablet' coping over and a pair of cast-iron double gates. Now out of use.	<i>A good quality set of gates and gate piers with an appropriate ecclesiastical character. The unusual stone copping to the piers is of an interesting design and adds to the overall architectural setting of St. Mary's Church.</i>	15401217	Regional
012-018	Kill House	Moneylea		Detached complex of two-storey outbuildings on L-shaped plan associated with former mill, built c.1820, now in use as agricultural outbuildings. Hipped natural slate roof with gabled loading bays and cast-iron rainwater goods.	<i>A substantial complex of modest outbuildings associated with a former mill. They retain their early industrial appearance despite the loss of the original machinery and conversion for use as agricultural outbuildings.</i>	15401218	Local
012-019	Gate lodge, Knockdrin Castle	Knockdrin		Detached three-bay single-storey gate lodge, built c.1860, with canted bay window to east end of north elevation. Now in use as a private dwelling. Hipped natural slate roof with overhanging eaves and central rendered chimneystack.	<i>Though modest in design and small in stature, this lodge is enhanced by the quality of the limestone masonry exhibited in its construction.</i>	15401219	Regional
012-020	Rear entrance gateway, Knockdrin Castle	Knockdrin		Gateway serving back entrance to Knockdrin Castle, built c.1760 and moved and rebuilt c.	<i>An attractive, well-built and well-detailed set of gate piers.</i>	15401220	Regional
012-021	Gothic revival gate lodge, Knockdrin Castle	Knockdrin		Detached Gothic Revival gate lodge and gateway, built c.	<i>A very fine example of a castellated gate lodge and arch, which retains its early form and character. It is very well-built and extensively detailed in good quality limestone.</i>	15401221	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
012-022	Knockdrin Castle and demesne	Knockdrin		Detached Gothic Revival castle on complicated plan, built c.1815.	<i>Knockdrin Castle is one of finest picturesque castellated country houses built in Ireland during the first half of the nineteenth century. It survives in excellent condition and retains its early character, form and fabric.</i>	15401222	National
012-023	Gothic revival loggia, Knockdrin Castle	Knockdrin Castle		Detached three-bay single-storey Gothic Revival loggia/summerhouse, built c.1820, comprising central Tudor pointed carriage arch flanked by pointed-arched pedestrian arches to either side.	<i>An attractive and intentionally romantic garden feature. It is built in a simple Gothic Revival-style, creating the impression that it is an older, picturesque ruin.</i>	15401223	Regional
012-024	Curvilinear green house, Knockdrin Castle	Knockdrin Castle		Detached single-storey curvilinear green house, built c.1850. Constructed of curvilinear glass and cast and wrought-iron with cast-iron trim including anthemions acting as a roof cresting along the top of the conservatory.	<i>A fine and graceful curvilinear glass house, which retains its early form, fabric and character. This elegant glass/green house has been attributed to G. Maliphart, c.1812.</i>	15401224	National
012-025	Semi-detached worker's houses, Knockdrin Castle	Knockdrin Castle		Pair of semi-detached two-storey worker's houses, built c.1840, now in use as private dwellings.	<i>An interesting pair of worker's houses with a rather eclectic and eccentric character and charm. The unusual layout and styling suggests that these buildings may have been constructed using fabric from other buildings on site.</i>	15401225	Regional
012-026	Rose Cottage	Garraree		Three adjoining three-bay two-storey worker's houses on H-shaped plan, built c.1820, now amalgamated into a single-property and in use as a garage, shop and furniture warehouse with accommodation over.	<i>An interesting and unusual composition of early to mid nineteenth-century appearance, which retain its early form and character despite the recent loss of important early fabric.</i>	15401226	Regional

012-027	St. John the Baptist Church of Ireland church	Stonehall		Freestanding Church of Ireland church, built c.1810, comprising three-bay hall with attached three-stage tower on square-plan to the west with a raised parapet with English-style crenellations.	<i>An attractive early nineteenth-century Church of Ireland church, built in a subdued Gothic style, which retains its early form and character despite its ruinous and overgrown condition.</i>	15401230	Regional
012-028	Stonehall Paddocks	Stonehall		Detached four-bay two-storey house, built c.1810, with two-storey return to rear (west). Hipped natural slate roof with two rendered chimneystacks with cut stone copping over. Lime rendered walls with ivy.	<i>An appealing and picturesque house of early-nineteenth appearance, which retains its early character. The modest form and simple style of this house and the survival of many original features contribute to the architectural significance of the structure.</i>	15401231	Regional
012-029	Taughmon Roman Catholic church	Parsonstown		Freestanding three-bay double-height Roman Catholic church with adjoining single-bay three-storey parochial house to southwest end, built c.1844.	<i>A substantial and striking mid nineteenth-century structure, which retains its early character despite the loss of some of the important early fabric in recent years.</i>	15401234	Regional
012-030	Taughman National School	Parsonstown		Detached multiple-bay single-storey school, built c.1955, comprising central block having pitched roof with flat-roofed single-storey wings to front (west) and to north and south housing cloakrooms and bathrooms.	<i>A pleasantly composed modest-scale rural national school, which retains its early character despite the recent loss of original fittings. It was built c.1955 and replaced an earlier national school to the north of this building.</i>	15401236	Local
012-031	St. Munna's Church	Glebe		Freestanding fortified Church of Ireland church, built c.1450 and extensively altered c.1843. Now out of use and in State ownership.	<i>An important and distinctive fortified late medieval church, which retains its early form and fabric.</i>	15401238	National

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
012-032	Cast-iron post box	Knockdrin Cross Roads Knockdrin (Corkaree)		Wall-mounted cast-iron post box, c.1915, with 'GR' royal cipher, raised crown motif and 'Post Office' in raised lettering to letter flap. Set into rubble limestone boundary wall adjacent to rural cross road junction.	<i>An attractive, if simple, item of street furniture that represents an early-surviving artefact of mass-produced cast-iron ware.</i>	15401239	Regional
013-001	Clonyn Castle	Clonyn		Detached five-bay two-and three-storey over basement Gothic Revival-style castle, built between 1867-76. Constructed on a square-plan with four-storey circular turrets to each corner.	<i>A substantial and imposing Gothic Revival castle, built on a symmetrical layout of balanced proportions. One of the last great Victorian castles/country houses to be built in Ireland during a period when the great houses were in terminal decline.</i>	15308017	Regional
013-002	Gigginstown House	Gigginstown	No Image Available	Detached three-bay two-storey country house, built c.1854, with projecting single-bay pedimented breakfront and a projecting single-storey ashlar limestone Doric porch to centre of entrance front (south).	<i>An attractive middle-sized country house of balanced proportions, which retains its early form and character. It represents a late example of a country house built in a classical style.</i>	15401301	Regional
013-003	Single-storey gate lodge, Gigginstown House	Gigginstown		Detached three-bay single-storey gate-lodge on complex plan, built c.1854, with projecting single-bay pedimented porch with Doric columns to centre of main façade (east). Now in use as a private dwelling.	<i>A well-thought out and sophisticated early-to-mid nineteenth-century classical composition, recently restored but retaining its architectural character and detailing. It is quite a substantial building for a gate lodge.</i>	15401302	Regional
013-004	Entrance gateway, Gigginstown House	Gigginstown		Entrance gates to Gigginstown House, erected c.1854, comprising two central tapered/pylon-style ashlar limestone gate piers, on square-plan with carved and pedimented ashlar limestone capstones over, with associated cast-iron double-gates.	<i>A highly elaborate and elegant set of entrance gates serving Gigginstown House (15401301) to the north.</i>	15401303	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
013-005	Four-bay single storey former NS	Johnstown		Detached four-bay single-storey former national school, built c.1880, with single-bay entrance porches to either end (north and south) and modern extension to rear (east). Now in use as a private dwelling.	<i>A modest late nineteenth-century school house, which has been altered in recent years with conversion to a new use with the resulting loss of original fabric.</i>	15401305	Local
013-006	Cast-iron water pump	Turin Cross Roads Balrath North		Freestanding cast-iron water pump, erected c.1885, comprising banded cylindrical shaft with fluted head having fluted spout and a 'cow tail' curvilinear handle. Cap now missing. Set on concrete base.	<i>Water pumps played an important social role in the nineteenth and early-twentieth centuries by providing a communal water source.</i>	15401306	Local
013-007	St. John the Baptist Church of Ireland church	Reynella		Freestanding Church of Ireland church, dated 1798, comprising three-bay hall with attached three-stage tower on square-plan to the west with raised parapet with Irish-style crenellations with corner pinnacles having spire on octagonal plan.	<i>A fine Church of Ireland church, which retains its early form and character despite its dilapidated condition. It is nicely decorated with some good quality ashlar limestone detailing and has a very attractive and delicate tower and spire to the west end.</i>	15401308	Regional
013-008	Cooke Mausoleum	St. John The Baptist Church Of Ireland Church Reynella		Freestanding beehive-shaped mausoleum, built c.1835, comprising central cement dome (on circular plan) set within cylindrical pit constructed of rubble limestone walling with ashlar limestone coping over.	<i>An eccentric mausoleum of great character and historical interest. It was built by Adolphus Cooke (1792-1876) of Cookesborough, Co. Westmeath to house the remains of his father, Robert.</i>	15401309	Regional
013-009	Reynella House	Reynella		Detached seven-bay two-storey country house on T-shaped plan with two-storey attached to rear, built c.1770, with projecting full-height three-bay canted projection to centre of front façade (south). Now in use as a guest house.	<i>A substantial and attractive late eighteenth-century country house, set within extensive landscaped grounds, which contributes positively to the architectural heritage of Westmeath.</i>	15401310	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
013-010	Outbuildings, Reynella House	Reynella		Complex of outbuildings arranged around a courtyard to the east of Reynella House, built c.	<i>An attractive and substantial complex of late eighteenth-century outbuildings associated with Reynella House. They are well-built and retain much of their early fabric including timber sash windows and early lime rendering, which is a rare survival.</i>	15401311	Regional
013-011	Gate lodge, Reynella House	Reynella		Detached three-bay single-storey gate lodge with attic level and central gable-fronted breakfront, built c.1830 and altered c.2000. Now in use as a private dwelling.	<i>An attractive small-scale gate lodge associated with Reynella House. It has been heavily altered in recent years with the subsequent loss of historic character and architectural detailing.</i>	15401312	Local
013-012	St. John the Baptist Roman Catholic church	Williamstown		Freestanding Roman Catholic church on cruciform plan, built c.1880, comprising three-bay nave (west), single-bay chancel and (east) and single-bay transepts to north and south.	<i>A very fine late nineteenth-century church, built in a full-blooded Gothic-style with extensive detailing throughout.</i>	15401313	Regional
013-013	Dysart House	Dysart		Detached three-bay two-storey over basement Palladian country house with pedimented single-bay breakfront (east) and full-height three-bay bow projections to side elevations (north and south), built c.1757. Pedimented two-bay breakfront to rear (west).	<i>This is one of the most perfect second generation Palladian houses in Ireland, designed on a truly three dimensional nature with all four elevations considered.</i>	15401314	National
013-014	Gate lodge (roofless), Dysart House	Dysart		Detached gable-fronted single-bay single-storey gate lodge serving Dysart House, built c.1850. Now a roofless ruin (originally pitched). Coursed rubble limestone walls with traces of lime render remaining.	<i>An attractive, if ruinous, gate lodge of early-to-mid nineteenth century appearance. It is interesting that this building has Gothic Revival elements in contrast to the classic Palladian styling of Dysart House itself.</i>	15401315	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
013-015	Gateway, Dysart House	Dysart		Gateway in a Greek Revival style serving Dysart House, erected c.	<i>A well-executed and a appealing set of mid nineteenth-century cast-iron gates in a flamboyant Greek Revival design.</i>	15401316	Regional
013-016	Rockview House	Ballynacor		Detached three-bay three-storey house over a basement country house, built c.1812, with projecting stepped three-bay porch (c.1840) to front on T-shaped plan (north) and full-height semi-circular bow to east elevation.	<i>A substantial and elegant neoclassical country house, which retains its early form, fabric and character.</i>	15401317	Regional
013-017	Outbuildings, Rockview House	Ballynacor		Semi-detached two-storey complex of stables and outbuildings on U-shaped plan to rear (west) of Rockview House, built c.	<i>A very substantial complex of stables and outbuildings associated with and contemporary to Rockview House (15401317), which retains their early fabric and character.</i>	15401318	Regional
013-018	Gateway, Rockview House	Cartenstown		Entrance gates to Rockview House, erected c.	<i>A very good and attractive example of stone carving and ornamental ironwork of circa 1812, contemporary with Rockview House.</i>	15401319	Regional
013-019	Killagh Corn Mill	Killagh		Former corn mill complex, built c.1800, comprising detached multi-bay two-storey corn mill and store and a detached single-bay three-storey corn kiln at right angle to the northwest. Now out of use and in use as agricultural/domestic outbuildings.	<i>A typical small rural corn mill and associated corn kiln, which retains its early form and character.</i>	15401320	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
013-020	Killagh House	Killagh		Detached five-bay two-storey house, built c.1740, with two-storey return to rear (west) incorporating the remains of a late medieval tower house (c.1550). Now out of use.	<i>An interesting, atmospheric and unusual house, which retains its early form and character.</i>	15401321	National
013-021	Gate lodge, Bracklyn House	Bracklyn House		Detached three-bay single-storey gate lodge, built c.1821, comprising central segmental-headed carriage with pyramidal-shaped bellcote over, flanked by single-bay single-storey 'lodges' to either side (north and south).	<i>This curious entrance gateway is one of the most elaborate water-weathered features in Ireland and has a rather grotesque, yet picturesque, appeal.</i>	15401322	Regional
013-022	Single-arched railway bridge	Syonan		Single-arched railway bridge, built c.1863, carrying former Midland Great Western Railway company's Streamstown Junction to Clara railway line over road. No longer in active use.	<i>A robust and elegantly-appointed railway bridge representing an important element of the transport and civil engineering heritage of County Westmeath.</i>	15403128	Regional
014-001	Bank of Ireland	Main Street Clonyn		Detached three-bay two-storey bank, built c.1920, with projecting flat-roofed entrance porch to front (southeast). Hipped natural slate roof with rendered chimneystacks and cast-iron rainwater goods. Later dormer window inserted to northeast side of roof.	<i>This purpose-built bank building has handsome design qualities and a balanced composition. It was originally built for the Hibernian Bank to designs by W. H. Byrne and Son in 1920.</i>	15308001	Regional
014-002	Four-bay two-storey house with retail unit	Main Street Castletown-Delvin		End-of-terrace four-bay two-storey commercial premises with accommodation above, built c.1800. Pitched natural slate roof with rendered chimneystacks and cast-iron rainwater goods. Smooth rendered walls with simple render detailing.	<i>This structure is an attractive composition of modest form and appearance that retains some of its original character. The highly ornate stone doorcase is of particular architectural and artistic interest.</i>	15308004	Local

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
014-003	Semi-detached three-bay single-storey local authority house	Dublin Road Castletown-Delvin		Semi-detached three-bay single-storey local authority house, built c.1900. One of a group of four. Now in use as private dwelling. Pitched natural slate roof (shared) with single brick chimneystack to centre. Roughcast render to walls.	<i>This is the best surviving example of four semi-detached houses of similar form. It retains its original character and fabric.</i>	15308005	Local
014-004	Church of the Assumption RC church	Castletown-Delvin		Freestanding Gothic Revival-style Roman Catholic church on cruciform plan, built c.1873.	<i>A highly accomplished Early French Gothic-style church built to designs by G.C. Ashlin (1837-1921).</i>	15308006	National
014-005	Parochial House	Main Street Castletown-Delvin		Detached four-bay two-storey Gothic Revival-style parochial house, built c.1873, with single-bay single-storey porch to main façade (south) and two-storey return to rear. Western most bay to front façade is slightly advanced and gable-fronted.	<i>An attractive and well executed parochial house, which retains its original character and most of its original fabric. The quality of the design and the execution of the stone exterior attests to the highest standards of craftsmanship.</i>	15308007	Regional
014-006	St. Mary's CofI church	Main Street Castletown-Delvin		Freestanding former Church of Ireland church, rebuilt c.1810 incorporating fabric of later medieval church building (c.1550). Comprises two-stage fortified medieval belfry tower on square plan (c.1550), a Board of First fruits-type hall (c.	<i>An imposing and historically important church of three distinct phases. It is well constructed, despite its ruinous condition and has many interesting architectural details, including the stone staircase to the tower.</i>	15308008	National
014-007	Three-bay single storey retail unit - attic storey	Main Street Castletown-Delvin		Terraced three-bay single-storey former parish school with attic storey, dated 1843, now in use as post office. Pitched artificial slate roof with modern roof lights and dressed limestone chimneystacks.	<i>A simple building which is of social interest as the former parish school. The moulded stone surround and carved plaque above the door are of artistic merit.</i>	15308009	Local

014-008	Three bay two-storey house and retail -Ulster Bank	Castletown-Delvin		Corner-sited semi-detached three-bay two-storey Georgian-style house, built c.1840, now in use as bank. One of a pair with building to the north.	<i>An attractive, mid-sized composition of balanced Georgian proportions and symmetry which retains its original form and character and much of its original fabric.</i>	15308010	Regional
014-009	Three-bay two-storey house	Main Street Castletown-Delvin		Semi-detached three-bay two-storey Georgian-style house, built c.1840. One of a pair with building to south. Pitched natural slate roof with rendered chimneystacks to either end, clay ridge tiles and cast-iron rainwater goods.	<i>An attractive, mid-sized composition of balanced Georgian proportions and symmetry. It retains its original form and much of its original fabric. The good quality cast-iron gate and fine doorcase and teardrop fanlight are of artistic merit.</i>	15308011	Regional
014-010	Four- bay two-storey house and retail - Fitzsimons	Castletown-Delvin		Semi-detached four-bay two-storey house, built c.1870, with shop front to ground-floor, c.1910. Hipped natural slate roof with terracotta ridge tiles and single rendered chimneystack to centre.	<i>An attractive house with attached early twentieth-century shopfront which retains its early character and original fabric. The hipped roof suggests that this building may have been detached when originally constructed.</i>	15308012	Regional
014-011	Four-bay two-storey house with retail	Main Street Castletown-Delvin		Terraced four-bay two-storey house, built c.1800, with shopfront, c.1950, to north-end. Pitched artificial slate roof with rendered chimneystack and cast-iron rainwater goods.	<i>A modest urban vernacular building which retains its original form and character and much of its early fabric, despite later insertion of a plain shopfront to northern end and the replacement roof, c. 1950.</i>	15308013	Regional
014-012	Roselawn House	Ballyhealy Castletown-Delvin		Detached three-bay two-storey house, built c.1865, with modern return to rear. Hipped natural slate roof with ridge tiles and a pair of rendered chimneystacks towards centre. Rendered ruled-and-lined walls with raised limestone quoins to corners.	<i>A well-composed, middle-size house of balanced proportions that retains much of its original form and character. The raised stone quoins are an interesting feature which helps give this structure a robust appearance.</i>	15308014	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
014-013	Delvin Rectory	Castletown-Delvin		Detached five-bay two-storey former rectory, built c.1860, now in use as a private residence. Hipped natural slate roof with rendered chimneystacks and cast-iron rainwater goods.	<i>A handsome and well-proportioned structure which retains its original character. This building is of social interest due to its former use as a rectory.</i>	15308015	Regional
014-014	Union Workhouse graveyard	Castletown-Delvin		Former Union Workhouse graveyard, c.1850, set within rubble limestone wall on rectangular plan. Now heavily overgrown with no visible grave markers. Arched wrought-iron entrance surmounted by plain cross finial to northeast corner.	<i>A picturesque, if sombre feature in the landscape. This site is of particular importance as the graveyard of the former Union Workhouse, later renamed St. Mary's Hospital, which lay to the immediate north-east of this site.</i>	15308016	Regional
014-015	Gateway Clonyn Castle	Clonyn		Gothic Revival-style gateway, built c.	<i>An attractive and sophisticated Gothic Revival-style gateway which retains its original form and character. The intricate raised detailing to the inner piers is of artistic merit.</i>	15308019	Regional
014-016	South Hill, (St. Mary's Hospital)	Southhill		Semi-detached five-bay three-storey over basement country house, built c.1810, with central projecting single bay Doric porch flanked by three-bay single-storey (south) with wings to either side (east and west) to entrance front (north).	<i>A large country house, which retains its Georgian character and much of its early detail. Although this structure is now adjoined by numerous modern additions the integrity and atmosphere of the original house has been retained.</i>	15401401	Regional
014-017	Outbuildings, St. Mary's Hospital	Southhill		Complex of single and two-storey outbuildings on complex plan, built c.1775 and extended c.1840. Now in use as outbuildings associated with adjacent St. Mary's Hospital (15401401), formerly South Hill House.	<i>This large complex of farm buildings attached to South Hill House is a fine example of ancillary domestic architecture associated with the grand houses of Ireland.</i>	15401402	Regional

014-018	House	Mitchelstown		Detached three-bay two-storey house, built c.1830, with single-bay single-storey wings to either side (north and south) single-bay gable-fronted porch to entrance front (east).	<i>A modest early nineteenth-century house, which retains its early form despite the recent loss of original fittings.</i>	15401403	Local
014-019	Bracklyn House	Bracklin		Detached five-bay two-storey over basement neoclassical country house, built c.1790, with projecting single-bay Doric porch to the centre of entrance front (west), c.1855, and single-storey bow-ended wings to either end (north and south), built c.1910.	<i>A substantial and delicately detailed neoclassical country house, which retains its early form, character and much of its early fabric.</i>	15401405	Regional
014-020	Mausoleum, Bracklyn House	Bracklin		Freestanding mausoleum, erected c.1836, comprising vaulted semi-sunken single-cell structure on square-plan with raised pinnacles to corners and a segmental-headed opening to the south face. Constructed of rusticated water-weathered limestone.	<i>An eccentric and deliberately picturesque early nineteenth-century mausoleum and a later neoclassical-style tomb, which form part of an interesting group of structures associated with Bracklyn House (15401405).</i>	15401406	Regional
014-021	Electricity sub-station	Balrath South		Detached four-bay two-storey E.S.B. substation with single-bay single-storey wings to east and west, built c.1950. Flat roofs with cast-iron rainwater goods. Smooth rendered walls with E.S.B. name plaque and logo to east elevation.	<i>A rare surviving example of a Modern Movement building in rural Westmeath. E.S.B substations of this nature were built to a common plan throughout Ireland as part of the Rural Electrical Scheme in the late 1940s and 1950s.</i>	15401407	Regional
014-022	Lislogher Bridge	Lislogher Great		A single-arch road bridge over the Lislogher River, built c.1855. Constructed of snecked/random coursed cut limestone with rusticated limestone voussoirs to arch and rusticated limestone coping over parapet walls.	<i>This bridge is typical of Board of Works designs dating from the 1850-60s with a simple robust and well-constructed character.</i>	15401409	Regional

014-023	Lisclogher House	Lisclogher Great		Detached triple gable-fronted four-bay two-storey (with attic storey) country house on complex asymmetrical plan, built c.	<i>An attractive early twentieth-century house with Edwardian Tudor Revival-style elements, which retains its early form, fabric and character.</i>	15401410	Regional
015-001	Bethlehem House	Bethlehem		Detached three-bay two-storey house, built c.1880, with a single-storey flat-roofed porch to entrance front (south) flanked by single-storey canted bays to east and west. Single-storey extension to the east end.	<i>A small-scale late nineteenth-century house with a good entrance porch and a fine early timber panelled door. The integrity of this house has been somewhat compromised by the replacement windows and other recent works.</i>	15401503	Local
015-002	Lissoy Parsonage	Lissoy		Fragmentary remains of a five or six-bay two-storey single-pile rectory, built c.1715. Roof now missing and only three-bays to southeast survive extant. Constructed of rubble limestone with evidence of early lime rendering over.	<i>A small ruinous structure now of minor architectural significance but of considerable historical interest as Oliver Goldsmith's (c.1728- c.1774) residence between 1730 and c.1747 at a time when his father, Rev.</i>	15401510	Regional
016-001	McCormack's/Three Jolly Pigeons	Bellmount		Detached three-bay two-storey house with single-storey flat roofed porches to centre and to the northeast end of entrance façade (west), built c.1830, with two-bay single-storey thatched section to northeast end.	<i>An attractive and prominently-sited mid nineteenth-century public house, which retains its early character despite the loss of important early fabric and fittings.</i>	15401602	Regional
016-002	St. Catherine's Roman Catholic church	Clogher		Freestanding T-plan Roman Catholic church, built c.1830, comprising two-bay nave (original three-bay) with later single-bay transepts added to north and south, c.1850. Altered and renovated c.1980.	<i>A late example of a barn-style Roman Catholic church, which was later converted into the ubiquitous T-plan rural chapel with the addition of transepts c.1850.</i>	15401604	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
016-003	Detached four-bay two-storey National School	Corbrack		Detached four-bay two-storey National School, dated 1858. Hipped natural slate roof. Roughcast rendered walls with smooth rendered plinth and smooth rendered margins. Central cut stone date plaque.	<i>A substantial rural National School, which has been recently renovated with the loss of much of its early character and fittings. This building has played an important role in the social history of the Tang locality.</i>	15401605	Local
016-004	Tang Bridge	Clogher		Single-arch road bridge over the Tang River, built c.1855, replacing earlier bridge on same site. Constructed of rock-faced limestone with rusticated limestone voussoirs to arch and rusticated limestone coping over parapet walls. Cast-iron ties to sides.	<i>This bridge is typical of Board of Works designs dating from the 1850-60s with a simple robust and well-constructed character.</i>	15401606	Regional
016-005	Noughaval House	Noughaval		Detached three-bay two-storey country house, built c.1760, with screen walls to either side (north and south) hiding lean-to single-storey wings to rear (east), having cut limestone coping over and cut limestone ball finials to ends.	<i>A significant structure, of two distinct periods, which retains its early character and detailing. This elegant building retains a great deal of its early fabric, including early lime render and glass, which are rare survivors and a fine doorcase.</i>	15401607	Regional
016-006	Detached five-bay two-storey house with projecting single-bay single-storey porch to entrance front (south)	Cloncullen		Detached five-bay two-storey house with projecting single-bay single-storey porch to entrance front (south), built c.1770 and altered c.1830.	<i>A much altered but curious mid-eighteenth century house, which retains its early character, its early solid proportions and much of its early fabric. Apparently this house was originally built as a three-storey structure.</i>	15401611	Regional
017-001	End-of-Terrace three-bay two-storey house	Moyvore		End-of-Terrace three-bay two-storey house, built c.1835. One of a terrace of three. Pitched natural slate roof with rendered chimneystacks to either end.	<i>A fine small-scale house of balanced late-Georgian proportions, which retains its early character and form.</i>	15401701	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
017-002	Terraced two-bay two-storey house	Moyvore		Terraced two-bay two-storey house, built c.1835, with shopfront c.1900 to ground floor. One of a terrace of three. Now in use as a private dwelling. Pitched natural slate roof with rendered chimneystacks and cast-iron rainwater goods.	<i>A well-proportioned structure of two distinct periods house, which retains its early character and atmosphere. It represents a good example of the typical commercial building, combining house and shop, which are found in almost every Irish town.</i>	15401702	Regional
017-003	Detached gable-fronted three-bay two-storey house/public building	Moyvore		Detached gable-fronted three-bay two-storey house/public building, built c.1840. Pitched natural slate roof with overhanging eaves with cut stone corbels and kneeler stones to entrance front (north).	<i>A curious small-scale early-to-mid nineteenth-century building with some Tudor Gothic references which retains its early character and form.</i>	15401704	Regional
017-004	Moyvore Community Centre	Moyvore		Detached single-cell gable-fronted three-bay former Presbyterian church, built c.1850. Closed as a church c.1950 and converted for use as a community centre, c.1975, with single-storey extension with pitched roof added to entrance front (south).	<i>A typical small-scale mid nineteenth-century Presbyterian church, which has lost some of its historic appeal following conversion to a new use and the subsequent building of an extension to the entrance front.</i>	15401705	Regional
017-005	Templepatrick Corn Mill	Temple Patrick		Detached three-bay two-storey water mill, built c.1820. Now out of use and derelict. Pitched natural slate roof, now collapsed. Coursed rubble limestone walls with brick dressings to openings. Square-headed window and door openings.	<i>This small-scale former corn mill represents an integral component of the industrial heritage of Westmeath and helps to add an historic feel to the local area.</i>	15401706	Regional
017-006	Templepatrick Bridge	Temple Patrick		Double-arched skewed road bridge over small stream/former mill race, built c.1850. Built of rock-faced limestone. Parapets on a shallow curve with heavily rusticated capping stones over. Rusticated limestone voussoirs to arches.	<i>A well-built and unusually complex small-scale bridge of mid nineteenth-century appearance. The two arches are set diagonally across the line of the road to allow the water course/mill race to flow with ease.</i>	15401707	Regional

017-007	St. Olivers Roman Catholic chapel	Ballincurra		Detached T-plan Roman Catholic chapel, built c.1835 and altered c.1860, comprising two-bay nave to southeast with single-bay transepts to southwest and northeast. Pitched artificial slate roof (recently renovated) with overhanging eaves.	<i>A typical mid nineteenth-century T-plan Roman Catholic chapel, in a plain Gothic style, which retains its early form and character.</i>	15401708	Regional
017-008	St. Oliver's Parochial House	Ballincurra		Detached three-bay two-storey parochial house, built c.1870, with central single-bay single-storey entrance porch to southeast (entrance) elevation.	<i>A well-proportioned late nineteenth-century parochial house of simple form and appearance.</i>	15401709	Regional
017-009	Meares Court and demesne	Rowlandstown		Detached five-bay three-storey over basement Palladian country house, built c.1760, possibly incorporating the remains of earlier buildings, including a Medieval tower house. Now in use as a guesthouse.	<i>An interesting house employing the classic Irish Palladian formula of a central tripartite doorcase with a Venetian window over to the first floor and a Diocletian window above to the second floor.</i>	15401711	National
017-010	Stables and outbuildings, Meares Court	Rowlandstown		Stable block on U-shaped plan, built c.1840, comprising two-storey ranges to east and west with a three-bay two-storey advanced pedimented three-bay two-storey section to centre of north range with cupola over. Located to west side of Meares Court.	<i>A very fine stable block complex associated with Meares Court, which retain its early form and character. This handsome complex is built in an imposing classical style, befitting the architectural quality of the main house itself.</i>	15401712	Regional
017-011	Walled gardens and associated structures, Meares Court	Rowlandstown		Walled Gardens, built between c.1760 and c.1850, to the rear (north) of Meares Court (15401711). Constructed of coursed rubble stone walling to the exterior with brick-lining to a number of the interior faces.	<i>An extensive complex of walled gardens and associated structures to the rear of Meares Court House (15401711), which contributes positively to the group values and to the setting within this important demesne.</i>	15401713	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
017-012	Entrance gateway, Meares Court	Rowlandstown		Entrance gates to Meares Court, erected c.1760, comprising a pair of ashlar limestone gate piers on square-plan (with basemoulds) with ashlar limestone capstones (in the form of full entablatures) over having ball finials. Cast-iron double gates.	<i>A handsome pair of ashlar limestone gate piers, of late eighteenth-century appearance, retaining early cast-iron gates. This gateway acts as a suitably fine first impression on entrance to the Meares Court demesne.</i>	15401714	Regional
017-013	Cast-iron postbox	Rowlandstown		Wall-mounted cast-iron post box, erected between 1881-1901, with raised "VR" royal and crown cipher. Out of use and door missing. Makers name appears at base in raised lettering ' T. Allen & Co. London '.	<i>An attractive item of street furniture representing an early surviving artifact of mass-produced cast-iron ware. Unfortunately, the door is now missing and this post box is no longer in active use.</i>	15401715	Local
017-014	Rathcastle House	Rathcastle		Detached three-bay two-storey over a basement house, built c.1815. Hipped roof with graduated natural slates having pair of ashlar limestone chimneystacks to the centre.	<i>An appealing middle-sized house of graceful late-Georgian proportions, which retains its early form and character. The form of this house is very similar to many Church of Ireland rectories/glebe houses built during the same period.</i>	15401716	Regional
017-015	Entrance gateway, Rathcastle House	Rathcastle		Entrance gates to Rathcastle House, erected c.	<i>An elegantly appointed gateway with simple classical styling. This gateway forms a pleasant feature at the entrance to the grounds of Rathcastle House (15401716) and is an attractive feature in the rural landscape to the northeast of Moyvore.</i>	15401717	Regional
017-016	Outbuildings, Rathcastle House	Rathcastle		Complex of single and two-storey outbuildings arranged around a central courtyard, built c.1815. Pitched natural slate roofs with raised verges and remaining sections of cast-iron rainwater goods. Constructed of rubble limestone.	<i>An attractive, if modest, complex of outbuildings associated with Rathcastle House (15401716). Simply constructed using local rubble stone, these outbuildings retain their early form and much of their early fabric.</i>	15401718	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
017-017	Freestanding cast-iron water pump	Killeenerk		Freestanding cast-iron water pump, erected c.1875, comprising banded cylindrical shaft with fluted head having fluted spout, 'cow tail' curvilinear handle, and shallow domed cap over. Now out of use.	<i>A typical late nineteenth-century water pump, of a simpler design than is more commonly encountered in rural Westmeath.</i>	15401720	Regional
017-018	Wall-mounted cast-iron post box	Tobercormick		Wall-mounted cast-iron post box, erected c.1940, with raised "P&T" insignia above letter slot. Set into rubble limestone boundary wall. Located adjacent to cross road junction to the northeast of Ballymore.	<i>An attractive and unassuming item of street furniture representing an early surviving artifact of mass-produced cast-iron ware. This wall-mounted post box is typical of Ireland's post Independence boxes.</i>	15401721	Regional
017-019	Hallstown House	Tobercormick		Detached three-bay two-storey over basement country house with central recessed distyle in antis Tuscan entrance porch (south), built c.1760 and altered and extended c.1820. Currently out of use. Four-bay two-storey return to rear (north).	<i>A mid-eighteenth century middle-sized country house, which was given an accomplished and thorough neoclassical makeover in the early nineteenth-century, creating its present aspect. This elegant building retains its early character and fabric.</i>	15401722	Regional
017-020	Outbuildings, Hallstown House	Tobercormick		Complex of single and two-storey outbuildings to the rear (northeast) of Hallstown House, arranged around a central courtyard, built c.1775.	<i>A fine late eighteenth-century stable block and complex of outbuildings associated with Hallstown House (15401722). This complex is built to a high standard with good quality ashlar limestone detailing to the openings.</i>	15401723	Regional
017-021	Entrance gateway, Hallstown House	Tobercormick		Entrance gates to Hallstown House, erected c.1775, comprising pair of roughcast rendered gates piers (on square-plan) having flat cut limestone coping with ball finials over and wrought-iron double gates.	<i>An appealing, if simply detailed, late eighteenth-century gateway, which retains its historic integrity and form.</i>	15401724	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
017-022	St. Nicholas Church of Ireland church	Almorita Ballymorin		Freestanding Church of Ireland church, rebuilt c.1816 and altered c.1887, comprising three-bay hall with attached three-stage tower on square-plan to the west having a raised parapet with English-style crenellations and corner pinnacles.	<i>This appealing Church of Ireland church was rebuilt on the site of (and possibly incorporates the fabric of) an earlier church in the early nineteenth-century. It was rebuilt in a subdued Gothic style and retains its early form, character and fabric.</i>	15401725	Regional
017-023	Detached three-bay two-storey house	Corr		Detached three-bay two-storey house, built c.1850, with single-storey canted bay window to east elevation. Shallow hipped natural slate roof having single central rendered chimneystack running perpendicular to roof ridge and cast-iron rainwater goods.	<i>A highly appealing, well-proportioned, if modest, mid-to-late nineteenth-century house, which retains its early character and fabric. The canted bay projection to the east is probably a later addition but adds to the overall character.</i>	15401726	Regional
017-024	Wall-mounted cast-iron post box	Glencarra Crossroads Corr		Wall-mounted cast-iron post box, erected between 1901-10, with raised "ER VII" royal cipher. Set into specially constructed section of limestone walling adjacent to Glencarra Crossroads.	<i>An attractive item of street furniture representing an early-surviving artifact of mass-produced cast-iron ware.</i>	15401727	Regional
017-025	Glencara House	Corr		Detached three-bay two-storey over basement country house, built between c.	<i>An attractive and highly interesting essay in neoclassicism, which survives with its historic character and integrity intact. The original architect is unknown but this was clearly the work of a very skilled designer. The later additions, c.</i>	15401728	National
017-026	Outbuildings, Glencara House	Corr		Complex of two-storey outbuildings and stables built around a central courtyard to the rear of Glencara House, built c.1825, with advanced two-bay breakfront with segmental-headed carriage arches to centre of southeast façade (entrance façade).	<i>A suitably fine early-to-mid nineteenth-century stable block and complex of outbuildings associated with Glencara House (15401738).</i>	15401729	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
017-027	Walled garden, Glencara House	Corr		Walled garden to rear (northwest) of Glencara House (15401728), built and laid out between c.1815 to c.	<i>An extensive complex of walled gardens and associated structures to the rear of Glencara House (15401728), which contributes positively to the group values and the setting within this important demesne.</i>	15401730	Regional
017-028	Equestrian arena, (fabric of walled garden), Glencara House	Corr		An equestrian exercise arena, built c.1950, incorporating the fabric of an earlier walled garden, built c.1820. Roughly coursed limestone walls with pitched corrugated asbestos cement roof supported by complex timber roof structure.	<i>This equestrian exercise arena was built in 1950 to very particular standards. It appears to incorporate the fabric of an earlier walled garden associated with Glencara House (15401728).</i>	15401731	Local
017-029	Entrance gateway, Glencara House	Corr		Entrance gates to Glencara House, erected c.1820, comprising six ashlar limestone gate posts, on octagonal plan with profiled capping over, having cast-iron gates and curved sections of cast-iron screen railing.	<i>An elegantly composed early nineteenth-century screen gateway, notable for the quality of the cast-iron mouldings and ashlar stonework.</i>	15401732	Regional
017-030	Gate lodge (derelict), Glencara House	Corr		Detached single-bay single-storey gate lodge, built c.1820. Now derelict and out of use. Pyramidal-shaped hipped natural slate roof with central ashlar limestone chimneystack and cast-iron rainwater goods. Constructed of coursed/snecked limestone.	<i>A picturesque and well-built gate lodge, which retains its early character despite its present derelict condition.</i>	15401733	Regional
017-031	Entrance gateway, Loughazon Hall	Loughan		Entrance gates to Loughazon Hall (15401816), erected c.1785, comprising pair of coursed rubble limestone gate piers, on square-plan with shallow pyramidal-shaped dressed limestone coping over, having double wrought-iron gates.	<i>A visually pleasing and well-built gateway exhibiting modest architectural aspirations. It stands adjacent to an altered gate lodge (north) to the west of Loughazon Hall (15401816).</i>	15401734	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
017-032	Freestanding memorial monument	Loughan		Freestanding memorial monument, erected c.1930, comprising upstanding limestone slab on rectangular plan set on stepped plinth (on rectangular plan) constructed of rock-faced limestone. Surrounded by wrought-iron railings.	<i>A monument of historical significance, which makes an appealing and subtle visual statement in a quiet rural location.</i>	15401735	Regional
017-033	St. Mary's Roman Catholic church	Corkan		Freestanding T-plan Roman Catholic church, built c.1840, comprising two-bay nave with single-bay transepts to northwest and southeast. Altered and renovated, c.1980, with entrance porch added to west gable. Pitched slate roof with cement rendered walls.	<i>A simple mid nineteenth-century T-plan Roman Catholic Chapel with a good quality (later) detached belfry.</i>	15401736	Regional
017-034	Milltown Parochial House	Corkan		Detached three-bay two-storey parochial house, built c.1880. Hipped natural slate roof with two rendered chimneystacks to centre. Smooth cement rendered façade with 'belt buckle' quoins to the corners.	<i>A well-appointed parochial house, of late nineteenth-century appearance, which retains its early form and character.</i>	15401737	Regional
017-035	Former Presbyterian Manse	Killeenboy		Detached three-bay two-storey former Presbyterian Manse on L-shaped plan, built c.1850, having a two-storey return to the rear at the southwest corner and a stairs return to the rear (west). Now in use as a private house.	<i>A well-proportioned mid nineteenth-century former Presbyterian Manse, which retains its early form and character. This charming structure is enhanced by the retention of most of its early fabric, both to the interior and the exterior.</i>	15401739	Regional
018-001	St. Paul's Roman Catholic church	Delvin Road Bellview		Detached Roman Catholic church on irregular fan-shaped plan, built c.1987, having a single-storey projection on polygonal-plan to the northeast side and a cantilevered canopy porch to the centre of west elevation.	<i>An interesting late-twentieth century Roman Catholic church, representing a recent addition to the built heritage of Westmeath. It was built to designs by Meehan, Levins, Delaney, Kavanagh and Associates Architects.</i>	15311022	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
018-002	P. Gunning	Ballyglass		Semi-detached three-bay two-storey house, shop and former post office, built c.1875. Double-pitched natural slate roof with rendered chimneys and raised rendered verges to either end (east and west).	<i>A well-composed modest-scale house and shop, which retains its early form and massing, and continues to make a positive impression on the historic character of the locality.</i>	15401801	Regional
018-003	Bellmont Bridge	Curristown		Single-arch hump-backed canal bridge carrying small road over Royal Canal, built c.1806.	<i>A typically well-built canal bridge, which is a valuable part of the architectural heritage of Westmeath and the industrial heritage of Ireland. Although humble in form, this structure has a simple and functional elegance.</i>	15401802	Regional
018-004	Freestanding cast-iron water pump	Curristown		Freestanding cast-iron water pump, erected c.1880, comprising banded cylindrical shaft having fluted spout, 'cow tail' curvilinear handle, and ogee-dome cap with finial over. Base now missing.	<i>Water pumps played an important social role in the nineteenth and early-twentieth centuries by providing a communal water source and are attractive pieces of mass-produced cast-iron in their own right.</i>	15401803	Local
018-005	Gateway	Curristown		Gateway, erected c.1860, comprising pair of cut limestone gate posts, on hexagonal plan, with pyramidal heads. Posts support pair of wrought-iron bar gates. Stone wheel guard to base of pillar to south. Road fronted at entrance to modernised house.	<i>A simple yet appealing gateway, displaying good quality traditional craft workmanship, which is a subtle and unassuming element of the built heritage of Westmeath.</i>	15401804	Regional
018-006	Ballinea Bridge	Ballina		Single-arch hump-backed canal bridge carrying small road over Royal Canal, built c.1806.	<i>A typically well-built canal bridge, which is a valuable part of the architectural heritage of Westmeath and the industrial heritage of Ireland. Although humble in form, this structure has a simple and functional elegance.</i>	15401805	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
018-007	Walshestown Roman Catholic chapel	Ballyote		Detached Roman Catholic single cell hall-type church, built c.1837, comprising three-bay nave. Pitched slate roof with cut stone coping to either end (east and west) having cast-iron decorative cross finials over. Cast-iron rainwater goods.	<i>A simple small-scale early-to-mid nineteenth-century Roman Catholic Church, which retains its early form and character.</i>	15401806	Regional
018-008	Shanonagh Bridge	Shanonagh		Single-arch hump-backed canal bridge previously carrying main road over Royal Canal, built c.1808. Bridge now gives access to a modern bungalow and has been superseded by (adjacent) modern concrete bridge with steel railings.	<i>A typically well-built canal bridge, which is a valuable part of the architectural heritage of Westmeath and the industrial heritage of Ireland. Although humble in form, this structure has a simple and functional elegance.</i>	15401809	Regional
018-009	Strand House	Walshestown North		Detached three-bay two-storey house, built c.1885, with projecting gable-fronted central bay to entrance façade (southeast). Canted bay windows with hipped natural slate roofs to east end of southeast elevation and to southwest side elevation.	<i>An attractive middle-sized house, which retains its early charm and character despite recent alterations resulting in the loss of the early windows.</i>	15401810	Regional
018-010	Detached three-bay two-storey farm house	Sonna Demesne		Detached three-bay two-storey farm house, built c.1820, with single-storey outbuildings attached to either end of front façade (west). Pitched natural slate roof with rendered chimneystacks to either end. Cast-iron rainwater goods.	<i>A good example of a traditional farm house, of modest architectural aspirations, which retains its early form, character and detailing.</i>	15401811	Regional
018-011	Our Lady of Good Counsel	Brottonstown		Detached Roman Catholic hall-type chapel, built c.1840 and renovated c.1955, comprising three-bay nave with a gabled single-bay entrance porch to east side, c.1840, and a modern single-bay porch to west end.	<i>A small-scale mid nineteenth-century Roman Catholic chapel, built in a muted Gothic Revival-style, which retains its early form and character.</i>	15401812	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
018-012	Bushmills House	Glascarn		Detached four-bay single-storey house, built c.1800, with projecting single-bay flat-roofed entrance porch. Pitched natural slate roof with centrally located rendered chimneystack and cast-iron rainwater goods.	<i>A modest vernacular house, which retains its early form and character. The modest scale and stature of this house helps to add a charming quality to its appearance.</i>	15401813	Regional
018-013	Greenpark House	Tuitestown		Entrance gates to Greenpark House, built c.1820, comprising pair of rusticated (v-jointed) ashlar limestone stone piers on square-plan with ashlar limestone capstones over having ball finials.	<i>An elegantly composed early nineteenth-century gateway associated with Greenpark House, which is notable for the quality of the ashlar limestone stonework to the piers.</i>	15401814	Regional
018-014	Ballyglass House	Ballyglass		Detached five-bay two-storey house, built c.1780 and altered c.1860, with flanking single-storey lean-to additions to either end (north and south) and a two-storey extension to the rear (west).	<i>This building is an unusual and an interesting example of a vernacular house that retains its early form, structure and a great deal of its early fabric and fittings.</i>	15401815	Regional
018-016	Loughazan Hall (Mount Dalton) and demesne	Loughan		Detached six-bay two-storey over basement country house with two-bay single-storey wing to the east, built c.1784 and altered c.1830. Double hipped natural slate roof having eaves cornice, rendered chimneystacks and cast-iron rainwater goods.	<i>An elegant and attractive late eighteenth-century house, which retains its early character and important salient features. This house was given a good neoclassical makeover sometime in the early nineteenth-century, creating its present appearance.</i>	15401816	Regional
018-017	Rathconrath House	Killahugh		Detached three-bay two-storey former rectory having central projecting full-height gable-fronted bay, built c.1818. Now in use as a private house (prior to 1914). Hipped natural slate roof with rendered chimneystacks and cast-iron rainwater goods.	<i>An attractive early nineteenth-century Church of Ireland rectory, which retains its early form, character and a great deal of its early fabric.</i>	15401818	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
018-018	Coolnahay Bridge	Coolnahay		Single-arch hump-backed canal accommodation bridge carrying small road over Royal Canal, built c.1809.	<i>A typically well-built canal bridge, which is a valuable part of the architectural heritage of Westmeath and the industrial heritage of Ireland. Although humble in form, this structure has a simple and functional elegance.</i>	15401819	Regional
018-019	Cartron House	Cartron		Detached three-bay two-storey house, built c.1830, now vacant. Hipped slate roof with rendered chimneystacks and cast-iron rainwater goods. Wet dash walls over plinth course.	<i>This is a well-composed and well-proportioned house, which continues to retain many salient features such as the timber sash windows and block and start door surround.</i>	15401820	Regional
018-020	Kildallan Bridge	Cartron		Single-arch hump-backed canal bridge carrying small road over Royal Canal, built c.1809.	<i>A typically well-built canal bridge, which is a valuable part of the architectural heritage of Westmeath and the industrial heritage of Ireland. Although humble in form, this structure has a simple and functional elegance.</i>	15401821	Regional
018-020	Glascarn House	Glascarn		Detached three-bay two-storey house, built c.1870. Hipped natural slate roof having two rendered chimneystacks to centre with terracotta chimney pots over. Ruled-and-line rendered walls over projecting plinth with raised quoins to corners.	<i>A well-appointed middle-sized, mid-to-late nineteenth-century house with a substantial complex of associated outbuildings to the rear. The house is well balanced and retains a good block-and-start doorcase.</i>	15401824	Regional
018-021	Lock Keeper's house, 29th Lock	Cartron		Detached three-bay single-storey canal lock keeper's house, built c.1809. Now in use as a private dwelling with extension to rear (south). Hipped natural slate roof with projecting stone eaves course and a central rendered chimneystack.	<i>A charming and highly picturesque early nineteenth-century lock keeper's house, which retains its early character, form and fabric.</i>	15401822	Regional

018-023	Scoil Odhrain Naofa	Cartron		Detached six-bay double-height national school, dated 1953, with single-bay single-storey flat-roofed recessed flanking entrance/toilet/cloakroom blocks to either end (north and south).	<i>A typical mid twentieth-century national school, which retains its early character and plan. The building has witnessed some alteration in the form of uPVC windows, but its original form is still intact.</i>	15401825	Regional
018-024	Entrance gates	Kildallon North		Entrance gates, erected c.1900, comprising pair of rusticated dressed limestone gate piers on square-plan having flat limestone capstones over with associated pair of wrought-iron bar gates.	<i>An appealing and unassuming set of gate piers with associated wrought-iron gates, which display good quality traditional craftsmanship.</i>	15401826	Regional
018-025	Sonna Roman Catholic church	Sonna Demesne		Detached T-plan Roman Catholic church, built c.1820 and altered c.1860 with the addition to an apsidal chancel (northwest). Pitched natural slate roof with cast-iron rainwater goods and a cut stone cross finial to entrance gable (southeast).	<i>An attractive, modestly-scaled, early nineteenth-century church, which retains its early form and character.</i>	15401827	Regional
018-026	Freestanding cast-iron water pump	Sonna Demesne		Freestanding cast-iron water pump, erected c.1885, comprising banded cylindrical shaft with fluted head having plain spout and 'cow tail' curvilinear handle. Cap now missing.	<i>This appealing feature in the landscape represents an important early-surviving artifact in mass-produced cast-iron ware.</i>	15401828	Regional
018-026	Walshestown Roman Catholic church	Walshestown North		Detached Roman Catholic church on cruciform plan, built c.1830 and extended c.1850, comprising single-bay nave, single-bay chancel and single-bay transepts to the north and south. Later single-bay vestry added to chancel gable, c.1920.	<i>A small-scale early nineteenth-century Roman Catholic Chapel, built in a muted Gothic Revival-style, which retains its early form and character.</i>	15401817	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
018-027	Semi-detached four-bay two-storey former post office	Ballyglass		Semi-detached four-bay two-storey former post office, built c.1820, with shopfront to eastern bay now vacant. Associated with structure to the east (15401801).	<i>A modest structure of early nineteenth-century appearance, which has been extended to the east. It retains its early character but alterations have diminished its architectural importance.</i>	15401829	Local
018-028	26th Lock	Gadarrystown		Canal lock gate, erected c.1809, comprising restored pair of timber and steel lock gates with timber balance arms. Set within lock chamber built of ashlar limestone.	<i>An attractive and well-built canal lock that forms part of an important group of structures associated with the Royal Canal in Westmeath.</i>	15401830	Regional
018-030	Coolnahay Harbour	Coolnahay		Canal harbour, built c.1809. Dressed limestone retaining walls with mooring posts to north and south banks. Located to the southeast of Coolnahay Bridge (15401819).	<i>An attractive and well-built canal harbour that forms part of an important group of structures associated with the Royal Canal in Westmeath.</i>	15401832	Regional
018-031	29th Lock	Cartron		Canal lock, built c.1809, consisting of a (restored) pair of timber and steel gates and timber balance beams. Set within ashlar limestone lock channel. Timber mooring posts to both banks. Located adjacent to attendant lock keeper's house (15401822).	<i>An attractive and well-built canal lock that forms part of an important group of structures associated with the Royal Canal in Westmeath.</i>	15401833	Regional
018-032	Slanemore House	Slanemore		Three-bay two-storey Georgian farmhouse having square headed windows with brick surround and adjoining two-storey block set back from façade. Pitched slate roof over each block. Front door is centrally placed with fanlight above.	<i>Mid-nineteenth century addition to earlier farmhouse, set back from road.</i>	0

018-039	Lock keeper's house, 26th Lock	Coolnahay		Detached three-bay single-storey canal lock keeper's house, built c.1809. Now out of use. Hipped natural slate roof with projecting stone eaves course and a central rendered chimneystack. Roughcast rendered walls.	<i>A charming and highly picturesque early nineteenth-century lock keeper's house, which retains its early character, form and fabric.</i>	15401831	Regional
019-001	Single-arch hump-backed canal bridge carrying small road over Royal Canal feeder line	Robinstown		Single-arch hump-backed canal bridge carrying small road over Royal Canal feeder line, built c.1806. Constructed of dressed limestone with dressed limestone voussoirs to arch. Dressed limestone coping to parapets with modern metal railings over.	<i>A typically well-built canal bridge, which is a valuable part of the architectural heritage of Westmeath and the industrial heritage of Ireland. Although humble in form, this structure has a simple and functional elegance.</i>	15309001	Regional
019-002	Single-arch hump-backed railway bridge	Longford Road Mullingar		Single-arch hump-backed railway bridge, built c.1850, carrying main road over former railway line.	<i>A robustly-detailed bridge forming an integral part of the railway and civil engineering heritage of County Westmeath.</i>	15309002	Regional
019-004	County Hospital	Longford Road Robinstown		Semi-detached multi-bay two-storey hospital on a V-plan, built c.1935, with projecting breakfront to the centre of the main elevation (south) and two-storey returns. Projecting two-storey chapel to the east wing of south facing elevation.	<i>This substantial building is an interesting example of the Modernist style. The flat-roofed form, the emphasis on the horizontal and the functional clean white colour is very typical of the new hospitals built in Ireland during the 1930s and 1940s.</i>	15309004	Local
019-005	Vent pipe	Longford Road Castlepollard RoadRobinstown		Cast-iron vent pipe with fluted base, erected c.1914. Truncated at a later date. Located adjacent to footpath to the north of Mullingar Town.	<i>An early twentieth-century ventilator pipe with associated with Mullingar Town's drainage system and a visible sign of the municipal infrastructure improvements happening at the time.</i>	15309005	Local

019-006	Cast-iron post box	Longford Road Robinstown		Wall-mounted cast-iron post box, c.1890, with 'VR' royal cipher and raised crown motif. Set into (rebuilt) rubble limestone wall. Located outside the former Union Workhouse now St. Mary's Hospital (15309008) to the north of Mullingar Town.	<i>This cast-iron post box, which is still in use, is an important feature in the streetscape. The modest design of the box is enhanced by the royal cipher with crown motif, which enlivens the appearance of this otherwise functional object.</i>	15309006	Regional
019-007	Boundary wall, former Mullingar Union Workhouse (St. Mary's Hospital)	Longford Road Robinstown		Section of boundary wall, erected c.1845, to the rear of St. Mary's Hospital, formerly Mullingar Union Workhouse (15409008/18). Constructed of coursed limestone rubble with crenellated coping over. Located to the north of Mullingar.	<i>A well-built and imposing boundary wall which forms an attractive feature on the Longford Road.</i>	15309007	Regional
019-008	Master's house, former Mullingar Union Workhouse (St. Mary's Hospital)	Castlepollard Road Robinstown		Detached former five-bay two-storey union workhouse administration block, built 1841, with advanced gable-fronted bays to either end of front façade and three gables at roof level to the central section of front façade (southeast).	<i>A well detailed and well-proportioned former workhouse administration block, which retains its early form, fabric and fabric. It is well-built in a Tudor Gothic style and has extensive cut limestone detailing, including string courses and hoodmouldings.</i>	15309008	National
019-009	Main entrance gates to graveyard	Longford Road Robinstown		Main entrance gates to graveyard, erected c.1889, comprising four dressed limestone gate piers, on square-plan with moulded limestone capping stones over, supporting cast-iron gates and cast-iron double gates.	<i>An elegant and well detailed late nineteenth-century gateway, forming the main entrance to the Mullingar Town cemetery.</i>	15309009	Regional
019-010	Cemetery Lodge	Longford Road Robinstown		Detached gate lodge/sexton house serving Mullingar Town cemetery, built c.1889, comprising a projecting single-bay two-storey gable-fronted section to the centre with recessed single-bay single-storey wings to either side (north and south).	<i>An appealing and appropriately somber late nineteenth-century gate lodge/sexton house, which retains its early form and character.</i>	15309010	Regional

019-011	St. Finian's College	Longford Road Irishtown		Main entrance gate to St. Finian's College (15309012), erected c.1908, consisting of central carriage entrance flanked to the north and south by pedestrian entrances.	<i>A fine and highly ornamental gateway serving as the main entrance to St Finian's College (15309012). Well-maintained, these gates retain their early form and character.</i>	15309011	Regional
019-012	St. Finian's College	Longford Road Irishtown		Detached twenty-one bay three-storey over basement former Roman Catholic seminary, built between 1902 and 1908, having a central three-bay pedimented breakfront and three-bay breakfronts to either end (east and west).	<i>A monumental structure built in a mix of classical and Institutional Gothic architectural styles. It retains its early form and its imposing institutional character.</i>	15309012	Regional
019-013	St. Finian's College	Longford Road Irishtown		Attached multi-bay Roman Catholic chapel associated with St. Finian's College (15309012), built c.1910. Attached to east side of St. Finian's College by a single-storey flat-roofed wing. Polygonal apse to north end.	<i>A large-scale early twentieth-century church associated with St. Finian's College, which retains its early, form, character and fabric. It is built in a Gothic Revival-style, typical of the style prevalent at its date of construction.</i>	15309013	Regional
019-014	St. Finian's College	Longford Road Irishtown		Detached double-height gymnasium associated with St. Finian's College (15309012), built c.1915. Open single-storey veranda with a corrugated metal runs around building to the south and east sides.	<i>A substantial early nineteenth-century gymnasium associated with Finian's College (15309012). It retains its early form and character despite alterations resulting in the loss of original fittings to the openings.</i>	15309014	Local
019-015	St. Finian's College	Longford Road Irishtown		Four handball alleys, erected c.1910. Built in pairs and in a back-to-back arrangement. Smooth cement rendered walls. Located to the southwest of St. Finian's College, in shared grounds. Located to the north of Mullingar.	<i>An unusually large group of handball alleys associated with St. Finian's College (15309012). They represent the importance attached to Irish sport and the Irish national identity within the teachings of Roman Catholic Church at the time of construction.</i>	15309015	Regional

019-016	Ballyglass House	Longford Road Ballyglass		Entrance gates serving Ballyglass House (15309017), erected c.1885, comprising four decorative cast-iron gate posts supporting decorative cast-iron gates and railings. Rubble limestone boundary wall runs away to either side (north and south).	<i>A highly decorative entrance gate serving Ballyglass House (15309017), which retain its early character.</i>	15309016	Regional
019-017	Ballyglass House	Longford Road Ballyglass		Detached four-bay two-storey house, built c.1820, having a single-storey canted bay window and a single-bay entrance porch to the centre of main elevation (west). Four gable-ended bays to the rear (east).	<i>An appealing house that retains much of its early character. The form of this house suggests that it may have been built at the start of the nineteenth century.</i>	15309017	Regional
019-018	Former Mullingar Union Workhouse complex (St. Mary's Hospital)	Longford Road Robinstown		Former union workhouse complex on H-shaped plan, built c.1841, comprising a thirteen-bay two-storey range (having attic storey with dormers to roof) with three-storey double gable-fronted end blocks to the southwest and northeast.	<i>The remains of a large-scale former union workhouse complex, built by the Poor Law Commission. The designs for this complex were prepared by George Wilkinson (1814-90).</i>	15309018	Regional
019-019	Former union workhouse graveyard on irregular plan	Robinstown		Former union workhouse graveyard on irregular plan, used between c.1840 and c.1860. Now out of use. Cut stone gateway to the southwest side having a pair of wrought-iron gates.	<i>A somber graveyard associated with the former Mullingar Union Workhouse complex to the southwest (15309008 and 15309018).</i>	15309019	Regional
019-020	Barrack View	Ashe Road Mullingar		Detached three-bay two-storey house on L-shaped plan, built c.1885, having enclosed single-bay flat-roof porch to the centre of the entrance front (north). Hipped natural slate roof with rendered chimneystacks and clay chimney pots.	<i>A typical late nineteenth-century farmhouse, which retains much of its early form, fabric and character. This farmhouse has pleasing proportions and has some aspirations towards gentility.</i>	15310002	Local

019-021	Columb Barracks	Ashe Road Mullingar		Boundary wall surrounding Columb barracks (15310007 to 1531019), built c.1814, having a number of former integral carriage arch entrances to the north on Ashe Road. Constructed of coursed rubble limestone.	<i>A well-built and imposing boundary wall, having a number of good quality dressed limestone gateways. It retains its early form and character despite its now deteriorating condition.</i>	15310003	Regional
019-022	Wall-mounted cast-iron post box	Ashe Road Mullingar		Wall-mounted cast-iron post box, c.1940, with raised lettering over flap reading 'Post Office'. Located adjacent to main entrance to Columb Barracks (15310007 to 15310019) to the west side of Mullingar.	<i>This cast-iron post box, which is still in use, is a subtle feature in the streetscape to the west side of Mullingar. The modest design of the box is enhanced by the raised lettering.</i>	15310005	Regional
019-023	Freestanding memorial monument	Ashe Road Mullingar		Freestanding memorial monument, erected c.1980, comprising ashlar limestone Celtic cross over two-stage plinth with Celtic strap work detailing to tapered base.	<i>An elegant monument in the tradition of late nineteenth-century memorial crosses. Erected by the Mullingar Branch of the National Organisation of Ex Servicemen and Women to commemorate deceased members of the permanent defences forces.</i>	15310006	Local
019-024	Columb Barracks	Ashe Road Mullingar		Two multiple-bay three-storey military barrack ranges on L-shaped plans associated with Columb Barracks (15310007 to 15310019), built 1814. Ranges linked in the centre by a later wall/memorial, erected 1966, making a U-plan complex.	<i>Two very fine early nineteenth-century barrack ranges having classical proportions and retaining their early character and form.</i>	15310007	Regional
019-025	St. Colman's chapel	Ashe Road Mullingar		Freestanding nine-bay military chapel, built c.1855, having attached three-stage belltower attached to the entrance front (south). Originally in use as a Church of Ireland church but now in use as a Roman Catholic church.	<i>A good quality mid nineteenth-century military chapel, built in a Gothic style, which retains its early form, character and fabric. This fine building is well-built and is extensively detailed in ashlar limestone.</i>	15310008	Regional

019-056	Two-storey former railway workers' houses, (Railway Terrace)	Clonmore Road Mullingar		Terrace of eight two-storey former railway worker's houses on varying sizes, built c.1855. Only one now still lived in (No. 1, east end), the others now out of use and overgrown.	<i>A substantial terrace of former railway worker's house, which retain their character, form and fabric despite now mainly overgrown and derelict condition.</i>	15310045	Regional
019-057	Retaining wall/embankment, Mullingar Railway Station	Mullingar		Section of retaining wall/embankment associated with Mullingar Train Station, erected c.1850. Constructed of snecked limestone with cut stone coping over parapet walls.	<i>An impressive section of retaining walls/embankment associated with Mullingar Train Station (15310049).</i>	15310046	Regional
019-058	Single-storey railway platform and associated structures, Mullingar Railway Station	Mullingar		Detached single-storey railway platform shelter and ancillary single-storey structures associated with Mullingar Train Station (15310049), built c.1860. Platform on curved in plan following course of railway lines. Now out of use.	<i>A good quality railway platform shelter and ancillary structures associated with Mullingar Station (15310049), which maintain their early form and fabric despite being out of use.</i>	15310050	Regional
019-059	Mullingar Railway Station	Mullingar		Single-arch railway bridge, built c.1850 and altered c.1890, carrying railway line over road. Constructed of rusticated limestone with a steel span over having wrought-iron/steel parapets/balustrades, added c.1890.	<i>A robustly-detailed bridge forming an integral part of the railway and civil engineering heritage of County Westmeath.</i>	15310047	Regional
019-060	Seven-bay single-storey, former goods shed, Mullingar Railway Station	Mullingar		Attached seven-bay single-storey former goods shed associated with Mullingar Train Station (15310049), built c.1896. Now out of use. Later two-bay single-storey red brick shed attached to west gable end.	<i>A substantial and appealing former railway goods shed, which forms part of an important group of structures associated with Mullingar Train Station (15310049).</i>	15310048	Regional

019-061	Entrance complex, Mullingar Railway Station	Mullingar		Attached bow-fronted three-bay two-storey railway station, built c.1856 and altered c.1896, having multi-bay single-storey wings and platforms to the east.	<i>A complex and sophisticated building, representing an excellent example of the high standard of railway architecture in Ireland during the mid nineteenth-century. Its design is unique in Ireland being set between two bifurcating railway tracks.</i>	15310049	National
019-062	Single-arch railway bridge, Mullingar Railway Station	Mullingar		Single-arch railway bridge, built c.1848, carrying railway line over small road. Constructed of rusticated limestone with an rock-faced limestone voussoirs to arch. parapet.	<i>A robustly-detailed bridge forming an integral part of the railway and civil engineering heritage of County Westmeath.</i>	15310051	Regional
019-063	Signal box, Mullingar Railway Station	Mullingar		Detached four-bay two-storey signal box associated with Mullingar Station (15310049), built c.1920. Pitched roof with wide overhanging eaves supported on decorative timber brackets. Rusticated concrete block chimneystack to west gable.	<i>A good quality early twentieth-century signal box, which retains its early form, character and fabric. This structure is one of the later buildings in the Mullingar Station complex and replaced an earlier signal box at this station.</i>	15310052	Regional
019-064	Single-storey railway platform and associated structures, Mullingar Railway Station	Mullingar		Detached single-storey railway platform shelter with two single-storey ancillary structures (waiting room to the east end and a shed to the west end) associated with Mullingar Train Station (15310049), built c.1875.	<i>A simple but elegant platform shelter (and ancillary structures) built at the height of railway prosperity in the late nineteenth-century. The attractive cast-iron columns and roof structure add a decorative element to this functional structure.</i>	15310053	Regional
019-065	Section of limestone kerbing laid along footpath	Railway Row Mullingar		Section of limestone kerbing laid along footpath, c.1870. The street level has been raised so that the kerbing is now on the level of the street and there is no drop between pavement and street. Located to the west end of Mullingar.	<i>A short section of limestone kerbing, representing one of the few remain sections of historic paving still surviving in Mullingar. It now acts as a subtle feature in the streetscape adding to the historic veneer of the town.</i>	15310054	Regional

019-071	Five-bay three-storey bank building (Bank of Ireland)	Dominick Street Mullingar		Detached five-bay three-storey bank, built in 1858, having advanced bays to either end of the front façade (north). Front facade flanked to either end by single-storey quadrant walls with cut stone coping over. Now in use as an office building.	<i>A good quality mid nineteenth-century bank building, which retains its early form and character. This building is lent an imposing feel on account of the advanced bays to either end and by the well-detailed ashlar detailing to the ground floor.</i>	15310060	Regional
019-072	Two-bay three storey building (Tom Birmingham)	Oliver Plunkett Street Mullingar		End-of-terrace two-bay three-storey house, built c.1840, now in use as a retail outlet. One of a pair with the building adjacent to the east (15310062). Pitched natural slate roof with cast-iron rainwater goods and a rendered chimneystack to the west end.	<i>A very appealing mid nineteenth-century building, which retains its early form, character and fabric. The brick dressings to the openings and the moulded architraves to the window openings, indicates that this building was originally rendered.</i>	15310061	Regional
019-073	Two-bay three storey building (O'Brien's Pharmacy)	Oliver Plunkett Street Mullingar		Terraced two-bay three-storey house, built c.1840, having a modern shopfront to the ground floor. One of a pair with the building adjacent to the west (15310061).	<i>A good quality mid nineteenth-century building, which retains its early form and character despite alterations to the window openings and to the ground floor in recent years.</i>	15310062	Regional
019-074	Amrita's	Oliver Plunkett Street Mullingar		Terraced three-bay three-storey retail building, built c.1880, having a modern shopfront to the ground floor. Now in use as restaurant.	<i>A typical late nineteenth-century commercial building, which retains its early form and character despite alterations to the window openings and to the ground floor in recent years.</i>	15310063	Regional
019-075	Three-bay three-storey building (Peppers)	Oliver Plunkett Street Mullingar		Terraced three-bay three-storey house, built c.1820, having a shopfront, c.1900 to the east side of the main façade (north). Pitched slate roof with rendered chimneystacks to either end (east and west) and cast-iron rainwater goods.	<i>A very good quality early nineteenth-century building, which retains its balanced early proportions.</i>	15310064	Regional

019-116	Masonic Hall	Church Avenue Mullingar		Attached two-bay two-storey gable-fronted Masonic Hall/Lodge, built c.1878. Pitched natural slate roof, stepping up to a higher two-storey pitched roof to the rear (east). Rendered chimneystacks. Timber finial over apex of entrance gable.	<i>A simple but appealing late nineteenth-century building, which brings a different quality to the streetscape with its gable-fronted design and small diamond paned windows. This building is of particular importance due to its associations with the Masons.</i>	15310116	Regional
019-117	Three-bay three-storey building with carriage arch	Pearse Street Mullingar		Terraced three-bay three-storey house, built c.1810. Now in use as a retail outlet with a modern shopfront to the west end of the front façade (north) and another shop unit to the rear accessed through the square-headed carriage arch to the west end.	<i>A simple but substantial terraced house of early nineteenth-century appearance, which retains much of its early character and original proportions despite some modern alterations resulting in the loss of early fabric.</i>	15310117	Regional
019-118	Annebrook House	Pearse Street Mullingar		Detached three-bay two-storey over basement house, built c.1810. Under renovation late 2004. Hipped natural slate roof with a central pair of rendered chimneystacks having moulded decoration and terracotta pots over.	<i>A good quality middle-sized house of early nineteenth-century appearance, which retains its early proportions and character. The interesting doorcase is a particularly noteworthy feature of artistic merit.</i>	15310118	Regional
019-119	Attached three bay two-storey house	Austin Friars Street Mullingar		Attached three bay two-storey house, built c.1900. One of a pair with the building adjacent to the east (15310122). Pitched slate roof with crested terracotta ridge tiles, cast-iron rainwater goods and a moulded brick eaves course.	<i>A simple but well-proportioned red brick house, which retains its early form and character.</i>	15310121	Local
019-120	Attached three bay two-storey house	Austin Friars Street Mullingar		Attached three bay two-storey house, built c.1900. One of a pair with the building adjacent to the west (15310121). Pitched natural slate roof with crested terracotta ridge tiles, cast-iron rainwater goods and a moulded brick eaves course.	<i>A simple but well-proportioned red brick house, which retains its early form and character.</i>	15310122	Local

019-171	St. Brigid's & St. Oliver's	Bishop'S Gate Street Mullingar		Pair of semi-detached two-bay two-storey houses, built c.1880. Pitched natural slate roof with crested lay ridge tiles, red brick chimneystacks to the gable end of each building and with a moulded brick eaves cornice. red brick walls over rendered plinth.	<i>A simple pair of late nineteenth-century houses, which retain their early character and form. These houses are enlivened by the brick detailing, the decorative ridge tiles and by the simple bracketed doorcases.</i>	15310183	Local
019-172	Detached three-bay single-storey house	Bishop'S Gate Street Mullingar		Detached three-bay single-storey house, built c.1850. Pitched artificial slate roof with rendered chimneystacks with terracotta pots over to either gable end. Cast-iron rainwater goods. Roughcast rendered walls over smooth rendered plinth.	<i>A pleasant, small-scale mid nineteenth-century gentleman's residence, which retains its early form and character despite the loss of some important early fabric in recent years.</i>	15310184	Regional
019-173	Hughes	Pearse Street Castle Street Mullingar		Corner-sited end-of-terrace four-bay three-storey commercial building, built c.1870, having modern replica shopfronts to both main facades. Now in use as a public house.	<i>An appealing and prominently-sited commercial building, which retains its early character to the upper floors despite alterations to the ground floor and the loss of the early windows.</i>	15310185	Regional
019-174	Duncan's Butchers	20-22 Pearse Street Mullingar		Terraced three-bay three-story commercial building, built c.1890, having a central canted oriel window at first floor level. Now having two separate shop units to the ground floor.	<i>A large-scale commercial building, of late nineteenth-century character, which has a strong presence in the streetscape. It retains some interesting details, including the canted oriel window and the moulded cornices.</i>	15310186	Regional
019-175	Hugh Daniel's	Pearse Street Mullingar		Terraced two-bay three-storey house/commercial building, built c.1850, having a modern replica traditional shopfront to the ground floor. Forms part of a formal terrace with the buildings (15310188 and 15310189) adjacent to the west.	<i>A simple mid nineteenth-century building, which retains much of its early character and form.</i>	15310187	Regional

019-176	Quids	Pearse Street Mullingar		Terraced two-bay three-storey house/commercial building, built c.1850, having a modern shopfront to the ground floor. Forms part of a formal terrace with the buildings to either side (15310187 and 15310189).	<i>A mid nineteenth-century building, which retains much of its early character and form.</i>	15310188	Regional
019-177	Heaton's	28-30 Pearse Street Mullingar		Terraced seven-bay three-storey house/commercial building, built c.1850, having a modern replica shopfront to the ground floor. Forms part of a formal terrace with the buildings to the east side (15310187 and 15310188).	<i>A substantial mid nineteenth-century building, which retains much of its early character and form. This building was originally built as three separate units, now combined and in single ownership.</i>	15310189	Regional
019-178	Three-bay two-storey house with Ionic doorcase	Pearse Street Mullingar		Terraced three-bay three-storey house/building, built c.1790, having a shopfront to the ground floor, now blocked. Currently disused. Pitched natural slate roof with slate-hung gable to the east end, a moulded eaves cornice and cast-iron rainwater goods.	<i>A highly appealing small-scale townhouse, which retains its early form, fabric and detail despite being no longer in active use.</i>	15310190	Regional
019-179	Four-bay three-storey building (P.W.Shaw)	Pearse Street Mullingar		Terraced four-bay three-story retail outlet, built c.1830, having a modern replica traditional shopfront to the ground floor. Originally two houses buildings, later amalgamated into one unit.	<i>A substantial and well-proportioned terraced building, which retains much of its early character and form. The style of the good quality cut stone doorcase suggests that this structure(s) dates to the early nineteenth-century.</i>	15310191	Regional
019-180	Terraced three three-storey buildings (J. Shaw and Bros. Ltd.)	44, 46, 48 Pearse Street Mullingar		Terrace three three-storey commercial buildings, built c.1830, comprising a three-bay three-storey building to the west end (No. 48), a two-bay three-storey building to the centre (No. 46) and a two-bay three-storey to the east (No. 44).	<i>A fine terrace of three-storey buildings, which occupies a prominent site in the centre of Mullingar and retain their early form, character and fabric.</i>	15310192	Regional

019-181	Four-bay three-storey former Bank of Ireland building	Pearse Street Mullingar		Terraced four-bay three-storey bank, built c.1860. Pitched natural slate roof, partially hidden behind a raised parapet/blocking course, having rendered chimneystacks (with terracotta pots over) to either gable end and a projecting bracketed eaves course.	<i>A robust and well-detailed Victorian bank building, which retains its early character and form.</i>	15310193	Regional
019-182	Five-bay three-storey building (Weir's Pharmacy)	Pearse Street Market PlaceMullingar		Terraced five-bay three-storey retail outlet, built c.1840, having a modern 'traditional'-style shopfront to the ground floor. Pitched slate roof, slightly sprocketed at eaves, having rendered chimneystacks.	<i>A good quality and well-proportioned early-to-mid nineteenth-century building, which retains its early form despite the removal of the original render finish and the loss of the early fittings to the openings in recent years.</i>	15310194	Local
019-182	Corner-sited four-bay three-storey building (Educational Building Society and Poundworld)	Pearse Street Martin'S LaneMullingar		Corner-sited end-of-terrace four-bay three-storey building, c.1850. Now split into two units at ground floor level with modern shopfronts.	<i>A well-proportioned and well-detailed mid nineteenth-century building, which retains its early character and form to the upper floors despite extensive alterations to the ground floor.</i>	15310195	Regional
019-184	Four-bay two-storey house (Part of John Daly's)	Martin'S Lane Mullingar		End-of-terrace four-bay two-storey house, built c.1850. Pitched slate roof with two rendered chimneystacks, one shared with adjacent building to the south (15310103). Roughcast rendered walls over smooth rendered plinth.	<i>A simple mid nineteenth-century house, pleasantly proportioned and retaining its early character.</i>	15310196	Regional
019-185	Three-bay two storey building (Part of John Daly's)	Martin'S Lane Mullingar		Terraced three-bay two-storey former retail unit, built c.1850. Now in use as a public house and amalgamated with the building to the south (15310198). Pitched slate roof having a shared rendered chimneystack to the north end.	<i>A simple but well-proportioned mid nineteenth-century building, which retains its early form and character. This modest building is enlivened by the well-detailed fascia board, the wide display windows and by the central bracketed doorway.</i>	15310197	Regional

019-186	Corner-sited seven-bay three-storey building (John Daly's/Way Out Fashion)	Oliver Plunkett Street Martin'S Lane Mullingar		Corner-sited end-of-terrace seven-bay three-storey commercial premises, built c.1840, having two/three modern replica traditional shopfronts to the front façade (south). Originally two houses of three-bays and four-bays.	<i>A plain but substantial late-Georgian or late-Georgian-style building, occupying an important central location, which retains its early form but has been extensively altered in recent years with the resulting loss of early fabric and character.</i>	15310198	Local
019-187	Four-bay two-storey building with dormer windows (Swarbrigg's)	Oliver Plunkett Street Mullingar		Terraced four-bay two-storey building, c.1915, having a shop to the ground floor. Steeply pitched slate roof with cast-iron downpipes and with a shared rendered chimneystack to the east gable end.	<i>A highly appealing and well-detailed early-twentieth building, which retains its early form, fabric and character.</i>	15310199	Regional
019-188	Four-bay three-storey building (Partners)	Oliver Plunkett Street Mullingar		Terraced four-bay three-storey house, built c.1750, having a shopfront to the west end of the ground floor. Steeply pitched slate roof with moulded eaves course, rendered chimneystacks to each gable end and cast-iron rainwater goods.	<i>A large mid-eighteenth century house, which retains its early form and character. This building is an important legacy of the early town and is one of the earliest buildings still extant in Mullingar.</i>	15310200	Regional
019-189	Four-bay three-storey building (L. O Sullivan)	Oliver Plunkett Street Mullingar		Terraced four-bay three-storey house, built c.1750, having a modern replica 'traditional' shopfront to the ground floor. Steeply pitched natural slate roof with a shared chimneystack to the east end, set behind roof ridge, and a moulded eaves course.	<i>A large mid-eighteenth century house, which retains its early form and character despite alterations over the years. This building is an important legacy of the early town and is one of the earliest buildings still extant in Mullingar.</i>	15310201	Regional
019-190	Three-bay three-storey building (Walsh Jewellers)	Oliver Plunkett Street Mullingar		Terraced three-bay three-storey house, built c.1750. Ground floor now in use as a shop with shopfront added, c.1900. Steeply pitched slated roof with shared chimneystack to the east end, set behind roof ridge, and cast-iron rainwater goods.	<i>A large mid-eighteenth century house, which retains its early form and character despite alterations over the years. This building is an important legacy of the early town and is one of the earliest buildings still extant in the centre of Mullingar.</i>	15310202	Regional

019-191	Three-bay three-storey building (Gallery 29)	Oliver Plunkett Street Mullingar		Terraced three-bay three-storey house, built c.1775, having a modern shopfront to ground floor. Shallow pitched slate roof with replacement rainwater goods. Rendered walls with square-headed openings having one-over-one pane timber sliding sash windows.	<i>A simple terraced house of mid-to-late eighteenth-century appearance, which retains some of its earlier character and form despite extensive recent alterations.</i>	15310203	Regional
019-192	Two-bay three-storey former bank with attic level (Mullingar Credit Union)	Oliver Plunkett Street Mullingar		Terraced two-bay three-storey former bank with attic level, built c.1900, having two gable-fronted full-height shallow canted projections to the upper floors topped by decorative gables with cut stone coping and carved finials over.	<i>A curious and well-detailed late nineteenth or early twentieth-century bank building, having an eclectic mix of styles, motifs and influences. This interesting structure retains its early form and much of its early fabric.</i>	15310204	Regional
019-193	Partners Dry Cleaning	Oliver Plunkett Street Mullingar		Terraced three-bay three-storey building, c.1860, now in use as retail outlet with offices over. Pitched slate roof with rendered chimneystacks to each gable end.	<i>A handsome mid nineteenth-century building, which retains its early character despite alterations to the ground floor and the loss of the early fittings to the openings.</i>	15310205	Regional
019-194	Corner-sited building facing Dominick Square and Pearse Street (First Active and Cosgrove's Bar)	The Square Oliver Plunkett Street Mullingar		Attached corner-sited five-bay three-storey house, built c.1850. Now in use as public house and commercial premises with two modern shopfronts to the ground floor.	<i>An appealing and well-detailed mid nineteenth-century Italianate-style building with classical renaissance detailing, which retains its early form and character to the upper floors.</i>	15310206	Regional
019-195	Freestanding memorial monument/sculpture	Dominick Street The Square Mullingar		Freestanding memorial monument/sculpture, erected in 1997, comprising an irregular roughly-hewn granite slab, having a bronze plaque and three bronze hands to the front face (southwest), with a freestanding bronze mill wheel resting against the front face	<i>A memorial monument/sculpture commemorating the effects of The Great Famine (1845-c.1852) in Mullingar. This feature is well-cast in bronze with the mill wheel representing the town of Mullingar.</i>	15310207	Regional

019-211	Freestanding limestone milestone/boundary marker/ordnance stone on rectangular plan having pyramidal top	Ashe Road Mullingar		Freestanding limestone milestone/boundary marker/ordnance stone on rectangular plan having pyramidal top, erected c.1800, with carved inscriptions to faces.	<i>A nicely carved limestone artefact, which is an interesting addition to the roadscape to the northwest of Mullingar.</i>	15310231	Regional
019-212	Semi-detached three-bay one-storey with attic level local authority house	Patrick Street Mullingar		Semi-detached three-bay one-storey with attic level local authority house, built c.1900, having a projecting single-bay gable-fronted entrance porch to the east end of the front façade (north) and a single gable-fronted dormer window to the west end.	<i>A rare example of an early local authority house that retains its early form, character and fabric.</i>	15310232	Regional
019-213	Glenmore House	Bellview Road Petitswood		Detached three-bay two-storey house, built c.1860, having single-storey flat-roofed canted bay windows to either side of a central doorcase to the main elevation (south). Now in use as a guest house.	<i>An appealing and well-proportioned mid nineteenth-century house, which retains its early form, character and fabric.</i>	15311001	Regional
019-214	Glenmore House	Bellview Road Petitswood		Entrance gates serving Glenmore House (15311001), erected c.1870, comprising a central pair of open work cast-iron gate posts (on square-plan) supporting cast-iron double gates.	<i>An appealing and highly decorative gate screen, which forms a suitably fine entrance to Glenmore House (15311001). This gateway is distinguished by the fine cast-iron open work gate posts and cast-iron railings, which are of artistic merit.</i>	15311002	Regional
019-215	Glenmore House	Bellview Road Petitswood		Cut stone plaque on square-plan, carved c.1830, having a cross or shamrock-type motif in bas-relief to front face (north). Built into the boundary wall of Glenmore House (15311001) and to the east side of Mullingar.	<i>A curious cut stone fragment of unknown date and purpose, which adds a subtle historic feel along the main approach road into Mullingar to the east.</i>	15311003	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
019-216	Three-bay two-storey 'Modern Movement' house	Bellview Road Petitswood		Detached three-bay two-storey modern movement house on L-shaped plan, built c.1935, having a single-bay flat-roofed garage attached to the east end. Currently out of use.	<i>An interesting and rare example of a Modern Movement house, which retains its early form and character despite being derelict and out of use for a number of years (2005).</i>	15311004	Regional
019-217	Three-bay single-storey over raised basement house (Prospect House)	Bellview Road Petitswood		Detached three-bay single-storey over a raised basement house, built c.1820, having a (raised) projecting single-bay single-storey flat-roofed porch at ground floor level to the centre of the front façade (west).	<i>An interesting and well-balanced early nineteenth-century house, which retains its early character, form and much of its early fabric.</i>	15311005	Regional
019-218	Two-bay two-storey over basement (Clonard House - Fáilte Ireland)	Bellview Road Bellview		Detached two-bay two-storey over basement house, built c.1800, having a full-height three-bay canted projection to the north end of the front façade (east), added c.1860, and various two-storey returns to the rear and to the north.	<i>A curious and interesting house, remodeled on a number of occasions, which retains a number of interesting features.</i>	15311006	Regional
019-219	Nine-bay two storey former county infirmary (Dr. Healy)	Bellview Road Mullingar		Detached nine-bay two-storey former county infirmary, built c.1770, having a single-bay two-storey advanced wing to the west end, added c.1870. Various two-storey extensions to the rear, added c.1910. Later in military use c.	<i>An eighteenth century institutional building with an unusual and exceptionally wide cut limestone doorcase, which enlivens the otherwise plain front façade.</i>	15311007	Regional
019-220	Boundary wall, St. Loman's Hospital	Delvin Road Springfield Or Spittlefield		Rubble limestone boundary wall associated with St. Loman's Hospital (15311017), built c.1855, having staggered block coping over. Rebuilt gateway and wall to the east. Located to the southwest of St.	<i>A well-built limestone boundary wall associated with St. Loman's Hospital (15311017), which retains its early form and character. The section to the west end of the road-frontage of St.</i>	15311010	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
019-221	Gateway, St. Loman's Hospital	Delvin Road Petitswood		Gateway, erected c.1850, comprising a pair of ashlar limestone gate piers (on square-plan) having recessed square-headed panels and moulded capstones with lingas, mortar shells or a stone blacmange motifs over.	<i>An unusual pair of well-built ashlar limestone gate piers with idiosyncratic detailing, now acting as an architectural curiosity along the Delvin Road to the northwest of Mullingar.</i>	15311011	Regional
019-222	Former tuberculosis hospital, St. Loman's Hospital	Delvin Road Springfield Or Spittlefield		Detached nine-bay two-storey former tuberculosis hospital building on V-shaped-plan, built c.1940, having multiple-bay single-storey wings to either side (east and west) terminated by single-storey blocks.	<i>This is a typical layout for tuberculosis treatment with the individual wards laid out in separate wings so that patients could be wheeled out into the sun under the sheltered glass canopies, which are south-facing.</i>	15311012	Local
019-223	Gatelodge, St. Loman's Hospital	Delvin Road Springfield Or Spittlefield		Detached three-bay single-storey gate lodge associated with St. Loman's Hospital (15311017), built c.	<i>A simple but well-detailed Gothic-Revival gate lodge associated with St. Loman's Hospital (15311017). It retains its early form and some interesting details despite extensive recent alterations resulting in the loss of the original fabric to the openings.</i>	15311013	Regional
019-224	Nurses' home, St. Loman's Hospital	Delvin Road Springfield Or Spittlefield		Detached eighteen bay three-storey nurses' home, built c.1940, having a projecting single-bay full-height projection (containing the stairs) to the centre of the main elevation (east).	<i>An interesting and imposing large-scale nurses' home, built in a robust if repetitive classical idiom, which retains its early institutional form and character.</i>	15311014	Regional
019-225	Walled garden, St. Loman's Hospital	Delvin Road Springfield Or Spittlefield		Walled hospital garden on sub-rectangular plan, built c.	<i>An extensive walled garden associated with St. Loman's Hospital (15311017), which retains its early character and forms part of an important collection of buildings within the hospital complex.</i>	15311015	Regional

019-230	Kilpatrick Bridge	Kilpatrick		Single-arch hump-backed canal bridge carrying road over Royal Canal, built c.1806. Constructed of dressed limestone with ashlar limestone detailing including projecting string course at parapet base level/road level.	<i>A typically well-built canal bridge, which is a valuable part of the architectural heritage of Westmeath and the industrial heritage of Ireland. Although humble in form, this structure has a simple and functional elegance.</i>	15401902	Regional
019-231	Culleenmore Level Crossing Gates	Culleen More		Detached three-bay single-storey level crossing guard's house, built c.1855, with associated level crossing gates. Single-bay extension/entrance porch to the northwest adjacent to crossing gates. Extended by one bay to the southeast.	<i>A small-scale level crossing guard's house, of modest architectural aspirations, which retains its early form and character.</i>	15401903	Local
019-232	Sluice House	Culleen More		Detached three-bay two-storey former sluice keeper's house built c.1806, over Royal Canal supply line from Lough Owel. Projecting gable-fronted single-bay single-storey entrance porch to southeast corner.	<i>A charming and highly picturesque early nineteenth-century canal sluice keeper's house, which retains its early character, form and fabric.</i>	15401905	Regional
019-234	Levington Park and demesne	Farranistick		Detached nine-bay two-storey country house with two-storey returns to rear at either end (north and south), built (or rebuilt) c.1748. Possibly including earlier fabric. Altered, c.	<i>An attractive and important large-scale country house, which retains its early form and character.</i>	15401910	National
019-235	Outbuildings, Levington Park	Farranistick		Complex of two-storey outbuildings, arranged around a courtyard to the rear (west) of Levington Park (15401910), built between c.1750 and 1850. Possibly containing earlier fabric.	<i>An extensive complex of multi-period outbuildings and a walled garden to the rear of Levington Park (15401910), which retain their form and character.</i>	15401911	Regional

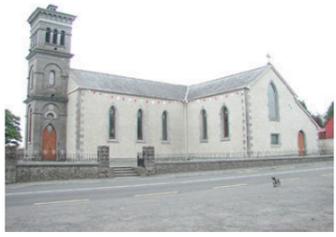

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
019-236	Entrance gateway, Levington Park	Farranistick		Main entrance gates serving Levington Park, erected c.	<i>An attractive, if plainly detailed, set of entrance gates serving Levington Park (15401910). This gateway is of early nineteenth-century appearance and probably dates to the c.1810 remodelling of Levington Park.</i>	15401912	Regional
019-237	Pair of gate lodges, Levington Park	Farranistick		Pair of matching two-storey gate lodges, built c.1810, flanking main entrance gates (15401912) to the Levington Park Demesne.	<i>An unusually large pair of gate lodges, associated with Levington Park (15401910), which retain their early form and character.</i>	15401913	Regional
019-238	Tullaghan House	Tullaghan		Detached six-bay two-storey house, dated 1779. Possibly containing the fabric of an earlier structure.	<i>A substantial two-storey house, which retains an immense charm and character despite the recent loss of the original windows.</i>	15401914	Regional
019-239	Levington Railway Crossing Gates	Farranistick		Railway level crossing, erected c.1855, serving Dublin to Sligo Railway line. Still in active use. Comprises pair of timber gates/barriers with cast-iron and steel fittings. Pedestrian turnstile. Flanked by section of rubble limestone walling.	<i>A typical mid nineteenth-century set of timber level crossing gates, which retain their early cast-iron and steel fittings.</i>	15401916	Regional
019-240		Pearse St Mullingar		Six bay, two storey building having shops at ground level and dormer windows in roof. (Meteor, Faryincks and Shoe Zone)	<i>A valuable part of the architectural heritage of Mullingar</i>		

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
019-241		7-9 Dominic St Mullingar		Two storey, four-bay, building with shop at ground level (Hibernian Insurance)	<i>A valuable part of the architectural heritage of Mullingar</i>		
020-001	Five-bay two-storey house	Killucan		Detached five-bay two-storey house, built c.1865. Hipped natural slate roof with red clay ridge tiles, two rendered chimneystacks and cast-iron rainwater goods. Rendered walls.	<i>A substantial and well-proportioned house of mid-to-late nineteenth-century appearance, which retains its early form, character and a great deal of its early fabric.</i>	15312001	Regional
020-002	Greenhills House	Killucan		Detached three-bay two-storey house, built c.1830, with two-bay two-storey return to the northeast. Hipped natural slate roof with overhanging eaves having rendered chimneystacks and cast-iron rainwater goods. Pitched natural slate roof to return.	<i>This good quality middle-size house, which retains much of its original architectural impact and style. Its scale, style and form is very typical of late-Georgian architecture in rural Ireland.</i>	15312002	Regional
020-003	Pair of terraced two-bay two-storey houses	Killucan		Pair of terraced two-bay two-storey houses, built c.1820, with two-storey garage adjoining to the east end (former house). Pitched natural slate roof with projecting eaves to the gable end (west) and having a shared rendered chimneystack to the centre.	<i>An appealing pair of well-designed early nineteenth-century houses, which retain their early charm and form.</i>	15312003	Regional
020-004	Group of four houses/buildings	Rathwire Upper		Group of four houses/buildings, comprising a semi-detached three-bay two-storey house to the east with a projecting gable-fronted breakfront to the centre bay, built c.1880, and a group of terraced three-bay single-storey houses to the west, built c.1820.	<i>A prominent and attractive group of buildings that retain much of their early form and character. These appealing structures are well-built using local stone and retain much of their early fabric.</i>	15312004	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
020-005	Detached two-bay single-storey with attic level house	Killucan		Detached two-bay single-storey with attic level house, built c.1860. Pitched natural slate roof with overhanging eaves and a central ruled-and-line rendered chimneystack having buff clay pots over.	<i>An attractive house of mid-to-late nineteenth-century appearance, which retains much of its early form and character. Although altered, this building makes a positive contribution to the streetscape of Killucan.</i>	15312005	Regional
020-006	Four-bay two-storey building (The Mahogany Door Restaurant)	Main Street Killucan		End-of-terrace four-bay two-storey public house, built c.1865. Now in use as restaurant and takeaway.	<i>A pleasant mid-to-late nineteenth-century commercial building, which forms an attractive pair with its neighbour to the east (15312007) and retains much of its early character. Although altered, this building retains much of its early fabric.</i>	15312006	Regional
020-007	Killucan Post Office	Main Street Killucan		End-of-terrace two-bay two-storey house on L-shaped plan, built c.1865, now in use as post office. Built as part of a common building project with structure to the west (15312006).	<i>An appealing mid-to-late nineteenth-century house, which retains much of its early form and character despite recent alterations to accommodate a new use as a post office.</i>	15312007	Regional
020-008	Killucan Post Office	Main Street Killucan		Complex of corrugated metal buildings, built c.1930, comprising a multi-bay two-storey outbuilding to the north and a single-bay single-storey outbuilding to the southwest. Now associated with adjacent post office (15312007).	<i>An interesting complex of mid twentieth-century outbuildings, representing a good example of their type and retaining their original form, fabric and character.</i>	15312008	Local
020-009	Pair of semi-detached four-bay two-storey houses	Main Street Killucan		Pair of semi-detached four-bay two-storey houses, built c.1870, having advanced two-bay sections to either end creating a U-shaped plan. Later single-storey extensions built across the front elevation (west), formerly in use as a shop. Now out of use.	<i>An interesting pair of well-composed semi-detached houses, which retain much of their early form and character despite being out of use for a considerable period of time.</i>	15312009	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
020-010	Gateway/field gate	Killucan		Gateway/field gate, erected c.1880, comprising a pair of rubble limestone gate piers on circular plan supporting a wrought-iron gate. One of the gate piers is partially collapsed. Located to the northeast end of Killucan.	<i>An appealing and unassuming set of gate piers with an associated wrought-iron gate.</i>	15312010	Local
020-011	St. Etchen's Church	Glebe		Freestanding Church of Ireland church, rebuilt between 1803 and 1815, comprising a three-bay nave with a three-stage tower (on square-plan) attached to the west end having an octagonal spire, clasping corner buttresses and a crenellated parapet with corner	<i>An impressive and prominently-sited Church of Ireland church, which retains its early form, fabric and character.</i>	15312011	Regional
020-012	Three-bay two storey house - Ennis	Rathwire Upper		End-of-terrace three-bay two-storey house, built c.1820, having a single-storey extension to the north end. Now in use as public house with shopfront to the south end of front façade (east).	<i>A good quality and well-built house, of early nineteenth-century appearance, which retains much of its early form and character.</i>	15312012	Local
020-013	Market House	Rathwire Upper		Detached five-bay three-storey former market house, completed c.1838, having a single-bay advanced gable-fronted breakfront to the centre of the front façade (east) and an open three-bay single-storey outbuilding attached to the south gable end.	<i>An impressive, well-proportioned and well-built former market house and court house, which dominates the centre of Killucan.</i>	15312013	Regional
020-014	Detached three-bay two-storey arts-and-crafts style house	Killucan		Detached three-bay two-storey arts-and-crafts style house, built c.1900, having a projecting single-bay gable-fronted red brick entrance porch with half-timbered detailing to the centre of the main façade (southwest).	<i>A visually pleasing 'Arts-and-Crafts' house, which retains its early charm, character and a great deal of its early fabric. The half-timbered detailing to the dormers and to the entrance porch in particular is a noteworthy feature.</i>	15312015	Regional

020-020	Terraced three-bay single-storey house	Main Street Rathwire Lower		Terraced three-bay single-storey house, built c.1880, now disused. Pitched natural slate roof with overhanging eaves, cast-iron rainwater goods and a central (offset to the east) rendered chimneystack.	<i>A modest small-scale house, of late nineteenth-century appearance, which retains its early form and character. It is in reasonable condition and retains its early fabric despite being out of use for a number of years.</i>	15312026	Regional
020-021	St. Mary's Roman Catholic church	Rathwire Lower		Freestanding Roman Catholic church on cruciform plan, built c.1830, comprising a four-bay nave to the east, two-bay transepts to the north and south and a shallow chancel to the west. Church 'repaired' and altered c.1866.	<i>An interesting Roman Catholic church of two distinct periods of construction, which retains much of its early character despite recent alterations.</i>	15312027	Regional
020-022	Detached three-bay two-storey house	Rathwire Lower		Detached three-bay two-storey house, built c 1820, having two-bay two-storey stores/retail outlet attached to the west end, continuing the roofline. Single-storey outbuilding attached to the west gable end.	<i>Once common, this adapted vernacular building, having house and shop/stores in an extended plan form under the one roof, is a good example of a particular building form of rural Ireland, now fast disappearing.</i>	15312029	Regional
020-023	Killucan/Rathwire National School	Rathwire Lower		Detached multiple-bay single-storey school, built c.	<i>A pleasantly-composed modest-scale rural national school built to a standard design prepared by the Office of Public Works accommodating classrooms together with associated ranges in a wholly integrated compact design.</i>	15312030	Regional
020-024	St. Joseph's Roman Catholic cemetery	Rathwire Lower		Graveyard on rectilinear plan, originally laid out c.1870, having collection of gravestone markers from c.1870 to the present day. Still in use. Bounded by rendered boundary wall to the north and by mature trees/hedges to other sides.	<i>St. Mary's cemetery is of high social significance to the local community.</i>	15312031	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
020-025	St. Joseph's Parochial House	Rathwire Lower		Detached three-bay two-storey Roman Catholic parochial house, built c.1890, having an advanced gable-fronted breakfront to the centre of the main façade (south) and two-storey returns to the rear (north).	<i>An unusually ornate Roman Catholic parochial house, which retains its early form and a strong ecclesiastic character.</i>	15312032	Regional
020-026	Collection of single and double-storey outbuildings formerly part of Curristown House (now ruinous or demolished)	Curristown		Collection of single and double-storey outbuildings formerly part of Curristown House (now ruinous or demolished), built c.1800 and 1850, arranged around two separate courtyards. Now in use as agricultural outbuildings/farmyard.	<i>The remains of an extensive complex of outbuildings associated with Curristown House, which retain their early form and character despite their ruinous condition.</i>	15312035	Regional
020-027	Joristown House	Joristown Upper		Detached multi-bay two-storey house/farmhouse, built c.1795, having a single-bay flat-roofed entrance porch to the centre of the front façade (west). Outbuildings to the west and to the north creating a courtyard on U-shaped plan.	<i>An interesting and well-built collection of buildings associated with the former Joristown Estate.</i>	15313001	Regional
020-028	St. Brigid's Roman Catholic chapel	Raharney		Freestanding Roman Catholic chapel on T-shaped plan, built c.1834 and renovated c.1860, comprising a nave to the north and single-bay transepts to the east and west.	<i>A simple but well-maintained mid nineteenth-century Roman Catholic T-plan chapel, which retains much of its early form, character and fabric.</i>	15313003	Regional
020-030	Killynan House	Killynan (Pratt)		Complex of multiple-bay two-storey outbuildings, arranged around a courtyard, with a walled garden to the east, built c.1800. Originally associated with Killynan House (now demolished). Now in use as agricultural outbuildings.	<i>An extensive collection of outbuildings and ancillary structures associated with Killynan House, now demolished. They are well-built, using limestone rubble, and retain their early character, form and much of their early fabric.</i>	15402001	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
020-031	Clondrisse House	Killynan (Pratt)		Detached three-bay single-storey former gate lodge, built c.1885, with canted bay windows flanking central projecting gable-fronted entrance porch with decorative bargeboards to entrance front (north).	<i>An appealing gate lodge, of late nineteenth-century appearance, which retains its early form and a very picturesque character.</i>	15402002	Regional
020-032	Reynella Cottage	Reynella		Complex of single and two-storey outbuildings, arranged around a central courtyard. built c.1810. Associated with Reynella Cottage, now demolished. Now in use as an agricultural farmyard.	<i>An appealing and substantial complex of outbuildings, which retains its early character and form. These structures are well-built and retain much of their early fabric, including natural slate roofs.</i>	15402005	Regional
020-033	Former gate lodge, Clonlost House	Clonlost		Detached three-bay single-storey former gate lodge associated with Clonlost House, built c.1820. Now derelict and out of use. Hipped and pitched natural slate roofs having rendered chimneystacks and remains of cast-iron rainwater goods.	<i>A dilapidated gate lodge of modest architectural aspirations, which probably dates to the early-to-mid nineteenth-century.</i>	15402006	Local
020-034	Detached two-storey house on L-shaped plan	Edmondstown		Detached two-storey house on L-shaped plan, built c.1800, with projecting single-bay flat-roofed entrance porch to south facing elevation. Hipped natural slate roofs having clay ridge cresting, rendered chimneystacks and cast-iron rainwater goods.	<i>A middle-sized house of modest architectural aspirations, which has been altered with the loss of much of its early character and form. The original part of this house is the block to the east but a large two-storey extension was added to the west, c.</i>	15402007	Local
020-035	Detached three-bay two-storey house	Clonlost		Detached three-bay two-storey house, built c.1850, with later advanced full-height gable-fronted single-bay breakfront to the centre of the entrance façade (north), built c.1900, creating T-plan.	<i>An attractive mid-to-late nineteenth-century house, which retains its early picturesque character and form. It retains a great deal of its early fabric including a good limestone doorcase, timber sash windows and a natural slate roof.</i>	15402008	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
020-036	Detached former terrace of houses/buildings	Clonlost		Detached former terrace of houses/buildings, built c.1800, comprising two two-bay two-storey sections with central four-bay single-storey section, flanked to the southwest and northeast by further three-bay single-storey sections.	<i>A curious range of single and two-storey structures, having an unusually well-composed form for a complex of this type.</i>	15402009	Local
020-037	Detached three-bay two-storey house	Clonickilvant		Detached three-bay two-storey house, built c.1850, with projecting single-bay flat-roofed entrance porch to the centre of the entrance façade. Modern single-storey lean-to return to rear.	<i>An unusual middle-sized house, which retains its early form and character despite the loss of the early windows in recent years.</i>	15402010	Regional
020-038	Huntingdon House	Huntingdon		Detached five-bay two-storey over basement country house, built c.1770, with full-height bow projecting to the rear (south). Hipped natural slate roof having two cut stone chimneystacks to the centre and cast-iron rainwater goods.	<i>A substantial and well-balanced country house of late eighteenth-century appearance, which retains its early form and character. This house has a rather vertical emphasis with classically-derived proportions and the diminishing scale of the openings.</i>	15402011	Regional
020-039	Gatelodge, Huntingdon House	Huntingdon		Detached two-bay single-storey gate lodge associated with Huntingdon House (15402011), built c.1800, now derelict and out of use. Hipped natural slate roof with a single red brick chimneystack to the centre. Projecting cut stone eaves course with dentils.	<i>A small-scale gate lodge and entrance gates associated with Huntingdon House (15402011), which retains its form and charm despite being out of use for a considerable period of time.</i>	15402012	Regional
020-040	Lisnabin Castle and demesne	Lisnabin		Detached three-bay two-storey (with dormer storey) castellated country house, built c.1824, having corner turrets on octagonal plan to corners and (slightly taller) turrets on octagonal plan to each side of central bay to entrance façade (northeast).	<i>A fine and distinguished early nineteenth-century castellated country house, which retains its early form, character and its important early fabric. Lisnabin has a distinctive picturesque appearance that has an instant visual appeal.</i>	15402014	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
020-041	Entrance gateway, Lisnabin Castle	Lisnabin		Main entrance gates serving Lisnabin Castle (15402014), built or re-erected c.1860, comprising four crenellated ashlar limestone gate piers (on square-plan), having associated cast-iron gates and railings with decorative cast-iron supports.	<i>An elegant set of entrance gates, which make a suitably fine first impression on entry to the Lisnabin Castle Demesne (15402014).</i>	15402015	Regional
020-042	Creggstown House	Creggstown		Detached three-bay two-storey house, built c.1800. Now out of use. Hipped natural slate roof with two central rendered chimneystacks and cast-iron rainwater goods. Roughcast rendered walls.	<i>An appealing house, of well-balanced classical proportions, which retains its early form, character and all its important early fabric. This house is of a typical late-Georgian form and plan.</i>	15402016	Regional
020-043	Craddenstown House	Craddenstown		Semi-detached three-bay two-storey house, built c.1800 and altered c.1860, with (later) centrally located pedimented breakfront to front façade (south). Hipped natural slate roof with overhanging eaves and rendered chimneystacks.	<i>A substantial and elegant country house of two distinct periods, which retains its early form, character and a great deal of its early fabric.</i>	15402018	Regional
020-044	Corbetstown House	Corbetstown		Detached three-bay two-storey over basement house, built c.1820, with projecting flat-roofed single-bay ashlar granite entrance porch to the centre of the main elevation (southeast).	<i>An appealing middle-sized early nineteenth-century house of balanced proportions. It retains its early character, form and most of its important early fabric.</i>	15402019	Regional
020-045	Cast-iron water pump	Craddenstown		Freestanding cast-iron water pump, erected c.1880, comprising banded cylindrical shaft with fluted head having fluted spout and 'cow tail' curvilinear handle. Original cap now missing. Set on cement rendered base with drain to east.	<i>A typical late nineteenth-century water pump, of the usual standard design encountered throughout the countryside.</i>	15402017	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
020-046	Detached three-bay two-storey house	Corbetstown		Detached three-bay two-storey house, built c.1860, having two-storey return to the rear (north) and a projecting single-bay single-storey entrance porch to the main (south) elevation.	<i>A typical mid-to-late nineteenth-century farmhouse, which retains its early form, character and most of its early fabric. It is built with modest architectural aspirations and is plainly detailed apart from the raised block quoins to the corners.</i>	15402020	Local
020-047	Ardglass House	Cooksborough		Detached three-bay two-storey house on L-shaped plan, built c.1885, having projecting single-bay entrance porch to the west and a single-storey canted bay window to the south elevation.	<i>A well-composed and well-maintained late nineteenth-century house, which retains its early character and aspect. It retains its early fabric, including timber sash windows and a natural slate roof.</i>	15402022	Regional
020-048	Single-arch bridge	Cooksborough		Single-arch bridge, built c.1810, carrying rural road over small stream. Constructed of squared rubble limestone with dressed limestone voussoirs. Modern concrete water channel to east side. Parapet to west side of bridge now partially damaged.	<i>A well-built small-scale bridge, which retains its early form and fabric despite recent remedial works.</i>	15402023	Regional
020-049	Freestanding cast-iron water hydrant	Rathwire Upper		Freestanding cast-iron water hydrant, erected c.1890, comprising fluted shaft on moulded base surmounted by fluted dome shaped cap with ball finial over. Horizontal pull lever to side.	<i>An attractive piece of mass produced cast-iron, which remains an appealing and subtle feature in the landscape to the northwest of Killucan.</i>	15402024	Regional
020-050	Millarstown House	Millerstown		Semi-detached three-bay two-storey house, built c.1780. Hipped artificial slate roof with rendered chimneystacks. Pebbledashed walls over smooth rendered plinth course with smooth rendered margins to corners.	<i>A middle-sized house, of balanced Georgian proportions, which retains most of its early form and character despite recent alterations to the roof structure and windows.</i>	15402025	Regional

020-055	Gatelodge, Lisnabin Castle	Lisnabin		Detached three-bay single-storey gate lodge, built c.1860, with advanced gable-fronted bay to centre having decorative timber barge boards over. Hipped and pitched natural slate roofs with rendered chimneystacks and decorative timber barge boards.	<i>An attractive small-scale gate lodge, of mid-to-late nineteenth-century appearance, which retains its early form and character despite being no longer in use.</i>	15402033	Regional
020-057	Three-bay two-storey house	Killucan		Detached three-bay two-storey house, built c.1810, having a projecting gable-fronted entrance porch to the centre of the main façade (west) and a single-bay extension to the north gable end.	<i>An appealing and well-proportioned house, of early nineteenth-century appearance, which retains its early form, character and fabric.</i>	15312014	Regional
021-001	Entrance gateway, Grangemore House	Grange More		Entrance gates and screen serving Grange More House (15402104), erected c.1820 and altered c.	<i>A very high quality entrance gate and entrance screen associated with Grange More House (15402104), which lies in ruins to the northeast.</i>	15313002	Regional
021-002	Five-bay two-storey house	Cloghanstown		Semi-detached five-bay two-storey house on L-shaped plan, built c.1870, having a single-bay flat-roofed entrance porch to the centre of the main elevation (east) and a single-storey box bay window to the south gable end.	<i>A well-balanced and proportioned late nineteenth-century house, which retains its early character and form.</i>	15313004	Regional
021-003	Triple-arched road bridge	Cloghanstown		Triple-arched road bridge, built c.1800 and altered c.1860, comprising a single-arched bridge over the River Dell to the east with two-arches to the west spanning dried river bed/former mill race.	<i>A well-built bridge, of two distinct dates, which retains its early form and fabric. It is well-built using local rubble limestone, attesting to the skillful craftsmanship available at the time of its construction.</i>	15313005	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
021-004	Gateway	Raharney Little		Field gate, erected c.1875, comprising a pair of roughly dressed limestone gate posts supporting a pair of wrought-iron flat bar gates. Rubble limestone boundary wall runs way to the north.	<i>An appealing and unassuming set of well-carved gate posts with associated wrought-iron gates.</i>	15313006	Regional
021-005	Disused graveyard	Grange Beg		Graveyard on irregular plan having a variety of cut stone markers dating from c.1700 to c.1920. No longer in use. Ruins of a single-storey chapel on rectangular-plan to the centre, now overgrown and collapsed. Surrounded by rubble limestone boundary wall.	<i>A picturesque graveyard, which enhances the landscape to the southeast of Raharney. The irregular shape of this graveyard hints at an early date.</i>	15313007	Regional
021-006	Detached three-bay two-storey house	Raharney		Detached three-bay two-storey house, built c.1790, having a single-bay flat-roofed porch to the centre of the main façade (south), c.1900.	<i>A highly appealing house with a distinct vernacular character, which retains its early form and character. This modestly-scaled dwelling is enhanced by the retention of most of its important early fabric including timber sash windows.</i>	15313009	Regional
021-007	Corner-sited three-bay two storey house	Main Street Raharney		Detached corner-sited three-bay two-storey house, built c.1800, having a two-bay two-storey extension to the south end. Gable wall to the north end is skewed (not at a right angle to the front wall).	<i>An elegant and well-proportioned house, which retains much of its early character and form.</i>	15313010	Regional
021-008	Permanent narrow gauge Bord na Mona railway line	Grange More		Permanent narrow gauge Bord na Mona railway line, erected c.1952, for transporting turf to the Ballivor Processing Plant, Co Meath. Now only used to transport carriages brought in for servicing. Constructed of steel I beams.	<i>Board na Mona narrow gauge railways and ancillary structures are an important element of the twentieth century industrial and economic heritage of Ireland. They are a common feature of the landscapes of the Bog of Allen, particularly in Co Westmeath, Co.</i>	15402102	Regional

021-009	Grange More House	Grange More		Detached five-bay three-storey over basement former country house, built c.1815, with central two-bay breakfront to main façade (north). Evidence of single-storey porch/portico to the entrance façade, now removed.	<i>The substantial remains of a fine late eighteenth or early nineteenth-century house, which now stands as a highly picturesque ruin, dominating the rural landscape to the northwest of Raharney.</i>	15402104	Regional
021-010	Grange Beg House	Grange Beg		Detached five-bay two-storey over basement country house with attic level, built c.1730, with advanced single-bay gable-fronted bays to either end. Possibly incorporating earlier fabric. Now derelict and boarded-up.	<i>A substantial house/country house, which retains its early character and fabric despite its now derelict condition.</i>	15402105	Regional
021-011	Pidgeon house (now in ruins), Grange Beg House	Grange Beg	No Image Available	Detached pigeon house, built c.1700. Now in ruins. Approximately seven metres in diameter and three metres high. Constructed of limestone rubble and brick-lined to the interior. Hundreds of pigeon holes remain to the interior.	<i>An interesting and well-built feature associated with Grange Beg House (15402106) or an earlier castle on the same site (WM021-012---), which is indicated on the Down Survey Map of the area in 1654-6.</i>	15402106	Regional
021-031	Single-arch road bridge over small river/stream	Ballinlig Lower		Single-arch road bridge over small river/stream, dated 1787. Constructed using rubble limestone with dressed limestone voussoirs to arches. Rubble limestone coping over parapets. Date stone to parapet engraved '1787'.	<i>A well-built small-scale bridge, which retains its early form and fabric. It is well-built using local rubble limestone, attesting to the skillful craftsmanship available at the time of its construction.</i>	15402420	Regional
022-001	Glassan Village Restaurant	Glassan		Detached four-bay single-storey house (with dormer storey), built c.1875, with projecting gable-fronted single-bay single-storey porch to front façade (southeast) having decorative timber barge boards and cast-iron ridge cresting.	<i>This is an attractive building of a consistent architectural quality in a High Victorian decorative style, which is unusual for this village.</i>	15314002	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
022-002	Glassan House	Glassan		Detached three-bay two-storey house, built c.1820. Pitched natural slate roof with cast-iron rainwater goods and with a rendered chimneystack to either gable end (north and south) having terracotta pots over.	<i>A well-proportioned house of early nineteenth-century appearance, which retains its early balanced form and character.</i>	15314003	Regional
022-003	Grogan's	Pearsonsbrook		Terraced five-bay two-storey house, built c.1820, having a projecting single-bay two-storey flat-roofed entrance porch to northern end of front facade (west) and public house to southern end.	<i>This building is a significant and attractive architectural composition. It retains its character and much of its original fabric. The raised stucco detailing is unusual in the village and is of artistic merit.</i>	15314004	Regional
022-004	Three-bay two-storey house	Pearsonsbrook		Detached three-bay two-storey building, built c.1770, having a pitched gablet over central bay to front façade (west). Single-storey extensions to either gable end (north and south). Now in use as a private dwelling.	<i>An interesting and unusual structure, which retains much of its early character and form.</i>	15314005	Regional
022-005	Cast-iron post box	Pearsonsbrook		Wall-mounted cast-iron post box, erected c.1940, with raised 'P & T' lettering above hooded letter opening. Maker's name to base in raised lettering 'T. Allen & Co. London'.	<i>This cast-iron post box, which is still in use, is an important feature in the streetscape of Glassan. It represents a good example of early-surviving mass-produced cast-iron work.</i>	15314006	Regional
022-006	Three-bay two-storey former estate worker's house	Glassan		Terraced three-bay two-storey former estate worker's house, built c.1815 and altered c.1900. Now in use as a private dwelling. One of a terrace of similar buildings.	<i>This structure is the best surviving example in a group of worker's houses built by Handcock Family to serve the Waterstown estate (15314014) to the southeast of the village of Glassan. It retains its original form and much of its original fabric.</i>	15314007	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
022-007	Glassan Heritage Centre	Glassan		Detached five-bay single-storey school house, dated 1844, having a single-bay gable-fronted entrance porch to the centre of the main façade (east) and single-bay recessed wings to either gable end (north and south).	<i>A well-proportioned and attractive school building retaining its original character and much of its original fabric despite recent conversion to a heritage centre. The Tudor chimneystacks (on octagonal plan) are an interesting feature.</i>	15314009	Regional
022-008	Cast-iron water pump	Pearsonsbrook		Freestanding cast-iron water pump, erected c.1880, comprising banded cylindrical shaft with fluted head and spout, 'cow tail' curvilinear handle, and a fluted ogee-dome cap with finial.	<i>An interesting historical reminder of the public water supply system before mains water was introduced. The waterpump also represents an important artefact of early-surviving, mass-produced cast-iron ware.</i>	15314010	Local
022-009	Ashbrook House	Pearsonsbrook	No Image Available	Detached five-bay two-storey house, c.1830. Farmyard complex to east (15314012). comprising of single-storey rubble limestone outbuildings with barrel vaulted and pitched corrugated metal roofs, built c.1830.	<i>A substantial house of early nineteenth-century appearance, which retains its early form and some of some early character.</i>	15314011	Local
022-010	The Pigeon House	Waterstown		Freestanding three-stage pigeon house and 'eye-catcher', built c.1749, comprising a single-storey block on square-plan to the base surmounted by a single-storey section on octagonal plan and terminated by a spire on octagonal plan.	<i>This is an important and unusual structure, associated with the former Waterstown House Estate, which dominates the landscape to the south end of Glassan village.</i>	15314013	National
022-011	Waterstown House and demesne	Waterstown		Detached seven-bay three-storey over basement Palladian style country house on rectangular plan, constructed c.1745. Now a roofless, derelict and partially collapsed shell.	<i>This magnificent ruin echoes eighteenth century grandeur and creates an impressive and historic landmark in the landscape. Its balanced form is typical of the country house architecture of its time.</i>	15314014	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
022-012	Worker's house, Waterstown House	Waterstown		Detached two-bay two-storey former estate worker's house on L-shaped plan, built c.1860, having gable-fronted single-bay two-storey sections to both the south and west facing elevations.	<i>A nicely proportioned, modestly scaled building that is of significance through its connection with the Waterstown House Estate. Well-built, this building retains much of its early character despite modern alterations.</i>	15314015	Regional
022-013	Walled gardens, Waterstown House	Waterstown		Extensive complex of walled gardens on rectangular plan associated with Waterstown House (15314014), built c.1750, having a pedimented gateway to the centre of the south facing elevation. Now in use as a farmyard.	<i>This extensive walled garden was constructed on the grandest scale and is among the best of its type still extant in Westmeath. The elaborate pedimented entrance arch to the centre of the south elevation is a particularly noteworthy feature.</i>	15314016	National
022-014	Gatelodge, Waterstown House	Waterstown		Detached three-bay single-storey house, built c.1820, having a projecting single-bay flat roofed entrance porch to the centre of the north elevation. Hipped natural slate roof with cast-iron rainwater goods. Projecting chimneystack to the rear (south).	<i>A modest small-scale house, which retains much of its early character and form. This house is enhanced by the retention of much of its early fabric, including timber sash windows, natural slate roof and early lime render finish.</i>	15314017	Local
022-015	Grotto Ashbrook House	Waterstown	No Image Available	A three-bay gable-fronted single-storey grotto/hermitage (on rectangular-plan) associated with Waterstown House (15314014), erected c.1780. Built into the side of a south-facing hill with roof now partially collapsed.	<i>An appealing rustic grotto/hermitage associated with Waterstown House (15314014), which retains its early picturesque character. This feature was built to act as a retreat in the grounds of this once great country house.</i>	15314018	Regional
022-016	Detached four-bay single-storey thatched house	Toberclare		Detached four-bay single-storey thatched house, built c.1820, having single-storey extensions to either end (southwest and northeast). Pitched thatched roof with two rendered chimneystacks. Pitched corrugated roofs to extensions.	<i>An appealing small-scale vernacular house of picturesque appearance, which retains its early character and form.</i>	15402201	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
022-017	Wall-mounted cast-iron post box	Portlick		Wall-mounted cast-iron post box, erected between 1901-10, with 'ER VII' royal cipher and raised crown motif. 'Post Office' in raised lettering to the letter flap. Door now missing. Makers name appears at base in raised lettering ' T. Allen & Co. London.	<i>An attractive item of street furniture representing an early-surviving artifact of mass-produced cast-iron ware. Unfortunately, the door is now missing and this post box is no longer in active use.</i>	15402202	Local
022-018	Detached three-bay single-storey former gate lodge with attic level	Ballaghkeeran Little		Detached three-bay single-storey former gate lodge with attic level, built c.1870, originally serving Rossana House to the northeast (demolished). Modern lean-to extension to the rear (west). Now in use as a private house.	<i>This appealing and unusual building, which was probably originally built as a gate lodge serving Rossana House (demolished c.1990). This house has a pleasant design exhibiting some Arts-and-Crafts influences.</i>	15402203	Local
022-019	Freestanding cast-iron water pump	Portaneena		Freestanding cast-iron water pump, erected c.1885, comprising banded cylindrical shaft with fluted head having fluted spout and 'cow tail' curvilinear handle. Cap now missing. Located to the north of Ballykeeran, adjacent to the shores of Killinure Lough.	<i>A typical late nineteenth-century water pump, of a standard design encountered throughout rural Westmeath.</i>	15402204	Local
022-020	Gate lodge, Harmony Hall	Farranamoreen		Detached five-bay single-storey former gate lodge on, built c.1800, comprising central projecting three-bay single-storey section flanked to northwest and southeast by sections of (curved) screen walling incorporating single-bay side sections/wings.	<i>An interesting pair of structures, which form a suitably grand entrance to Harmony Hall (15402207).</i>	15402206	Regional
022-021	Harmony Hall	Farranamoreen		Detached five-bay two-storey over basement country house, built c.1800, with (lower) two-storey return/wing to rear (north) at eastern end. Now in use as a private house.	<i>A fine and typically well balanced neoclassical country house, which retains its early character, form and much of its early fabric.</i>	15402207	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
022-022	Ladywell House	Bunown		Detached two-bay single-storey former gate lodge serving Ladywell House, built c.1845. Now in use as a private house. Hipped natural slate roof with overhanging eaves having cast-iron rainwater goods and a rendered chimneystack. Rendered walls.	<i>A simple mid nineteenth-century gate lodge, of modest architectural aspirations, which retains much of its early form, fabric and character.</i>	15402208	Regional
022-023	Killinure House	Killinure		Detached seven-bay two-storey country house, built c.1790, having a projecting Doric porch to the centre of the front façade (south) and full height three-bay bows to either end of the front façade (east and west).	<i>An elegant and well-balanced late eighteenth-century country house, which retains much of its early character despite being greatly extended and altered in use in recent years.</i>	15402209	Regional
022-024	Entrance gateway, formerly to Killinure House	Killinure North		Entrance gateway serving Lough Ree Lodge, built c.1815. Entrance gates comprise two pairs of carved stone gate posts (on square-pan) having recessed panels with cut limestone coping over.	<i>A simple but appealing set of entrance gates formerly associated with Lough Ree Lodge (15402211). The gate posts are well carved in a subdued neoclassical idiom and displays good traditional craftsmanship.</i>	15402210	Regional
022-025	Lough Ree Lodge	Killinure North		Detached four-bay two-storey house, built c.1815, having projecting single-bay gable-fronted breakfront to the centre of the main elevation (northwest). Modern two-storey extension to the northeast and a modern conservatory to the southwest.	<i>An appealing and well-proportioned house, of early nineteenth-century appearance, which retains much of its early character despite the addition of a number of modern extensions in recent years.</i>	15402211	Regional
022-026	Portlick Castle and demesne	Portlick		Three-bay four-storey late medieval tower house, built c.1500, with later seven-bay two-storey extension added to the southwest, c.1800, and a two-bay two-storey castellated block added to the southwest corner of this extension, c.1865. Extension, c.	<i>An imposing and impressive late-medieval tower house with a number of later nineteenth century castellated extensions, which retain their early form, character and a great deal of the original fabric.</i>	15402212	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
022-027	Outbuildings, Portlick Castle	Portlick		Complex of outbuildings to the rear of Portlick Castle (15402212), built c.1800.	<i>An impressive, well-built and substantial complex of outbuildings, probably of early nineteenth-century date, which retains much of their early character, form and fabric.</i>	15402213	Regional
022-028	Portlick Church of Ireland Church	Portlick		Freestanding Church of Ireland church, built in 1822, comprising two-bay hall with attached three-stage tower on square-plan to the northwest with a raised parapet with English-style crenellations and corner pinnacles.	<i>An attractive early nineteenth-century Church of Ireland church, built in a subdued Gothic Revival-style, which retains its early form, character and fabric.</i>	15402214	Regional
022-029	Four-bay single-storey vernacular cottage	Roosan		Four-bay single-storey vernacular cottage, built c.1800, having a two-bay single-storey outbuilding attached to the south. Pitched corrugated asbestos/cement roof with a single central yellow brick chimneystack and cast-iron rainwater goods.	<i>An appealing vernacular house, which retains its early form fabric and character. The retention of the timber sash windows and the timber sheeted door enhances this traditional composition.</i>	15402215	Regional
022-030	Easthill House and demesne	Caplahard		Detached three-bay single-storey house, built in 1803, having two-storey return to the rear (south). Hipped slate roof with overhanging eaves with rendered chimneystacks having terracotta chimney pots over.	<i>An unusual, modestly-scaled, early nineteenth-century Regency villa, which retains most of its early form and character.</i>	15402216	Regional
022-031	Three-bay two-storey over basement former rectory	Glebe		Detached three-bay two-storey over basement house former rectory, built in 1829, with projecting flat roofed entrance porch to the centre of the entrance façade (south). Now in use as a private house.	<i>An early nineteenth-century rectory, which retains its early character despite recent alterations.</i>	15402217	Regional

022-032	Cast-iron water pump	Toberclare		Freestanding cast-iron water pump, erected c.1885, comprising banded cylindrical shaft with fluted head having fluted spout, 'cow tail' curvilinear handle, and fluted ogee-dome cap with finial. Modern trough to front.	<i>A typical late nineteenth-century water pump, of a standard design that is encountered throughout rural Westmeath. This particular example is in very good condition and is well-maintained.</i>	15402218	Regional
022-033	Entrance gateway to Lackan Lodge (now demolished)	Lackan		Entrance gates originally serving Lackan Lodge (now demolished), erected c.	<i>A highly elaborate and elegant set of entrance gates, of mid-nineteenth appearance, originally associated with Lackan Lodge (now demolished). The sophisticated cast-iron gate piers and gates are particularly fine examples of their type and date.</i>	15402219	Regional
022-034	Cast-iron post box	Toberclare		Wall-mounted cast-iron post box, between 1901-10, with raised "ER VII" royal cipher. Makers name appears at base in raised lettering ' T. Allen & Co. London '. Set in rubble limestone gate pier adjacent to road junction and to the northwest of Glassan.	<i>An attractive, if simple, item of street furniture that represents an early-surviving artefact of mass-produced cast-iron ware.</i>	15402220	Regional
022-035	St. Mary's Roman Catholic chapel	Toberclare		Detached Roman Catholic chapel on cruciform plan, built c.1830 and altered c.1860, comprising three-bay nave to the north, two-bay transepts to the west and the east and a shallow chancel to the south.	<i>An unusual and much-extended early nineteenth-century Roman Catholic chapel, which retains much of its original character and fabric.</i>	15402221	Regional
022-036	Detached three-bay two-storey house	Ballynakill		Detached three-bay two-storey house, built c.1860, with attached lean-to to north end. Hipped natural slate roof having two central rendered chimneystacks and cast-iron rainwater goods.	<i>A modestly-scaled house, of mid-to-late nineteenth-century appearance, which retains its early form and character.</i>	15402223	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
022-037	Detached six-bay single-storey house	Toberclare		Detached six-bay single-storey house, built c.1800, having projecting single-bay windbreak entrance porch to the centre of the main faced (north).	<i>A highly appealing vernacular house, which retains its early form and character. The form and layout of the openings and the chimneystacks suggest that this structure may have been originally built as two separate dwellings.</i>	15402224	Regional
022-038	Detached three-bay two-storey house	Toberclare		Detached three-bay two-storey house, built c.1820, with projecting single-bay gable-fronted porch to the front façade (north). Now vacant. Pitched slate roof with raised rendered verges and rendered chimneystacks to either end. Cast-iron rainwater goods.	<i>A modest and unassuming two-storey vernacular house, which retains most of its early form, fabric and character. This building is of a form that was once very common in rural Westmeath.</i>	15402225	Regional
022-039	Auburn House	Auburn-Lough Mareegan		Detached five-bay two-storey over raised basement house, built or rebuilt c.1805, having (shallow) central three-bay breakfront to main elevation (north). Two-storey returns to the rear (south). Now derelict and out of use.	<i>An elegant and typically well-proportioned neoclassical country house, which retains its early form and character despite being out of use for a considerable period of time.</i>	15402227	Regional
022-040	Gate lodge, Auburn House	Auburn-Lough Mareegan		Detached three-bay single-storey gate lodge formerly serving Auburn House (15402227), built c.1805, now derelict and out of use. Hipped natural slate roof having overhanging eaves, a central rendered chimneystack and cast-iron rainwater goods.	<i>A good quality gate lodge with associated entrance gates, originally serving Auburn House (15402227), which retain their early form and aspect.</i>	15402228	Regional
022-041	Molloy's Garage	Lackan		Detached single-bay double-height garage, built c.1940, having three-bay single-storey shed/office attached to the south side. Crow-stepped parapet to garage shielding pitched corrugated metal roof behind. Flat roof to adjoining shed.	<i>A typical mid twentieth-century garage, which retains its early character and makes an interesting addition to the roadscape to the northeast of Glassan.</i>	15402229	Local

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
022-042	Lackan Lodge	Lackan		Attached multi-bay two-storey outbuilding to the rear of Lackan Lodge (now demolished), built c.1835. Now in use as an agricultural outbuilding associated with a modern bungalow. Pitched natural slate roof with cast-iron rainwater goods. Rendered walls.	<i>An impressive outbuilding, of early-to-mid nineteenth-century appearance, which retains much of its early form, fabric and character. This structure is well-built and retains good quality surrounds to the openings.</i>	15402230	Regional
022-043	Ladywell House and demesne	Bunown		Detached six-bay two-storey over (partial) basement country house on L-shaped plan, built c.1845, having open entrance porch/copy supported by cast-iron pillars to the centre of the east elevation and a single-bay extension to the north end.	<i>An elegant Italianate country house, which retains its early form, fabric and character. This handsome country house was built to designs by Sandham Symes (1808-1894), a renowned architect of his day, for the Mahon Family in 1845.</i>	15402231	Regional
022-044	Castlemaine Lodge and associated structures	Hare Island		Detached three-bay former fishing/hunting lodge, built c.1814, having veranda supported on cast-iron pillars to the entrance front (southeast), a four-bay single-storey return to a rear (northwest) and a bow projection to the northwest side elevation.	<i>An unusual early nineteenth-century fishing/hunting lodge, which is built in an eclectic mix of architectural styles with a variety of Gothic, Tudor Gothic, neoclassical and Regency elements incorporated into its design.</i>	15402232	Regional
022-045	Former Garda Station (Aine'S Salon)	Waterstown, Glassan		Large two storey four-bay building located at junction of N55 and Local road, built in the early nineteenth century and later extended. Rough render finish having porch on eastern side and small porch to west.	<i>This imposing structure speaks of its former function as a Constabulary barracks and is a valuable part of the architectural heritage of Glassan.</i>	0	
022-046	House and bar - The Villager	Main Street Glassan		End-of-terrace six-bay two-storey house having pitched slate roof and three chimney stacks. Square headed window openings having decorative quoins and quoin to the corners of the rough rendered facade.	<i>This building retains much of its original character and is a valuable part of the architectural heritage of Glassan</i>	0

023-001	Single-arched road bridge over Dungolman River	Lissanode		Single-arched road bridge over Dungolman River, built c.1855. Constructed using coursed rusticated limestone rubble with dressed limestone voussoirs and rusticated coping over parapet. Located to the southwest of Ballymore.	<i>A well-built bridge of mid nineteenth-century appearance, which is pleasing feature in the rural landscape to the southwest of Ballymore.</i>	15402301	Regional
023-002	St. Mary's Roman Catholic church	Drumraney		Detached T-plan Roman Catholic church, built or rebuilt c.1857, comprising three-bay nave to the east, single-bay transepts to the north and the south and a shallow chancel to the west. Single-bay gable-fronted entrance to the north face of nave.	<i>A highly picturesque Roman Catholic chapel, dated 1857, which retains its early form and character. It is built in a subdued Gothic style and retains much of its early fabric including good quality cast-iron windows retaining early quarry glass.</i>	15402304	Regional
023-003	Walderstown Lodge	Walderstown		Detached three-bay single-storey house, built c.1830, having projecting bowed windows to either side of central entrance to the principal elevation (north and south).	<i>An unusual early nineteenth-century house, which retains its early form and character. The main façade of this small-scale structure is lent a sense of grandeur on account of the fine doorcase and by the elegant bows to either end of the main façade.</i>	15402307	Regional
023-004	Lissanode House	Lissanode		Detached two-storey house on L-shaped plan, built c.1750 and extended and altered c.	<i>An unusual house, which retains its early form and a rather robust early character.</i>	15402309	Regional
023-005	School master's house, Drumraney NS	Cartroncoragh		Detached three-bay two-storey former school master's house, on L-shaped plan, built c.1890, having advanced gable-fronted bay to the eastern end. Associated with Drumraney National School (15402312), adjacent to the southeast.	<i>An appealing late nineteenth-century purpose-built school master's house, originally associated with Drumraney National School (15402312) to the south, which retains much of its early fabric and character.</i>	15402310	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
023-006	Drumraney National School	Cartroncoragh		Detached five-bay two-storey school, built c.1886, with projecting gable-fronted bays to either end (north and south) containing separate entrances for boys and girls. Single-storey extensions to the rear (west).	<i>An imposing late nineteenth-century school, which retains much of its early character and form despite recent alterations to the windows resulting in a number of inappropriate modern additions.</i>	15402312	Regional
023-007	Freestanding cast-iron water pump	Kilkenny Lanesborough		Freestanding cast-iron water pump, erected c.1885, comprising banded cylindrical shaft with fluted head having fluted spout, 'cow tail' curvilinear handle, and a fluted ogee-dome cap with finial over. Set on concrete plinth to the side of a country road.	<i>A typical late nineteenth-century water pump, of a standard design encountered throughout rural Westmeath.</i>	15402313	Regional
023-008	Detached three-bay single-storey vernacular house with attic storey	Kilkenny Abbey		Detached three-bay single-storey vernacular house with attic storey, built c.1810 and extended to the south c.1900, having projecting porch to the centre. Lobby entry plan.	<i>A modest early nineteenth-century vernacular cottage, which retains much of its early charm and form.</i>	15402314	Local
023-009	Detached three-bay two-storey house	Ardnagrath (Gray)		Detached three-bay two-storey house, built c.1820, having a single-bay entrance porch to the centre of the main façade (northeast) and a single-bay single-storey extension to the southwest gable. No longer in use as a house.	<i>A classic, well-built, early nineteenth-century vernacular house, which retains its early form, character and fabric despite being no longer in active use as a private dwelling.</i>	15402315	Regional
023-010	Kilkenny West Church of Ireland	Kilkenny Abbey		Freestanding Church of Ireland church, rebuilt c.1839 and possibly incorporating the remains of an earlier church, c.1550, comprising three-bay hall with cut stone bellcote over entrance gable (west). Now roofless and out of use.	<i>An unusual mid nineteenth-century Church of Ireland church, which is now an attractive roofless ruin in the landscape.</i>	15402319	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
024-001	Detached three-bay two-storey former house	Ballymore		Detached three-bay two-storey former house, built c.1860. Formerly in use as a Garda Station, c.1928 - 1990. Now derelict. Hipped natural slate roof with two brick chimneystacks to the centre and cast-iron rainwater goods.	<i>A modest but well-proportioned mid nineteenth-century building, which retains its early form and character. Its simple symmetrical form is enhanced by the retention of original features such as the sash windows and the natural slate roof.</i>	15315002	Regional
024-002	Church of the Most Holy Redeemer	Ballymore		Detached Roman Catholic church in a Tudor-Gothic style, built c.1845, with later Early English Gothic style alterations c.1870.	<i>An attractive and unusual church, which retains its early form and character.</i>	15315003	Regional
024-003	Cunningham's	Ballymore		Detached five-bay two-storey house, built c.1810, having a later shopfront inserted to the eastern end of main façade (north), c.1900. Hipped artificial slate roof with two central rendered chimneystacks and uPVC rainwater goods.	<i>A pleasing building of balanced Georgian proportions, which occupies a prominent corner site in the centre of Ballymore. This fine composition retains much of its early character and form.</i>	15315004	Regional
024-004	Wall-mounted cast-iron post box	Ballymore		Wall-mounted cast-iron post box, c.1890, with 'VR' royal cipher, raised crown motif and. Set into wall of corner-sited building (15315006) to the centre of Ballymore.	<i>This cast-iron post box, which is still in use, is an important historical feature in the Ballymore streetscape.</i>	15315005	Regional
024-005	Rooney's/Kennedy's	Ballymore		Detached six-bay two-storey former house, built c.1750, having two modern shopfronts inserted into original building and having a three-bay single-storey flat-roofed extension to the east end. Later in use as a post office (c.	<i>The balanced composition of this prominent house has been retained, however the insertion of the modern shopfronts and loss of original fabric has detracted from the original character.</i>	15315006	Local

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
024-006	Detached five-bay two-storey house	Ballymore		Detached five-bay two-storey house, built c.1860, having a single-bay entrance porch to the centre of the front elevation (south). Now out of use. Pitched corrugated metal roof with rendered chimneystacks and cast-iron rainwater goods.	<i>An appealing vernacular house, which retains much of its early character and importance to the streetscape despite being out of use. The corrugated metal roof suggests that this building was once thatched.</i>	15315008	Regional
024-007	Freestanding cast-iron water pump	Ballymore		Freestanding cast-iron water pump, erected c.1880, comprising banded cylindrical shaft with fluted head having fluted spout, 'cow tail' curvilinear handle, and fluted ogee-dome cap with finial over.	<i>A typical late nineteenth-century water pump, of a standard design encountered throughout rural Westmeath. This particular example has an unusually fine enclosing wall constructed using good quality dressed limestone masonry.</i>	15315009	Regional
024-008	St. Owen's Church of Ireland church	Ballymore		Detached Church of Ireland church, built c.1827, comprising three-bay hall to the east and a three-stage tower on square plan to the west end having crow-stepped parapets and corner pinnacles. Now out of use as roofless.	<i>The appealing and picturesque remains of a former Church of Ireland church, which retains its early character and form despite being a roofless ruin.</i>	15315010	Regional
024-009	Detached three-bay two-storey house	Main Street Ballymore		Detached three-bay two-storey house, built c.1800, having a single-bay single-storey extension to the south gable end. Pitched natural slate roof having rendered chimneystacks with terracotta chimney pots over to either gable end (north and south).	<i>A modest house with a well-balanced front, which retains its early form and character. The retention of the timber sash windows and the good quality cut stone doorcase enliven the front façade of this appealing building.</i>	15315012	Regional
024-010	Detached three-bay single-storey vernacular house	Ballymore		Detached three-bay single-storey vernacular house, built c.1830, having a single-storey return to the rear (north) and a slightly projecting single-bay entrance porch offset to the east side of the centre of the main façade (south).	<i>A charming small-scale vernacular house, which retains its early form and makes a strongly positive contribution to the streetscape of Ballymore.</i>	15315013	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
024-011	Single-arched bridge carrying road over small stream	Mullaghcloe		Single-arched bridge carrying road over small stream, erected c.1820. Constructed using coursed rubble limestone with dressed limestone voussoirs to the arch. Rubble limestone coping over parapets.	<i>A well-built small-scale bridge, which retains its early form and fabric. It is well-built using local rubble limestone, attesting to the skillful craftsmanship available at the time of its construction.</i>	15315015	Regional
024-012	Freestanding cast-iron water pump	Mullaghcloe		Freestanding cast-iron water pump, erected c.1880, comprising banded cylindrical shaft with fluted head having fluted spout and a 'cow tail' curvilinear handle. Original cap now missing.	<i>A typical late nineteenth-century water pump, of a standard design that is encountered throughout rural Westmeath.</i>	15315016	Regional
024-013	Detached six-bay two-storey house	Mullaghcloe		Detached six-bay two-storey house, built c.1820. Formerly in use as a post office. Pitched artificial slate roof having rendered chimneystacks (one to either gable end and one to the centre) and cast-iron rainwater goods.	<i>A prominently-sited building, of early nineteenth-century appearance, which retains its early form, character and fabric.</i>	15315017	Regional
024-014	Detached three-bay single-storey former store	Main Street Mullaghcloe		Detached three-bay single-storey former store, built c.1820. Pitched corrugated metal roof, originally thatched, with raised rendered verges to either end (east and west).	<i>This former thatched store is one of the earlier buildings in the village and retains its vernacular character.</i>	15315018	Local
024-015	Rooney's	Main Street Clonyveey		Detached corner-sited four-bay two-storey building, built c.1815, having a three-bay two-storey return and a modern single-storey extension to the north elevation and a timber shopfront to the north side of the main elevation (west).	<i>A prominently-sited early nineteenth-century building, which retains some of its early character.</i>	15315020	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
024-016	Sunday's Well	Mullaghcloe		Former mass rock/altar built into the side of a hill, erected c.1689. Constructed using rubble limestone with a cut stone flagstone/slab to the top. Site now heavily overgrown. Slab reads 'ME FIERI FECIT JOANNES DALTON, SACERDOS 29 AUG.	<i>A former altar/mass rock, which represents an interesting historical fragment in the landscape to the northeast of Ballymore.</i>	15315022	Regional
024-017	Foxe's Shop	Raheen		Detached five-bay two-storey house, built c.1870, having two single-bay gable-fronted porches to the northwest facing elevation, added c.1920. Shop to north eastern end. Extension to the rear (southeast).	<i>An appealing early nineteenth-century building, of modest architectural aspirations, which retains much of its early form, character and a good deal of its important early fabric.</i>	15402401	Regional
024-018	Corr Bridge	Togherstown		Single-arched road bridge over small stream, built c.1820. Constructed using limestone rubble with dressed limestone voussoirs to arch and a projecting cut limestone string course at road level. Soffit and arch of bridge now cement rendered.	<i>A well-built small-scale bridge, which retains its early form and fabric.</i>	15402402	Regional
024-019	Togherstown House	Togherstown		Detached three-bay two-storey over basement country house, built c.1814 possibly incorporating the remains of an earlier house c.1700, having single-bay single-storey wings to either side (east and west), added c.	<i>An unusual country house, probably of early nineteenth-century date, which retains much of its early character.</i>	15402403	Regional
024-020	Entrance gateway, Togherstown House	Togherstown		Entrance gates serving Togherstown House (15402403), erected c.1820, comprising two pairs of cut limestone gate posts, octagonal in plan, linked by a curved limestone plinth wall surmounted by cast-iron railings.	<i>A fine series of entrance gates and boundary wall associated with Togherstown House (15402403). The cut limestone gate posts and the highly decorative cast-iron gates and railings demonstrate good quality craftsmanship.</i>	15402404	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
024-021	Entrance gateway, Lunestown House	Lalistown		Main entrance gates associated with Lunestown House (15402407), erected c.1800, comprising inner and outer rendered and cut stone gate piers, linked by curved sections of render plinth walling having cast and wrought-iron railings over.	<i>An appealing entrance gate associated with Lunestown House (15402407), which demonstrates a high level of design, craftsmanship and attention to detail.</i>	15402406	Regional
024-022	Lunestown House and demesne	Lalistown		Detached five-bay two-storey over basement country house, built c.1790 and altered c.1890, with central single-bay pedimented breakfront to main façade (west), single-storey over basement canted bay window to the south elevation (c.	<i>A handsome and substantial country house, built in a classical style, which retains its early form, character and a good deal of its early fabric despite some recent alterations.</i>	15402407	Regional
024-023	Outbuildings, Lunestown House	Lalistown		Detached multiple-bay complex of two-storey outbuildings arranged around a central courtyard to the rear (east of Lunestown House (15402407), built c.1850.	<i>A substantial complex of outbuildings and a former walled garden associated with Lunestown House (15402407), which retains its early form, character and a great deal of its early fabric.</i>	15402408	Regional
024-024	Natural spring/well with cut and rubble limestone surround	Ballinlig Lower		Natural spring/well with cut and rubble limestone surround, erected c.1750, possibly in earlier use as a holy well. Roughly cut stone basin to base. Located in a field to the northeast of Ballinlig House (15402418) and to the south of Ballymore.	<i>A subtle and unassuming element of the built heritage of Westmeath. This spring/well is still in active use and, according to local folklore, this spring never runs dry.</i>	15402409	Regional
024-025	N/A	Killarecastle		Single-arched road bridge over small stream/former millrace built c.1800. Constructed of limestone rubble with dressed limestone voussoirs to arch. Parapet walls capped with vertically aligned stones. Located to the west of Loughnavally.	<i>A well-built small-scale bridge, which retains its early form and fabric. The use of a local building material in the construction of this bridge helps it to blend into its surrounding environment.</i>	15402411	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
024-026	Detached three-bay two-storey house	Mullenmeehan		Detached three-bay two-storey house, built c.1800, with two-bay single-storey flanking wings/extensions to the east and west sides, built c.1940, and centrally gable fronted entrance porch to the main façade (south), built c.1940.	<i>A charming and well-maintained vernacular house, which retains its early form, character and a great deal of its early fabric. The wing to the west seems to have been built, c.</i>	15402413	Regional
024-027	St. Owen's Rectory	Glebe		Detached three-bay two-storey former rectory, built c.1870, having flat roofed projecting porch to centre of front façade (south). Two-storey extension to the rear (north). Now in use as a private house.	<i>A well-proportioned mid nineteenth-century building, which retains its original character despite recent alterations resulting in the loss of some important early fabric to the openings.</i>	15402414	Regional
024-028	Mosstown House	Mosstown Demesne		Complex of mainly two-storey outbuildings previously associated with Mosstown House (now demolished), built c.1800. Three-bay two-storey pedimented breakfront with integral carriage arches to centre of northern range.	<i>An impressive and substantial complex of outbuildings and ancillary structures originally serving Mosstown House (now demolished). This complex is very well-built and has good quality dressed limestone dressings to the openings.</i>	15402416	Regional
024-029	Freestanding cast-iron water pump	Bracknahevla		Freestanding cast-iron water pump, erected c.1885, comprising banded cylindrical shaft with fluted head having fluted spout, 'cow tail' curvilinear handle, and fluted ogee-dome cap with finial. Now covered with polythene and still in use.	<i>A typical late nineteenth-century water pump, of a standard design encountered throughout rural Westmeath.</i>	15402417	Regional
024-030	Wall-mounted cast-iron post box	Ballinlig Upper		Wall-mounted cast-iron post box, erected between 1901-10, with raised "ER VII" royal cipher and crown motif. Makers name appears at base in raised lettering ' T. Allen & Co. London '. Set into rubble limestone wall to the south of Ballymore.	<i>An attractive, if simple, item of street furniture that represents an early-surviving artefact of mass-produced cast-iron ware.</i>	15402418	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
024-032	Washford Bridge	Lurgan		Single-arch road bridge over small river/stream, built c.1800. Constructed using rubble limestone with dressed limestone voussoirs to arches. Cut limestone coping over parapets.	<i>A well-built small-scale bridge, which retains its early form and fabric. It is well-built using local rubble limestone, attesting to the skillful craftsmanship available at the time of its construction.</i>	15402422	Regional
024-033	Washford House	Tobercormick		Detached five-bay single-storey house, built c.1845, with a shallow projecting porch to the centre of the front façade (east). Single-storey return and extensions to the west and a complex of outbuildings to the south.	<i>An interesting and well-proportioned house, of mid nineteenth-century appearance, which retains its early character, fabric and form.</i>	15402423	Regional
024-034	Two vernacular entrances	Lockardstown		Two vernacular entrances, erected c.1850, comprising two pairs of rubble limestone gate piers, on circular plan, with roughly cut stone copping over, each supporting wrought-iron gate.	<i>This set of matching field entrances have been remarkably well-maintained as has the flanking rubble stone walls. The use of local material and vernacular construction merits them with social significance.</i>	15402426	Regional
024-035	Freestanding cast-iron water pump	Creeve		Freestanding cast-iron water pump, erected c.1885, comprising banded cylindrical shaft with fluted head having fluted spout with floral detail, and a 'cow tail' curvilinear handle. Original head now removed and replaced by a modern dome finial.	<i>A typical late nineteenth-century water pump, of a standard design encountered throughout rural Westmeath.</i>	15402428	Regional
024-036	Detached four-bay two-storey house	Killarechurch		Detached four-bay two-storey house, built c.1875, having two-bay single-storey extension abutting to north side and a projecting single-bay gable-fronted entrance porch to the main elevation (east).	<i>A modest mid-to-late nineteenth-century house, which retains much of its early form and character. This house is enhanced by the retention of much of the early fabric to the openings.</i>	15402429	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
024-037	St. Brigid's Roman Catholic church	Rowe Or Toordillion		Freestanding Roman Catholic church, erected c.	<i>An interesting church, built in a Hiberno-Romanesque style and incorporating a number of classical elements, which retains its early form, character and fabric.</i>	15402430	Regional
024-038	Killgarvin House	Ballinaspick		Detached three-bay two-storey house, built c.1860. Hipped slate roof with overhanging eaves, cast-iron rainwater goods and a pair of central rendered chimneystacks with decorative bands and terracotta chimney pots.	<i>A well-proportioned house, of mid nineteenth-century appearance, which retains its early form and character. The front façade of this building is enhanced by the fine cut stone doorcase and by the retention of the sash windows.</i>	15402431	Regional
024-039	Cast-iron post box attached to timber post	Rowe Or Toordillion		Cast-iron post box attached to timber post, erected c.1950, with raised 'P&T' cipher in Gaelic/Celtic Revival script to base. Letter. Box has curved top and information panel to centre below letter slot.	<i>An attractive, if simple, item of street furniture that represents an early-surviving artefact of mass-produced cast-iron ware.</i>	15402432	Regional
024-040	Detached three-bay two-storey house	Killeenbrack		Detached three-bay two-storey house, built c.1800 and extended c.1880, having a single-bay flat-roofed porch to the east end of main elevation (south) and a single-bay single-storey extension to east.	<i>An unusual house, of modest architectural aspirations, which has evidence of a number of different phases of construction, ranging from the early nineteenth-century to the early twentieth-century .</i>	15402433	Local
024-041	Detached three-bay two-storey house	Killeenagroagh		Detached three-bay two-storey house, built c.1870, having projecting single-bay flat-roofed entrance porch to the centre of the front façade (north). Return to rear (south).	<i>An appealing and well-balanced house, of mid-to-late nineteenth-century date, which retains much of its early form.</i>	15402434	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
024-042	Detached three-bay two-storey house	Killaroo		Detached three-bay two-storey house, built c.1900, having a central single-bay flat roofed porch to the centre of the front façade (northwest) flanked by canted bay windows to either side.	<i>An appealing and dignified house of balanced proportions, which retains much of its early form and character. The canted bay windows and the projecting porch enliven the front façade of this structure.</i>	15402435	Regional
025-001	Kilpatrick House	Kilpatrick		Detached five-bay two-storey house, built c.1800. Altered c.1900 with addition of a projecting gable-fronted two-storey bay to east end of the front elevation (south) and a single-storey canted bay to the west end. Return to rear (north).	<i>An unusual middle-sized house, which retains much of its early character and has evidence of a number of different phases of construction.</i>	15402501	Regional
025-002	Ladestown House	Ladestown		A very fine and substantial complex of outbuildings, walled gardens and ancillary structures associated with Ladestown House (demolished c.1960).	<i>Though Ladestown House was demolished in the 1960s the stable block and outbuildings survive well as a riding school. It is an impressive complex reflecting its importance to the life of the original house.</i>	15402502	Regional
025-003	Bellmount House	Curristown		Detached three-bay single-storey house, built c.1930, with projecting canted bay to the east end of the main elevation (south). Return to rear (north). Constructed on the site of a former gate lodge associated with Bellmount House, built c.1800.	<i>Though this gate lodge appears to have been built c.1930, it is possible that the picture windows, tiled roof and roughcast walls mask a much earlier gate lodge, built c.1800, associated with Bellmount House (15402505).</i>	15402504	Local
025-004	Bellmount House	Curristown		Detached five-bay two-storey country house, built c.	<i>A fine and well-proportioned country house, of early nineteenth-century appearance, which retains much of its early form and fabric.</i>	15402505	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
025-005	Bellmount House	Curristown		Complex of multi-bay single and two-storey outbuildings and stables on U-shaped plan, built c.1820, having a single-bay three-storey gable-fronted breakfront section to the centre of the two-storey range to the north with a cut stone bellcote over.	<i>A fine and substantial complex of outbuildings, ancillary structures and a walled garden associated with Bellmount House (15402505). This complex retains its early form and a rather imposing character.</i>	15402506	Regional
025-006	Detached three-bay two-storey house	Ballina		Detached three-bay two-storey house, built c.1800. Later in use as a post office, c.1900, now in use as private dwelling house. Extension to south. Hipped natural slate roof with overhanging eaves and a rendered chimneystack to the east end.	<i>An interesting and picturesque building, which retains much of its early form, character and form despite recent alterations to the front façade.</i>	15402507	Regional
025-007	Bellmount Railway Bridge	Ballina		Single-arched railway bridge, built c.1851, carrying former Midland Great Western Railway Mullingar to Galway line over road. No longer in active use.	<i>A robust and elegantly-appointed railway bridge representing an important element of the transport and civil engineering heritage of County Westmeath.</i>	15402508	Regional
025-008	Keoltown House	Keoltown		Detached five-bay two-storey over basement house, built c.	<i>An elegant country house and an associated complex of outbuildings, which retain much of their early form, character and fabric.</i>	15402509	Regional
025-009	Jamestown House	Jamestown E.d. Churchtown		Detached three-bay two-storey over basement house, built c.1850, with return to rear (south) and a single-storey extension to the east side.	<i>A handsome and well-proportioned middle-sized house, which retains its early form and character.</i>	15402510	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
025-010	Churchtown Church of Ireland church	Churchtown		Freestanding three-stage former Church of Ireland bell tower/belfry on square-plan, built c.1811, having corner pinnacles with ball finials over and the remains of a corbelled parapet with Irish-style battlements over.	<i>The appealing and picturesque remains of the tower of a former Church of Ireland church, now largely demolished.</i>	15402511	Regional
025-011	Churchtown House	Milltown E.d. Churchtown		Detached three-bay two-storey house, built c.1840, having single-storey canted bays (with slate roofs) over to the ground floor, flanking central doorcase, to the main elevation (south), added c.1900. Single-storey return to the rear (north).	<i>A fine middle-sized house, of mid nineteenth-century date, which has the appearance of a gentrified vernacular farmhouse. The form of this house is unusual for its date and it has the appearance of an earlier structure, c.1800.</i>	15402513	Regional
025-012	Balrath Lodge	Balrath		Detached three-bay two-storey house, built c.1885, having single-storey canted bays (with slate roofs) over to the ground floor, flanking central doorcase, to the main elevation (southeast). Return to rear (northwest).	<i>An attractive and well-proportioned late nineteenth-century house, which retains its early form and character.</i>	15402514	Regional
025-013	House and former shop	Gneevestown		Attached three-bay (northwest) and two-bay two-storey (southeast) houses, built c.1820 and c.1850, now in single ownership. Structure to southeast later in use as a shop. Projecting gable-fronted porches to the front elevation (northeast).	<i>A charming group of early-to-mid nineteenth-century houses, which retain their early form, proportions and character. The visual impact of these buildings is enhanced by the retention of the majority of the early fabric.</i>	15402515	Regional
025-014	William Fox Bar & Grocery	Togherstown		Detached five-bay two-storey house, built c.1840 with pub front inserted to east end, c.1900. single-storey return to rear (northwest). Previously two separate structures but now in single ownership.	<i>An appealing pair of buildings that add character to the cross roads at Loughnavally. They represent a good example of the typical mixed use building, which were a characteristic feature of small rural Irish villages and towns in the past.</i>	15402516	Regional

025-015	Cast-iron wall mounted post box	Gneevestown		Wall-mounted cast-iron post box, c.1890, with 'VR' royal cipher and raised crown motif. Set in rendered wall to the rear return of Fox's Pub. Located adjacent to rural cross road junction, to the east end of Loughnavally.	<i>An attractive, if simple, item of street furniture that represents an early-surviving artefact of mass-produced cast-iron ware.</i>	15402517	Regional
025-016	Three-bay two-storey house	Gneevestown		Detached three-bay two-storey house, built c.1820, with a single-bay single-storey extension to the north. Now out of use.	<i>An appealing early nineteenth-century vernacular house, which retains its original form and character.</i>	15402518	Regional
025-017	Cast-iron water pump	Gneevestown		Freestanding cast-iron water pump, erected c.1890, comprising banded cylindrical shaft with fluted head having fluted spout, 'cow tail' curvilinear handle, and fluted ogee-dome cap with finial over. Set on cement rendered platform with drain to the north.	<i>A typical late nineteenth-century water pump, of a standard design encountered throughout rural Westmeath.</i>	15402519	Regional
025-018	Church of the Assumption Roman Catholic church	Togherstown		Detached four-bay Roman Catholic 'hall-type' church, built c.1828 and renovated c.1880, with modern single-storey extension to the southeast corner, c.1990.	<i>A very pleasant small-scale early nineteenth-century Roman Catholic 'hall-type' church. The simple form of this church is enhanced by the block-and-start surrounds to the openings and by the early stained glass windows.</i>	15402520	Regional
025-019	Detached six-bay two-storey house	Gneevestown		Detached six-bay two-storey house, built c.1850, with projecting three-bay flat-roofed porch to the centre of the entrance façade (north), with crenellated parapet over, and a single and two-storey return to the rear (south).	<i>A highly appealing and well-maintained mid nineteenth-century building, which has a 'gentrified' vernacular character. This structure retains much of its early form and fabric including natural slate roof and timber sliding sash windows.</i>	15402521	Regional

025-020	Former main entrance to Redmonstown House (now demolished)	Redmonstown		Former main entrance to Redmonstown House (now demolished), erected c.	<i>An elegant and well-detailed gateway, which now acts as an historical reminder of Redmonstown House, now demolished. The form of this gate suggests that it may be late eighteenth-century in origin.</i>	15402523	Regional
025-021	Single-arched railway bridge	Killeen		Single-arched railway bridge, built c.1851, carrying main approach avenue to Jamestown Court (15402544) over former Midland Great Western Railway Mullingar to Galway line.	<i>An appealing mid nineteenth-century railway bridge, which is an integral element of the transport and civil engineering heritage of County Westmeath.</i>	15402524	Regional
025-022	Freestanding cast-iron water pump	Adamstown		Freestanding cast-iron water pump, erected c.1890, comprising banded cylindrical shaft with fluted head having fluted spout, and 'cow tail' curvilinear handle. Original cap now missing.	<i>A typical late nineteenth-century water pump, of a standard design encountered throughout rural Westmeath. A piece of early mass produced cast-iron, this pump is a vestige of the early public facilities in the area.</i>	15402525	Local
025-023	Detached four-bay single-storey thatched house with single-storey extension to the to north	Adamstown		Detached four-bay single-storey thatched house with single-storey extension to the to north, built c.1820 and altered c.2000. Modern pitched reed thatched roof with block ridges and dormers and rendered chimneystacks. Timber eaves and bargeboards.	<i>An early nineteenth-century vernacular house, which has been somewhat over-restored in recent years.</i>	15402527	Local
025-024	Detached three-bay two-storey house	Conranstown		Detached three-bay two-storey house, built c.1820, with return to rear (southwest). Pitched artificial slate roof with rendered chimneystacks to either gable end and cast-iron rainwater goods. Cat slide roof over rear extension.	<i>A handsome and well-proportioned early nineteenth-century house, which retains much of its early form, character and fabric.</i>	15402528	Regional

025-025	Castletown Railway Station	Conranstown		Detached two-storey former railway goods shed associated with Castletown Station to the northeast (15402530), built c.1851. Now out of use. Pitched natural slate roof with raised cut limestone verges to either end.	<i>A well-built mid nineteenth-century railway goods shed, associated with Castletown Railway Station (15402530), representing an important element of the transport and civil engineering heritage of County Westmeath.</i>	15402529	Regional
025-026	Castletown Station	Conranstown		Detached three-bay single-storey former railway station, built c.1851, with projecting gable-fronted bays to either end (southwest and northeast) and an open veranda supported on cast-iron posts to centre. Now in use as a private house.	<i>An appealing and well-built mid nineteenth-century railway station, representing an important element of the transport and civil engineering heritage of County Westmeath.</i>	15402530	Regional
025-027	Castletown Station	Conranstown		Pair of level crossing gates, erected c.1851, formerly serving the Midland and Great Western Railway Company's Mullingar to Athlone line.	<i>A typical set of mid nineteenth-century level crossing gates, which retain their early form, character and a number of early cast-iron fittings.</i>	15402531	Regional
025-028	Castletown Station	Conranstown		Freestanding two-bay two-storey signal box, built or rebuilt c.1925. Pitched natural slate roof with overhanging eaves with decorative timber brackets to gable ends and a single red brick chimneystack to the centre, behind roof ridge.	<i>A pleasing small-scale railway structure representing an important element of the transport and civil engineering heritage of County Westmeath.</i>	15402532	Regional
025-029	Ard Na Greine	Conranstown		Detached three-bay two-storey house and former dispensary, built c.1880, having canted bay windows to ground floor flanking central doorcase (southeast) and a two-bay two-storey extension to the southwest side. Now in use as a private house.	<i>A well-balanced detached Victorian House, which retains much of its early character and form. This appealing dwelling is prominently sited in an elevated position and adds architectural interest to its rural location.</i>	15402533	Regional

025-030	Wall-mounted cast-iron post box	Castletown Railway Station Conranstown		Wall-mounted cast-iron post box, erected between 1901-10, with raised "ER VII" royal cipher and raised crown motif. Set in rubble limestone pier, on circular plan, adjacent to the former Castletown Railway Station.	<i>An attractive, if simple, item of street furniture that represents an early-surviving artefact of mass-produced cast-iron ware.</i>	15402534	Regional
025-031	Detached five-bay two-storey house	Glomerstown		Detached five-bay two-storey house, built c.1820, having a single-bay gable-fronted entrance porch to the centre of the main elevation (south). Now unoccupied.	<i>Substantial and well-balanced two-storey house, of probable early nineteenth-century date, which retains much of its early vernacular character despite being out of use.</i>	15402535	Regional
025-032	Single-arched railway bridge	Rathnamuddagh		Single-arched railway bridge, built c.1851, carrying former Midland Great Western Railway Mullingar to Athlone/Galway line over road. No longer in active use.	<i>A robust and elegantly-appointed railway bridge representing an important element of the transport and civil engineering heritage of County Westmeath.</i>	15402536	Regional
025-033	Detached three-bay two-storey former farmhouse	Rathnamuddagh		Detached three-bay two-storey former farmhouse, built c.1830, having projecting single-bay windbreak porch to the centre of the main elevation (southeast). Hipped natural slate roof with a smooth rendered chimneystack to centre. Cast-iron rainwater goods.	<i>Though this building is in a state of dereliction it retains its original proportions and many salient features including a natural slate roof, cut stone sills and the remains of timber sliding sash windows.</i>	15402537	Local
025-034	Dysart Roman Catholic chapel	Rathnamuddagh		Detached Roman Catholic chapel on cruciform plan, built c.1840 and altered c.1895, comprising four-bay nave to the east, a single-bay chancel to the west and single-bay transepts to the north and the south.	<i>A simple mid nineteenth-century Roman Catholic chapel, which retains its early form and much of its early character. This structure was probably originally built as a T-plan chapel, like a great many of its contemporaries in the rural countryside.</i>	15402538	Regional

026-007	Ennell Lodge	Lynn		Detached three-bay two-storey over basement house, built c.1800, having a single-bay porch to the centre of the principal elevation (southwest) and an extension to the rear (northeast).	<i>A well-proportioned middle-sized house, which retains much of its early form and character despite recent alterations. The balanced front façade to this structure is representative of the architecture of the period of construction.</i>	15402607	Regional
026-008	Belville Cottage	Lynn		Detached five-bay single-storey house, built c.1820, having a bowed projection to either end elevation (east and west) and a five-bay two-storey return to rear (south).	<i>A fine small-scale country house, of probable early nineteenth-century date, which retains its early form, character and fabric.</i>	15402609	Regional
026-009	Moylisker Rectory	Lynn		Detached three-bay two-storey over basement former rectory, built in 1813, with main doorcase to south side elevation. Now in use as a private house.	<i>This is a well-proportioned former rectory, of early nineteenth-century date, which retains its early form, character and most of its important early fabric.</i>	15402611	Regional
026-010	The Gothic Arch	Lynn		Freestanding rusticated Gothic folly/arch located within the grounds of Belvedere House (15402615), built c.	<i>This deliberately romantic and complex feature forms part of an important collection of Gothic follies at Belvedere House (15402615), which together represent one of the most important collections of its type in Ireland.</i>	15402612	National
026-011	Gothic Octagon	Belvidere		Freestanding Gothic gazebo on octagonal plan located within the grounds of Belvedere House (15402615), built c.1765. Constructed of coursed dressed limestone with brick lining to the interior.	<i>A mid-eighteenth century Gothic folly that forms part of an important collection of Gothic follies at Belvedere House (15402615), which together represent one of the most important collections of its type in Ireland.</i>	15402613	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
026-012	The Jealous Wall	Belvidere		Detached three-storey 'sham ruin' on complex irregular plan, located to the south of Belvedere House (15402615), built c.1760.	<i>'The Jealous Wall' is the largest folly in Ireland and forms part of an important collection of Gothic follies at Belvedere House (15402615), together representing one of the most important collections of its type in Ireland.</i>	15402614	National
026-013	Belvedere House and demesne	Belvidere		Detached five-bay two-storey over basement former country house/hunting lodge on L-shaped plan, built c.	<i>A sophisticated and elegant Palladian hunting lodge/house, which retains its early form, fabric and character.</i>	15402615	National
026-014	Gate lodge (now offices), Tudenham Park	Rochfort Demesne		Detached three-bay single-storey former gate lodge on cruciform plan, dated 1865, with a projecting open two-bay porch to the north side. Originally served Tudenham Park (15402617) to the west and now in use as an office for the Fisheries Board.	<i>A highly appealing and well-executed Italianate gate lodge and associated main entrance gates serving Tudenham Park (15402617). The building and associated gates are richly decorated with cut stone and cast-iron work of a high artistic standard and value.</i>	15402616	Regional
026-015	Tudenham Park and demesne	Rochfort Demesne		Detached seven-bay three-storey over basement country house, built c.1743, with projecting full-height bows to the centre of the west and east side elevations. Later return to rear (south). Later in use as a military hospital (1914-1919).	<i>Though Tudenham Park sadly now survives only as a roofless shell, this building is of high architectural and artistic significance and retains good quality cut stone detailing throughout.</i>	15402617	National
026-016	Moylisker Church of Ireland church	Rochfort Demesne		Freestanding Church of Ireland church, built in 1877, comprising a four-bay hall with an attached three-stage tower, on square-plan having an octagonal belfry and spire over, to the west end of south elevation.	<i>A fine late nineteenth-century Church of Ireland church, which retains its early form and character.</i>	15402618	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
026-017	Tallyho House	Tallyho		Detached five-bay two-storey country house, built c.1780, with canted return to rear (east).	<i>A well-proportioned middle-sized country house, of late eighteenth date, which retains its early form, character and fabric.</i>	15402619	Regional
026-018	Carrick Lodge	Carrick		Detached three-bay two-storey house with two-storey return to rear (north), built or rebuilt c.1870. Pitched natural slate roof, hipped to rear return, with ruled-and-line rendered chimneystacks to gable ends (east and west).	<i>An appealing and well-balanced Victorian house, which retains its early form and character.</i>	15402622	Regional
026-019	Boathouse, Carrick House	Carrick		Freestanding single-bay single-storey former boathouse associated with Carrick House (15402624), erected c.1780. Now out of use and ruinous.	<i>An interesting, if ruinous, former boathouse associated with Carrick House (15402624) to the southeast.</i>	15402623	Regional
026-020	Carrick House	Carrick		Detached eight-bay two-storey house, built c.1740, having a full-height canted projection with a hipped slate roof over to the centre (slightly offset to the east) of the main façade (south).	<i>A fine and substantial mid-eighteenth century country house, which retains its early form, fabric and character. The canted projection is a noteworthy feature and this may be a slightly later addition, perhaps added during the late eighteenth-century.</i>	15402624	Regional
026-021	Tyrrellstown House	Tyrrellstown		Detached five-bay two-storey house, built c.1790, probably incorporating the remains of an earlier tower house on site (west side of house). Pitched natural slate roof with rendered chimneystacks to either gable end (east and west).	<i>A well-proportioned house of late eighteenth-century appearance. It retains much of its early character despite recent alterations to the front façade resulting in the loss of early fabric to the openings.</i>	15402628	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
026-022	Freestanding water tower	Anneville		Freestanding water tower, built c.1980, with lean-to extension to south. Poured reinforced concrete construction. Slender banded shaft, on a circular-plan, rising to a conical water chamber over having a shallow domed roof over.	<i>An interesting late-twentieth century addition to the rural landscape of Westmeath. This prominent feature in the landscape has quite a sculptural form and is of technical merit.</i>	15402629	Local
026-023	Farmyard complex, Anneville House	Anneville		Complex of single and two-storey outbuildings arranged around two courtyards to the rear (east) of Anneville House (15402631), built c.1745. Two-storey barn (running north to south) to the centre of complex divides courtyard in two.	<i>A substantial and impressive complex of well-built rubble limestone outbuildings associated with Anneville House (15402631). These buildings retain their early form, plan and character.</i>	15402630	Regional
026-024	Anneville House	Anneville		Detached three-bay two-storey over basement country house, built c.	<i>A fine and quite distinctive late eighteenth-century house, which retains its early form and character.</i>	15402631	Regional
026-025	Freestanding cast-iron water pump	Gaybrook Cross Roads Gaybrook Demesne		Freestanding cast-iron water pump, erected c.1885, comprising banded cylindrical shaft with fluted head having fluted spout, 'cow tail' curvilinear handle, and fluted ogee-dome cap with finial.	<i>A typical late nineteenth-century water pump, of a standard design encountered throughout rural Westmeath.</i>	15402632	Regional
026-026	Former entrance gates serving Gaybrook House (now demolished)	Gaybrook Demesne		Former entrance gates serving Gaybrook House (now demolished), erected c.1790, comprising four ashlar limestone gate piers, on square-plan, with stepped pyramidal capstones over.	<i>An appealing, if relatively modest, set of entrance gates serving the former Gaybrook House Demesne, which retains cut stone piers and cast-iron gates of artistic merit.</i>	15402633	Regional

026-032	Detached five-bay two-storey house	Corbally		Detached five-bay two-storey house, built c.1800, having a single-bay flat-roofed entrance/windbreak porch to the centre of the main façade east and a five-bay single-storey outbuilding attached to the north end. Now out of use and derelict.	<i>An interesting and substantial two-storey vernacular house, which retains much of its early form, character and fabric. This two-storey structure was originally thatched and retains its early lime render.</i>	15402640	Regional
026-033	Farmhouse and associated outbuildings	Gainestown		Detached five-bay single-storey house, built c.1820, with a single-bay flat-roofed entrance porch to main façade (east). Now out of use. Pitched corrugated metal roof with no chimneys surviving.	<i>A fine vernacular complex, which retains much of its early form, character and fabric despite being no longer in use. The house itself is an excellent example of a typical single-storey vernacular house.</i>	15402642	Regional
026-034	Gainestown Roman Catholic church	Gainestown		Detached Roman Catholic hall-style chapel, built c.1830, rebuilt c.1853 and renovated c.1950, comprising a three-bay nave with a top-lit apsidal chancel added to the east end and a projecting gable-fronted porch added to the west gable (nave), c.1950.	<i>A modestly-scaled early nineteenth-century 'hall-style' Roman Catholic chapel, which retains much of its early form and some of its early character despite a major mid-to-late twentieth century refit.</i>	15402643	Regional
026-035	Clonmoyle House	Tullanisky		Detached three-bay two-storey over basement, house, built c.1850, on an L-shaped plan. Hipped natural slate roof with overhanging eaves and a central pair of rendered chimneys.	<i>An attractive and well-proportioned mid nineteenth-century house, which retains its early form fabric and character. This building is well-detailed with extensive stucco/rendered detailing.</i>	15402644	Regional
026-036	Detached three-bay two-storey house	Tullanisky		Detached three-bay two-storey house, built c.1815, with lean-to extensions to gable ends (north and south). Pitched artificial slate roof with cast-iron rainwater goods and with ruled-and-line rendered chimneys to either gable end.	<i>A well-proportioned house/farmhouse, of probable early nineteenth-century date, which retains its early form character and fabric.</i>	15402645	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
026-037	Russellstown House	Russellstown		Detached three-bay single-storey former gate lodge originally serving Russellstown House (15402648), built c.1870, having a projecting single-bay porch to the west end of main elevation and a box bay window to the east side of main elevation.	<i>A small-scale ruinous gate-lodge, of mid-to-late nineteenth-century date, associated with Russellstown House (15402648).</i>	15402647	Local
026-038	Russellstown House	Russellstown		Detached three-bay two-storey country house, built c.	<i>A good quality and well-proportioned late nineteenth-century country house, which retains its early form and character.</i>	15402648	Regional
026-039	Russellstown House	Russellstown		Complex of single and two-storey outbuildings and stables arranged around a central courtyard to the northwest of Russellstown House (15402648), built c.1870 and extended c.1950. Two-storey rubble limestone outbuilding to the west, c.	<i>An interesting complex of outbuildings associated with Russellstown House (15402648). The different materials and styles in evidence indicates the changing needs and changing building practices over a 100 year period.</i>	15402649	Local
026-040	Single-arch hump-backed canal bridge carrying small road over Royal Canal	Greatdown		Single-arch hump-backed canal bridge carrying small road over Royal Canal, built c.1806.	<i>A typically well-built canal bridge, which is a valuable part of the architectural heritage of Westmeath and the industrial heritage of Ireland. Although humble in form, this structure has a simple and functional elegance.</i>	15402651	Regional
026-041	Pair of level crossing gates	Newdown		Pair of level crossing gates, erected c.1848, formerly serving the Midland and Great Western Railway Company's Dublin (Broadstone) to Mullingar line.	<i>A typical set of mid nineteenth-century level crossing gates, which retain their early form, character and a number of their early cast-iron fittings.</i>	15402652	Regional

026-047	Main entrance gates serving Gaybrook House (now demolished)	Gaybrook Demesne		Main entrance gates serving Gaybrook House (now demolished), erected c.	<i>A handsome and well-composed entrance gate, which originally served as the main entrance to Gaybrook House (now demolished).</i>	15402667	Regional
027-001	St. Camillus Nursing Centre	Rathwire Upper		Detached five-bay single-storey over basement villa, built c.	<i>A well-proportioned and richly decorated late-Georgian villa, which retains much of its early form and character despite extensive additions and alterations over the years.</i>	15312021	Regional
027-002	Detached three-bay two-storey house	Mill Land		Detached three-bay two-storey house, built c.1840, having a later single-bay single-storey enclosed flat-roofed entrance porch to the centre of the main façade (east) and a single-bay single-storey extension attached to the south gable.	<i>A well-proportioned if simply detailed house/farmhouse of early nineteenth-century appearance, which retains much of its early form and character despite some alterations over the years.</i>	15312022	Regional
027-003	St. Camillus Nursing Centre	Rathwire Upper		Gateway serving to Riverstown House (15312021), erected c.	<i>A well-composed and well-detailed entrance gate associated with Riverstown/Rathwire House (15312021).</i>	15312023	Regional
027-004	Riverstown Lock	Thomastown		Sluice gate and retaining walls associated with the Royal Canal supply line from Riverstown River to Thomastown Harbour (15402731) to the south, erected c.1805. Now out of use with channel now dry.	<i>An interesting and unassuming feature in the landscape, which forms part of an important group of structures associated with the Royal Canal in Westmeath.</i>	15312033	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
027-005	Riverstown Bridge	Thomastown		Single-arched road bridge over Riverstown River, built c.1800. Constructed using rubble limestone with roughly dressed limestone voussoirs to the arch. Rubble limestone coping over parapets. Cast-iron ties to sides of bridge.	<i>A well-built small-scale bridge, which retains its early form and fabric. It is well-built using local rubble limestone, attesting to the skillful craftsmanship available at the time of its construction.</i>	15312034	Regional
027-006	Detached double-pile four-bay two-storey house	Kinnegad		Detached double-pile four-bay two-storey house, c.1840, having a single-bay flat-roofed entrance porch to the south end of the principal elevation (east).	<i>A curious two-storey extended vernacular house, which retains its early character despite alterations over the years.</i>	15316001	Regional
027-007	Former church of Ireland graveyard on rectilinear plan	Main Street Kinnegad		Former church of Ireland graveyard on rectilinear plan, c.1760, containing a collection of cut stone grave markers, some with iron railings, dating from the second half of the eighteenth century to c.1900. Formerly the site of St.	<i>An interesting former Church of Ireland graveyard, which acts as an interesting historical reminder to a vibrant church of Ireland community in the area during the eighteenth and nineteenth century.</i>	15316002	Regional
027-008	Detached three-bay two-storey former schoolmaster's house	Main Street Kinnegad		Detached three-bay two-storey former schoolmaster's house, built c.1893, having an advanced gable-fronted bay to the east end of the main elevation (south). Now in use as a private dwelling.	<i>A charming and well-detailed late nineteenth-century former schoolmaster's house, associated with Kinnegad National Schools (15316004) to the south, which retains its early form and character.</i>	15316003	Regional
027-009	Former National School (now Arts Centre)	Main Street Kinnegad		Detached six-bay single-storey national school, built c.1893, having advanced gable-fronted bays to either end of the main façade (south) and to the rear elevation (north) creating H-shaped plan. Now in use as an arts education and training centre.	<i>A highly appealing and well-detailed late nineteenth-century national school, which retains its original form and character. This building is probably the most attractive example of its type and date in Westmeath. This school was built to designs by A.</i>	15316004	Regional

027-010	Our Lady of the Immaculate Conception	Main Street Kinnegad		Detached Roman Catholic church on cruciform plan, built 1904-09, comprising four-bay nave, two bay transepts to east and west and a three-stage tower on square-plan with broached spire over, offset, to east end of entrance front (south).	<i>A substantial church, which retains its early form, character and fabric. This church was built to designs by T. F. McNamara (1867-1947), a noteworthy architect of his day.</i>	15316005	Regional
027-011	Kinnegad Parochial House	Main Street Kinnegad		Detached double-pile three-bay two-storey parochial house, built c.	<i>A substantial and well-detailed Roman Catholic parochial house, which retains its early form and character. This parochial house is of a more elaborate form than is more commonly encountered in rural Ireland and may have been built to designs by T. F.</i>	15316006	Regional
027-012	Semi-detached four-bay two-storey house	Main Street Kinnegad		Semi-detached four-bay two-storey house, built c.1810. Possibly formerly in use as a Royal Irish Constabulary barracks, c.1830 to c.1922.	<i>This is a well-maintained dwelling on the main street of Kinnegad. It retains much of its original fabric and charm and is an important element within the streetscape.</i>	15316007	Regional
027-013	Semi-detached seven-bay single-storey vernacular house	Main Street Kinnegad		Semi-detached seven-bay single-storey vernacular house, built c.1800. Steeply pitched artificial slate roof having three rendered chimneystacks and with raised rendered verges to either gable end (east and west).	<i>An appealing and unusually long vernacular house, which retains some of its early character despite extensive alterations in recent years. The steeply pitched roof hints that this building was formerly thatched.</i>	15316008	Regional
027-014	End-of-terrace corner-sited four-bay two-storey house	Main Street Kinnegad		End-of-terrace corner-sited four-bay two-storey house, built c.1830. Now vacant. Pitched natural slate roof with a single central chimneystack and a brick corbel course at eaves level.	<i>A modest building of early-to-mid nineteenth-century date, which retains much of its early character and importance to the streetscape.</i>	15316009	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
027-015	Semi-detached single-bay single-storey local authority house with attic level	Main Street Kinnegad		Semi-detached single-bay single-storey local authority house with attic level, built c.1890. Now out of use. One of a pair with the building to the east.	<i>A typical small-scale local authority house, which retains its early character, form and fabric despite being out of use.</i>	15316010	Local
027-016	Griffinstown House	Griffinstown		Detached three-bay two-storey over a basement neoclassical house, built c.1820, with an open cut limestone tetrastyle Greek Ionic entrance porch to the centre of the front façade (north) and a full-height bow-shaped projection to the west elevation.	<i>A highly accomplished early nineteenth-century neoclassical country house, which retains its early form, character and fabric. This house is very well-proportioned and is built using limestone that is almost ashlar in quality.</i>	15402701	Regional
027-017	Single-bay, single-storey former latrine, Griffinstown House	Griffinstown		Freestanding single-bay single-storey structure, built c.1820. Roof now collapsed. Constructed of coursed limestone with dressed limestone trim to square-headed doorcase. Located adjacent to Griffinstown House (15402701) in shared grounds.	<i>A curious small-scale structure associated with Griffinstown House (15402701). It is possible, given its form and relationship with the main house, that this was originally built as a latrine.</i>	15402702	Regional
027-018	Outbuildings, Griffinstown House	Griffinstown		Complex of single and two-storey outbuildings arranged around a central courtyard to the east of Griffinstown House (15402701). Hipped and pitched natural slate roofs. Built of coursed limestone with cut stone trim.	<i>A substantial and robust complex of outbuildings associated with Griffinstown House (15402701), which retain their early form, character and fabric.</i>	15402703	Regional
027-019	Entrance gateway, Griffinstown House	Griffinstown		Main entrance gates serving Griffinstown House (15402701), erected c.1820, comprising a central carriage entrance flanked to the southwest and northeast by pedestrian entrances.	<i>An unusual set of entrance gates serving Griffinstown House (15402701), which retain much of their early form, character and fabric.</i>	15402704	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
027-021	St. Agnes Roman Catholic chapel	Heathstown		Entrance gates and arch serving St. Agnes Roman Catholic chapel (15402705), comprising a pair of open-work decorative cast-iron gate piers supporting a cast-iron round-headed arch over with floral ironwork and surmounted by a cross finial.	<i>A highly decorative cast-iron archway associated St. Agnes Roman Catholic chapel (15402705). The railings and ironwork are of an unusual design and of a very high standard.</i>	15402706	Regional
027-022	Mary Lynch public house	Heathstown		Detached six-bay two-storey public house and grocery store, built c.1900, having later single-storey wings/extensions to either gable end (east and west).	<i>A large-scale and prominently-sited commercial premises, which retains much of its early character and form.</i>	15402707	Local
027-023	Single-arched aqueduct carrying Royal Canal over Riverstown River	Heathstown		Single-arched aqueduct carrying Royal Canal over Riverstown River, built c.1806. Constructed of ashlar limestone with ashlar limestone voussoirs to arch. No parapet walls. Located to the west of McNeard's bridge and to the southeast of Mullingar.	<i>A typically well-built feature associated with the Royal Canal, which is a valuable part of the architectural heritage of Westmeath and the industrial heritage of Ireland. Although humble in form, this structure has a simple and functional elegance.</i>	15402708	Regional
027-024	Lifting or bascule bridge associated with the Royal Canal	Newdown		Lifting or bascule bridge associated with the Royal Canal, built c.1950. Constructed of steel with the deck balanced by counter-weights to the north side. Allows access to farm complex to the west whilst maintaining canal use. Resting on concrete piers.	<i>A rare example of a lifting bridge or bascule bridge in Co. Westmeath. A bascule bridge is a drawbridge with a counterweight that continuously balances the span, or "leaf", throughout the entire upward swing.</i>	15402709	Regional
027-025	Woodfort House	Newdown		Detached five-bay two-storey over partially raised basement house, built c.1800 and altered c.1850, having a single-storey rubble stone outbuilding attached to the north gable end.	<i>An unusual house with rather squat proportions, which retains much of its early character and form despite recent alterations.</i>	15402710	Regional

027-036	Killucan Train Station	Riverstown		Wall-mounted cast-iron post box, c.1880, with 'VR' royal cipher and raised crown motif. Set in brick wall to the west end of the now largely demolished Killucan Train Station.	<i>An attractive, if simple, item of street furniture that represents an early-surviving artefact of mass-produced cast-iron ware.</i>	15402722	Regional
027-037	Riverstown Lodge	Riverstown		Detached double-pile three-bay single-storey house, built c.1845. Pitched natural slate roof with raised verges and rendered chimneystacks to either end. Smooth rendered walls over projecting plinth with raised quoins to the corners.	<i>A good quality mid nineteenth-century gentleman's house, which its early form and character. This fine small-scale building has retained the vast majority of its early fabric.</i>	15402723	Regional
027-038	20th Lock	Grehanstown		Canal lock, built c.1805, consisting of pair of (restored) timber and steel breast gates with timber footboards, tail gates and balance beams. Set within ashlar limestone lock channel. Original bollards to quay sides.	<i>An attractive and well-built canal lock that forms part of an important group of structures associated with the Royal Canal in Westmeath.</i>	15402724	Regional
027-039	19th Lock	Cushinstown		Canal lock, built c.1805, consisting of pair of (restored) timber and steel breast gates with timber footboards, tail gates and balance beams. Set within ashlar limestone lock channel.	<i>An attractive and well-built canal lock that forms part of an important group of structures associated with the Royal Canal in Westmeath.</i>	15402725	Regional
027-040	18th Lock	Annaskinnan		Canal lock, built c.1805, consisting of pair of (restored) timber and steel breast gates with timber footboards, tail gates and balance beams. Set within ashlar limestone lock channel. Located to the west of Thomastown Bridge (15402727).	<i>An attractive and well-built canal lock that forms part of an important group of structures associated with the Royal Canal in Westmeath.</i>	15402727	Regional

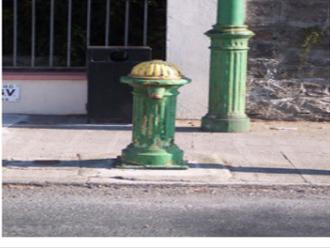

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
027-041	Thomastown Bridge	Annaskinnan		Single-arch canal bridge carrying road over Royal Canal, built c.1805. Constructed of dressed limestone with ashlar limestone detailing including a projecting string course at parapet base level/road level. Slightly battered to base.	<i>A typically well-built canal bridge, which is a valuable part of the architectural heritage of Westmeath and the industrial heritage of Ireland. Although humble in form, this structure has a simple and functional elegance.</i>	15402728	Regional
027-042	Quinn's Public House	Thomastown Harbour Annaskinnan		Detached three-bay two-storey house and commercial premises, built c.1820. Modern two-storey extension to the north end. Pitched slate roof having rendered chimneystacks to either end.	<i>A modest early nineteenth-century house and commercial premises, which retains some of early character despite being greatly extended in recent. The form and proportions of this building are very typical of its date.</i>	15402730	Local
027-043	Thomastown Harbour	Annaskinnan		Canal harbour, built c.1805, having dressed limestone quay walls and a number of cast-iron mooring bollards to the south bank. Canal bridge (15402728) located to the west end and a modern slipway to the south side. Located to the south of Killucan.	<i>A typically well-built canal harbour, which is a valuable part of the architectural heritage of Westmeath and the industrial heritage of Ireland.</i>	15402731	Regional
027-044	Thomastown Harbour	Annaskinnan		Single-arched bridge/culvert over canal feeder line/Riverstown River, built c.1805 and altered c.1985. Rubble limestone walls with cast-iron sluice bars to culvert openings.	<i>A small simple bridge/culvert associated with the Royal Canal. This feature crosses the canal feeder line from the north (Riverstown River) and is one of a number of related structures at Thomastown Harbour (15402731).</i>	15402732	Local
027-045	Ballyhaw Bridge	Brutonstown		Single-arch road bridge over Riverstown River, built c.1820. Constructed of rubble limestone with dressed limestone voussoirs to the arch. Located to the southeast of Killucan.	<i>A well-built small-scale bridge, which retains its early form and fabric.</i>	15402734	Regional

027-049	Weir and sluice/overflow associated with the Royal Canal	Newdown	No Image Available	Weir and sluice/overflow associated with the Royal Canal, built c.1806. Constructed of dressed limestone. Located to the southwest of Mullingar and adjacent to lifting bridge (15402709).	<i>A typically well-built canal feature, which is a valuable part of the architectural heritage of Westmeath and the industrial heritage of Ireland.</i>	15402738	Regional
027-050	20th Lock	Grehanstown	No Image Available	Canal milepost, erected c.1805. Constructed using a roughly hewn limestone post with '42 miles, Dublin' carved onto one of the faces. Located adjacent to lock 20 (15402724).	<i>An interesting feature in the landscape associated with the Royal Canal. This is one of very few remaining examples of a canal milestone along the Royal Canal, the others having been removed and lost over the years.</i>	15402739	Regional
028-001	J.C. Donnelly	Main Street Kinnegad		Detached corner-sited five-bay two-storey former house, built c.1865, having a shopfront, c.1940, to the east end of the main façade (south). Currently in use as a public house and shop with accommodation over.	<i>This is a robust and well-detailed building, of mid-to-late nineteenth-century appearance, which retains its early character and form.</i>	15316011	Regional
028-003	Riverdale House	Riverdale		Detached five-bay two-storey house, built c.1960, having a cut stone tetrastyle Doric entrance porch to the centre of the entrance front (north) taken from an earlier house, c.1820.	<i>This house is apparently a 1960s rebuilt on the site of an earlier country house.</i>	15402801	Local
029-001	Fardrum House	Fardrum		Detached three-bay single-storey over basement house, built c.1825. Hipped natural slate roof with a pair of rendered chimneystacks to the centre.	<i>A highly appealing early nineteenth-century gentleman's cottage, which retains its early form, character and form.</i>	15402904	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
029-002	Outbuildings, Fardrum House	Fardrum		Complex of two two-storey outbuildings to the rear of Fardrum House (15402904), built c.1825.	<i>An appealing pair of rubble limestone outbuildings associated with Fardrum House, which retain their early form and character.</i>	15402905	Regional
029-003	Tully Bridge	Tully		Single-arched railway bridge, built c.1851, carrying former Midland Great Western Railway Mullingar to Athlone line over small rural road. No longer in active use.	<i>A robust and elegantly-appointed railway bridge representing an important element of the transport and civil engineering heritage of County Westmeath.</i>	15402909	Regional
029-004	Outbuildings, Twyford House	Twyford		Complex of two-storey outbuildings and a stable block, arranged around two courtyards to the rear of Twyford House (15402911), built c.1820 and extended c.1850. Yards are linked by a segmental-headed carriage arch to the centre of the party range.	<i>An unusually extensive complex of two-storey outbuildings associated with Twyford House (15402911), which retains its early form and character.</i>	15402912	Regional
029-005	Freestanding cast-iron water pump	Warren High		Freestanding cast-iron water pump, erected c.1885, comprising banded cylindrical shaft with fluted head having fluted spout, and a 'cow tail' curvilinear handle with looped end. Original fluted ogee-dome cap with finial now missing.	<i>A typical late nineteenth-century water pump, of a standard design encountered throughout rural Westmeath. This particular example is missing its original cap and this detracts somewhat from the appeal of this pump.</i>	15402913	Local
029-006	Moydrum Castle	Moydrum		Detached seven-bay two-storey over basement castellated country house, rebuilt c.1812 (incorporating the fabric of an earlier house built c.1750), having an advanced three-storey breakfront/gate tower (offset) to the west side of centre.	<i>The impressive and picturesque ruins of a large-scale Gothic Revival castellated country house.</i>	15402917	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
029-007	Walled garden, Moydrum Castle	Moydrum		Walled garden associated with Moydrum Castle (15402917), built c.1812. Constructed of rubble limestone.	<i>An extensive walled garden, forming part of an interesting group of structures associated with Moydrum Castle (15402917).</i>	15402918	Regional
029-008	Entrance gateway, Moydrum Castle	Moydrum		Main entrance gates serving Moydrum Castle (15402917), erected c.1812.	<i>The remains of the former main entrance gates serving Moydrum Castle (15402917). These gates are well-built and retain some finely moulded ashlar work.</i>	15402919	Regional
029-009	Detached four-bay single-storey vernacular house	Ballykeeran		Detached four-bay single-storey vernacular house, built c.1820. Pitched thatched roof with decorated ridge work, raised rendered verges to either end (north and south) and two central rendered chimneystacks.	<i>A highly appealing example of a thatched vernacular house, which retains its early form, character and fabric. Buildings of this type were once very numerous in the Irish countryside.</i>	15402920	Regional
029-010	Freestanding cast-iron water pump	Tully		Freestanding cast-iron water pump, erected c.1885, comprising banded cylindrical shaft with fluted head having fluted spout, 'cow tail' curvilinear handle, and fluted ogee-dome cap with finial.	<i>A typical late nineteenth-century water pump, of a standard design encountered throughout rural Westmeath.</i>	15402910	Regional
029-011	Detached four-bay single-storey thatched cottage	Ballykeeran		Detached four-bay single-storey thatched cottage, built c.1820, having a projecting flat-roofed entrance porch to the main elevation (east). Modern extension to the south. Pitched thatched roof with decorated ridge work and a rendered chimneystack.	<i>An appealing example of a thatched vernacular house, which retains its early form and character despite some alterations to the openings. Buildings of this type were once very numerous in the Irish countryside.</i>	15402921	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
029-012	Twyford House	Twyford		Detached five-bay two-storey over basement country house, built c.1760, having single-bay wings to either end (east and west) a three-storey elevation to the rear (north). Now out of use and derelict.	<i>The substantial remains of a well-proportioned eighteenth century house, which retains its early form, character and form despite its now dilapidated condition. The cut stone doorcase helps to enliven the rather plain front façade of this house.</i>	15402911	Regional
029-013	Our Lady Queen of Peace	Clonbrusk		Freestanding Roman Catholic church on rectilinear-plan, built in 1973. Hipped/pyramidal slate roof having an roof lantern, offset towards the centre, rising to a spire on rectilinear plan. Cross finial over.	<i>An interesting and bold example of a post-Second Vatican Council (1963-5) Roman Catholic church. It retains its original form and character. The unusual spire/lantern is an interesting feature of some design merit and is a local landmark.</i>	15402923	Regional
029-014	Mill building (in ruins)	Ballaghkeeran Big Ballykeeran		Nineteenth Century corn mill now in a ruinous condition, only one wing of the earlier building survives along the millrace. Part of a larger mill complex that was comprised a corn mill and a bleach mill with a mill race diverted from the Beresford River.	<i>An important part of the Industrial Heritage of this area</i>	0	
030-001	Jones' Level Crossing Gates	Windmill Road Tullaghnageeragh		Level crossing gates, erected c.1851, comprising a pair of cut stone gate post supporting a pair of timber crossing gates with cast-iron fittings and with modern metal mesh to the base. Now out of use.	<i>An early level crossing gate associated with the Midland and Great Western Railway Company's Dublin Broadstone to Galway line, which opened between Mullingar and Galway in 1851 and closed to regular rail traffic in 1987.</i>	15317002	Regional
030-002	Tullaghnageeragh House	Windmill Road Tullaghnageeragh		Detached double-pile three-bay two-storey house, built c.1850 possibly incorporating then fabric of an earlier building. Double pitched slate roof with rendered chimneystacks to either gable end (north and south) having terracotta pots over.	<i>A substantial and well-balanced house, which retains much of early form and character despite alterations in recent years. The front façade is enlivened by the simple but well-composed central doorcase.</i>	15317003	Regional

030-003	Baltrasna House	Athlone Road Baltrasna		Detached three-bay two-storey house, built c.1850, having two-storey returns to the rear (west) and a canted bay window to the south side elevation.	<i>A good quality, well-proportioned mid nineteenth-century house, which retains its early form and character. Well-maintained, this building retains all its important early fabric, including timber sash windows and cut limestone quoins to the corners.</i>	15317005	Regional
030-004	The Gap House	Jones'Lake Road Athlone RoadMoategranoge		Detached five-bay two-storey house, built c.1820, now in use as a public house. Modern extensions to the rear (west) and to the north.	<i>An appealing building, of early nineteenth-century appearance, which retains much of its early form and character.</i>	15317010	Regional
030-005	Freestanding cast-iron vent pipe	Jones'Lake Road Aghanargit		Freestanding cast-iron vent pipe, erected c.1890, comprising fluted pedestal with moulded necking, and cylindrical shaft over having splayed saw tooth-profiled parapet. Tonge and Taggart makers/foundry mark to the base. Now disused. Road fronted.	<i>This vent pipe, which is now disused, is of social significance as an historical reminder of the sanitary/sewerage system that was developed in many Irish towns and villages during the late nineteenth-century.</i>	15317012	Regional
030-006	St. Oliver Plunkett Boys National School	Jones'Lake Road Aghanargit		Detached six-bay single-storey school, built c.1937, with single-storey returns and an extension to the rear (north). Hipped slate roof with central metal vent to the centre. Cast-iron rainwater goods.	<i>A pleasantly-composed modest-scale school built to a standard design prepared by the Office of Public Works accommodating two classrooms together with associated ranges to the rear in a wholly integrated compact design.</i>	15317013	Regional
030-007	Freestanding cast-iron water hydrant	Jones'Lake Road Church StreetAghanargit		Freestanding cast-iron water hydrant, erected c.1900, comprising a fluted shaft on moulded base with fluted capping over. Horizontal pull lever now missing. Located on a footpath to the south to the south of St.	<i>An attractive piece of mass produced cast-iron, which remains an appealing and subtle feature in the streetscape of Moate.</i>	15317014	Regional

030-008	Terraced two-bay two-storey house	Church Street Moategranoge		Terraced two-bay two-storey house, built c.1906. One of a pair with the building adjacent to the east (not in survey). Pitched natural slate roof with cast-iron rainwater goods and a rendered chimneystack to either end (east and west).	<i>An interesting small-scale terraced house, which retains its early form and character. Of particular importance is the survival of an unusual and quirky doorcase, which gives a strong decorative element to this otherwise simple terraced house.</i>	15317015	Regional
030-009	End-of-terrace four-bay two-storey house	Church Street Aghanargit		End-of-terrace four-bay two-storey house, built c.1800, altered c.1850 and possibly containing the fabric of an earlier building.	<i>An interesting terraced house located on the main street of Moate, which retains its early character and has good architectural detailing to front façade.</i>	15317016	Regional
030-010	Four-bay three-storey house	Church Street Aghanargit		End-of-terrace four-bay three-storey house, built c.1800. Pitched natural slate roof having cast-iron rainwater goods and with three rendered chimneystacks with brick detailing, one to either gable end and one to the centre.	<i>A prominently sited and substantial house, which retains much of its early form, fabric and character. The good quality doorcase and the paired window openings enliven the front façade and give this building a distinctive character.</i>	15317017	Regional
030-011	St. Mary's Church of Ireland church	Church Street Moategranoge		Freestanding Church of Ireland church, built c.1782 and altered c.1819 and c.	<i>An appealing, if plainly detailed, late eighteenth-century Church of Ireland, built in a subdued Gothic Revival-style, which retains its early form and character.</i>	15317018	Regional
030-012	Terraced four-bay two-storey house	Church Street Moategranoge		Terraced four-bay two-storey house, built c 1830, having an integral segmental-headed carriage arch to the east end. Pitched natural slate roof with three rendered chimneystacks.	<i>A well-detailed terraced house, of early nineteenth-century appearance, which retains its early form and character.</i>	15317019	Regional

030-013	Wall-mounted cast-iron post box	Church Street Aghanargit		Wall-mounted cast-iron post box, c.1890, with 'VR' royal cipher and raised crown motif. New door with 'SE' and harp design, added c.1930. Set into rendered gate pier at entrance to school. Located to the west end of Moate.	<i>The cast-iron post box is an important feature in the urban fabric of Moate. The modest design of the box is enhanced by the various raised elements, which enliven the appearance of this otherwise functional object.</i>	15317020	Regional
030-014	Moate Community College	Church Street Aghanargit		Freestanding single-storey gazebo on octagonal plan, erected c.1940, located within the grounds of the Convent of Mercy, Moate (15317030). Hipped artificial slate roof with lead hips and a wrought-iron Celtic cross finial over.	<i>A curious and charming small-scale building/garden feature, associated with the Convent of Mercy, Moate (15317030). Being built within a religious institution, it may have been intended to act as a quiet place of reflection.</i>	15317021	Regional
030-015	Cut stone pillar on square-plan	Church Street Aghanargit		Cut stone pillar on square-plan, erected c.1820, having a fluted headed. Abutting a rendered boundary wall to the north. Cut stone wheel guard adjacent to the west.	<i>A curious architectural fragment, of early nineteenth-century appearance, which adds interest to the streetscape to the west end of Moate. Well-carved, this cut stone feature displays fine craftsmanship.</i>	15317022	Regional
030-016	Moate Parochial House	Church Street Moategranoge		Detached three-bay two-storey parochial house built, c.1867, having an advanced gable-fronted bay to the north end of the main façade (east), a gable-fronted bay to the south end of the main façade and a central gable-fronted single-bay entrance porch.	<i>An appealing and well-detailed Roman Catholic parochial house, which retains its early character, form and fabric.</i>	15317023	Regional
030-017	SS Peter and Paul's Roman Catholic church	Church Street Moategranoge		Freestanding Roman Catholic church on cruciform plan, built c.	<i>A fine and extensively detailed Roman Catholic church, built in a robust Early English Gothic style, which retains its early form, character and fabric. This building was built to designs by William Caldbeck (1824-1872), a noted architect of his day.</i>	15317024	Regional

030-018	Three-bay two-storey over basement house	Church Street Aghanargit		End-of-terrace three-bay two-storey over basement house, built c.1820. Pitched artificial slate roof with rendered chimneystacks to either gable end (east and west).	<i>A well-proportion house, of early nineteenth-century appearance, which retains much of its early form and character.</i>	15317025	Regional
030-019	Former school	Church Street Station Road Aghanargit		Detached five-bay two-storey former school, built c.1840, having a with single-storey return to rear (north), c.1880. Now in use as a pair of private houses.	<i>An interesting former school building, now converted into a number of private dwellings, which retains much of its early character, form and proportions.</i>	15317026	Regional
030-020	St. Joseph's Convent of Mercy	Station Road Aghanargit		Graveyard on rectilinear plan associated with the Convent of Mercy (15317030), erected c.1900, and having a collection of cast-iron grave markers dating from c.1900 to c.1950.	<i>A simple and tranquil private cemetery associated with the Convent of Mercy (15317030). This graveyard is a reminder of the Mercy Sisters and their contribution to the education and social history of Moate since c.1861.</i>	15317028	Regional
030-021	Pair of semi-detached two-bay two-storey houses	Station Road Moategranoge		Pair of semi-detached two-bay two-storey houses, built c.1930, each having an advanced gable-fronted bay to the entrance front (west).	<i>A good quality pair of semi-detached houses, which retain their early form and much of their early fabric. These buildings represent a good example of 1930s architecture and are an attractive addition to the streetscape to Station Road.</i>	15317029	Regional
030-022	Bunscoil an Chlochair	Station Road Aghanargit		Detached seven-bay two-storey convent primary school on L-shaped plan, built c.1861, having an advanced gable-fronted bay to the centre of the front façade (east) having decorative timber barge boards and a wrought-iron cross finial over.	<i>A substantial and well-proportioned, if plainly-detailed, mid nineteenth-century convent building, which retains its original imposing form and character.</i>	15317030	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
030-023	Flat iron gate, Moate Railway Station	Station Road Aghanargit		Wrought-iron flat bar gate associated with Moate Railway, erected c.1851, having twisted decoration to diagonal and upright members. Located to the southwest end of Moate Railway Station (15317037) and to the north of the centre of Moate.	<i>This simple wrought-iron gate forms part of the disused railway station complex in Moate (15317037).</i>	15317032	Local
030-024	Signal box, Moate Railway Station	Station Road Aghanargit		Freestanding two-bay two-storey signal box, built c.1885. Now disused.	<i>A pleasing small-scale railway structure representing an important element of the transport and civil engineering heritage of County Westmeath.</i>	15317033	Regional
030-025	Level crossing gates, Moate Station	Station Road Aghanargit		Freestanding level crossing gates, erected c.1851, comprising a pair of gate posts supporting timber crossing gates with cast-iron diagonal bracing and cast-iron lamps to centre. Pedestrian gates to either side.	<i>An early level crossing gate associated with the Midland and Great Western Railway Company's Dublin Broadstone to Galway line, which opened between Mullingar and Galway in 1851 and closed to regular rail traffic in 1987.</i>	15317034	Regional
030-026	Water tower, Moate Railway Station	Station Road Aghanargit		Detached two-stage water tower on square-plan, built c.1851, having a single-bay single-storey block to the east end. Now disused. Wrought-iron water tank (on square-plan) to top with pitched natural slate roof to single-storey section.	<i>An elaborate and well-detailed water tower, which forms part of an extensive collection of structures/elements associated with Moate Railway Station (15317037). It represents an interesting historical reminder of the great age of the steam in Ireland.</i>	15317035	Regional
030-027	Foot bridge, Moate Railway Station	Station Road Aghanargit		Freestanding single-arched railway foot bridge, erected c.1851, comprising a flat cast-iron arch with solid cast-iron parapets and staircase supported on cast-iron columns with Classical detailing and Doric capitals. Cast-iron work made in Dundalk.	<i>An appealing decorative cast-iron foot bridge associated with Moate Railway Station (15317037), which retains much of its early form and character despite being out of use.</i>	15317036	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
030-028	Moate Railway Station	Station Road Aghanargit		Detached three-bay single-storey former railway station, built c.	<i>An appealing, well-built and elegant mid nineteenth-century railway station, representing an important element of the transport and civil engineering heritage of County Westmeath.</i>	15317037	Regional
030-029	Railway goods shed, Moate Railway Station	Station Road Aghanargit		Detached five-bay double-height gable-fronted railway goods shed associated with Moate Railway Station (15317037), built c.1851, having an advanced gable-fronted bay to the centre of the east elevation. Now disused.	<i>An unusually well-detailed mid nineteenth-century goods shed associated with Moate Railway Station (15317037). This robust structure retains its original form and most of its original features.</i>	15317038	Regional
030-030	Railway shelter, Moate Railway Station	Station Road Aghanargit		Freestanding railway shelter associated with Moate Railway Station (15317037), erected c.1851. Now out of use.	<i>A simple mid nineteenth-century platform shelter associated with Moate Railway Station (15317037), now in a sadly dilapidated condition.</i>	15317039	Regional
030-031	Antonia House	Main Street Moategranoge		End-of-terrace three-bay three-storey house, built c.1860. Pitched slate roof with overhanging eaves supported on timber brackets, cast-iron rainwater goods and with four moulded four red brick chimneystacks.	<i>A well-proportioned and prominently sited house, which retains much of its early character, form and fabric. Externally, this building is a good example of early Victorian architecture, however, it could be the remodelling of an earlier house.</i>	15317040	Regional
030-032	Three-bay two storey house (public house- P. Egan)	Main Street Moategranoge		End-of-terrace three-bay two-storey public house, built c.1850, having a traditional shopfront and with an integral segmental-headed carriage arch to the west end. Pitched slate roof, recently reslated, having a rendered chimneystack to east gable end.	<i>A simple mid nineteenth-century terrace building, which retains much of its early form and character despite recent alterations resulting in the loss of original fabric to the openings and the removal of the early rendered finish and the slate roof.</i>	15317041	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
030-033	Bank of Ireland	Main Street Moategranoge		Detached five-bay three-storey bank, built in 1855, having advanced bays to either end of the front façade (south). Front facade flanked to either end sections of ashlar limestone walling having integral segmental-headed carriage arches.	<i>A good quality mid nineteenth-century bank building, which retains its early form and character. This building is lent an imposing feel on account of the advanced bays to either end and by the well-detailed channelled ashlar detailing to the ground floor.</i>	15317042	Regional
030-035	Former Court House	Main Street Moategranoge		Detached three-bay two-storey bow-fronted former court house and bridewell, built c.1828, with flanking sections of ashlar limestone walling to either side (east and west) having integral hexagonal-headed carriage arches.	<i>An imposing and well-proportioned court house, built in a classical style, which retains its original form and character. This elegant building has an unusual bow-fronted design and makes a strong architectural statement in the centre of Moate.</i>	15317045	Regional
030-036	Three-bay three-storey over basement house	Main Street Moategranoge		End-of-terrace three-bay three-storey over basement house, built c.1790, having a shopfront to the west end of the main façade (north). Hipped natural slate roof having two rendered chimneystacks and cast-iron rainwater goods.	<i>This elegant and well-proportioned house retains its early form and character. The well-balanced, front façade is enlivened by the good quality doorcase and by the retention of the early timber sliding sash windows.</i>	15317046	Regional
030-037	Five-bay two storey house and shop	Main Street Moategranoge		Terraced five-bay two-storey house and shop, built c.1885 and possibly containing the fabric of an earlier building c.1830. Integral segmental-headed carriage arch to the west end of the main façade (north).	<i>This is a good example of a town building with integrated shop unit and living quarters above. It retains much of its early character and fabric.</i>	15317047	Regional
030-038	Former post office	Main Street Moategranoge		Terraced five-bay single-storey double-height former post office, built c.1885.	<i>An attractive late nineteenth-century post office, which retains its early character and form.</i>	15317048	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
030-039	Moate Castle	Main Street Cartronkeel		Detached two-bay three-storey former fortified house/tower house, built 1550, having a three-bay three-storey wing to the west end, built c.1720 and possibly containing earlier fabric, and a two-storey bowed extension to the east end, built c.1760.	<i>A complex structure, of at least three periods of construction, which dominates the centre of the town and is of immense local historical significance. This interesting building retains its early historic character and much of its early fabric.</i>	15317049	National
030-040	Quaker graveyard	Cartronkeel		Quaker burial ground on irregular-plan, erected c.1692, containing a collection of mainly eighteenth and nineteenth century upstanding grave markers. Now out of use and heavily overgrown. Plaque built into a wall to the north, now illegible.	<i>This Quaker burial ground, now overgrown and out of use, is of historical significance and is an interesting feature to the north of Moate. The headstones are very similar in style and lack adornment, reflecting the frugal ethos of the Quaker tradition.</i>	15317050	Regional
030-041	Terraced nine-bay three-storey commercial building/mill built c.1780	Main Street Moategranoge		Terraced nine-bay three-storey commercial building/mill built c.1780, having a multi-bay three-storey return to the rear (south). Later shopfronts to the west end and towards the east end of the main façade (north). Currently out of use.	<i>An unusually large commercial premises, of late eighteenth-century appearance, which retains much of its early form and character despite being out of use.</i>	15317051	Regional
030-042	Five-bay two-storey house - Moate View	Main Street Killeenboylegan		Detached five-bay two-storey house, built 1762, having a later single-bay gable-fronted porch, c.1880, to the front of the main façade (north) having decorative timber barge boards and an overhanging roof supported on timber brackets.	<i>A well-proportioned and elegant mid-Georgian house, which retains its early form and character. This noteworthy structure is enhanced by the retention of all its important early fabric, including a fine doorcase now hidden behind the later porch.</i>	15317053	Regional
030-043	Outbuildings - Moate View	Killeenboylegan		Complex of single, two and three-storey outbuildings associated with Moat View (15317053), built c.1762, comprising a stable block, coach house, ancillary structures and a possible estate worker's house.	<i>Notable ensemble of outbuildings that play a key part to the overall importance of Moate View (15317053), built in 1762 for James Clibborn.</i>	15317054	Regional

030-044	Detached four-bay single-storey former Baptist meeting house	Main Street Killeenboylegan		Detached four-bay single-storey former Baptist meeting house, built c.1790. Now ruinous.	<i>The interesting remains of a former Baptist meeting house, which forms an important part of the social history and the built heritage of Moate.</i>	15317055	Regional
030-045	Detached corner-sited five-bay two-storey house on L-shaped plan	The Turnpike Killeenboy		Detached corner-sited five-bay two-storey house on L-shaped plan, built c.1725 and possibly containing earlier fabric. Rear elevation faces over street. Pitched natural and artificial slate roofs with rendered chimneystacks.	<i>An interesting and unusual house, which retains much of its early form and character. The elaborate cut stone doorcase and the carved stone sills suggest that this house was built in the early-to-mid eighteenth century.</i>	15317056	Regional
030-046	Three-bay three-storey over basement house	The Newtown Cartronkeel		Attached three-bay three-storey over basement house, built c.1790, having a two-bay two-storey section attached to the south end. Three-storey return to the rear (west). One of a pair with the building to the north (15317058).	<i>An elegant and substantial house, of balanced late-Georgian proportions, which retains its early form, character and fabric. The good quality cut limestone doorcases enliven the front façade of the otherwise plain structure.</i>	15317057	Regional
030-047	Three-bay three-storey over basement house	The Newtown Cartronkeel		End-of-terrace three-bay three-storey over basement house, built c.1790. Formerly in use as a Church of Ireland rectory. One of a pair with the building to the south (15317057).	<i>An elegant and substantial house, of balanced late-Georgian proportions, which retains its early form, character and fabric. The good quality cut limestone doorcase enlivens the front façade of the otherwise plain structure.</i>	15317058	Regional
030-048	Walled garden on rectilinear plan associated with Moate Castle (15317049)	Cartronkeel		Walled garden on rectilinear plan associated with Moate Castle (15317049), built c.1780. Constructed using rubble limestone with lime mortar. Now overgrown and out of use.	<i>This walled garden is an historical reminder of the extensive resources required to run and maintain a country house in Ireland during the eighteenth and nineteenth century.</i>	15317059	Regional

030-049	Five-bay two-storey house	The Newtown Cartronkeel		Detached five-bay two-storey house, built c.1810, having a two-storey return to the rear (east).	<i>An attractive and well-proportioned late-Georgian house, which retains its early aspect and character. The front façade of this building is enhanced by the good quality doorcase to the centre and by the pleasing symmetry of the openings.</i>	15317060	Regional
030-050	St. John's Ambulance House	The Newtown Legan		End-of-terrace four-bay two-storey house, built c.1810 and altered c.1880, having a projecting gable-fronted single-bay two-storey section to the north end of the front façade (west). Now in use as a charity health centre.	<i>An interesting end-of-terrace building, which retains its early character and importance to the streetscape. The front façade is enhanced by the good quality doorcase, which has a delicate fanlight, and by the extensive rendered detailing.</i>	15317062	Regional
030-051	Five-bay two-storey house	The Newtown Legan		Terraced five-bay two-storey house, built c.1810. Pitched artificial slate roof having a rendered chimneystack to either gable end (north and south). Cast-iron downpipe with cast-iron hopper to the south end.	<i>A good quality, well-proportioned late-Georgian house, which retains its early form, character and much of its early fabric. The front façade is enhanced by the good quality doorcase and by the pleasing symmetry of the window openings.</i>	15317063	Regional
030-052	Terraced four-bay two-storey house	The Newtown Legan		Terraced four-bay two-storey house, built c.1810, having an integral segmental-headed carriage arch to the north end of the main façade (west). Formerly in use as a dispensary.	<i>An appealing late-Georgian house, which retains its early form, character and much of its early fabric. The front façade is enhanced by the good quality doorcase and by the pleasing symmetry of the window openings.</i>	15317064	Regional
030-053	Five-bay three-storey over basement house	The Newtown Legan		Terraced five-bay three-storey over basement house, built c.1800, having a two-bay two-storey wing/extension attached to the north end of the main façade (west), c.1835.	<i>A prominent and well-proportioned late-Georgian townhouse, which retains its early aspect, fabric and character. The front façade of this building is enhanced by the good quality doorcases and by the surrounds to the window openings.</i>	15317065	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
030-054	Carmelite Monastery	The Newtown Legan		Detached eight-bay two-storey over basement house, built c.1800 and extended to the south and altered c.1870. Projecting single-bay gable-fronted breakfront, offset to the south side of the centre of the main façade (west). Now in use as a convent.	<i>A substantial structure of two distinct periods of construction, which retains its early form and importance to the streetscape. The front façade is enhanced by the retention of much of its important early fabric, including timber sash and Wyatt windows.</i>	15317066	Regional
030-055	Church of the Immaculate Conception	The Newtown Legan		Freestanding Roman Catholic church, built between 1863-8, comprising a five-bay nave to the west having single-storey side aisles with clerestory over, an apsidal chancel to the east and a three-stage tower on square-plan to entrance front (west) having br	<i>An attractive, well-proportioned and well-detailed late nineteenth-century Gothic church that dominates the north end of Moate.</i>	15317067	Regional
030-056	Freestanding Roman Catholic shrine	The Newtown Cartronkeel		Freestanding Roman Catholic shrine, erected c.1900, depicting the Crucifixion and set in a random rubble walled enclosure. Date plaque to timber cross, dated '1900'.	<i>An interesting addition to the streetscape to the northwest end of the Newtown suburb, which forms part of an a collection of Roman Catholic-related structures to the north of Moate along with the Church of the Immaculate Conception (15317067) and the Carm</i>	15317068	Regional
030-057	Wall-mounted cast-iron post box	Cartronkeel		Wall-mounted cast-iron post box, erected c.1940, with raised 'P&T' cipher in Gaelic/Celtic Revival script above letter slot. Makers name appears at base in raised lettering ' St. John's Works, Enniscorthy '.	<i>An attractive, if simple, item of street furniture that represents an early-surviving artefact of mass-produced cast-iron ware.</i>	15317069	Regional
030-058	Single-arched railway bridge	Toorfelim		Single-arched railway bridge, built c.1851, carrying former Midland Great Western Railway Mullingar to Galway line over road. No longer in active use.	<i>A robust and elegantly-appointed railway bridge representing an important element of the transport and civil engineering heritage of County Westmeath.</i>	15317070	Regional

030-079	House and bar - The Elbow	Main Street Moategranoge Moate		End-of-terrace two-bay three-storey building havng centrally placed door and shop front and ground level - The Elbow. Square headed window openings having sash one over one window frames. Slate roof having brick chimney.	<i>House of early nineteenth century appearance retains some of its early features. A valuable part of the architectural heritage of Moate.</i>	0	
030-080	House	Church Street, Aghanargit Moate		Mid-terraced two-bay house, two-storey with dormer level, built c. 1820. Square window openings with cut stone sills and roundheaded doorway accessed by steps from street level. Hair salon at ground level, replacement door and windows.	<i>House of early nineteenth century appearance retains some of its early features.</i>	0	
030-081	House/ Offices	Church Street, Aghanargit Moate		Two-storey three-bay terraced house having arched carriage way to west, adjoining Dolan's Pharmacy, built c. 1820.	<i>Houses of early nineteenth century appearance, which despite some modern alterations retains much of its original character and makes a positive contribution to the streetscape.</i>	0	
030-082	House	The Newtown Legan Moate		Terraced four-bay two-storey house having a integral segmental-headed carriage arch. Pitched slate roof, built c.1820, ornate chimney stack on south side.	<i>Early nineteenth century building retains some early features. A valuable part of the architectural heritage of Moate.</i>	0	
031-001	Single-arched railway bridge	Kilcatherina		Single-arched railway bridge, built c.1851, carrying road over former Midland Great Western Railway company's Mullingar to Galway line. No longer in active use. Constructed of rusticated limestone with ashlar limestone coping over parapet.	<i>A robust and elegantly-appointed railway bridge representing an important element of the transport and civil engineering heritage of County Westmeath.</i>	15403101	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
031-002	St. Thomas' Roman Catholic church	Ballybrickoge		Freestanding Roman Catholic church, built c.1850. Comprises six-bay nave with an attached four-stage tower on square-plan to west having octagonal corner turrets rising to form pinnacles.	<i>An ambitious and unusual mid nineteenth-century Gothic church, which retains its early form, character and much of its fabric.</i>	15403103	Regional
031-003	Rosemount National School	Ballybrickoge		Detached multi-bay single-storey national school, built in 1934 and extended c.1960. Pitched natural slate roof with two rendered chimneystacks and cast-iron rainwater goods. Roughcast rendered walls over smooth rendered plinth.	<i>A much extended mid twentieth-century national school, which was probably originally built to the standard two classroom design prepared by the Office of Public Works in 1934.</i>	15403104	Local
031-004	Single-arched railway bridge	Kilcumreragh		Single-arched railway bridge, built c.1851, carrying former Midland Great Western Railway Mullingar to Galway line over road. No longer in active use.	<i>A robust and elegantly-appointed railway bridge representing an important element of the transport and civil engineering heritage of County Westmeath.</i>	15403105	Regional
031-005	Templemacateer House	Templemacateer		Detached three-bay two-storey house, built c.1760 and altered c.1840, having an attached single-bay two-storey flat-roofed wing to the south and various two-storey returns to the rear (west). Now in use as a health spa.	<i>This picturesque property may be of considerable antiquity and retains much of its early character and fabric.</i>	15403110	Regional
031-006	Templemacateer House	Templemacateer		Detached four-bay two-storey outbuilding, built c.1820 and altered c.2000, having a projecting gable-fronted porch to the centre of the main facade. Now in use as an office building associated with adjacent health spa at Templemacateer House (15403110).	<i>This structure is probably the extensive remodelling of an early-nineteenth outbuilding. The cut-stone architraved doorcase is an interesting feature of artistic merit and this feature must have been moved from another building.</i>	15403111	Record Only

031-007	Templemacateer House	Templemacateer		Main entrance gates serving Templemacateer House (15403110), erected c.1830, comprising a pair of channelled ashlar limestone gate piers, on square-plan having shallow pyramidal capstones over, supporting a pair of cast-iron gates.	<i>An impressive early nineteenth-century gateway associated with Templemacateer House (15403112), which retains its early form and character.</i>	15403112	Regional
031-008	Coolatore House	Coolatoor		Detached nine-bay two-storey country house on complex plan, built c.1866 and extended c.	<i>This is a very interesting late-Victorian building, designed with great care over the siting and orientation.</i>	15403114	Regional
031-009	Gateway, Coolatore House	Coolatoor		Main entrance gates serving Coolatore House (15403115), erected c.1866, comprising a pair of decorative cast-iron gate posts supporting cast and wrought-iron double gates.	<i>An elegantly-appointed gateway associated with Coolatore House (15403114), which retains its early form and character.</i>	15403115	Regional
031-010	Entrance gateway, Grouse Lodge	Coolatoor Or Grouselodge		Main entrance gates to Grouse Lodge (15403118), erected c.1810, comprising a pair of moulded limestone gate posts, on circular plan with fluted domed heads, supporting a pair of wrought-iron double gates.	<i>An interesting and elegantly-appointed gateway associated with Grouse Lodge (15403118), which retains its early form and is an appealing feature in the rural landscape to the northeast of Moate.</i>	15403116	Regional
031-012	Cast-iron postbox	Coolatoor		Wall-mounted cast-iron post box, c.1890, with 'VR' royal cipher and raised crown motif. 'Post Office' in raised lettering to letter flap and maker's name to base in raised lettering 'T. Allen & Co. London'.	<i>An attractive, if simple, item of street furniture that represents an early-surviving artefact of mass-produced cast-iron ware.</i>	15403117	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
031-013	Grouse Lodge	Coolatoor Or Grouselodge		Detached three-bay two-storey over basement country house with attic level, built c.1810, having a three-storey return and a later two-storey extension to the rear (north). Now in use as a residential recording studio.	<i>An attractive and well-proportioned early nineteenth-century country house, which retains its early form, character and fabric. The form of this house is quite unusual and suggests that it might incorporate the fabric of an earlier structure.</i>	15403118	Regional
031-014	Outbuildings, Grouse Lodge	Coolatoor Or Grouselodge		Complex of two multi-bay two-storey outbuildings associated with Grouse Lodge (15403118), built c.1810. Pitched natural slate roofs with cast-iron rainwater goods. Single brick chimneystack to the range to the north.	<i>These two well-built ranges of outbuildings associated with Grouse Lodge (15403118) retain their early form and character.</i>	15403119	Regional
031-015	Cottage oranee, Grouse Lodge	Coolatoor Or Grouselodge		Attached two-bay single-storey garden cottage associated with Grouse Lodge (15403118), built c.1810, having a single-storey outbuilding attached to one end and a glasshouse to the other end. Pitched thatched roof with decorative ropework to ridge.	<i>An unusual ornamental garden structure associated with Grouse Lodge (15403118), which retains its early picturesque form and appearance despite recent alterations.</i>	15403120	Regional
031-016	Rosemount Post Office	Ballybrickoge		Two-storey house having a cut stone Doric doorcase with a fluted lintel and entablature over, originally carved c.1790. Located to the southeast of Rosemount House (15403122).	<i>An interesting architectural fragment that must have been removed from a country house. It is well carved and detailed and now forms a rather grand entrance to a much altered two-storey house.</i>	15403121	Local
031-017	Rosemount House	Ballybrickoge		Detached three-bay two-storey over a basement country house with attic level, built c.1773 and possibly incorporating the fabric of an earlier house. Five-storey elevation to the rear.	<i>A very interesting and well-proportioned late eighteenth-century country house, which retains its early form, character and fabric.</i>	15403122	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
031-018	Entrance gateway, Rosemount House	Ballybrickoge		Entrance gates serving Rosemount House (15403122), erected c.1800, comprising a pair of rubble limestone gate piers, on square-plan with cut stone capstones over, supporting wrought-iron double gates. Rubble limestone boundary wall to the east and west.	<i>A simple but attractive entrance gate associated with Rosemount House (15403122), which retains its early form and character.</i>	15403123	Regional
031-019	Cast-iron waterpump	Ballybrickoge		Freestanding cast-iron water pump, erected c.1885, comprising banded cylindrical shaft with fluted head having fluted spout and having a fluted ogee-dome cap with finial over. Original handle now missing.	<i>A typical late nineteenth-century water pump, of a standard design encountered throughout rural Westmeath. This particular example is surrounded by a rubble limestone wall having a wrought-iron gate but is diminished by the loss of the original handle.</i>	15403124	Local
031-020	Single-arched railway bridge	Laragh		Single-arched railway bridge, built c.1851 and altered c.1890, carrying road over former Midland Great Western Railway Mullingar to Galway line. No longer in active use. Constructed of rusticated limestone with later steel and wrought-iron deck added c.	<i>A robust railway bridge representing an important element of the transport and civil engineering heritage of County Westmeath.</i>	15403126	Regional
031-021	Syonan Mill	Syonan		Former corn mill complex, built c.1800, comprising a detached three-storey store/granary building to the east, a two-storey former corn mill to the west with a single-storey shed attached to the south. Now out of use and derelict.	<i>A typical small rural corn mill complex, which retains its early form and character. This complex dates to the late eighteenth/early nineteenth-century, a period in which there was a great boom in the Irish milling industry.</i>	15403127	Regional
031-023	Ardnurcher Church of Ireland church	Ardnurcher		Freestanding Church of Ireland church, built c.1810, comprising three-bay hall with attached three-stage tower on square-plan to the west with a raised parapet with Irish-style crenellations.	<i>An attractive early nineteenth-century Church of Ireland church, built in a subdued Gothic style, which retains its early form, character and fabric.</i>	15403129	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
031-024	Horseleap Bridge	Ardnurcher		Single-arched railway bridge, built c.1863, carrying former Midland Great Western Railway Streamstown Junction to Clara railway line over stream. No longer in active use. Constructed of rusticated limestone with rock-faced voussoirs to arch.	<i>A robust and elegantly-appointed railway bridge representing an important element of the transport and civil engineering heritage of County Westmeath.</i>	15403130	Regional
031-025	Single-arched railway bridge	Spittaltown		Single-arched railway bridge, built c.1863, carrying road over former Midland Great Western Railway Streamstown Junction to Clara railway line. No longer in active use.	<i>A robust and elegantly-appointed railway bridge representing an important element of the transport and civil engineering heritage of County Westmeath.</i>	15403131	Regional
031-026	Freestanding cast-iron water pump	Donore Crossroads Ballyhattan		Freestanding cast-iron water pump, erected c.1885, comprising cylindrical shaft with a spout located half way along elongated shaft (rather than at head) with a fluted headed over having a fluted ogee-dome cap with finial.	<i>An unusual late nineteenth-century water pump, having a curious elongated and possibly unique design, which differs from the two main standard designs encountered in rural Westmeath.</i>	15403132	Regional
031-027	Donore Bridge	Ballyhattan		Double-arched road bridge over small river/stream, built c.1775. Constructed using rubble limestone with rubble limestone parapet walls and roughly dressed limestone voussoirs to arches. Central pier now cement rendered.	<i>A well-built small-scale bridge, which retains its early form and fabric. The form of this bridge, with two small arches having rather unrefined voussoirs, suggests that it may be quite early in the date, perhaps mid-to-late eighteenth-century in origin.</i>	15403133	Regional
031-028	Double-arched road bridge	Ballynamullen		Double-arched road bridge, built c.1775, having separate arches/watercourses for stream and for former tailrace associated with former tuck and corn mil mill to the north (15403134).	<i>A well-built and unusual small-scale bridge, which retains its early form and character.</i>	15403136	Regional

032-005	Vastina House	Main Street Castletown		Detached two-bay single-storey gate lodge, built c.1813, marking the entrance to Vastina House (15318006) to the southwest. Hipped natural slate roof with overhanging eaves and a single red brick chimneystack to the centre.	<i>A simple early nineteenth-century gate lodge associated with Vastina House (15318006), a former rectory, to the southwest. This plain building retains its early form and character.</i>	15318005	Regional
032-006	Vastina House	Main Street Castletown		Detached three-bay two-storey over basement former Church of Ireland rectory, built c.1813, having a two-storey over basement return to the rear at the north end.	<i>A well-proportioned and elegant early nineteenth-century Church of Ireland rectory, which retains its early form and character.</i>	15318006	Regional
032-007	Vastina House	Main Street Castletown		Complex of single and two-storey outbuildings arranged around a cobbled courtyard to the rear of Vastina House (15318006), built c.1813 and extended to the south c.1840. Pitched natural slate roofs having cast-iron rainwater goods.	<i>An appealing and well-maintained complex of outbuildings associated with Vastina House (15318006), which retain their early form, fabric and character.</i>	15318007	Regional
032-008	Freestanding cast-iron water pump	Main Street Castletown		Freestanding cast-iron water pump, erected c.1885, comprising a banded cylindrical shaft with fluted head having fluted spout, 'cow tail' curvilinear handle, and a fluted ogee-dome cap over.	<i>A typical late nineteenth-century water pump, of a standard design that is encountered throughout rural Westmeath.</i>	15318008	Regional
032-009	Field gate	Castletown		Field gate, erected c.1850, comprising a pair of rubble limestone gate piers on circular plan with domed cement capping over. Random rubble stone wall with stile to southwest. Original gate now gone.	<i>The remains of a vernacular field gate, which retains much of its early form and adds character to the landscape to the northwest of Castletown Geoghegan. The use of local stone helps to assimilate the gate piers into the surrounding landscape.</i>	15318009	Local

032-010	Abbey Graveyard	Main Street Castletown		Early churchyard on irregular plan, erected c.1400, having a collection of cut stone grave markers, mainly dating from the eighteenth century to the early-twentieth century.	<i>An historically important graveyard, which has been a focal point for the local community since the medieval period.</i>	15318011	Regional
032-011	Garda Station	Castletown		Semi-detached five-bay two-storey former RIC barracks, built c.1820. Converted for use as a Garda barracks in 1928. Hipped natural slate roof with overhanging eaves and with three rendered chimneystacks.	<i>An interesting building, which retains much of its early form and character. Its simple symmetrical form is enhanced by the retention of original features such as sash windows, which make a positive contribution to the streetscape.</i>	15318013	Regional
032-012	Field gate	Castletown		Field gate, erected c.1850, comprising a pair of rubble stone gate piers, on circular-plan with large capstones over, supporting a pair of wrought-iron flat bar gates. Pier to the east possibly rebuilt. Rubble stone wall runs away to the east.	<i>This is a good example of a vernacular gate pier and wrought-iron gate.</i>	15318014	Regional
032-013	Single-arched road bridge over small stream/former millrace	Tullamore Road Castletown		Single-arched road bridge over small stream/former millrace, built c.1820. Constructed using rubble limestone with roughly dressed limestone voussoirs to the arch. Rubble limestone coping over parapets. Parapet to the west now partially collapsed.	<i>An appealing small-scale bridge, which retains its early form and fabric. It is well-built using local rubble limestone, attesting to the skillful craftsmanship available at the time of its construction.</i>	15318015	Local
032-014	Section of random rubble limestone boundary wall associated with Middleton Park House (15318019)	Tullamore Road Kilhugh		Section of random rubble limestone boundary wall associated with Middleton Park House (15318019), erected c.1820, having crenellated coping stones over. Located to the south of Castletown Geoghegan and to the northwest of Middleton Park House.	<i>A subdued section of historic boundary wall associated with Middleton House (15318019), which makes a strong visual impression in the rural landscape to the south of Castletown Geoghegan.</i>	15318016	Local

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
032-015	Entrance gateway, Middleton Park House	Kilhugh		Main entrance gates serving Middleton Park House (15318019), erected c.	<i>An impressive and well-detailed entrance gateway, which forms a suitably fine first impression when entering the grounds of Middleton Park House (15318019).</i>	15318017	Regional
032-016	Gate lodge (to west), Middleton Park House	Kilhugh		Detached two-bay two-storey former gate lodge on L-shaped-plan associated with Middleton Park House (15318019), erected c.1885, having projecting gable-fronted bays to the west and to the south west side of the south elevation.	<i>An impressive and unusually large former gate lodge associated with Middleton Park House (15318019). This appealing building retains much of its early character and form despite being extended and altered over the years.</i>	15318018	Regional
032-017	Outbuildings, Middleton Park House	Kilhugh		Detached six-bay two-storey over basement country house, built c.	<i>A very fine and distinguished large-scale mid-nineteenth century house, which retains its early form, character and form.</i>	15318019	National
032-018	Middleton Park House and demesne	Kilhugh		Attached eight-bay two-storey service wing on L-shaped plan associated with Middleton Park House (15318019), built c.	<i>An elegant and well-proportioned Italianate-style service wing associated with Middleton Park House (15318019), which retains its early form and character.</i>	15318020	Regional
032-019	Former glass house, Middleton Park House	Kilhugh		Detached two-bay single-storey former gas house associated with Middleton Park House (15318019), built c.1850. Now a roofless ruin and out of use. Rubble limestone walls having square-headed openings with yellow brick dressings.	<i>The ruins of a former gas house associated with Middleton Park House (15318019), representing an interesting historical insight into the methods/power sources available to heat and light large-scale houses during the mid-to-late nineteenth-century.</i>	15318021	Regional

032-020	Outbuildings (to north), Middleton Park House	Kilhugh		Complex of single and two-storey outbuildings and a stable complex arranged around two courtyards to the north of Middleton Park House (15318019), built c.1850. Now partially in use as a private house and private stables.	<i>A substantial complex of outbuildings and stables formerly associated with Middleton Park House (15318019), which retain much of their early form and character despite some recent alterations to accommodate new uses.</i>	15318022	Regional
032-021	Gate lodge (to east), Middleton Park House	Kilhugh		Detached three-bay single-storey former gate lodge associated with Middleton Park House (15318019), built c.1850, having a advanced pedimented central bay to the main façade (south) and an extension to the rear (north). Now in use as a private house.	<i>A well-composed former gate lodge associated with Middleton Park House (15318019), which retains much of its early character and form despite some recent alterations.</i>	15318023	Regional
032-022	Detached four-bay two-storey farmhouse	Ballykilroe		Detached four-bay two-storey farmhouse, built c.1850. Pitched corrugated metal roof with raised rendered verges to either gable end (southwest and northeast) and some remaining sections of cast-iron rainwater goods. No chimneystacks.	<i>This vernacular building retains some of its original character despite extensive alterations over the years. The corrugated metal roof hints that this building may have once been thatched.</i>	15319001	Local
032-023	St. Patrick's Boys and Girls National School	Ballynagore		Detached six-bay single-storey school on H-plan, built in 1914, having advanced two-bay gable-fronted wings to either end of the main body of the building (southeast) to the front and to the rear elevations.	<i>A pleasantly-composed modest-scale rural school built to a standard design prepared by the Office of Public Works accommodating two classrooms together with associated ranges in a wholly integrated compact design.</i>	15319002	Regional
032-024	Ballynagore Bridge	Main Street Knockycosker		Triple-span road bridge over river Brosna, built c.1720 and new central arch added in 1951. Random rubble construction to early arches to either end (east and west) having rubble stone voussoirs and cut stone coping over parapet walls.	<i>An interesting bridge of two distinct phases of construction, which has a graceful form and is a vital part of the local infrastructure for a considerable period of time. This bridge formerly had four arches (Lewis 1837).</i>	15319003	Regional

032-025	Glen Brosna House	Main Street Knockycosker		Detached five-bay single-storey over basement 'T-plan' villa, built c.1830 and altered c.	<i>An interesting and well-detailed gentleman's villa, of early to mid nineteenth-century appearance, which retains its early form character and fabric.</i>	15319004	Regional
032-026	Mill Building	Main Street Knockycosker		Detached multi-bay five-storey former corn and bleach mill, built c.1770, having a single-bay two-storey block to the southwest corner running perpendicular to the main body of the building.	<i>The substantial remains of a large-scale former milling complex, which retains its enormous industrial scale and character.</i>	15319005	Regional
032-027	Five-bay single storey former miller's house	Main Street Knockycosker		Detached five-bay single-storey former miller's house, built c.1810, with return and later extension to rear (north). Now in use as a private house. Hipped natural slate roof with rendered chimneystacks to centre.	<i>A well-proportioned former miller's house, associated with the former mill that lies in ruins to the northwest (15319005). This pleasant structure is enhanced by the good quality cut limestone doorcase, which enlivens the otherwise plain front façade.</i>	15319006	Regional
032-028	Ballyconnell House	Ballykilroe		Detached three-bay two-storey house, built c.1820, with a two-bay single-storey outbuilding attached to the south gable end. Pitched natural slate roof with roughcast rendered chimneystacks to either gable end (north and south). Cast-iron rainwater goods.	<i>A well-proportioned vernacular farmhouse, which retains its early form and character despite some recent alterations. This appealing building has the appearance of a vernacular interpretation of a typical late-Georgian house.</i>	15319007	Local
032-029	Former integral carriage arch	Main Street Knockycosker		Former integral carriage arch, built c.1820, set into a section of roughcast rendered wall with cut stone coping over. Arch now infilled with random rubble stone. Cut limestone voussoirs to arch having a projecting keystone over.	<i>This former carriage arch displays a good standard of craftsmanship. Although now infilled, this modest feature adds historic interest and character to the main street of Ballynagore.</i>	15319008	Local

032-030	Freestanding cast-iron water pump	Main Street Knockycosker		Freestanding cast-iron water pump, erected c.1885, comprising banded cylindrical shaft with fluted head having fluted spout, 'cow tail' curvilinear handle, and fluted ogee-dome cap with finial. Sited on concrete plinth with three steps to north west.	<i>A typical late nineteenth-century water pump, of a standard design that is encountered throughout rural Westmeath.</i>	15319009	Regional
032-031	Ballynagore House - entrance gateway.	Main Street Knockycosker		Entrance gateway serving Ballynagore House (15319011), erected c.1852, comprising a central pair of ashlar gate piers (on square-plan with pronounced moulded capstones over) supporting a pair of cast-iron gates.	<i>Monumental entrance piers and gates serving Ballynagore House (15319011), which retain their early character and form. This gateway is well executed and is a fine example of the stonemason's craft.</i>	15319010	Regional
032-032	Ballynagore House	Knockycosker		Detached four-bay two-storey over basement house on irregular 'L-shaped plan', built c.1852, having two advanced single-bay gable-fronted bays to the north end of the front façade (east).	<i>An elaborate and eclectic mid nineteenth-century house, which retains its early form, character and much of its early.</i>	15319011	Regional
032-033	Ballynagore House	Main Street Knockycosker		Boundary wall associated with Ballinagore House (15319011), erected c.1855). Constructed using roughly coursed rubble limestone with crenellated cut stone coping over. Located to the south of Ballynagore House and to the east end of Ballynagore.	<i>A well-built and imposing section of boundary wall associated with Ballinagore House (15319011). This wall is an attractive feature along the main approach into the village from the east and it makes a positive contribution to the streetscape.</i>	15319012	Regional
032-034	Field gates	Knockycosker		Field gates, erected c.1850, comprising a pair of rubble limestone gate piers on circular-plan with cement coping over and a modern field gate. Located to the southeast of Ballynagore. Set in section of rubble limestone boundary wall.	<i>This modest field gates represents an attractive and subtle feature in the landscape to the southeast of Ballynagore. The use of local stone helps to assimilate the gate piers into the surrounding landscape.</i>	15319013	Local

033-017	Sidebrook House	Farthingstown		Detached four-bay two-storey house on L-shaped plan, built c.1815, having a projecting single-bay single-storey porch with modern conservatory over to the main elevation (south). Possibly containing the fabric of an earlier house.	<i>A plain but well-balanced middle-sized country house, of early nineteenth-century appearance, which retains much of its early form and character despite some recent alterations.</i>	15320019	Regional
033-018	Sidebrook House	Farthingstown		Complex of single and two-storey outbuildings associated with Sidebrook House (15320019), built c.1815 and c.1850. The buildings are arranged around a courtyard to the east side of the house, built c.1850, with three additional outbuildings, built c.	<i>A substantial group of modest but well-built outbuildings associated with Sidebrook House (15320019), which retain much of their early form despite being out of use and partially derelict.</i>	15320020	Regional
033-020	Swiss Cottage	Ballykilmore		Detached four-bay single-storey house with attic storey, built c.1820 and extensively altered c.1880, with projecting flat-roofed three-bay single-storey porch to entrance front (northeast) and return to rear to east end.	<i>A well-detailed and appealing structure, which retains its early form and character. The unusual applied stucco decoration to the house and to the boundary wall, helps to elevate this modest-sized structure and give it a strong presence in the landscape.</i>	15322020	Regional
033-021	Freestanding cast-iron water pump	Tyrrellspass		Freestanding cast-iron water pump, erected c.1880, comprising banded cylindrical shaft with fluted head having fluted spout, 'cow tail' curvilinear handle, and fluted ogee-dome cap with finial.	<i>Water pumps played an important social role in the late nineteenth and early-twentieth centuries by providing a source of clean drinking water in the period before mains water systems.</i>	15322030	Local
033-022	Freestanding cast-iron water pump	Walterstown		Freestanding cast-iron water pump, erected c.1885, comprising banded cylindrical shaft with fluted head having fluted spout and with a 'cow tail' curvilinear handle. Original fluted ogee-dome cap with finial now missing.	<i>A typical late nineteenth-century water pump, of a standard design encountered throughout rural Westmeath. This particular example at Walterstown is missing its cap but is still in use.</i>	15403301	Local

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
033-023	Robinstown House	Robinstown		Detached five-bay two-storey over basement county house, built c.1790, having three-storey returns to the rear (south). Pitched slate roof with raised verges and rendered chimneystacks to each gable end (east and west).	<i>A well-proportioned small-scale country house, which retains much of its early form and character. Of particular interest is the very handsome doorcase, which acts as an elegant centerpiece enlivening the main façade (north).</i>	15403302	Regional
033-024	Kilbride House	Kilbride		Complex of single and two-storey outbuildings and stables arranged around a courtyard to the southwest of Kilbride House (15403307), built c.	<i>A well-built complex of outbuildings/stables associated with Kilbride House (15403308), which retains its early form and character despite being largely derelict and out of use.</i>	15403308	Regional
033-025	Kilbride House	Kilbride		Main entrance gates serving Kilbride House (15403307), erected c.1840, comprising a pair of moulded ashlar limestone gate piers (on square-plan) having pointed-arched Gothic niches and with fluted capstones over.	<i>An appealing and unusual gateway associated with Kilbride House (15403307), which retains its early form and character.</i>	15403309	Regional
033-026	Wall-mounted cast-iron post box	Kilbride		Wall-mounted cast-iron post box, erected c.1890, with 'VR' royal cipher and raised crown motif. Original door now missing and no longer in use. Maker's name appears at base in raised lettering ' T. Allen & Co. London '.	<i>A simple item of street furniture that represents an early-surviving artefact of mass-produced cast-iron ware.</i>	15403310	Local
033-027	West House	Castlelost West		Detached five-bay two-storey over a basement country house with attic storey, built c.1760, having projecting single-bay wings to either end of the front façade (southeast) and a return to the rear (northwest).	<i>An unusual and distinctive country house, which retains much of its early character and form despite the loss of important early fittings to the openings in recent years.</i>	15403311	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
033-028	Far View House	Castlelost West		Detached three-bay two-storey over basement house, built c.1830, having a single-storey wing attached to the north gable. Ground falls away to rear (west) with three and two-storey returns.	<i>An appealing and well-proportioned house, which retains its early character and a great deal of its early fabric.</i>	15403312	Regional
033-029	Newcastle House	Newcastle		Detached five-bay two-storey country house, built or rebuilt c.1851, having an advanced three-storey bay to the centre of the entrance façade (east). Remains of earlier house, c.1740, and a tower house (WM033-053---), built c.1640, to the rear (west).	<i>A handsome and imposing complex of buildings dating from the later medieval period to the mid nineteenth-century.</i>	15403313	Regional
033-030	Newcastle House	Newcastle		Detached five-bay single-storey former gate lodge associated with Newcastle House (15403313), built c.1840, having a projecting single-bay gable-fronted entrance porch to the front façade (southwest). Later in use as a private house, now out of use.	<i>A modest former gate lodge associated with Newcastle House (15403313). It retains much of its early form and fabric.</i>	15403314	Local
033-031	Meedian Roman Catholic chapel	Meedian		Detached Roman Catholic chapel on cruciform plan, built c.1831 and renovated c.1970, comprising three-bay nave to the northeast, single-bay transepts to the southeast and northwest and a chancel to the southwest.	<i>An interesting early nineteenth-century 'T-plan' Roman Catholic chapel, which retains much of its early form, character and fabric.</i>	15403315	Regional
033-032	Detached six-bay single-storey vernacular house	Meedian		Detached six-bay single-storey vernacular house, built c.1820, having a single-bay flat-roofed entrance porch to the main façade (southeast) and a single-storey outbuilding attached to the rear at the north end.	<i>An exceptionally long vernacular house, which retains much of its early form, character and fabric. It represents an excellent example of its type and is well-maintained despite being currently out of use.</i>	15403316	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
033-033	Calverstown House	Calverstown		Detached three-bay two-storey over basement house, built c.1800. Extended and re-orientated, c.1920, with the addition of the three-bay two-storey wing to the northwest end of the front façade. Two and three-storey returns to the southwest.	<i>An appealing house of two distinct periods, which retains much of its early character despite the recent loss of early window fittings to a number of the openings.</i>	15403317	Regional
033-034	Calverstown House	Calverstown		Detached five-bay single-storey outbuilding (with attic level) to the rear of Calverstown House (15403317), built c.1800. Hipped natural slate roof with overhanging eaves, cast-iron rainwater goods, clay ridge tiles and a central brick chimneystack.	<i>A simple but well-built outbuilding dating from the initial construction of Calverstown House (15403317). This modest but appealing outbuilding retains its early form, historic character and fabric.</i>	15403318	Regional
033-035	Guilford House	Guilford		Detached five-bay two-storey house over raised basement, built c.1760, having two single-bay returns to the rear (north), including a stair return to the centre with hipped artificial slate roof over.	<i>A good quality mid-eighteenth century house/farmhouse, which retains its early form and character. This appealing structure is enlivened by the very handsome and elaborate doorcase, which acts as a central focus on the front façade.</i>	15403319	Regional
033-036	Guilford House	Guilford		Main entrance gates serving Guilford House (15403319), erected c.1800, comprising a pair of ashlar limestone gate piers on square-plan, having pyramidal-shaped capstones over with fluted friezes, supporting a pair of hooped wrought-iron gates.	<i>An elegant main entrance gate serving Guildford House (15403319) to the northwest, which retains its early form and character.</i>	15403320	Regional
033-037	Tyrrellspass Rectory	Templeoran South		Detached three-bay two-storey former rectory, built c.1810, having a two-storey return to the rear (north). Previously had a projecting single-bay gable-fronted entrance porch to the centre of the main façade (south), recently removed.	<i>A plain but appealing early nineteenth-century Church of Ireland rectory, which retains its early form, character and a great deal of its early fabric.</i>	15403321	Regional

038-010	Detached four-bay three-storey house	Main Street Meadowpark		Detached four-bay three-storey house, built c.1850, with projecting single-bay single-storey porch to front (north) and three-storey return to rear (south). Formerly part of a brewery complex.	<i>A substantial, well-proportioned and attractive house which maintains its early form, character and most of its early fabric. The ornate decoration is of artistic merit and helps to add diversity to the streetscape of Kilbeggan.</i>	15321011	Regional
038-011	Complex of industrial structures associated with Locke's Distillery	Main Street Meadowpark		Complex of industrial structures associated with Locke's Distillery, erected c.1850, comprising two and three-storey warehouses and a number of smaller ancillary structures. Now ruinous and out of use.	<i>An interesting complex of modest mid-nineteenth industrial buildings which retains their early form and character. This complex was originally built as part of Locke's Distillery and is of industrial archaeological and technical merit.</i>	15321012	Regional
038-012	Freestanding limestone milestone on rectangular plan	Main Street Kilbeggan		Freestanding limestone milestone on rectangular plan, erected c.1780, with carved inscriptions 'Dublin 45', 'Moate 7' and 'Tyrrellspass 4' engraved on appropriate faces. Located to the west end of Kilbeggan Main Street in modern carriage arch.	<i>A nicely carved limestone artefact which is an interesting addition to the Kilbeggan streetscape and which acts as a subtle reminder of the great age of coaching in Ireland.</i>	15321013	Regional
038-013	J. Flynn's	Main Street Kilbeggan		Semi-detached three-bay two-storey house, built c.1850, with mosaic tiled shopfront, c.1950, to ground-floor. One of a pair with the structure to the east. Pitched artificial slate roof with rendered chimneystacks to either end and uPVC rainwater goods.	<i>An interesting example of a 1950s shopfront incorporated into an earlier, mid nineteenth-century, house. The use of mosaic tiling on the shopfront is an indicative feature of 1950s architectural design in Ireland.</i>	15321014	Local
038-014	Six-bay three-storey house (Kelly Brothers)	Main Street Kilbeggan		End-of-terrace six-bay three-storey house, built c.1790, with shopfront added to eastern part of ground floor, c.1940. Originally built as two separate structures. Now vacant and out of use.	<i>A substantial building of late eighteenth-century appearance, which retains its early character and much of its early fabric. The balanced symmetry of this handsome building is an integral part of the streetscape.</i>	15321015	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
038-015	Terraced three-bay two-storey house	Main Street Kilbeggan		Terraced three-bay two-storey house, built c.1830, with integral segmental-headed carriage arch to eastern bay. Pitched artificial slate roof with rendered chimneystack to party wall and cast-iron rainwater goods.	<i>An interesting early nineteenth-century house which retains its early form and character despite recent alterations. The retention of the early doorcase is a noteworthy feature of the streetscape of Kilbeggan.</i>	15321017	Regional
038-016	Two-bay two-storey house	Main Street Kilbeggan		Terraced two-bay three-storey house, built c.1815, now vacant and out of use. Originally built as part of a terrace with structures adjoining to east and west.	<i>An attractive, well-proportioned, early nineteenth-century townhouse, which retains its early form and character. The fine doorcase and the eaves cornice are notable features of artistic merit.</i>	15321018	Regional
038-017	L. Claffey Butchers	Main Street Kilbeggan		Terraced three-bay three-storey house, built c.1815, with integral carriage arch to east end. Shopfront added to ground floor, c.1950. Pitched artificial slate roof with rendered chimneystack to west end and cast-iron rainwater goods.	<i>A handsome and substantial terraced building which retains its early form and character.</i>	15321019	Regional
038-018	Seven-bay two-storey house - The Olde Volunteer	Main Street Kilbeggan		Terraced seven-bay two-storey house, built c.1775. Formerly two separate houses. Now in use as a public house with accommodation over.	<i>An attractive building which retains its early form and character. The survival of the original sash windows considerably adds to the historical character and authenticity of this building.</i>	15321020	Regional
038-019	Kilbeggan Garda Station	Main Street Kilbeggan		End-of-terrace six-bay two-storey former Royal Irish Constabulary barracks, built c.1845, converted for use as a Garda Barracks by the Office of Public Works, c.1930.	<i>An attractive and well-proportioned building, which retains its early form, character and fabric. The fine moulded surrounds to the openings are of artistic merit.</i>	15321021	Regional

038-020	Five-bay three-storey house - now two properties	Main Street Kilbeggan		Terraced five-bay three-storey house, built c.1790. Now split into two separate properties. Pitched natural slate roof with rendered chimneystacks to either end and cast-iron rainwater goods. Pebbledashed walls over ruled-and-line rendered plinth.	<i>A substantial late eighteenth-century house, which retains its early form and character. This house is one of the larger houses built by the prosperous merchant class of Kilbeggan during the late eighteenth and early-nineteenth centuries.</i>	15321022	Regional
038-021	Semi-detached three-bay two-storey house	The Market Square Streamstown Road Kilbeggan		Semi-detached three-bay two-storey house, built c.1800. One of a pair with the building to the east. Pitched natural slate roof with rendered chimneystacks (chimneystack to east aligned along ridge) and cast-iron rainwater goods.	<i>An appealing house which forms an attractive pair with its neighbour to the east (15321024). It is elegantly proportioned and retains original features such as the slate roof and timber sash windows.</i>	15321023	Regional
038-022	Semi-detached three-bay two-storey house	The Market Square Main Street Kilbeggan		Semi-detached three-bay two-storey house, built c.1800. One of a pair with the building to the west. Now vacant. Pitched natural slate roof with rendered chimneystacks (chimneystack to west aligned along ridge) and cast-iron rainwater goods.	<i>An appealing house which forms an attractive pair with its neighbour to the west (15321023). It is elegantly proportioned and retains original features such as the slate roof and timber sash windows.</i>	15321024	Regional
038-023	Three-bay two-storey house - The Distillery Inn	The Market Square Kilbeggan		Terraced three-bay two-storey house with attic storey, built c.1825, now with public house to ground floor. Pitched artificial slate roof hidden behind raised parapet with large rendered chimneystack to east end.	<i>An attractive and well-proportioned building which retains its early character. The doorcase is a notable feature of artistic merit.</i>	15321025	Regional
038-024	Bank of Ireland	The Market Square Kilbeggan		End-of-terrace four-bay two-storey former bank, built c.1890, now vacant and out of use. Pitched natural slate roof with rendered chimneystacks to either end, cast-iron rainwater goods and a rendered eaves cornice.	<i>A modest late nineteenth-century bank building with subdued classical detailing.</i>	15321026	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
038-025	Detached three-bay two-storey over basement house	The Market Square Kilbeggan		Detached three-bay two-storey over basement house, built c.1840. Pitched artificial roof with rebuilt rendered chimneystacks to either end and cast-iron rainwater goods. Roughcast rendered walls over smooth rendered basement storey.	<i>An attractive and well balanced late-Georgian house which retains its early character and form. It has been sympathetically renovated in recent years. With a simple render finish, its façade is enlivened by a decorative doorcase and delicate fanlight.</i>	15321027	Regional
038-026	Pair of attached three-bay two-storey former candlemaking factories	The Market Square Kilbeggan		Pair of attached three-bay two-storey former candlemaking factories, built c.1840. Now in use as domestic outbuildings and in a derelict condition. Pitched natural slate roofs with projecting brick eaves course.	<i>This pair of delightful, if modest, urban vernacular buildings are both architecturally and historically significant to the town of Kilbeggan.</i>	15321028	Regional
038-027	Pair of cast iron water pumps	The Market Square Main Street Kilbeggan		Pair of freestanding cast-iron water pumps, erected c.1880, comprising moulded spouts, fluted shafts terminated with fluted caps with acorn finials, with flanking cast-iron wheels to either side. Now no longer in use.	<i>An attractive pair of cast-iron water pumps of an unusual design. These appealing cast-iron artifacts act as a reminder of the mechanisms installed for the provision of clean drinking water in the period before mains water supply systems.</i>	15321029	Regional
038-028	St. James Graveyard	Kilbeggan		Graveyard/cemetery on rectilinear plan, originally associated with an Cistercian Abbey (no surface remains) founded c.1170, now containing mostly nineteenth cut stone gravemarkers.	<i>An attractive and prominently located graveyard, which has played a central role in the history of Kilbeggan. It was originally built as part of an important late-twelfth century Cistercian Monastery, which was located to the north-west of this graveyard.</i>	15321030	Regional
038-029	Coola Bridge	Coola		Five-arch road bridge, built c.1780, carrying the Mullingar Road over the River Brosna and adjacent millrace associated with Coola Mills. Constructed of rubble limestone with dressed limestone voussoirs to arches and rubble stone coping.	<i>An attractive and well-built bridge which represents an important element of the historic infrastructure of the Kilbeggan area.</i>	15321031	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
038-030	Coola Mill	Coola		Corn mill complex, built c.1770 and extended c.1830, comprising main multiple-bay five-storey building on L-shaped plan, four-bay five storey mill and associated ancillary structures including the remains of a corn kiln to west.	<i>A substantial mill complex, although largely derelict, which remains a significant and imposing feature in the landscape. It is one of a number of corn mills along the River Brosna in south County Westmeath.</i>	15321032	Regional
038-032	Convent graveyard - Convent of Mercy	Dublin Road Kilbeggan		Convent graveyard, erected c.1900, comprising collection of cast-iron crosses (of common design) set in a rectilinear enclosure to the east of the Convent of Mercy. Graveyard bounded by cast-iron railings.	<i>This simple yet poignant burial ground is of historical and social significance to the community and landscape of Kilbeggan.</i>	15321034	Regional
038-033	Marshall's Corn Mill	Kilbeggan		Detached three-bay four-storey former corn mill, built c.1790, now in ruins. Two-bay two-storey extension to southwest. Original pitched natural slate roof now collapsed.	<i>This corn mill was one of three working mills within the Kilbeggan area in the late eighteenth and early nineteenth-century. Its remaining shell is an indication of the burgeoning local economy at the time.</i>	15321036	Regional
038-034	Freestanding cast-iron water hydrant	Mullingar Road Kilbeggan		Freestanding cast-iron water hydrant, erected c.1890, comprising fluted shaft on molded base with lion's head above, surmounted by fluted capping with acorn finial. Inscription 'Glenfield & Kennedy Ltd, Kilmarnock' to shaft. Horizontal pull lever to side.	<i>An attractive piece of mass produced cast-iron which remains an appealing and subtle feature in the streetscape.</i>	15321037	Regional
038-035	Four-bay two-storey house	The Market Square Kilbeggan		Terraced four-bay two-storey house, built, c.1820. Pitched natural slate roof with three rendered chimneystacks and cast-iron rainwater goods. Painted roughcast rendered walls over smooth rendered plinth.	<i>An attractive and well-portioned early nineteenth-century house, which retains its early form, character and much of its early fabric. The finely carved doorcase is of artistic merit.</i>	15321038	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
038-036	Terraced four-bay two-storey former bakery	The Market Square Kilbeggan		Terraced four-bay two-storey former bakery, built c.1820 and altered c.1960, with integral segmental-headed carriage arch to southern-most bay. Now in use as private house.	<i>A well-proportioned, modest-scale building which retains its early character. The bakery shopfront has long disappeared and the canted bay window feature has taken its place, taking away from the authenticity of the composition.</i>	15321039	Local
038-037	Dunicans Lounge	The Market Square Main Street Kilbeggan		End-of-terrace three-bay two-storey former grocer's shop, built c.1820, converted into public house with accommodation over c.1960. Hipped natural slate roof with rendered chimneystacks.	<i>A well-proportioned early nineteenth-century building, which retains its early form despite a number of changes of use of the years.</i>	15321040	Regional
038-038	HGM Veterinary/New Image	Main Street Kilbeggan		Terraced five-bay two-storey former house, built c.1840, converted into hairdressers, veterinary clinic and apartments c.1980. Pitched natural slate roof with rendered chimneystack to east end, projecting eaves course and cast-iron rainwater goods.	<i>This well-proportioned building retains its early character and many of its original features. The fine doorcase and the unusual window surrounds to the first floor openings are noteworthy features that help to add incident to the streetscape.</i>	15321041	Regional
038-039	Three-bay two-storey house (with shop)	Main Street Kilbeggan		Terraced four-bay three-storey house, built c.1820, with shopfront c.1900 to east side of front facade. Pitched natural slate roof with rendered chimneystacks to either end and cast-iron rainwater goods.	<i>This delightful and well-proportioned building retains its early character and many of its original features, including the traditional shopfront and fine doorcase with spoked fanlight and early door.</i>	15321044	Regional
038-040	Three-bay two-storey with basement house	Main Street Kilbeggan		Terraced three-bay two-storey over basement house, built c.1840, with integral segmental-headed carriage arch to east end and segmental-headed recessed bay to ground floor at west end.	<i>An interesting modest-scale house, which retains its early form and character. Although this structure is presently inhabited, it retains many original features including sash windows and a good quality doorcase of artistic merit.</i>	15321045	Regional

Record of Protected Structures

038-041	PJ Tehan	Main Street Kilbeggan		Terraced two-bay two-storey house over basement house, built c.1840, with shopfront added c.1880. Now in use as public house. Pitched artificial slate roof with overhanging eaves, rendered chimneystack to east end and cast-iron rainwater goods.	<i>A highly attractive house, which retains its early form, fabric and character. The finely detailed shopfront is an interesting survival of artistic merit. Traditional shopfronts of this quality are now becoming increasingly rare in Irish towns.</i>	15321046	Regional
038-042	Three-bay two-storey house with railings	Main Street Kilbeggan		Terraced three-bay two-storey house, built c.1840. One of a pair with the building to the east. Pitched artificial slate roof with rendered chimneystack to east end and cast-iron rainwater goods.	<i>An attractive, modestly-scaled house which retains its early character. Simple in design, it is typical of houses built at this time throughout Ireland.</i>	15321047	Regional
038-043	Three-bay two-storey house	Main Street Kilbeggan		End-of-terrace three-bay two-storey house, built c.1840. One of a pair with the building to the west. Pitched artificial slate roof with rendered chimneystacks to either end and cast-iron rainwater goods.	<i>An attractive, modestly-scaled house, which retains its early character. Simple in design, it is typical of houses built at this time throughout Ireland.</i>	15321048	Regional
038-044	Brosna Cottage	Mullingar Road Kilbeggan		Detached three-bay single-storey house, built c.1850, with projecting flat-roofed single-bay single-storey porch to front (southeast). Hipped natural slate roof with rendered chimneystacks and uPVC rainwater goods.	<i>A delightful small-scale cottage set in attractive riverside grounds. It retains its early form and character, whilst the incorporation of replacement fittings has not detracted from the beauty of this house and the site to which it belongs.</i>	15321049	Regional
038-045	Three-bay two-storey house - Kiringal House	Main Street Kilbeggan		Terraced three-bay two-storey house, built c.1825. Pitched artificial slate roof with rendered chimneystack to party wall and cast-iron rainwater goods. Rough-cast rendered walls over smooth rendered plinth course.	<i>An attractive early nineteenth-century house, which retains its early form and character. This appealing building dates to a period of relatively prosperity in Kilbeggan (early nineteenth-century) and was probably constructed by a local merchant.</i>	15321050	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
038-046	Tudor-revival crescent (former hotel)	Dublin Road Tullamore Road Kilbeggan		End-of-terrace Tudor Gothic style eight-bay two-storey (with attic level) former hotel, built c.1830, on a curved \crescent plan. Central two-bay gable-fronted section flanked by lower single-bay dormer windows (three to north end).	<i>A highly prominent building in a subdued Tudor Gothic style, which provides a formal set piece at the east end of Kilbeggan. It retains its early form and character, despite multiple changes of use over the years.</i>	15321051	Regional
038-047	Former Market House/ Court House, Kilbeggan	The Market Square Main Street Kilbeggan		Corner-sited five-bay two-storey former market house and court house, built 1828, with projecting single-bay shallow pedimented bays to north and south ends of main façade (west) and three-bay three-storey facade to north elevation facing Main Street.	<i>An attractive and prominently positioned market house and court house, which dominates the market square in the centre of Kilbeggan.</i>	15321052	Regional
038-048	Semi-detached three-bay single-storey local authority house with attic level	Kilbeggan		Semi-detached three-bay single-storey local authority house with attic level, built c.1900. Now in use as a private dwelling. One of a pair with the building adjoining to the west.	<i>An attractive, well-built, modest-scale house which retains its early form and fabric. It is the best surviving example of a pair of houses, the other having been modernised in recent years.</i>	15321053	Regional
038-049	Terraced three-bay two-storey house	Dublin Road Kilbeggan		Terraced three-bay two-storey house, built c.1830, now vacant. One of a pair with the building to the west (15321055). Pitched natural slate roof with shared rendered chimneystack to eastern party wall and cast-iron rainwater goods.	<i>A modest mid nineteenth-century house, which retains its early form, character and fabric.</i>	15321054	Regional
038-050	Terraced three-bay two-storey house	Dublin Road Kilbeggan		Terraced three-bay two-storey house, built c.1830, now vacant. One of a pair with the building to the east (15321054). Pitched natural slate roof with shared rendered chimneystack to western party wall and cast-iron rainwater goods.	<i>A modest mid nineteenth-century urban vernacular house, which retains its early form, character and fabric. The irregular fenestration pattern is a noteworthy feature.</i>	15321055	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
038-051	Terraced three-bay two-storey house	Dublin Road Kilbeggan		Terraced three-bay two-storey house, built c.1840. Altered, c.1940, with insertion of shop window to eastern bay. Now in use as a private dwelling. Pitched natural slate roof with rendered chimneystacks and cast-iron rainwater goods.	<i>A modest mid nineteenth-century house, which retains its early form and vernacular character. The retention of the early sash windows and simple surrounds are noteworthy features.</i>	15321056	Regional
038-052	Convent of Mercy	Dublin Road Kilbeggan		Detached nine-bay two-storey convent, c.1898, with advanced two-bay full-height gable-fronted sections to either end (north and south) and single-bay gable-fronted breakfront to centre of front façade (west). Convent chapel to south with polygonal apse.	<i>A substantial convent building with attractive, if subdued, Tudor-Gothic detailing. This building has a considerable presence in the streetscape and retains its early form and character.</i>	15321057	Regional
038-053	St. James's Hall	Dublin Road Kilbeggan		Detached gable-fronted three-bay double-height parish hall, built c.1944, with projecting single-bay single-storey wings to sides (east and west) and modern single-storey extension to rear.	<i>An interesting and competent exercise in Modernist design attached to a plain hall behind. Its design reflects mid twentieth-century Modernism, incorporating smooth linear features and an attractive symmetrical layout.</i>	15321058	Regional
038-054	Gateways and section of boundary wall	Kilbeggan		Gateways and section of boundary wall, erected c.1810, comprising two pairs of gate piers on square plan with replacement wrought-iron gates linked by a section of ashlar limestone plinth walling with cast-iron railings over.	<i>An attractive set of good quality gate piers with ornate cast-iron railings. This subtle feature is all that remains extant of St. James's Catholic Church, a T-plan chapel built c. 1805 and given a Gothic remodelling in 1889. This church was demolished c.</i>	15321059	Regional
038-055	St. James's Parochial House	Kilbeggan		Detached six-bay two-storey outbuilding, built c.1820. Pitched natural slate roof with cast-iron rainwater goods. Constructed of rubble limestone with roughcast render over. Loop hole openings to first floor level on north-facing elevation.	<i>Substantial and well-built outbuildings, which retains their early form and character. The larger outbuilding curves around with the road, adding interest to this utilitarian complex.</i>	15321060	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
038-056	Sallyfield House	Killavally		Detached three-bay two-storey over half-basement former rectory, built c.1818. Now in use as private house. Hipped natural slate roof with two rendered chimneystacks to centre and cast-iron rainwater goods.	<i>A well-proportioned, if modestly scaled, former glebe house, which retains its early character and form.</i>	15322001	Regional
038-057	Freestanding cast-iron vent pipe	Killavally		Freestanding cast-iron vent pipe, erected c.1890, comprising of fluted pedestal with moulded detailing, cylindrical shaft over with banding at intervals and a saw-tooth profile parapet. Located to southwest of Tyrrellspass adjacent to main road.	<i>This freestanding vent pipe is of significance due to the role it played in the sewage system developed in Tyrrellspass the late nineteenth-century.</i>	15322002	Regional
038-058	Newtownlow Graveyard	Rahinashurock		Graveyard on irregular rectilinear plan having cut stone gravestones dating from c.1620 to c.1890. Previously in use as a Church of Ireland burial site. Graveyard now overgrown and out of use.	<i>A very interesting graveyard and a ruinous church, which has picturesque appeal and are of high historic merit to the local community.</i>	15403801	Regional
038-059	New Forest House	Higginstown		Entrance gates serving New Forest House (15403824), erected c.	<i>A handsome entrance gateway serving New Forest House (15403824). The gate piers are well-built using fine ashlar limestone masonry while the associated gates are a good example of early wrought-iron work.</i>	15403802	Regional
038-060	Walled garden complex associated with Moycashel House (not in survey)	Moycashel		Walled garden complex associated with Moycashel House (not in survey), built c.1835. Rubble limestone walls with entrance gateway to the east side of complex, comprising a pair of dressed limestone gate piers (on square-plan) having replacement gates.	<i>The imposing and substantial remains of a walled garden associated with Moycashel House.</i>	15403803	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
038-061	Single-arched road bridge over small stream/river	Ardmorney		Single-arched road bridge over small stream/river, built c.1800. Constructed using rubble limestone with dressed limestone voussoirs to the arches and roughly dressed limestone coping over parapets.	<i>A well-built small-scale bridge, which retains its early form and fabric. The cut stone voussoirs were the work of skilled craftsmen.</i>	15403804	Regional
038-062	A five-bay single-storey thatched house	Ballymore		A five-bay single-storey thatched house, built c.1780, having a single-storey outbuilding attached to the south gable end. Lobby entry plan.	<i>An excellent example of a lobby entry vernacular house, representing one of the best surviving examples of its type in Co. Westmeath.</i>	15403806	Regional
038-063	Freestanding (private) cast-iron hand pump	Ballinderry Big		Freestanding (private) cast-iron hand pump, erected c.1880, comprising a cylindrical shaft with raised horizontal banding, fluted neck and spout and having a 'cow tail' handle. Set on timber shaft.	<i>An interesting surviving example of a private cast-iron water pump, which is located in the farmyard associated with a thatched house (15403806). Cast-iron water pumps of this nature were extremely common in rural Ireland.</i>	15403807	Regional
038-064	Freestanding limestone milestone on rectangular plan having pyramidal top	Ballinderry Big		Freestanding limestone milestone on rectangular plan having pyramidal top, erected c.1780, with 'Moate' and 'Kilbeggan' carved onto appropriate faces. Mileage now illegible. Benchmark incised to top, c.1830.	<i>A nicely carved limestone artefact which is an interesting addition to the roadscape to the west of Kilbeggan, acting as a subtle reminder of the great age of coaching in Ireland.</i>	15403808	Regional
038-065	Cornaher House	Cornaher		Detached two-storey seven-bay country house, built c.1815, having three-bay bows to either side of central entrance bay on main façade (southwest). Single-bay gable-fronted breakfront to the centre of the northwest elevation.	<i>An appealing house of balanced Georgian proportions, which retains much of its early character and form. The two pronounced bow-fronted projections, which dominate the front façade of this house, lends this structure a very distinctive appearance.</i>	15403810	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
038-066	Bellmont House	Hallsfarm		Entrance gates serving Belmont House, erected c.	<i>An elegant and well-composed gateway forming an attractive feature at the entrance to the grounds of Belmont House (not in survey).</i>	15403811	Regional
038-067	Christ Church	Cornaher		Detached Church of Ireland church, built between c.	<i>An attractive early nineteenth-century Church of Ireland church, built in a Gothic Revival-style, which retains its early form, character and fabric. Although now vacant, its salient features remain intact.</i>	15403812	Regional
038-068	Ardnaglué Cottage	Ardnaglué		Detached three-bay two-storey house on L-shaped plan, built c.1900, having a projecting single-storey porch to the centre of the main elevation (north).	<i>An appealing small-scale house, which retains its original form and massing, together with most of the original fabric. The detailing of this building is typical of the period of construction.</i>	15403813	Regional
038-069	Grange Bridge	Grange And Kiltober		Single-arch canal (accommodation) bridge over dried-up section of the Grand Canal (Kilbeggan Branch), built c.1833, with curved flanking walls to either end (east and west).	<i>A typically well-built canal bridge, which is a valuable part of the architectural heritage of Westmeath and the industrial heritage of Ireland. Although humble in form, this structure has a simple and functional elegance.</i>	15403814	Regional
038-070	Rahugh Social Services Centre	Montrath		Detached three-bay two-storey structure, built c.1880, having a two-bay gable-fronted section and a projecting single-bay single-storey porch having a mono-pitched natural slate roof over to the centre of the entrance facade (south).	<i>An appealing and well-balanced building, which retains its original form, historic character and early fabric. The form of this building suggests that it was built for a community purpose.</i>	15403815	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
038-071	Kilbeggan Branch Grand Canal Harbour	Kilbeggan		Grand Canal harbour and dock complex, built c.1833, comprising rubble limestone retaining walls with ashlar limestone coping over to harbour sides. Harbour now out of use and drained.	<i>This former canal harbour is of considerable historical and social importance having been constructed to help promote the expansion of commercial enterprise in south Co. Westmeath during the early-to-mid nineteenth-century.</i>	15403816	Regional
038-072	Kilbeggan Grand Canal Harbour	Kilbeggan		Detached fifteen-bay two-storey former canal warehouses and stores, built c.1833, restored and converted to private apartments and workshops by FAS, c.1990. Pitched natural slate roof with clay ridge tiles and cast-iron rainwater goods.	<i>A substantial, well-built and attractive complex of canal warehouses and stores, which retains its original form and much of its original fabric.</i>	15403817	Regional
038-073	Detached four-bay two-storey house/farmhouse	Kilbeggan		Detached four-bay two-storey house/farmhouse, built c.1820, having a projecting single-storey flat-roofed entrance porch offset to the west side of the centre of the front façade (north).	<i>A well-proportioned house/farmhouse of early nineteenth-century/late-Georgian appearance, which retains its early form and aspect. The steel framed windows with margin glazing pattern, which were added c.</i>	15403818	Regional
038-074	Detached three-bay two-storey former harbour master's house	Kilbeggan		Detached three-bay two-storey former harbour master's house, built c.1865, having a projecting single-bay single-storey gable-fronted porch (with slate roof and timber bargeboards) to the centre of the main façade (south). Now out of use.	<i>A modest but well-composed former harbour master's house, which retains its early form, historic character and fabric despite being out of use.</i>	15403819	Regional
038-075	Skeahanagh Bridge	Skeahanagh		Single-arch canal bridge spanning dried-up section of the Grand Canal (Kilbeggan Branch), built c.1831, with curved flanking walls to either end (east and west).	<i>A typically well-built canal bridge, which is a valuable part of the architectural heritage of Westmeath and the industrial heritage of Ireland. Although humble in form, this structure has a simple and functional elegance.</i>	15403820	Regional

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
038-076	Thatched house	Skeahanagh		Detached five-bay single-storey thatched house, built c.1830. Pitched thatched roof with a pair of rendered chimneystacks. Roughcast rendered walls over smooth rendered plinth.	<i>An appealing example of a thatched house, which retains much of its early form and character. This structure maintains its original lobby entry plan with centrally placed chimneybreasts and the hearth on an internal dividing wall.</i>	15403821	Regional
038-077	Detached three-bay two-storey outbuilding on L-shaped plan	Skeahanagh		Detached three-bay two-storey outbuilding on L-shaped plan, built c.1890. Hipped slate roof (with both natural and artificial slate), clay ridge tiles and cast-iron rainwater goods.	<i>An appealing and well-built outbuilding that retains much of its early character, form and salient features.</i>	15403822	Regional
038-078	Rahugh Roman Catholic church	Montrath		Freestanding Roman Catholic chapel on T-shaped-plan, built c.1810 and rebuilt c.1844 (plaque), comprising a two-bay nave with single-bay transepts to the north and south and later single-storey flat-roofed sacristy to the east.	<i>A modest-scale church of simple form and appearance, which retains much of its original form and character.</i>	15403823	Regional
038-079	Five-bay three-storey over basement house and associated structures (New Forest House)	Higginstown		Detached five-bay three-storey over basement country house, built c.1775, having a central single-bay breakfront to the centre of the main façade (south). Now in use as a hotel and set in a golf course.	<i>A substantial, well-proportioned mid-to-late eighteenth-century country house, which retains much of its early form, fabric and character despite recent alterations to accommodate conversion for use as an hotel.</i>	15403824	Regional
038-080	Detached three-bay single-storey thatched house	Garryduff		Detached three-bay single-storey thatched house, built c.1800, having a single-bay flat-roofed entrance porch to the centre of the front façade (south) and single-bay single-storey outbuildings attached to either gable end (east and west).	<i>A picturesque and well-maintained thatched house, which retains its early form, character and fabric. The position of the chimneystacks and the doorway suggests that this building has a lobby entry plan.</i>	15403825	Regional

039-031	Detached four-bay single-storey vernacular house	Montrath		Detached four-bay single-storey vernacular house, built c.1800 with attached single-storey byre/outbuilding to east, built c.1830, and a (later) projecting flat-roofed single-bay single-storey porch to the centre of the entrance façade (south).	<i>An attractive vernacular dwelling, formerly thatched, that nestles comfortably into the landscape of south Westmeath. This modest building retains its original form and much of its early fabric.</i>	15403902	Regional
039-032	The Green	Tyrrellspass Tyrrellspass		Much of the town's special character derives from the central crescent, which is lined by a curvilinear arrangement of early nineteenth-century buildings and dominated by St. Sinian's Church of Ireland located on top of a small hillock.	<i>The green crescent retains much of the early character of the town and its planned layout.</i>	0	
039-033	House and outbuildings	Tyrrellspass Tyrrellspass	No Photo Available	Five-bay two-storey house and associated buildings at north east end of The Green, built c. 1820. Having square headed window openings and central squared headed door. Pitched slate roof and decorative q	<i>This building is an important component of the architectural heritage encircling the Green and of the architectural heritage of Tyrrellspass</i>	0	
039-034	Freestanding limestone milestone on rectangular plan	Killavally		Freestanding limestone milestone on rectangular plan, erected c.1780, with carved inscriptions 'Kilbeggan' and 'Dublin'. Benchmark and 'Wm' incised to top, c.1830. Located adjacent to main road to southwest of Tyrrellspass.	<i>A nicely carved limestone artefact which is an interesting addition to the Tyrrellspass streetscape and which acts as a subtle reminder of the great age of coaching in Ireland.</i>	15322003	Regional
039-035	Houses with shops	Tyrrellspass Tyrrellspass		Terrace of three two-storey houses - Alva House, Gonoud's and Fitzpatrick's, built c. 1820. These buildings with shops at ground floor have pitched slate roofs, round headed doorcases and square headed windows.	<i>Terrace of early nineteenth century buildings. A valuable part of the architectural heritage of Tyrrellspass.</i>	0	

Rps No	Structure	Address	Image	Description	Appraisal	NIAH No	Rating
039-036	Water tower/ reservoir	Killvally Tyrrellspass		Concrete built water tower built to the southwest of Tyrrellspass to serve the needs of the town.	<i>This Modern tower is part of the Industrial Heritage of the area</i>	0	
039-037	Tyrrellspass Castle	Tyrrellspass Tyrrellspass		Tyrrellspass Castle, dating back to circa 1411, is the only remaining castle of the Tyrrells, who came to Ireland around the time of the Norman Invasion. The castle is approx.	<i>A fine example of a towerhouse that retains some of its original features. This building is an important part of the archaeological and architectural Heritage of this part of Westmeath.</i>	0	
040-001	Lowertown Bridge	Lowertown		Single-arch canal bridge spanning dried-up section of the Grand Canal (Kilbeggan Branch), built c.1833, with curved flanking walls to either end (northeast and southwest).	<i>A typically well-built canal bridge, which is a valuable part of the architectural heritage of Westmeath and the industrial heritage of Ireland. Although humble in form, this structure has a simple and functional elegance.</i>	15404002	Regional
040-002	Silver River Aqueduct	Lowertown		Single-arched aqueduct, built c.1833, carrying the Grand Canal (Kilbeggan Branch), now dry, over the Silver River. Constructed of dressed limestone with ashlar limestone detailing including projecting string course at canal water level. Rubble limestone construction to parapet walls. Straddles the border with Co. Offaly.	<i>A well-built and attractive canal aqueduct, which is a valuable part of the architectural heritage of Westmeath and the industrial heritage of Ireland. It is constructed using very high quality limestone masonry, which is testament to the long term ambitions of the Royal Canal Company at the start of the nineteenth century. This fine structure was built as part of The Grand Canal (Kilbeggan Branch), which was constructed between 1830-36 by the eminent engineer William Dargan. It is an important element of the built heritage of the local area, adding incident to its pleasant rural location.</i>	15404003	Regional
